5.	<p style="text-align: center;"><u>Brief description of the Property</u></p> <p>This Valuation report has been prepared for the industrial property situated at the aforesaid address having total land area admeasuring 1164.47 satak/ 705.70 Kattha (1 satak = 0.65 kattha.) as per land mortgaged certificate provided to us by the bank. There are 38 parcels of land are mortgaged with the bank, however we have got only 35 deeds and the ownership and land area of rest of the 3 deeds have been checked by us from online Parcha from West Bengal site.</p> <p>But during our site visit we have observed that the subject industry is setup on approx. 7 acres of land and rest of land parcels are outside the premises which our survey team didn't identify even the company's representative was not aware about the location of the land parcels situated outside the premises apart from approx. 7 acres of land on which the industry is settled up.</p>				

About the Project

M/s. Mayur Ply Industries Limited has set up an industrial unit in year 2000. The production capacity of Mayur Ply is 20,000 sq.mtr./day on Notional Area basis (4mm thickness basis). As per information/ data provided to us by the client, the company has adopted manual technology for manufacturing of Plywood, Flush Door, Block Door and other wooden products.

As per the scope of work, this Valuation report is prepared for the project Land & Building and Plant & Machinery located at the aforesaid address based on the documents and the information provided to us by the client which has been relied upon in good faith.

Earlier the company was known as M/s. Timtech India Pvt. Limited, but a change of name certificate has been provided to us from M/s. Timtech India Pvt. Limited. to M/s. Mayur Ply Industries Pvt. Ltd. Dated- 11-09-2009.

Land Requirement

As per the copy of land mortgage certificate of bank, the company has total land area 1164.47 satak/ 705.70 kattha (1 satak = 0.65 kattha) via 38 sale deeds executed on different dates. However, we have been provided only with 35 sale deeds and the ownership and land area of rest of the 3 land parcels has been verified from online parcha, West Bengal. For the use of passage to access the property from the main road to the factory premises we have been provided with the Easement Certificate dated: 01-01-2009. Therefore, as per the certificate the subject property is having independent access from main road.

Building and Civil Work

The subject property comprised of RCC roofed structures, industrial sheds, Asbestos sheet on iron trusses being used for manufacturing of Plywood. Area of staff room, workshop, office Blocks are constructed with RCC framed Structures. Area of various buildings present at site are taken as per site measurement only, however the year of construction of the structures are not informed to us by the client, thus we have assumed the year of construction is 1999 as the plant was incepted was in the year 1999.

[Handwritten signature]

Plant & Machinery Work

The machines installed at the aforesaid address are being used for the manufacturing of Plywood. Main machineries of are Dryer Machine, Hot Press Machine, Peeling Machine and other machines etc. the valuation of the plant & machinery is done on the basis of the list of machines provided to us by the client along with the capitalization date and purchase cost.

Project Location

M/s. Mayur Ply Industries Private Limited unit located at NH-II, Delhi Road, Belumilki, Sheoraphully, Mauza Chatra, P.S Serampore, District Hooghly - 712223, West Bengal.

The nearest airport from the site is Netaji Subhash Chandra Bose Airport located at the distance approx. 29 km and nearest railway station is Serampore railway Station which is approx. 4.2 km away from the Project Site. The subject property is located approx. 250 mtr. away from 70 ft. wide NH II, Balia – Uttarpara Road.

Observation made during the site visit as on date

During the latest site visit conducted by our engineer the plant was found in below average condition and averagely maintained by the company and was running at only 10% of its actual capacity.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property found on as-is-where basis on site for which the Bank/ customer has shown & asked us to conduct the Valuation for which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. It doesn't contain any due-diligence other than the valuation assessment of the property shown to us on site. Information/ data/ documents given to us by Bank/ client has been relied upon in good faith. This report doesn't contain any other recommendations of any sort.

