Snapshot of the Asset/ Property Under Valuation

Handwritten signature

This Valuation report is prepared for the Industrial property situated at the aforesaid address having total land area admeasuring 3272.50 sq. mtr. (3,913.58 sq.yds) as per the copy of Sale deed provided to us by the Client.

The subject property was purchased in years 2007 via single sale deed. As per the site survey the structure is built thereafter in 2007.

The covered area considered for valuation purpose is as per the Approved Map provided to us. The property comprises of B+G+2 floors and total floors admeasuring 6178.30 sq.ft./ 5165.82 sq.mtr. as per the site survey the owner has constructed more area than the area given in the approved map provided to us.

S.No.	Total Slabs/ Floors	Floor wise Height (ft.)	Year of construction	Area (in sq. mtr.)	Area (sq. fts.)
1	Basement	12 ft	2007	1567.475	16872.61
2	Ground floor	12 ft	2007	1567.475	16872.61
3	First floor	12 ft	2007	1552.455	16710.94
4	Second floor	12 ft	2007	478.416	5149.77
Total				5165.82	55605.93

As per the site measurement there is one more structure constructed at the back of Main Building comprised with G+1 floors and each floor admeasuring 3350 sq.ft./ 311.225 sq.mtr. which is used for the storage purpose. The terrace of the Main building also consists of GI Shed and is used for industrial purpose.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation and found as per the information given in the copy of documents provided to us and/ or confirmed by the owner/ owner representative to us at site which has been relied upon in good faith. It doesn't contain any other recommendations of any sort.

a.	Location attribute of the property	
i.	Nearby Landmark	Honda Showroom
ii.	Postal Address of the Property	Plot No. 32, Sector 18, Gurgaon
iii.	Area of the Plot/ Land	3,272.50 sq.mtr. (3,913.58 sq.yd.) <i>Also please refer to Part-B Area description of the property. Area measurements considered in the Valuation Report is adopted from relevant approved documents or actual site measurement whichever is less. Verification of the area measurement of the property is done only based on sample random checking.</i>
iv.	Type of Land	Solid Land
v.	Independent access/ approach to the	Clear independent access is available

	property			
vi.	Google Map Location of the Property with a neighborhood layout map	Enclosed with the Report Coordinates or URL: 28°29'22.0"N 77°04'00.0"E		
vii.	Details of the roads abutting the property			
	i. Main Road Name & Width	Sarhaul Road	40 ft.	
	ii. Front Road Name & width	Service Road	30 ft.	
	iii. Type of Approach Road	Bituminous Road		
	iv. Distance from the Main Road	200 mtr		
viii.	Description of adjoining property	Notified Industrial area so all adjacent land use is Industrial		
ix.	Plot No./ Survey No.	32		
x.	Village/ Ward	--	--	
xi.	Sub registrar	Gurugram		
xii.	District	Gurugram		
xiii.	Any other aspect	Valuation is done for the property found as per the information given in the copy of documents provided to us and/ or confirmed by the owner/ owner representative to us at site. Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services.		
	1. Identification of the property (Property found as per the information given in the documents provided to us and/ or confirmed by the owner/ owner representative to us on site.)	<input type="checkbox"/> From Schedule of the Property mentioned in the deed <input checked="" type="checkbox"/> Done from the name plate displayed on the property <input checked="" type="checkbox"/> Identified by the owner <input type="checkbox"/> Enquired from local residents/ public <input type="checkbox"/> Identified by owner's representative <input type="checkbox"/> Identification of the property could not be done properly <input type="checkbox"/> Survey was not done		
	2. Type of Survey	Half Survey (Approximate sample random measurement verification from outside only & photographs),		
	3. Is property clearly demarcated by permanent/ temporary boundary on site	Demarcated with permanent boundary		
	4. Is the property merged or colluded with any other property	No. It is an independent single bounded property ----		
	5. City Categorization	Metro City		Urban
	6. Characteristics of the locality	Good		Within developed industrial area
	7. Property location classification	Normal location within locality	None	None
	8. Property Facing	West Facing		
	Covered Built-up area description (Plinth/ Carpet/ Saleable Area)	Approx. 5165.82 sq. mtr.		
		Also please refer to Part B - Area description of the property. Area measurements considered in the Valuation Report is adopted from relevant approved documents or actual site measurement whichever is less. Verification of the area		

VALUATION ASSESSMENT

M/S. STERLING ASSOCIATES

		measurement of the property is done only based on sample random checking.	
b.	Boundaries schedule of the Property		
i.	Are Boundaries matched	No boundaries given in the documents provided to us.	
ii.	Directions	As per Title Deed/ TIR	Actual found at Site
	East	NA	Other Property
	West	NA	Entry / Approach Road
	North	NA	Service Road
	South	NA	Plot No. 33, Honda Service Centre

