	<u>Onapshot of the Asse</u>	ter roperty onder valuation		
	This opinion on valuation report is prepared for the residential independent house having total land area admeasuring 360 sq. mtr. (430.50 sq. yds.) and covered area 225 sq. mtr. (2421.8 sq. ft) as per the old valuation report provided to us by the bank. This is a free hold land purchase by virtue of sale deed dated August 03, 2005. This indenture was			
	made in between M/s. Doon Valley Engineers and Mr. Arvind Kumar S/o Late Mr. Ghanshyam Singh & Mrs. Kanta W/o Mr. Arvind Kumar.			
	The subject property is located in urban area of Bhagirati Puram-1, Mauza Jakhan, Dehradun. This property is can be approached through the 25 ft. wide road.			
	During the site survey we have observed that the subject property is locked and no one was present at the time of site survey. So internal survey of the property was not carried out. All the covered area details have been taken from old valuation report.			
	This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation and found as per information given in the copy of documents provided to us.			
	a NPA property.	out by our Survey Engineer because this property is

## VALUATION ASSESSMENT

M	R. ARVIND KUMAR & MRS. KANTA	
		given in the documents provided to us. Legal aspects, Title verification, Verification of authenticity of documents from originals or cross checking from any Govt. dept.of the property have to be taken care by legal expert/ Advocate.
V	ECONOMIC ASPECTS	
1.	Details of ground rent payable,	NA
2.	Details of monthly rents being received if any,	
	i. Number of tenants	NA
	ii. Since how long lease is in place	NA
	iii. Status of tenancy right	NA
	iv. Amount of monthly rent received	NA
3.	Taxes and other outgoings,	NA
4.	Property insurance,	NA
5.	Monthly maintenance charges,	NA
6.	Security charges, etc	NA
7.	Any other aspect	NA
VI	SOCIO-CULTURAL ASPECTS	
1.	Description of the location of property in terms of the social structure of the area, population, social stratification, regional origin, age groups, economic levels, location of slums / squatter settlements nearby, etc.	Urban Developing area
VII	FUNCTIONAL AND UTILITARIAN ASPECTS	
	Description of the functionality and utility of the	e assets in terms of :
1.	Space allocation	No information available since internal survey of the property couldn't be carried out
2.	Storage spaces	No information available since internal survey of the property couldn't be carried out
3.	Utility of spaces provided within the building	No information available since internal survey of the property couldn't be carried out
4.	Any other aspect	
VIII	INFRASTRUCTURE AVAILABILITY	
a)	Description of aqua infrastructure availability in terms of	
	1. Water supply	Available in this area.
	2. Sewerage/sanitation	Available in this area .
	3. Storm water drainage	Available in this area .
b)	Description of other physical infrastructure fac	llities viz.

IVII	A. ARVIND KUMAR & MRS. KANTA	Yes, done by the author	ity in the concerned	
	1. Solid waste management	locality.	ity in the concerned	
	2. Electricity	Yes, available in the sub	oject locality	
	3. Roads & Public transportation connectivity	Yes		
	4. Availability of other public utilities nearby	Yes		
c)	Social infrastructure in terms of			
	1. Schools	Available nearby in the v	vicinity	
	2. Medical facilities	Available nearby in the v	vicinity	
	3. Recreation facilities in terms of parks and open spaces	Available nearby in the v	vicinity	
IX	MARKETABILITY			
	Analysis of the market for the property in terms	s of		
1.	Locational attributes	Average		
2.	Scarcity	Similar kind of properties are easily available on demand.		
3.	Demand and supply of the kind of subject property.	Good demand of such properties in the market		
4.	Comparable sale prices in the locality	Please refer to Part C: Valuation Assessment of the Property.		
Х	ENGINEERINGAND TECHNOLOGY ASPEC	TS		
1.	Type of construction	RCC framed pillar, bean slab	n, column structure on RCC	
2.	Materials and technology used,	Construction done base labourers using average	ed on daily hire mason & equality matierial	
as 3.			internal site summer is not	
	i. Class of construction	done as the subject prop	internal site survey is not perty was locked	
	ii. Appearance/ Condition of structures	Internal - No information	available since internal	
		survey of the property co	ouldn't be carried out	
		External -Average		
	iii. Roof	Floors/ Blocks	Type of Roof	
		Ground + 2 floors	RCC	
	iv. Floor height	No information available done from inside	since survey couldn't be	
	v. Type of flooring	No information available since survey couldn't be done from inside		

