III	COMMERCIAL SHOP	
1.	The floor on which the Unit is situated	Fourth floor
2.	Door No. of the Unit	Unit No. 419
3.	Specifications of the Unit	---
	a) Roof	RCC
	b) Flooring	No information available since survey couldn't be done from inside
	c) Doors	No information available since survey couldn't be done from inside
	a) Windows	No information available since survey couldn't be done from inside
	b) Fittings	No information available since survey couldn't be done from inside
	c) Finishing	No information available since survey couldn't be done from inside
4.	a) House Tax	No details provided to us
	Assessment No.	No details provided to us
	b) Tax paid in the name of	No details provided to us
	Tax amount	No details provided to us

5.	a)	Electricity Service Connection no.	No such information provided to us
	b)	Meter Card is in the name of	No such information provided to us
6.		How is the maintenance of the Unit?	Good (from outside View, Internal visit was not possible)
7.		Sale Deed executed in the name of	M/s. Jagat Overseas
8.		What is the undivided area of land as per Sale Deed?	No such information mentioned in the provided documents
9.		What is the plinth area of the Unit?	67.72 sq.mtr./ 729 sq.ft. (Covered Area) 112.87 sq.mtr./ 1215 sq.ft. (Super Area)
10.		What is the floor space index (app.)	No details provided to us
11.		What is the Built-up Area of the Unit?	Provided 67.72 sq.mtr./ 729 sq.ft. (Covered Area) 112.87 sq.mtr./ 1215 sq.ft. (Super Area)
12.		Is it Posh/ I class / Medium / Ordinary?	Within urban developed area
13.		Is it being used for Residential or Commercial purpose?	Commercial
14.		Is it Owner-occupied or let out?	No information provided to us.
15.		If rented, what is the monthly rent?	No Information Provided

IV		MARKETABILITY	
1.	How is the marketability?	Well developed commercial area	
2.	What are the factors favoring for an extra Potential Value?	Good developed commercial area	
3.	Any negative factors are observed which affect the market value in general?	No	---

V		RATE	
1.	After analyzing the comparable sale instances, what is the composite rate for a similar Unit with same specifications in the adjoining locality? - (Along with details/reference of at-least two latest deals/transactions with respect to adjacent properties in the areas)	The above-mentioned property is a commercial shop is located in the good developed commercial area of Rohini Sector 10. However the this is an NPA property and building was closed at the time pf site survey. As per the information gathered at site there is no parking available for this premises and no footfall is there in this place. Hence, the dealers have quoted the rates of Rs.20,000/- to Rs.25,000/- per sq.ft. (On covered area) Keeping all those factors into the consideration that may affect the value of this property we have adopted the rate of Rs.14,000/- per sq.ft. (On covered area).	
2.	Assuming it is a new construction, what is the adopted basic composite rate of the Unit under valuation after comparing with the specifications and other factors with the Unit under comparison (give details).	Not applicable since the valuation is done by Comparable Market Rate Approach	
3.	Break - up for the rate		
	i. Building + Services	Cannot separate in these components since only composite rate available in the market	
	ii. Land + Others	NA	
4.	Guideline rate obtained from the Registrar's Shop (an evidence thereof to be enclosed)	NA	

VI		COMPOSITE RATE ADOPTED AFTER DEPRECIATION	
a.	Depreciated building rate		
	Replacement cost of Unit with Services {V (3)i}	Not applicable separately since the composite rates available in the market take care of this aspect inherently	
	Age of the building	No information provided to us	

	Life of the building estimated	Cannot comment since age of the building is not informed to us.
	Depreciation percentage assuming the salvage value as 10%	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Depreciated Ratio of the building	Not applicable separately since the composite rates available in the market take care of this aspect inherently
b.	Total composite rate arrived for valuation	
	Depreciated building rate VI (a)	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Rate for Land & other V (3)ii	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Total Composite Rate	Rs.14,000/- per sq.ft. (On Covered Area)

VII DETAILS OF VALUATION				
Sr. No.	Description	Qty.	Rate per unit Rs.	Estimated Value Rs.
1.	Present value of the Unit	01	Rs.14,000/- per sq.ft (On covered area)	Rs.1,02,06,000/-
2.	Wardrobes	The composite rate for the property available in the market and according to which this property has been valued is inherently inclusive of all these components and these are not valued separately. The valuation is done on comparable market rate approach and hence these items cannot be valued separately to arrive at the market value of the property.		
3.	Showcases			
4.	Kitchen Arrangements			
5.	Superfine Finish			
6.	Interior Decorations			
7.	Electricity deposits/ electrical fittings, etc.,			
8.	Extra collapsible gates / grill works etc.,			
9.	Potential value, if any			
10.	Others			
11.	Total	01	Rs.14,000/- per sq.ft (On covered area)	Rs.1,02,06,000/-

