**ASSET/ PROPERTY UNDER VALUATION**

**SITUATED AT**

**KHASRA NO. 243 (OLD KHASRA NO. 403 & 404), SITUATED AT MAUJA MAJRA,  
PARGANA CENTRALDOON, DEHRADUN**

## VALUATION ASSESSMENT AS PER BOB FORMAT

Name & Address of Branch:	Bank of Baroda, Astley Hall Branch, Dehradun
Name of Customer (s)/ Borrower Unit	Mr. Satish Kumar Dhar S/o Mr. Mohan Lal Dhar

<b>1.</b>	<b>Customer Details</b>				
i.	Name	Mr. Satish Kumar Dhar S/o Mr. Mohan Lal Dhar			
ii.	Application No.	NA			
<b>2.</b>	<b>Property Details</b>				
i.	Address	Khasra No. 243 (Old Khasra No. 403 & 404), Situated At Mauja Majra, Pargana Centraldoon, Dehradun			
ii.	Nearby Landmark	Near Paras Guest House			
iii.	Google Map	Enclosed with the Report			
		<b>Coordinates or URL:</b> 30°17'34.8"N 78°00'20.7"E			
iv.	Independent access to the property	Clear independent access is available			
v.	Type of ownership	Single ownership			
vi.	Constitution of the Property	Free Hold			
vii.	Is the property merged or colluded with any other property	No			
		Comments: NA			
<b>3.</b>	<b>Document Details</b>	<b>Status</b>	<b>Name of Approving Auth.</b>		<b>Approval No.</b>
i.	Layout Plan	Available	MDDA		---
ii.	Building plan	Available	MDDA		---
iii.	Construction Permission	Available	MDDA		---
iv.	Legal Documents	Available	Sale Deed	Approved Map	None
<b>4.</b>	<b>Physical Details of the Property</b>				
		<b>Directions</b>	<b>As per Sale Deed/TIR</b>		<b>Actual found at Site</b>
i.	Adjoining Properties	<b>North</b>	Land of others		Others Property
		<b>South</b>	Land of Seller		Others Property
		<b>East</b>	Land of Seller		Others Property
		<b>West</b>	20 ft wide road		20 ft wide road
ii.	Are Boundaries matched	Yes			
iii.	Plot demarcation	Yes			
iv.	Approved land Use	Residential as per property documents			
v.	Type of Property	Independent Residential Plotted House			
vi.	No. of bed rooms	Living/ Dining area	Toilets	Kitchen	Other rooms
	G.F – 04	G.F – 00	G.F – 01	G.F – 00	G.F – 01 Store room
	F.F – 04	F.F – 00	F.F – 01	F.F – 00	F.F – 00
vii.	Total no. of floors of the property	2 (Ground + First Floor)			
viii.	Floor on which the property is located	All 2 (Ground + First Floor)			
ix.	Approx. age of the property	10 years (2010-11)			
x.	Residual age of the property	45-50 years depending upon proper and timely maintenance			
xi.	Type of structure	RCC load bearing structure on pillar beam column and 9" brick walls			
xii.	Condition of the Structure	Good			
xiii.	Finishing of the building	Average			
<b>5.</b>	<b>Tenure/ Occupancy/ Possession Details</b>				
i.	Property presently possessed/ occupied by	Legal Owner			
ii.	Status of Tenure	NA			
iii.	No. of years of occupancy	NA			

# VALUATION ASSESSMENT

MR. SATISH KUMAR DHAR S/O MR. MOHAN LAL DHAR

iv.	Relationship of tenant or owner	NA
<b>6.</b>	<b>Stage of Construction</b>	Constructed property in use
	If under construction then extent of completion	NA
<b>7.</b>	<b>Violation in the property</b>	
	<b>i. Violation if any observed</b>	<b>ii. Nature and extent of violation</b>
	No	NA
		<b>iii. Any other negativity, defect or drawback in the property</b>
		No