14.1	Dimensions of the site	A	B
		As per the Map/ Deed	Actuals
	North	--	--
	South	--	--
	East	--	--
	West	--	--
14.2	Latitude, Longitude & Co-ordinates of Industrial Property		22°45'56.1"N 88°19'03.6"E
15.	Extent of the site		Mortgaged Land Area - 1164.47 satak/ 705.70 kattha (1 satak = 0.65 kattha).
16.	Extent of the site considered for valuation (least of 14 A & 14 B)		Mortgaged Land Area - 1164.47 satak/ 705.70 kattha (1 satak = 0.65 kattha).
17.	Whether occupied by the owner / tenant?		Owner
	If occupied by tenant, since how long?		NA
	Rent received per month.		NA

II.		CHARACTERISTICS OF THE SITE
1.	Classification of locality	Urban Developing
2.	Development of surrounding areas	Most of the nearby properties are being used as residential purpose but few industries are being located within range 1 Km radius of the plant.
3.	Possibility of frequent flooding / submerging	No

4.	Feasibility to the Civic amenities like school, hospital, bus stop, market etc.	Yes, available within the close vicinity of 1-5 Km From subject property.
5.	Number of Floors	Please Refer to sheet attached below.
6.	Type of Structure	Please Refer to sheet attached below.
7.	Type of use to which it can be put	Industrial purpose
8.	Any usage restriction	NA
9.	Is plot in town planning approved layout?	Kolkata Metropolitan Development Authority (KMDA)
10.	Corner plot or intermittent plot?	Intermittent
11.	Road facilities	Yes
12.	Type of road available at present	Bitumen Surfaced Road
13.	Width of road – is it below 20 ft. or more than 20 ft.	20 ft. wide road.
14.	Is it a land – locked land?	No (Owner has taken an easement agreement for right of use of passage (Dated – 01-01-2009).
15.	Water potentiality	Yes, from bore well/ submersible
16.	Underground sewerage system	Yes
17.	Is power supply available at the site?	Yes
18.	Advantage of the site	Within urban developing area
19.	Special remarks, if any, like threat of acquisition of land for public service purposes, road widening or applicability of CRZ provisions etc. (Distance from sea-coast / tidal level must be incorporated)	None, in our view

PART A

VALUATION OF LAND

1.	Size of Plot	Mortgaged Land Area - 1164.47 satak/ 705.70 kattha (1 satak = 0.65 kattha).
	North & South	Not measurable at site due to uneven shape & large size of the land
	East & West	Not measurable at site due to uneven shape & large size of the land
2.	Total extent of the plot	Mortgaged Land Area - 1164.47 satak/ 705.70 kattha (1 satak = 0.65 kattha).
	Area adopted on the basis of	As per the copy of mortgage certificate by bank, sale deeds, Online Parcha land.
	Remarks & observations, if any	None
3.	<p>Prevailing market rate (Along with details /reference of at least two latest deals/transactions with respect to adjacent properties in the areas):</p> <p>Details of last 2 transaction in the same area are attached on page No. 42 & 43 for your ready reference.</p> <p>The mentioned transaction (refer to page No. 42 & 43) details pertains to the properties which are located right on NH II, Delhi road, and are comparatively smaller properties in comparison to the property which is under valuation (704 Kattha) and located around ~200 mtrs inside on highway which our team could get</p> <p>The situation of the attached transaction is different from subject property in terms of its location (~200 mtrs. away from main NH II, Delhi road, whereas transactions are for main NH II road) and size of the properties (~58 kattha & 78 kattha whereas subject property under valuation is 704 Kattha). The subject land under valuation is also not having direct access and it is from the other sister concern unit M/s Mayur Logs & M/s Mayur Vineer whereas the comparables we got are having direct access from the road.</p> <p>In addition to above, during our micro market survey and discussion with local property / people dealers we came to know following information:</p> <p>1. Name: Mr. Surojit Saha (Property Consultant) Contact No.: +91-9038949406 Size of the Property: Approx. 20 bigha/ 6.5 acres/ 400 kattha. (20 kattha = 1 bigha) Rates/ Price informed: Rs.3,50,000/- to Rs.4,00,000/- per kattha Comment: As per the discussion held with the above mentioned property dealer we came to know that prevailing rate range for industrial land located on Main NH-2, Delhi road is around Rs.3.50 lakh to Rs.4 Lakh/ katha and for agricultural land located at around 250-300 mtr. away from NH-2 rate is around Rs.2,50,000/- to Rs.3,00,000/- per kattha.</p> <p>2. Name: Mr. Iftikaro Ali Contact No.: +91-6290952220 Size of the Property: Approx. 47 bigha/ 940 kattha Rates/ Price informed: Rs.4,50,000/- to Rs.5,00,000/- per kattha Comment: As per the discussion held with the above mentioned property dealer we came to know that</p>	