VII. VALUATION ASSESSMENT				
A. ASSESSMENT FACTORS				
i.	Valuation Type	Built-up unit value (sold-purchased as a separate dwelling unit)		Commercial Shop Value
ii.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property identified to us by the owner or through his representative.		
iii.	Property Use factor	Current Use		Highest & Best Use
		Commercial		Commercial
iv.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us. However Legal aspects of the property are out-of-scope of the Valuation Services. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. have to be taken care by Legal expert/ Advocate.		
v.	Land Physical factors	Shape	Size	Level
		Not Applicable	Not Applicable	Not Applicable

vi.	Property location category factor	City Categorization	Locality Categorization	Property location classification	Floor Level
		Metro City	Good	Near to Metro Station	4 th floor
		Urban developed	Within good urban developed area	On Wide Road	
		Property Facing	South Facing (for mall from outside)		
vii.	Any New Development in surrounding area	None			
viii.	Any specific advantage/ drawback in the property	NA			
ix.	Property overall usability Factor	Normal			
x.	Comment on Property Saleability Outlook	Since this property is mortgaged under NPA account therefore its salability outlook in the market will be low.			
xi.	Comment on Demand & Supply in the Market	Less demand for such kind of properties			
xii.	Any other aspect which has relevance on the value or marketability of the property	<p>NA</p> <p>Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.</p> <p>This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.</p>			
xiii.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			
xiv.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			
xv.	Methodology/ Basis of Valuation	Govt. Guideline Value: Circle Rate of Delhi			
		Market Value: Market Comparable Sales approach			
		Valuation of the asset is done as found on as-is-where basis.			
		Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC,			

Income Tax of India, etc. as defined under.

For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.

References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.

Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.

The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market researches and does not split into formal & informal payment components.

Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.

This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.

The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.

Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset.

Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.

This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature.

Fair Market Value[#] suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property

without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.

Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.

Realizable Value[^] is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.

Forced/ Distress Sale Value* is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.

Difference between Cost, Price & Value: Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in the professional & legal terms. Therefore, to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.

The **Price** is the amount paid for the procurement of the same asset.

The **Value** is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation & needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation. Needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation.

Therefore, in actual for the same asset/ property, cost, price & value remain

		<i>different since these terms have different usage & meaning.</i>			
xvi.	References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered (from property search sites & local information)	1.	Name:	Mr. Babulal Mirwal (Property Consultant)	
			Contact No.:	+91-9801620861	
			Nature of reference:	Property Consultant	
			Size of the Property:	650 sq.ft.(covered area)	
			Location:	D-Mall, Rohini Sector 10	
			Rates/ Price informed:	Rs.1,20,00,000/- to Rs.1,30,00,000/- (on Ground Floor)	
			Any other details/ Discussion held:	As per the discussion held with the above mentioned property owner, we came to know that the rates in the subject society were around Rs.1,20,00,000/- to Rs.1,30,00,000/- (on Ground Floor) for property in the respective society depending on the Size and the floor level	
			2.	Name:	Mr. Jaideep Mehta
		Contact No.:		+91-9958931921	
		Nature of reference:		Property Consultant	
		Size of the Property:		650 sq.ft.(covered area)	
		Location:		Grand Savanna, Loni	
		Rates/ Price informed:		Approx. Rs.1,25,00,000/-	
		Any other details/ Discussion held:		As per the discussion held with the above-mentioned property owner, we came to know that the rates in the subject society were around Rs.1,25,00,000/- for property in the respective society depending on the Size and the floor level	
		3.		Name:	NA
			Contact No.:	NA	
			Nature of reference:	NA	
			Size of the Property:	NA	
			Location:	NA	
			Rates/ Price informed:	NA	
			Any other details/ Discussion held:	NA	
			<i>NOTE: The given information above can be independently verified to know its authenticity.</i>		
		xvii.	Adopted Rates Justification	<i>The demand of the property is Good in the area for commercial shops. As per market survey & verbal conversation with local persons & local property consultant we got the following information: -</i>	
				<i>1. The property rate in the concern area depends on size, Location, floor level, and approach road width Distance from the main road, Amenities provided of the subject Society.</i>	
		<i>2. The location of the subject property is in the Good Developed area of Rohini, Sector 10, Delhi</i>			
		<i>3. The Demand and supply of such commercial unit is good in the area but the subject property is in D-Mall and the footfall is very less, due to is condition as, it does not have the parking facilities for the customer and most of the shops are closed in the mall and seems very less footfall. Hence after considering the market value we have adopted</i>			