8.	AREA DETAILS OF THE PROPERTY		
i.	Land area(as per documents/ site survey, whichever is less) (Not considered since this is a Built-up Dwelling Unit Valuation)		
	Area as per documents 165.42 sq.mtr./ 197.84 sq.yds Net Plot Area = 150.56 sq.mtr./ 180.06 sq.yds.	Area as per site survey  Approx. 165 sq.mtr.	Area considered for Valuation  150.56 sq.mtr/ 180.06 sq.yds
	Area adopted on the basis of Remarks & Observations	Property documents & site survey both Area measurements considered in the Valuation Report pertaining to Land is adopted from relevant documents produced to us or actual site measurement, whichever is less. All area measurements are on approximate basis only. Verification of the area measurement of the property is done based on sample random checking only. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents which has been relied upon.	
ii.	Constructed Covered Area(As per IS 3861-1966)		
	Area as per documents G.F - 91.83 sq.mtr./ 988.44 sq.ft. F.F - 91.83 sq.mtr./ 988.44 sq.ft. Total Covered area – 183.66 sq.mtr./ 1976.89 sq.ft.	Area as per site survey G.F - 120 sq.mtr./ 1291.67 sq.ft. F.F - 91.83 sq.mtr./ 988.44 sq.ft. Total Covered area – 211.83 sq.mtr./ 2280.11 sq.ft.	Area considered for Valuation G.F - 91.83 sq.mtr./ 988.44 sq.ft. F.F - 91.83 sq.mtr./ 988.44 sq.ft. Total Covered area – 183.66 sq.mtr./ 1976.89 sq.ft.
	Area adopted on the basis of Remarks & Observations	Property documents & site survey both Area measurements considered in the Valuation Report pertaining to Building is adopted from relevant documents or actual site measurement. All area measurements are on approximate basis only. Verification of the area measurement of the property is done based on sample random checking only.	

<b>9.</b>	<b>VALUATION ASSESSMENT</b>			
<b>A.</b>	<b>ASSESSMENT FACTORS</b>			
i.	Valuation Type	Land & Building Value		Residential Land & Building Value
ii.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property identified to us by the owner or through his representative.		
iii.	Property Use factor	<b>Current Use</b> Residential		<b>Highest &amp; Best Use</b> Residential
iv.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us. However Legal aspects of the property are out-of-scope of the Valuation Services.  Verification of authenticity of documents from originals or cross checking from any Govt. deptt. have to be taken care by Legal expert/ Advocate.		
v.	Land Physical factors	<b>Shape</b> Rectangle	<b>Size</b> Small	<b>Level</b> On Road Level
vi.	Property location category factor	<b>City Categorization</b> Scale-B City	<b>Locality Categorization</b> Average	<b>Frontage to depth ratio</b> Normal frontage  <b>Floor Level</b> Property towards Ground Floor + 1 <sup>st</sup>

# VALUATION ASSESSMENT

MR. SATISH KUMAR DHAR S/O MR. MOHAN LAL DHAR

		Semi Urban	Within urban developing zone	end of the locality	Floors
				Ordinary location within the locality	
				None	
		Property Facing	West Facing		
vii.	Any New Development in surrounding area	None			
viii.	Any specific advantage/ drawback in the property	None			
ix.	Property overall usability Factor	Normal			
x.	Comment on Property Saleability Outlook	Easily sellable			
xi.	Comment on Demand & Supply in the Market	Such properties are easily available in the area			
xii.	Any other aspect which has relevance on the value or marketability of the property	<p>NA</p> <p>Valuation of the same asset/ property can fetch different values under different circumstances &amp; situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.</p> <p>This Valuation report is prepared based on the facts of the property &amp; market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time &amp; socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.</p>			
xiii.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			
xiv.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			
xv.	Methodology/ Basis of Valuation	<b>Govt. Guideline Value: Collector Rates of Dehradun, Uttarakhand Year 2020-21</b>			
		<b>Market Value:</b> Land Value is calculated on the basis of 'Market Comparable Sales approach' and Building construction value is calculated on the basis of 'Depreciated Replacement Cost approach'.			
		<i>Valuation of the asset is done as found on as-is-where basis.</i>			
		<p><i>Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.</i></p> <p><i>For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.</i></p> <p><i>References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area</i></p>			

from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.

Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.

The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market researches and does not split into formal & informal payment components.

Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.

This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.

Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its existing condition & specifications based on only visual observation of the structure. No structural, physical tests have been carried out in respect of it.

Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method.

The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.

Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset.

Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.

This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature.

**Fair Market Value\*** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.

Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.