prevailing rate range for industrial land is around Rs.4,50,000/- to Rs.5,00,000/- per kattha.

The rates considered by us for the subject property are purely based on considering the discrete market information & enquiries came to our knowledge during micro market research and making appropriate adjustments/ discounts on the comparable inline to the subject property factors and also considering the land availability in that area which is abundant so negotiation power of a buyer is more than the seller.

After making adjustments and giving discounts for size, location, easement, land availability factors separately from the available comparables, low real estate market trend & transactions during covid period and considering discrete market information came in front of us during micro market research market rate, Rs.4,00,000/- per kattha has been judiciously considered after taking into consideration all the factors and information came in front of us.

4.	Guideline rate obtained from the official website	Rs.10,14,40,698/- (Please refer to attached Page No. – 48)
5.	Assessed / adopted rate of valuation	Rs.4,00,000/- per kattha
6.	Estimated value of land (A)	Please refer to attached sheet at page No. – 08
		Market Value: Rs.28,17,82,380/-

TOTAL						13692	147376		₹ 40,027,715
Remarks:-									
1. All the buildings are located at NH-II Delhi Road, Belumilki, Sehorapully, Mouza - Chatra, P.S - Serampore, District - Hoogly, West Bengal.									
2. All the civil structure data are taken as Site Measurement only, Since no approved map or building sheet has been provided to us..									
3. The valuation of the structure is done on the basis of Depreciated Replacement cost approach.									

7.	SPECIFICATIONS OF CONSTRUCTION (FLOOR-WISE) IN RESPECT OF		
S.No.	Description	Ground floor	Other floors
1.	Foundation	Yes	NA
2.	Ground Floor	Yes	NA
3.	Superstructure	Please refer to sheet attached above.	NA
4.	Joinery / Doors & Windows (please furnish details about size of frames, shutters, glazing, fitting etc. and specify the species of timber)	Steel frame doors and windows and steel shutters.	NA
5.	RCC works	completed	NA
6.	Plastering	completed	NA
7.	Flooring, Skirting, dadoing	completed	NA
8.	Special finish as marble, granite, wooden paneling, grills, etc.	completed	NA
9.	Roofing including weather proof course	completed	NA
10.	Drainage	Yes, underground drainage system exists within the subject property	NA