2.	TOWN PLANNING/ ZONING PARAMETERS		
a.	Master Plan provisions related to property in terms of Land use	Industrial as per the sale deed	
	i. Any conversion of land use done	No information available	
	ii. Current activity done in the property	Industrial purpose	
	iii. Is property usage as per applicable zoning	Yes	
	iv. Any notification on change of zoning regulation	No information available	
	v. Street Notification	Industrial	
b.	Provision of Building by-laws as applicable	PERMITTED	CONSUMED
	i. FAR/ FSI	Please refer to area chart description	Please refer to area chart description
	ii. Ground coverage	-----do-----	-----do-----
	iii. Number of floors	-----do-----	-----do-----
	iv. Height restrictions	-----do-----	-----do-----
	v. Front/ Back/ Side Setback	-----do-----	-----do-----
c.	Status of Completion/ Occupational certificate	No information provided	No information provided
d.	Comment on unauthorized construction if any	The owner has constructed a structure at the back side of the main building which is not given in the approved map.	
e.	Comment on Transferability of developmental rights	As per regulation of Gurugram	
f.	1. Planning Area/ Zone	HUDA	
	2. Master Plan currently in force	Gurugram	
	3. Municipal limits	Gurgaon Municipal Corporation	
g.	Developmental controls/ Authority	Haryana Urban Development Authority (HUDA)	
h.	Zoning regulations	Industrial	
i.	Comment on the surrounding land uses & adjoining properties in terms of uses	All adjacent properties are being used for industrial purpose.	
j.	Comment of Demolition proceedings if any	Not in our knowledge	
k.	Comment on Compounding/ Regularization proceedings	Not in our knowledge

f.	Notification of road widening if any and area under acquisition	Not known to us			
g.	Heritage restrictions, if any	No			
h.	Comment on Transferability of the property ownership	Free hold, complete transferable rights			
i.	Comment on existing mortgages/ charges/ encumbrances on the property, if any	No		--	
j.	Comment on whether the owners of the property have issued any guarantee(personal or corporate) as the case may be	Not Known to us		NA	
k.	Building plan sanction:				
	i. Authority approving the plan	HUDA			
	ii. Name of the office of the Authority	HUDA			
	iii. Any violation from the approved Building Plan	Yes, as per the site survey the area constructed at site is more than the area mentioned in the approved map provided to us.			
l.	Whether Property is Agricultural Land if yes, any conversion is contemplated	No not an agricultural property			
m.	Whether the property SARFAESI complaint	Yes			
n.	i. Information regarding municipal taxes (property tax, water tax, electricity bill)	Property Tax		No information available	
		Water Tax		No information available	
		Electricity Bill		No information available	
	ii. Observation on Dispute or Dues if any in payment of bills/ taxes	No such information came to knowledge on site			
	iii. Is property tax been paid for this property	Information not available. Please confirm from the owner.			
	iv. Property or Tax Id No.	NA			
o.	Whether entire piece of land on which the unit is set up / property is situated has been mortgaged or to be mortgaged	Yes, as informed by owner/ owner representative.			
p.	Qualification in TIR/Mitigation suggested if any	None			
q.	Any other aspect	This is just an opinion report on Valuation based on the copy of the documents/ information provided to us by the client and has been relied upon in good faith of			

		the property found as per the information given in the documents provided to us and/ or confirmed by the owner/ owner representative to us on site.
		Legal aspects, Title verification, Verification of authenticity of documents from originals or cross checking from any Govt. deptt. of the property have to be taken care by legal expert/ Advocate.
	1. Since how long owners owing the Property	14 years
	2. Year of Acquisition/ Purchase	2007
	3. Property presently occupied/ possessed by	Owner
	4. Title verification	Legal aspects or Title verification have to be taken care by competent advocate.
	5. Details of leases if any	NA

4.	ECONOMIC ASPECTS OF THE PROPERTY	
a.	Reasonable letting value/ Expected market monthly rental	NA
b.	Is property presently on rent	No
	a) Number of tenants	No information available to us
	b) Since how long lease is in place	No information available to us
	c) Status of tenancy right	No information available to us
	d) Amount of monthly rent received	No information available to us
c.	Taxes and other outgoing	Owner Company to provide this information
d.	Property Insurance details	Owner Company to provide this information
e.	Monthly maintenance charges payable	Owner Company to provide this information
f.	Security charges, etc.	Owner Company to provide this information
g.	Any other aspect	NA