MI	R. ARVIND KUMAR & MRS. KANTA			
	vi. Doors/ Windows	No information available since survey couldn't be done from inside		
	vii. Interior Finishing	No information available since survey couldn't be done from inside		
	viii. Exterior Finishing	Class C construction (Simple/ Average) as seen from outside		
	ix. Interior decoration/ Special architectural or decorative feature	No information available since internal survey couldn't be carried out		
	x. Class of electrical fittings	No information available since internal survey couldn't be carried out		
	xi. Class of sanitary & water supply ittings	No information available since internal survey couldn't be carried out		
4.	Maintenance issues	No information available since internal survey of the property couldn't be carried out.		
5.	Age of the building	Approx. 11 years as per old valuation reportApx. 50 – 55 years Reaming life subject to timely maintenance of the building		
6.	Total life of the building,	60 to 65 years subject to timely maintenance of the building		
7.	Extent of deterioration,	No maintenance issue, structure is maintained properly as seen from outside		
8.	Structural safety	Structure built on RCC technique so it can be assumed as structurally stable.		
9.	Protection against natural disasters viz. earthquakes,	Can't comment due to unavailability of required technical data		
10.	Visible damage in the building if any,	No information available since internal survey couldn't be carried out		
11.	Common facilities viz. lift, water pump, lights, security systems, etc.,	, No information available since internal survey couldn't be carried out		
12.	System of air-conditioning	No information available since internal survey couldn't be carried out		
13.	Provision for firefighting,Copies of plans and elevations of the building to be included.	No information available since full survey of the property couldn't be carried out		
XI	ENVIRONMENTAL FACTORS			
1.	Use of environment friendly building materials, Green building techniques if any,	No information available since internal survey

	Remarks & observations, if any	Internal measurement because this property	s / survey was not carry on by our Survey Engineer is a NPA property.		

#### Note:

- 1. Area measurements considered in the Valuation Report pertaining to Land & Building is adopted from relevant approved documents or actual site measurement whichever is less. All area measurements are on approximate basis only.
- 2. Verification of the area measurement of the property is done based on sample random checking only.
- 3. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents which has been relied upon.
- 4. Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

MR. ARVIND KUMAR & MRS. KANTA

PART C

#### VALUATION ASSESSMENT OF THE PROPERTY- ANNEXURE-II

1.	ASSESSMENT FACTORS				
i.	Valuation Type	Land & Building Value Residential Land & Buil Value			
ii.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property is done for the property found as per the information given in the documents and/ or confirmed by the owner/ owner representative.			
iii.	Property Use factor	Currer		Hig	hest &Best Use
		Resid			Residential
iv.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us.However Legal aspects of the property have to be taken care by Bank empanelled competent Legal expert/ Advocate. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. hasto be taken care by Bank empanelled Legal expert/			
V.	Land Physical factors	Advocate. Shape	Size	Level	Frontage to
		en apo			depth ratio
		Seems to be Rectangle	Medium	On Road Le	
vi.	Property location category factor	City Categorization	Locality Categorization	Property location classificat	n
		Scale-B City	Average	Road Faci	ing Ground + 2
		Urban developing	Within urban developing zone	Normal loca within loca None	
		Property Facing	South Facing		
vii.	Any New Development in surrounding area	No			
viii.	Any specific advantage/ drawback in the property	NA	I		
ix.	Overall property usability Factor	Normal			
Х.	Comment on Property Salability Outlook	Easily sellable			
xi.	Comment on Demand & Supply in the Market	Since this property is mortgaged under NPA account therefore it will have less demand in the market and will have limited target buyers who deals in such kind of stressed properties.			
xii.	Any other aspect which has relevance on the value or marketability of the property	different circumsta	same asset/ prope ances &situations.	For eg. Va	different values under aluation of a running/ le and in case of closed

	MR. ARVIND KUMAR & MRS. KAI	
		shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.
		This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.
xiii.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
xiv.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
XV.	Methodology/ Basis of	Govt. Guideline Value: Collector rate of Dehradun
	Valuation	Market Value:Land Value is calculated on the basis of 'Market Comparable
		Sales approach' and Building construction value is calculated on the basis of
		'Depreciated Replacement Cost approach'
		Valuation of the asset is done as found on as-is-where basis.
		Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.
		For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.
		References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.
		Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.
		The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market researches and does not split into formal & informal payment components.
		Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the