S.No.	Description	Ground floor	Other floors
1.	Compound wall	NA	NA
	Height	NA	NA

5.	Pavement	NA
	Total (F)	NA

PART C

VALUATION OF PLANT AND MACHINERY

PLANT & MACHINERY VALUATION PROCEDURE				
a. GENERAL DETAILS				
i. Scope of the Assessment		Non Binding Opinion on General Prospective Valuation Assessment of the Plant & Machineries as found on site on as-is-where basis.		
ii. Out-of-Scope of the Assessment		1. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. is not done at our end. 2. Legal aspects & rights of the Plant & Machinery are out-of-scope of this report. 3. Inventorization of P&M is out of scope of work. 4. Componentization of Plant & Machinery is out of scope of this report. 5. Identification of the P&M is only limited to cross verification of major machines & production lines. 6. Technical/ mechanical/ operational testing of the machines is out-of-scope of the report. 7. Comment/ determination on technological aspect is out of scope of this report. 8. Any kind of machine/ process design is out of scope of the report.		
iii. Information provided/ available for assessment		Documents Requested		Documents Provided
		Total 04 documents requested.		Total 01 documents provided.
		Detailed Fixed Asset Register/ Inventory Sheet		Machine List along with Capitalization year and Purchase cost
		Invoices/ Bills		None
		Purchase Orders		None
		EPC contract agreements		None
iv. Identification of the assets		<input checked="" type="checkbox"/>	Cross checked from the name of the machines mentioned in the FAR/ Inventory list name plate displayed on the machine	
		<input checked="" type="checkbox"/>	Identified by the company's representative	
		<input type="checkbox"/>	Identified from the available Invoices	
		<input type="checkbox"/>	Identification of the machines could not be done properly	
		<input checked="" type="checkbox"/>	Due to large number of machines/ inventory, only major production lines & machines have been checked	
		<input type="checkbox"/>	Physical inspection of the machines could not be done	
v. Plant Technical person name, contact number & designation assisted for Survey		Mr. Sunil Kumar Joshi (☎-7596042841)		
vi. Date of Survey		4 September 2021		
b. BRIEF DESCRIPTION OF THE PLANT/ MACHINERY				
i. Nature of Plant & Machinery		Wood Industry		

ii.	Size of the Plant	Medium scale Plant	
iii.	Type of the Plant	Manual	
iv.	Year of Installation/ Commissioning/ COD (Commercial Operation Date)	Year- 1999 as per information provided during the site visit	
v.	Production Capacity	The production capacity of Mayur Ply is 20,000 sq. mtr./day on Notional Area basis (4mm thickness basis), as informed by companies representative.	
vi.	Capacity at which Plant was running at the time of Survey	Approx. 10% of actual capacity (As per the information provided by the company official during our site survey)	
vii.	Number of Production Lines	3- Production Line	
viii.	Condition of Machines	Some sections are averagely maintained and some sections requires widespread refurbishing & overhauling.	
ix.	Status of the Plant	Operational, running only on 10% of actual capacity.	
x.	Products Manufactured in this Plant	Plywood	
xi.	Recent maintenance carried out on	No information provided.	
xii.	Recent upgradation, improvements if done any	During lockdown last year 2020	
xiii.	Total Gross Block & Net Block of Assets	Gross Block	Fair Market Value
		As on 23/09/2021	
		Rs.14,75,13,447/-	Rs.1,06,75,893/-
xiv.	Any other Details if any	NA	

c. LOCATION/ ADDRESS WHERE PLANT/ MACHINES ARE FOUND TO BE INSTALLED

All the plant and machinery as per the Machine List Only provided to us was assumed and considered to be installed inside the premises of M/s. Mayur Ply Industries Private Limited. Located at Mouza – Chatra, P.S Serampore, District - Hoogly