5.	SOCIO - CULTURAL ASPECTS OF THE PROPERTY	
a.	Descriptive account of the location of the property in terms of Social structure of the area in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/squatter settlements nearby, etc.	Industrial area
b.	Whether property belongs to social infrastructure like hospital, school, old age homes etc.	No

6.	FUNCTIONAL AND UTILITARIAN SERVICES, FACILITIES & AMENITIES	
a.	Description of the functionality & utility of the property in terms of :	
	a. Space allocation	Yes
	b. Storage spaces	Yes

VALUATION ASSESSMENT

	c. Utility of spaces provided within the building	Yes
	d. Car parking facilities	Yes
	e. Balconies	No
b.	Any other aspect	
	a. Drainage arrangements	Yes
	b. Water Treatment Plant	No
	c. Power Supply arrangements	Permanent Auxiliary
		Yes Yes, D.G sets (1500 Kva & 500 Kva)
	d. HVAC system	Yes
	e. Security provisions	Yes/ Private security guards
	f. Lift/ Elevators	Yes (Commercial and Passenger both)
	g. Compound wall/ Main Gate	Yes
	h. Whether gated society	No
	i. Internal development	
	Garden/ Park/ Land scraping	Water bodies
		Internal roads
		Pavements
		Boundary Wall
	No	No
	No	No
	No	No
	No	Yes

7.	INFRASTRUCTURE AVAILABILITY						
a.	Description of Aqua Infrastructure availability in terms of:						
	i. Water Supply	Yes					
	ii. Sewerage/ sanitation system	Underground					
	iii. Storm water drainage	Yes					
b.	Description of other Physical Infrastructure facilities in terms of:						
	a. Solid waste management	No					
	b. Electricity	Yes					
	c. Road and Public Transport connectivity	Yes					
	d. Availability of other public utilities nearby	Transport, Market, Hospital etc. available in close vicinity					
i.	Proximity & availability of civic amenities & social infrastructure						
	School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
	1 km	1 Km	1 km	1 km	8 Km	3 Km	5 Km
	Availability of recreation facilities (parks, open spaces etc.)			Yes ample recreational facilities are available in the vicinity.			

8.	MARKETABILITY ASPECTS OF THE PROPERTY:	
i.	Marketability of the property in terms of	
	i. Location attribute of the subject property	Good
	ii. Scarcity	Similar kind of properties are not easily available in this area.
	iii. Market condition related to demand and supply of the kind of the subject property	Good demand of such properties in the market

VALUATION ASSESSMENT

M/S. STERLING ASSOCIATES

	in the area		
	iv. Comparable Sale Prices in the locality	Please refer to Part C: Valuation Assessment of the Property.	
ii.	Any other aspect which has relevance on the value or marketability of the property	No	
	i. Any New Development in surrounding area	No	NA
	ii. Any negativity/ defect/ disadvantages in the property/ location	No	NA

9. ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY:

a.	Type of construction & design	RCC structures & GI Shed,	
b.	Method of construction	Regular masonry construction using standard quality material	
c.	Specifications		
	a. Class of construction	Class B construction (Good)	
	b. Appearance/ Condition of structures	Internal -Good	
		External -Good	
	c. Roof	Floors/ Blocks	Type of Roof
		Sheds and RCC roofed structure	RCC& GI shed
	d. Floor height	Approx..12ft	
	e. Type of flooring	Epoxy Flooring, Ceramic Tiles, Marble	
	f. Doors/ Windows	Aluminum flushed doors & windows	
	g. Interior Finishing	POP punning	
	h. Exterior Finishing	Glass facade	
	i. Interior decoration/ Special architectural or decorative feature	Office area is aesthetically designed and other area is simple plastered.	
	j. Class of electrical fittings	Internal/Normal quality fittings used and good quality fittings used in office area	
	k. Class of sanitary & water supply fittings	Internal/ Normal quality fittings used	
d.	Maintenance issues	No maintenance issue, structure is maintained properly	
e.	Age of building/ Year of construction	Approx. 14 years	Around year-2007
f.	Total life of the structure/ Remaining life expected	Approx. 60-65 years	Approx. 45-50 years subject to proper and timely maintenance
g.	Extent of deterioration in the structure	No deterioration came into notice through visual observation	
h.	Structural safety	Appears to be structurally stable	
i.	Protection against natural disasters viz. earthquakes etc.	Since this is a RCC structure so should be able to withstand moderate intensity earthquakes. Comments are been made only based on visual observation and not any technical testing.	
j.	Visible damage in the building if any	No visible damages in the structure	
k.	System of air conditioning	Partially covered with window/ split ACs and