**Realizable Value^** is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the

		<p>potential prospects of deep negotiations carried out between the buyer &amp; seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer &amp; the seller.</p> <p><b>Forced/ Distress Sale Value*</b> is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size &amp; salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness &amp; pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.</p> <p><b>Liquidation Value</b> is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.</p> <p><b>Difference between Cost, Price &amp; Value:</b> Generally these words are used and understood synonymously. However in reality each of these has a completely different meaning, premise and also having different definitions in the professional &amp; legal terms. Therefore to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity &amp; confusion in the minds of the user of this report.</p> <p>The <b>Cost</b> of an asset represents the actual amount spend in the construction/ actual creation of the asset.</p> <p>The <b>Price</b> is the amount paid for the procurement of the same asset.</p> <p>The <b>Value</b> is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation &amp; needs of the buyer &amp; seller, saleability outlook, usability factor, market perception &amp; reputation. needs of the buyer &amp; seller, saleability outlook, usability factor, market perception &amp; reputation.</p> <p>Therefore in actual for the same asset/ property, cost, price &amp; value remain different since these terms have different usage &amp; meaning.</p>

xvii.	Adopted Rates Justification	<p>As per our discussion with market participants and habitants of the subject locality we came to know the following information: -</p> <ol style="list-style-type: none"> <li>1. The prevailing Residential Land rate in the subject locality depends on the size, shape, frontage, approach road width, its location and distance of the plot from the main road.</li> <li>2. The prevailing rate range for a 200 sq.yds land property in subject locality is in between Rs.25,000/- to Rs.30,000/-</li> <li>3. The circle rates of land in the vicinity of Majra is Rs. 10,000/- per sq.mtr.</li> <li>4. The subject locality is a developing residential area of Majra in Dehradun.</li> <li>5. Plenty of vacant land are available in this vicinity.</li> <li>6. Demand for residential Plots is moderate in the subject locality.</li> </ol> <p>As the subject property is a residential plot of size approx. 180 sq.yds and the subject property is located at the end of locality and clearly approached from 20 ft. wide road. Thus the prevailing market rate for such property should be between Rs.25,000/- to Rs.30,000/- per sq.yds. Keeping all the above factors in mind, we have adopted the rate of Rs.26,000/- per sq.yds. which seems reasonable in our opinion.</p>	

B. VALUATION CALCULATION				
a. GUIDELINE/ CIRCLE VALUE				
i.	Land Value	Total Land Area considered as per documents/ site survey (whichever is less)	Prevailing Rates Range	Rates adopted (considering all characteristics & assessment factors of the property)
		150.56 sq.mtr./ 180.06 sq.yds.	Rs.10,000/- per sq.mtr. + (5% road width)	Rs.10,500/- per sq.mtr.
	Total Land Value (a)	Rs.10,500/- per sq.mtr X 150.56 sq.mtr		
		Rs.15,80,880/-		
ii.	Construction Depreciated Replacement Value	Structure Construction Value		
		Structure Type	Construction category	Age Factor
		RCC load bearing structure on pillar beam column and 9" brick walls	Class B construction (Good)	10-15 years old construction
		Rate range	Rate adopted	Covered Area
		Rs.12,000/- per sq.mtr X 0.904 (Age Factor)	Rs.10,840/- per sq.mtr	183.66 sq.mtr./ 1976.89 sq.ft.
	Total Construction Estimated Depreciated Replacement Value(b)	Rs.10,840/- per sq.mtr. X 183.66 sq.mtr		
		Rs.19,90,874/-		
iii.	TOTAL GUIDELINE/ CIRCLE	Rs.35,71,754/-

<b>xiv.</b>	<b>Justification for more than 20% difference in Market &amp; Circle Rate</b>	Circle rates are determined by the District administration as per their own theoretical internal policy and Market rates are adopted based on current practical market dynamics which is explained clearly in Valuation Assessment Factors	
<b>xv.</b>	<b>Concluding comments &amp; Disclosures if any</b>	<ol style="list-style-type: none"> <li>The subject property is not identified to our surveyor by its khasra no. and the identification is done by owner's representative only and we have done the valuation for the property which was shown to us at the site.</li> <li>The subject property also has some temporary construction on second floor comprised of Tin Shed however same is not sanctioned in approved map. Therefore we have not considered the covered area of</li> </ol>	