	The subject plant is used for manufacturing of Plywood. As observed during our site survey the machines were appeared to be in average condition and the plant was running at 10% of its actual capacity.	
d.	SURVEY DETAILS	
i.	Plant has been surveyed by our Engineering Team on 04/09/2021.	
ii.	Site inspection was done in the presence of Company's representative Mr. Sunil Kumar Joshi who was available from the company to furnish any specific detail about the Plant & Machinery.	
iii.	Our team examined & verified the machines and utilities from the machine list provided by the Company. Only major machinery, process line & equipment has been verified.	
iv.	Currently the plant is Approx. 10% operational as per the information provided by the company.	
v.	Most the details have been cross checked as per the documents provided to us by the company and what was observed at the site.	
vi.	Condition of the machines is checked through visual observation only. No technical/ mechanical/ operational testing has been carried out to ascertain the condition and efficiency of machines.	
vii.	Site Survey has been carried out on the basis of the physical existence of the assets rather than their technical expediency.	
viii.	As per the overall site visit summary, Plant appeared to be in average condition.	
a.	MANUFACTURING PROCESS	
	<p>B. PROCESS FLOW CHART :</p> <pre> graph TD A[RAW MATERIALS, VIZ. FACE & CORE VENEERS & RESIN] --> B[SIZING & DRESSING OF FACE / CORE VENEERS IN JOINTER MACHINE] B --> C[GLUING OF CORE VENEERS] C --> D[COMPOSITION OF VENEERS IS AS PER REQUIRED THICKNESS OF PLYWOOD TO BE MANUFACTURED & THEN PLACING OF FACE VENEERS ON BOTH THE OUTER SIDES] D --> E[PRESSING OF GLUED VENEERS IN HOT PRESS MACHINE WITH REQUIRED PRESSURE AND TEMPERATURE FOR BONDING] E --> F[CUTTING OF ROUGH PLYWOOD BY DD SAW TO OBTAIN REQUIRED SIZES OF PLYWOOD] F --> G[CUTTING OF BOTH SIDES OF PLYWOOD BY BELT SANDER MACHINE] G --> H[CHECKING & GRADING] H --> I[STROING & DELIVERY/DESPATCH] </pre>	
b.	TECHNOLOGY TYPE/ GENERATION USED AND TECHNOLOGICAL COLLABORATIONS IF ANY	
	NA	
c.	RAW MATERIALS REQUIRED & AVAILABILITY	
	Type of Raw Material:	Timber & Chemicals.
	Availability:	Good
d.	AVAILABILITY & STATUS OF UTILITIES	
	Power/ Electricity	Yes
	Water	Yes, Submersible
	Road/ Transport	Yes, with the easement certificate
e.	COMMENT ON AVAILABILITY OF LABOUR	

	Appears to be easily & adequately available and no labour issues came to our knowledge during site inspection.
f.	SALES TRANSACTIONAL PROSPECTS OF SUCH PLANTS/ MACHINERY
	Strategic Sale as part of the complete Project. Reason: This is a mid-scale manufacturing plant & can only be sold as an Integrated Industry to preserve its value since complete process line & machines are special purpose machines & can't be used in any other industry. Demand of used machinery in this kind of Industry of such a scale is not very high since many times it is not easily available in the market & not technically viable therefore the best sale transaction approach to realize maximum value of such assets is through strategic sale to the players who are already into same or similar Industry who have plans for expansion or any large conglomerate who plans to enter into this new Industry
g.	DEMAND OF SUCH PLANT & MACHINERY IN THE MARKET
	Appears to be moderate as per general information available in public domain.
h.	VALUATION PROEDURE
i.	Basic Methodology: For arriving at fair market value of P&M & other fixed assets our engineering team has rationally applied the mixture of ' <u>Cost approach (depreciated replacement cost)</u> '. The fair market value of Plant & Machinery on the date of valuation is its cost of reproduction & commissioning on that date less the depreciation & other deterioration deductions (Technological, Economic, Functional obsolescence) or additions for good maintenance from the date of commissioning of the machinery to the date of its valuation.
ii.	Core P&M Asset Valuation is done keeping in mind various factors like technology used, machines availability, its condition, average age, maintenance & service and parts replacement availability of the machines and more importantly demand in the market.
iii.	Main Machinery of this plant are Dryer Machine, Peeling Machine, Hot Press Machine etc. The auxiliary machines of this plants are D.G set, etc.
iv.	The main data point for the Valuation of Plant & Machinery is by the machine list provide to us by the company From the machine list two key inputs, Date of Capitalization and Cost of capitalization are taken which play vital role in evaluating used Plant & Machinery valuation.
v.	For calculating Reproduction Cost of the machines as on date Cost Inflation Index is taken into consideration since current machinery of this plant is 8 to 18 years old or less and since then fluctuation has occurred in the prices of metals or industrial commodities.
vi.	For evaluating depreciation, Chart of Companies Act-2013 for ascertaining useful life of different types of machines are followed and varies from 8-18 years based on the nature of the item.
vii.	On the Depreciated Replacement Cost (DRC) deduction for obsolescence/ deterioration or addition for good maintenance has been taken to arrive at the estimated Prospective Fair Market Value of the machines.