PART C**VALUATION ASSESSMENT OF THE PROPERTY**

a.		ASSESSMENT FACTORS			
a.	Valuation Type	Land & Building Value		Industrial Land & Building Value	
b.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property is done for the property found as per the information given in the documents and/ or confirmed by the owner/ owner representative.			
c.	Property Use factor	Current Use		Highest &Best Use	
		Industrial		Industrial	
d.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us.However Legal aspects of the property have to be taken care by Bank empanelled competent Legal expert/ Advocate. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. has to be taken care by Bank empanelled Legal expert/ Advocate.			
e.	Land Physical factors	Shape	Size	Level	Frontage to depth ratio
		Rectangle	Large	On Road Level	Normal frontage
f.	Property location category factor	City Categorization	Locality Categorization	Property location classification	Floor Level
		Metro City	Good	Good location within locality	B+G+2
		Urban	Within developed industrial area	None	
				None	
		Property Facing	West Facing		
g.	Any New Development in surrounding area	Other development (Nearby work in progress of Samsung building)		---	
h.	Any specific advantage/ drawback in the property	None			
i.	Overall property usability Factor	Normal			
j.	Comment on Property Salability Outlook	Easily sellable			
k.	Comment on Demand & Supply in the Market	Good demand of such properties in the market.			
l.	Any other aspect which has relevance on the value or marketability of the property	NA			
		Valuation of the same asset/ property can fetch different values under different circumstances &situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while			

		<p>financing.</p> <p>This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.</p>
m.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
n.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
o.	Methodology/ Basis of Valuation	<p>Govt. Guideline Value: Circle rates of Gurugram (2021-22)</p> <p>Market Value: Land Value is calculated on the basis of 'Market Comparable Sales approach' and Building construction value is calculated on the basis of 'Depreciated Replacement Cost approach'</p> <p><i>Valuation of the asset is done as found on as-is-where basis.</i></p> <p><i>Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.</i></p> <p><i>For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.</i></p> <p><i>References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.</i></p> <p><i>Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.</i></p> <p><i>The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market researches and does not split into formal & informal payment components.</i></p> <p><i>Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.</i></p> <p><i>This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.</i></p> <p><i>Construction rates are adopted based on the present market replacement cost of</i></p>

construction and calculating applicable depreciation & deterioration factor as per its existing condition & specifications based on only visual observation of the structure. No structural, physical tests have been carried out in respect of it.

Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method.

The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.

Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset.

Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.

This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature

Fair Market Value[®] suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.

Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.

Realizable Value[^] is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.

Forced/ Distress Sale Value^{*} is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.

Difference between Cost, Price & Value: Generally these words are used and understood synonymously. However in reality each of these has a completely

different meaning, premise and also having different definitions in the professional & legal terms. Therefore to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

*The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.*

*The **Price** is the amount paid for the procurement of the same asset.*

*The **Value** is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation & needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation. needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation.*

Therefore in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.

p. References on prevailing market Rate/Price trend of the property and Details of the sources from where the information is gathered (from property search sites & local information):

i.	Name:	Duggal Properties
	Contact No.:	+91-9811093909
	Nature of reference:	Property Consultant
	Size of the Property:	2,500 sq.mtr
	Location:	Near Maruti Factory
	Rates/ Price informed:	Rs.70,000/- to Rs.90,000/- per sqmtr (for built up property)
	Any other details/ Discussion held:	As per the discussion we came to know the following information :- The Availability of Land in the area is Less and the property are mainly available in resale. The rate range for such type of property in this area are between Rs.70,000/- to Rs.90,000/- per sq. mtr.

R.K ASSOCIATES IMPORTANT NOTES:

DEFECT LIABILITY PERIOD - In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers@rkassociates.org. We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors, assessment or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point of the report, please help us by bringing all such points into our notice in writing at valuers@rkassociates.org within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates won't be held responsible for any inaccuracy in any manner. Also if we will not hear back anything from you within 30 days, we will assume that report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

COPYRIGHT FORMAT - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

IF REPORT IS USED FOR BANK/ FIs

NOTE: As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.

VALUER'S REMARKS - ANNEXURE IX

a)	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
b)	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
c)	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
d)	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
e)	This report is having limited scope as per its fields & format <u>to provide only the general basic idea of the value of the property prevailing in the market</u> based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened <u>as free market transaction</u> .
f)	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
g)	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
h)	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
i)	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
j)	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
k)	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of <u>scope</u> of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect..

l)	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
m)	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
n)	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
o)	This report is prepared on the RKA V-L3 (Medium) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
p)	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