1	MR. ARVIND KUMAR & MRS. KAN	
		sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.
		This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.
		Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its existing condition & specifications based on only visual observation of the structure. No structural, physical tests have been carried out in respect of it.
		Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method.
		The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
		Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset.
		Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.
		This Valuation is conducted based on the macro analysis of the asset/ property and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
		<b>Fair Market Value</b> <sup>#</sup> suggested by the competent Valuer <u>is that prospective estimated</u> <u>amount</u> in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.
		Forced, under compulsion &constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.
		<b>Realizable Value^</b> is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10- 20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.
		<b>Forced/ Distress Sale Value*</b> is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size &salability prospects of the property. In this type of sale, negotiation power of the buyer is

	MR. AR	VIND KUMAR & MRS. KANTA	
		than	vs more than the seller and eagerness & pressure of selling the property is more buying it. Therefore the Forced/ Distress Sale Value will always significantly less value compare to the estimated Fair Market Value.
		asset detrir eithe	<b>idation Value</b> is the amount that would be realized when an asset or group of ts are sold on a piecemeal basis that is without consideration of benefits (or ments) associated with a going-concern business. Liquidation value can be r in an orderly transaction with a typical marketing period or in a forced action with a shortened marketing period.
		unde differ legal desci	<b>rence between Cost, Price &amp; Value:</b> Generally these words are used and rstood synonymously. However in reality each of these has a completely ent meaning, premise and also having different definitions in the professional & terms. Therefore to avoid confusion, it is our professional responsibility to ribe the definitions of these words to avoid ambiguity & confusion in the minds of ser of this report.
			<b>Cost</b> of an asset represents the actual amount spend in the construction/ actual ion of the asset.
		The <b>I</b>	Price is the amount paid for the procurement of the same asset.
		depe supp. outlo	<b>Value</b> is defined as the present worth of future rights in the property/asset and nds to a great extent on combination of various factors such as demand and ly, market situation, purpose, situation & needs of the buyer & seller, saleability ok, usability factor, market perception & reputation. needs of the buyer & seller, bility outlook, usability factor, market perception & reputation.
		since	efore in actual for the same asset/ property, cost, price & value remain different these terms have different usage & meaning.
xvi.			Rate/Price trend of the property and Details of the sources from where
	i. Name:		property search sites & local information): Sati properties
	1.	Contact No.:	+91-9897854304
		Nature of reference:	Property Consultant

xvii.	heid           NOTE: The given information above           kvii.         Adopted Rates           Justification         The location of           Puram-1, Deh           the subject pr           communication           developing are           As per our dis           we came to kr           1. The m           shape           2. Demar           rates a           3. The as           betwee           350-40		The location of Puram-1, Dehi the subject pro communication developing are As per our dis we came to kn 1. The ma shape of 2. Deman rates as 3. The as betwee	f the subject property is in the urban developing area of Bhagirathi radun, Uttarakhand and demand of the residential property is good but operty is a NPA property. As per the present market survey & verbal in with local dealers we got the good information for the property in this a. cussion with habitants and market participants of the subject locality ow that: - arket rates for residential plots will depend upon the size, location & of the plot. d for plots facing north &/or east is much more and subsequently their is well. king price for small Residential Property in this locality is varying in n Rs.30,000/- to Rs.35,000/- per sq. yds. while for property of size of 0 sq. yds. the rate ranges from Rs.25,000/- per sq. yds. to Rs.30,000/-
	Aforesaid land taking into cor the property, r we are of the Rs.25,000 to h for such prope overall value of		taking into con the property, n we are of the Rs.25,000 to F for such prope overall value of	I is having large land area & useful for residential purpose. Hence sideration all these factors like size and shape of the plot, location of market condition, rate ratio for the land & current activity on the land, view that the appropriate rate range for such a land parcel between Rs.30,000 per sq. yds but the subject property is a NPA property and rty any prospective buyer will demand high bargain which reduces the of the property therefore for the valuation purpose we have adopted <b>p.yds.</b> which appears to be reasonable in our view.