[Signature]

viii.	Underline assumption for the evaluation of this Plant & Machinery is that it will be sold as an Integrated Plant and not as discrete/ piecemeal machinery basis.
i.	CONSOLIDATED PLANT & MACHINERY VALUATION
	Consolidated valuation sheet of Plant & Machinery and other asset items are mentioned below with depreciated current market value as per different category of the machines/assets cumulated together. Our engineering team has separated the Cost of Equipment's in the different sections of the plant.

SUMMARY OF PLANT & MACHINERY, M/S. MAYUR PLY INDUSTRIES PRIVATE LIMITED DISTRICT - HOOGLY, WEST BENGAL				
S.No.	Description	Gross Block	Gross Current Replacement/ Reproduction Cost (as per WPI)	Fair Market Value
1	Plant & Machinery	₹ 147,513,447	₹ 112,021,227	₹ 10,675,893
	Total			₹ 10,675,893
Remarks:				
1. Asset items pertaining to M/s ,Mayur Ply Industries Private Limited, is only considered.				
2. The company has provided us the machine list for the purpose of valuation. This list has the capitalization of items based on the capex incurred under various phases. Hence for the valuation purpose we have taken machine list having capex incurred.				
3. For Evaluating useful life for calculation of depreciation, chart of companies act 2013 is referred.				
4. Replacement cost of the dryer, hot press machine, boiler, peeling machine is taken from secondary market in which same type of machines are available for sale which are 2-4 years old.				
5. For calculating the reproduction of the machines except dryer, hot press boiler & peeling inflation index has been taken from the date of capitalization till date, which is taken from economic adviser website i.e; eaindustry.nic.in				
6. Useful life of primary machine is taken as 15 years. For other auxiliary machine life varies from 8-10 years.				

PART

CONSOLIDATED VALUATION ASSESSMENT OF ASSETS

	Description	Value by adopting	
	Valuation of the Property	Cost of Capitalization (Rs.)	Fair Market Value (Rs.)
(a)	Land (A)	Rs.10,14,40,698/- (Guideline Value)	Rs.28,17,82,380/-
(b)	Buildings & Civil Works (B)	---	Rs. 4,00,27,715/-
(c)	Plant & Machinery, Other Fixed Assets & Spares (C)	---	Rs. 1,06,75,893/-
(d)	Depreciated Asset Replacement Value Total {D= Add (A+B+C)}	---	Rs.33,24,85,988/-
(e)	Consolidated Fixed Asset Valuation (E)	Rs.33,24,85,988/-	
(f)	Rounded Off (Depreciated Replacement Market Value)	Rs.33,25,00,000/-	
(g)	Total Realizable/ Fetch Value of the Plant (Minimum Depreciated Replacement Market Value)	Rs.28,26,25,000/-	
(h)	Forced/ Distress Sale Value (Orderly Liquidation Value of the assets on On-going Basis)	Rs.24,93,75,000/-	

(RUPEES THIRTY THREE CRORE TWENTY FIVE LAKHS ONLY)

i.	Justification for more than 20% difference in Market & Circle Rate	Circle rates are determined by the District administration as per their own theoretical internal policy and Market rates are adopted based on current practical market dynamics which is explained clearly in Valuation Assessment Factors
----	---	--

1. REMARKS

- Consolidated Fair Market Fixed Asset Valuation of M/s. Mayur Ply Industries Private Limited, NH- II Delhi Road, Belumilki, Sheoraphully, P.s – Serampore, District – Hoogly, West Bengal is well within market scenario and condition of industry.