		<p>second floor.</p> <ol style="list-style-type: none"> <li>3. Presently the property market is not under a free market condition due to Covid Pandemic disruption. Currently, as per the micro &amp; macro market research, the demand for property is weak and the enquiries and the transactions are negligible. In these uncertain times, people are likely to be very cautious in their expenditures in general and are and will be averse to lock up their available liquidity in the acquisition of fixed assets like property. A potential buyer of property if any, may consider acquiring a property only if he gets a really good bargain, at a substantial discount to the rates prevailing before the Covid Pandemic. Thus the Realizable Value in this Report has been adopted based on this consideration.</li> <li>4. This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct.</li> <li>5. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals, etc. has to be taken care by legal experts/ Advocates.</li> <li>6. This report only contains technical &amp; market information which came to knowledge during course of the assignment. It doesn't contain any recommendations.</li> </ol>

**R.K ASSOCIATES IMPORTANT NOTES: ANNEXURE - I**

**DEFECT LIABILITY PERIOD** - In case of any query/ issue or escalation you may please contact Incident Manager by writing at [valuers@rkassociates.org](mailto:valuers@rkassociates.org). We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point of the report, please help us by bringing all such points into our notice in writing at [valuers@rkassociates.org](mailto:valuers@rkassociates.org) within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates won't be held responsible for any inaccuracy in any manner. Also if we will not hear back anything from you within 30 days, we will assume that report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

**COPYRIGHT FORMAT** - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

**IF REPORT IS USED FOR BANK/ FIs**

**NOTE:** As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

**At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.**

## GENERAL DETAILS – ANNEXURE-II

1.	Report prepared for	Bank		
2.	Name & Address of the Organization	Bank of Baroda, Astley Hall Branch, Dehradun		
3.	Name of Borrower	Mr. Satish Kumar Dhar S/o Mr Mohan Lal Dhar		
4.	Credit Analyst	Mr. Ghanshyam Kalra (9997777617)		
5.	Type of Loan	Cash Credit Limit		
6.	Report Format	V-L1 (Basic)   Version: 8.0_2019		
7.	Date of Valuation	3 July 2021		
8.	Date of Survey	29 June 2021		
9.	Type of the Property	Independent Residential Plotted House		
10.	Type of Survey	Full survey (inside-out with approximate measurements & photographs).		
11.	Type of Valuation	Residential Land & Building value		
12.	Report Type	Plain Asset Valuation		
13.	Surveyed in presence of	Owner's representative	Name:	Mr. Rohit (7906129149)
14.	Purpose of Valuation	For Periodic Re-valuation of the mortgaged property		
15.	Scope of the Report	Non binding opinion on indicative estimated prospective valuation assessment of the property identified by property owner or through its representative		
16.	Important Disclosures	a. Legal aspects of the property have to be taken care by legal expert/ advocate. b. Verification of authenticity of documents from originals or cross checking from any Govt. depts. has to be taken care by legal expert/ advocate. c. This is just an opinion report on Valuation based on the copy of the documents/ information provided to us by the client and has been relied upon in good faith of the property found as per the information given in the documents provided to us and/ or confirmed by the owner/ owner representative to us on site. d. Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services. e. Measurement verification is only limited upto sample random measurement against the documents produced to us. f. Drawing Map & design of the property is out of scope of the Valuation services.		
17.	Documents provided for perusal	<b>Documents Requested</b>	<b>Documents Provided</b>	<b>Documents Reference No.</b>
		Total <b>03</b> documents requested.	Total <b>02</b> documents provided.	02
		Property Title document	Sale Deed	Dated: 26/10/2009
		Property Title document	Approved Map	Dated: 12/10/20010
		Approved Map	None	---
		None	None	---
		None	None	---
18.	Documents received from	Bank		
19.	Identification of the property  (Identification of the property is only limited to cross verification from its boundaries at site if mentioned in the provided documents).	<input type="checkbox"/> Cross checked from the boundaries of the property or address mentioned in the old valuation report <input type="checkbox"/> Done from the name plate displayed on the property <input checked="" type="checkbox"/> Identified by the owner/ owner's representative <input type="checkbox"/> Enquired from local residents/ public <input type="checkbox"/> Identification of the property could not be done properly <input type="checkbox"/> Survey was not done

 जिला कार्यालय

## ENCLOSURE: VIII – VALUER'S REMARKS

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format <u>to provide only the general basic idea of the value of the property prevailing in the market</u> based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened <u>as free market transaction</u> .
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect.

12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is <b>30 DAYS</b> . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at <b>valuers@rkassociates.org</b> in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