#### Report with Enclosures

## ANNEXURE: I- ASSUMPTIONS | REMARKS | LIMITING CONDITIONS

i.	Qualification in TIR/Mitigation Suggested, if any: None
ii.	Is property SARFAESI compliant: Yes
iii.	Whether property belongs to social infrastructure like hospital, school, old age home etc.: No
iv.	Whether entire piece of land on which the unit is set up / property is situated has been mortgaged or to be
	mortgaged: Yes, already mortgaged
٧.	Details of last two transactions in the locality/area to be provided, if available: Information couldn't be found.
vi.	Any other aspect which has relevance on the value or marketability of the property: This report is prepared following our standard operating procedures & best practices, limitations, conditions, remarks, Important Notes, Valuation TOR.
	1. This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the copy of the documents provided to us from the originals has not been done at our end.
	<ol> <li>Legal aspects for e.g. investigation of title, ownership rights, lien, charge, mortgage, lease, etc. are not considered in this report. It is assumed and taken into account that the concerned Bank/ Financial Institution has got the legal verification cleared by the competent Advocate while requesting for the Valuation report.</li> </ol>
	3. Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.

## **R.K ASSOCIATES IMPORTANT NOTES**

<u>DEFECT LIABILITY PERIOD</u> - In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers @rkassociates.org. We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point of the report, please help us by bringing all such points into our notice in writing at <u>valuers @rkassociates.org</u> within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates won't be held responsible for any inaccuracy in any manner. Also if we will not hear back anything from you within 30 days, we will assume that report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of <u>ONE YEAR</u>. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

<u>COPYRIGHT FORMAT</u> - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

## IF REPORT IS USED FOR BANK/ FIS

**NOTE:** As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.

## ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

## Integrity and Fairness

- 1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
- 2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
- 3. A valuer shall endeavor to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
- 4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
- 5. A valuer shall keep public interest foremost while delivering his services.

## Professional Competence and Due Care

- 6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
- 7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
- 8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
- 9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
- 10.A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
- 11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

## Independence and Disclosure of Interest

- 12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
- 13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
- 14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.

## MR. ARVIND KUMAR & MRS. KANTA

- 15.A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
- 16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
- 17. A valuer shall not indulge in "mandate snatching or offering" convenience valuations" in order to cater to a company or client's needs.
- 18. As an independent valuer, the valuer shall not charge success fee.
- 19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

## Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

## Information Management

- 21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
- 22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorized by the authority, the registered valuersorganization with which he/it is registered or any other statutory regulatory body.
- 23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
- 24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

## Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.

Explanation: For the purposes of this code the term 'relative'shall have the same

#### MR. ARVIND KUMAR & MRS. KANTA

meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

## Remuneration and Costs.

- 27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
- 28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

## Occupation, employability and restrictions.

- 29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
- 30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organization discredits the profession.

## Miscellaneous

- 31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
- 32. A valuer shall follow this code as amended or revised from time to time

## **ENCLOSURE: VI – VALUER'S REMARKS**

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for e.g. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only up to the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this

	MR. ARVIND KUMAR & MRS. KANTA
	report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated
40	Township must be approved in all respect.
12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and
	scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout
	from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned
	development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the
	Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered
	area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is
10.	important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by
	the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will,
14.	of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and
	using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which
	have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the
	event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of
	value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the
	buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved.
	Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The
	final transaction price is something on which the parties themselves have to agree. However our Valuation analysis
	can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can
	help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work.
	This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic
	idea of the value of the property prevailing in the market based on the information provided by the client. No detailed
	analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/
	Financial Institution which is using this report for mortgaging the property that they should consider all the different
	associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is
	without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is <u>30 DAYS</u> . We request the concerned authorized reader of this report to check the contents,
	data and calculations in the report within this period and intimate us in writing if any corrections are required or in case
	of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical,
	calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value
10	revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper
	channel at valuers@rkassociates.org in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in
	situation and condition of the property.
20.	Our Data retention policy is of <b>ONE YEAR</b> . After this period we remove all the concerned records related to the
20.	assignment from our repository. No clarification or query can be answered after this period due to unavailability of the
	data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K
21.	Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K
	Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/
	office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional
	practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any
	indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it
	is the responsibility of the user of this report to immediately or at least within the defect liability period bring all such act
	into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of
	this report is found altered with pen then this report will automatically become null & void.