[Signature]

- *Fragmented/ Individual component wise may fetch different values, however this Valuation is prepared based on the ongoing concern and the Values has been applied in totality/ group of assets.*
- *This valuation exercise has been performed to reach the prospective fair market value using the depreciated replacement cost approach for setting up such Greenfield projects in current scenario. This should not be treated as the transactional value of these assets.*
- *This valuation assessment doesn't cover any Enterprise Valuation of the Project which may have additional premium or discounting impact on the overall Project Value due to various other financial conditions of the Project.*
- *All the Values includes soft cost incurred during the Project inception such as Pre-Operative expenses, Finance cost, IDC, etc. since the FAR is capitalized with all these soft cost and FAR was the main reference point for this Valuation assessment. .*
- *Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.*
- *Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest etc. pertaining to the sale/ purchase of this property are not considered while assessing the Market Value.*
- *Discounting factors used in different values assigned like Fair Value, Realizable Value & Distress Value is based on the different condition & situation of the asset realizability and the different processes which has already been tried for the asset sale.*
- *There is no fixed formula for assigning the discounting factors and it depends largely on the nature, type of the asset and the market trend.*
- *As per the scope of the Report, Value assessment is subject to Assumption & Remarks, R.K. Associates Important Notes and Valuer's Remarks & other enclosed documents with the Report*

2. DEFINITIONS

- **Fair Market Value** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.
- Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.
- **Realizable Value** is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.
- **Forced/ Distress Sale Value** is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.

DECLARATION BY VALUER FIRM				
i.	As a result of my appraisal and analysis, it is my considered opinion that the present fair market value of the above property in the prevailing condition with aforesaid specifications is Rs.33,25,00,000/- (<u>Rupees Thirty Three Crore Twenty Five Lakhs Only</u>). The Realizable value of the above property is Rs.28,26,25,000/- (<u>Rupees Twenty Six Crore Twenty Six Lakhs Twenty Five Thousand Only</u>). The book value of the above property is _____ and the distress value Rs.24,93,75,000/- (<u>Rupees Twenty Four Crore Ninety Three Lakhs Seventy Five Thousand Only</u>).			
ii.	Name & Address of Valuer company	M/s R.K. Associates Valuers & Techno Engineering Consultants Pvt. Ltd. D- 39, 2nd floor, Sector- 2, Noida

ENCLOSURE: I- ASSUMPTIONS | REMARKS | LIMITING CONDITIONS

i.	Qualification in TIR/Mitigation Suggested, if any: cannot comment since copy of TIR is not provided to us
ii.	Is property SARFAESI compliant: Yes
iii.	Whether property belongs to social infrastructure like hospital, school, old age home etc.: No
iv.	Whether entire piece of land on which the unit is set up / property is situated has been mortgaged or to be mortgaged: Yes, already mortgaged
v.	Details of last two transactions in the locality/area to be provided, if available: Yes, enclosed with the report
vi.	Any other aspect which has relevance on the value or marketability of the property: This report is prepared following our standard operating procedures & best practices, limitations, conditions, remarks, Important Notes, Valuation TOR. <ol style="list-style-type: none"> 1. This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the copy of the documents provided to us from the originals has not been done at our end. 2. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, etc. are not considered in this report. It is assumed and taken into account that the concerned Bank/ Financial Institution has got the legal verification cleared by the competent Advocate while requesting for the Valuation report. 3. Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.

R.K ASSOCIATES IMPORTANT NOTES

DEFECT LIABILITY PERIOD - In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers@rkassociates.org. We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point of the report, please help us by bringing all such points into our notice in writing at valuers@rkassociates.org within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates won't be held responsible for any inaccuracy in any manner. Also if we will not hear back anything from you within 30 days, we will assume that report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

COPYRIGHT FORMAT - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

IF REPORT IS USED FOR BANK/ FIs

NOTE: As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.

ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider

Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.

17. A valuer shall not indulge in “mandate snatching or offering” convenience valuations” in order to cater to a company or client’s needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.

Explanation: For the purposes of this code the term ‘relative’ shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

Signature of the Valuer: _____

Name of the Valuer: R.K Associates Valuers & Techno Engg. Consultants (P) Ltd.

Address of the Valuer: D-39, Sector-2, Noida-201301

Date: 22/9/2021

Place: Noida

ENCLOSURE: VI – VALUER'S REMARKS

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format <u>to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client.</u> The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect.
12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout

	from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having <i>limited scope</i> as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is 30 DAYS . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at valuers@rkassociates.org in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
20.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