		<p>75% of the market value for the subject property.</p> <p>4. The on-going market rate for the Residential flat located within vicinity of subject Property is ranging in between Rs.20,000/- to Rs.25,000/- per Sq.ft. (On Super area)</p> <p>As aforesaid property is a Commercial Unit with a total of 729/- sq.ft covered area in size. Hence taking into consideration all these factors like size, floor Level and market condition, we are on the view that the appropriate rate range for such a unit can be considered between Rs.20,000/- per sq.ft. to Rs.25,000/- per sq.ft. (On super area) and for the valuation purpose we have adopted Rs.14,000/- per sq.ft. (On Covered Area) which appears to be reasonable in our view.</p>

		RCC framed pillar, beam, column structure on RCC slab	Class B construction (Good)	No information provided
		Rate range	Rate adopted	Covered Area
		Not available on public domain	Not available on public domain	67.72 sq.mtr./ 729 sq.ft.
	Total Built-up Dwelling Unit Value(b)	Not available on public domain		
iii.	TOTAL GUIDELINE/ CIRCLE RATE VALUE: (a+b)	Not available on public domain		

b. INDICATIVE ESTIMATED PROSPECTIVE FAIR MARKET VALUE				
i.	Land Value (Not considered since this is a built-up unit valuation)	Total Land Area considered as per documents/ site survey (whichever is less)	Prevailing Rates Range	Rate adopted (considering all characteristics & assessment factors of the property)
		NA	NA	NA
	Total Land Value (a)	NA		

ii.	Built-up Dwelling Unit Value	Built-Up unit value		
		Structure Type	Construction category	Structure Condition
		RCC framed pillar, beam, column structure on RCC slab	Class B construction (Good)	Good
		Age Factor		Covered Area
		No information provided		67.72 sq.mtr./ 729 sq.ft.
		Rate range		Rate adopted
		Rs.14,000/- per sq. ft.		Rs.14,000/- per sq. ft.
		Total Built-up Dwelling Unit ValueValue (b)		Rs.14,000/- per sq.ft. X 729 sq.ft.
		Rs.1,02,06,000/-		
iii.	TOTAL VALUE: (a+b+c+d+e)		Rs.1,02,06,000/-	
iv.	Additional Premium if any		--	
	Details/ Justification For interior and decoration		--	
v.	Deductions charged if any		--	
	Details/ Justification		--	
vi.	TOTAL INDICATIVE ESTIMATED PROSPECTIVE FAIR MARKET VALUE#: (vi+vii+viii)		Rs.1,02,06,000/-	
vii.	ROUND OFF		Rs.1,02,00,000/-	
viii.	IN WORDS		Rupees One Crore Two Lakhs Only.	
ix.	EXPECTED REALIZABLE/ FETCH VALUE^ (@ ~15% less)		Rs.86,70,000/-	
x.	EXPECTED FORCED/ DISTRESS SALE VALUE* (@ ~25% less)		Rs.76,50,000/-	
xi.	VALUE FOR THE INSURANCE PURPOSE		NA	
xii.	Justification for more than 20% difference in Market & Circle Rate	Circle rates are determined by the District administration as per their own theoretical internal policy and Market rates are adopted based on current practical market dynamics which is explained clearly in Valuation Assessment Factors		
xiii.	Concluding comments & Disclosures if any	<div>1. The identification is not done by us since, this is an NPA property and was closed at the time of site survey. However, we cannot confirm it with security that who is possessing the property on site. As the property was on lease for 3 years from 01-07-2014 and the tenure of lease is over, hence we cannot comment about who is possessing the property as of now.</div> <div>2. The indenture took place between M/s Jagat Overseas (Lessor) and M/s. Beyond Faces (lessee) which was leased was for 3 years starting from 01-07-2014.</div> <div>3. The Demand and supply of such commercial unit is good in the area but the subject property is in D-Mall there is footfall in market rate of the subject mall, due to is condition as, it does not have the parking facilities for the customer, and most of the shops are closed in the mall, which results footfall in the market rate of shops in the mall. Hence after considering the market value we have adopted 75% of the market value for the subject property.</div> <div>4. The ownership and area details have been taken only on the basis of the documents provided to us by the bank.</div>

ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavor to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation,

and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.

17. A valuer shall not indulge in "mandate snatching or offering "convenience valuations" in order to cater to a company or client's needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.

Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

Place: Noida

ENCLOSURE: VI – VALUER'S REMARKS

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened <u>as free market transaction</u> .
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue Shoprs for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect..
12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/

	guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our Shop. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this Shop.
18.	Defect Liability Period is 30 DAYS . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at valuers@rkassociates.org in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
20.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ Shop technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
