VALUATION ASSESSMENT AS PER RKA FORMAT

Name & Address of Organization:	The Department of Tourism, Government of Uttar Pradesh – C-13, Vipin Khand, Gomti Nagar, Lukhnow, Uttar Pradesh
Name of Owner	The Department of Tourism, Government of Uttar Pradesh

1.	**Customer Details**				
i.	Name	The Department of Tourism, Government of Uttar Pradesh			
ii.	Application No.	NA			
2.	**Property Details**				
i.	Address	Rahi Tourist Bunglow, Sankisa, District- Farrukhabad, Uttar Pradesh			
ii.	Nearby Landmark	Near Sankisa Tiraha & Lanka Temple			
iii.	Google Map	Enclosed with the Report			
		Coordinates or URL: 27°20'45.4"N 79°16'47.1"E			
iv.	Independent access to the property	Clear independent access is available			
v.	Type of ownership	Goverment owned			
vi.	Constitution of the Property	Cannot comment since no documents has been provided to us.			
vii.	Is the property merged or colluded with any other property	No			
		Comments: None			
3.	**Document Details**	**Status**	**Name of Approving Auth.**	**Approval No.**	
i.	Layout Plan	No information provided	NA	---	
ii.	Building plan	No information provided	NA	---	
iii.	Construction Permission	No information provided	NA	---	
iv.	Legal Documents	Available	None	NA	NA
4.	**Physical Details of the Property**				
i.	Adjoining Properties	**Directions**	**As per Sale Deed/TIR**	**Actual found at Site**	
				Land-1	**Land-2**
		North	NA	Shop & Vacant land	Other's property
		South	NA	Brick Road then Temple	Sri Lanka Temple
		East	NA	Vacant land	Road
		West	NA	Road	Sri Lanka Temple
ii.	Are Boundaries matched	No, since no relevant documents are available.			
iii.	Plot demarcation	Yes			
iv.	Approved land Use	Guest House as per information provided by U.P. Tourism- officials			
v.	Type of Property	Guest house			

vi.	No. of bed rooms	Living/ Dining area	Toilets	Kitchen	Other rooms
	16	01 (Hall)	16	01	02-Dormitories 01- Reception

vii.	Total no. of floors of the property	2 (Ground + First Floor)
viii.	Floor on which the property is located	Ground & First Floor
ix.	Approx. age of the property	Approx. 31 Years (as per the information gathered at site)e
x.	Residual age of the property	Approx. 30-35 years subject to proper and timely maintenance
xi.	Type of structure	RCC framed pillar, beam, column structure on RCC slab
xii.	Condition of the Structure	Average

R.K. Associates Valuers & Techno Engineering Consultants Pvt. Ltd.

xiii.	Finishing of the building	Simple Plastered walls	
5.	**Tenure/ Occupancy/ Possession Details**		
i.	Property presently possessed/ occupied by	Vacant at the moment but in possession of owner	
ii.	Status of Tenure	NA	
iii.	No. of years of occupancy	NA	
iv.	Relationship of tenant or owner	NA	
6.	**Stage of Construction**	Completely Constructed	
	If under construction then extent of completion	NA	
7.	**Violation in the property**		
	i. Violation if any observed	**ii. Nature and extent of violation**	**iii. Any other negativity, defect or drawback in the property**
	Cannot comment since copy of approved building plans/map not provided to us	Cannot comment since copy of approved building plans/map not provided to us	No

8.	**AREA DETAILS OF THE PROPERTY**		
i.	**Land area** *(as per documents/ site survey, whichever is less) Considered*		
	Area as per documents	Area as per site survey	**Area considered for Valuation**
	4401.5 sq. mtr. /47,377.35 sq. ft. 34.79 Biswa	**Land-1**= 2,998.15 sq. mtr./ 32,164.14 sq. ft. **Land-2** = 2,233.14 sq. mtr./ 24,037 sq. ft. **5221.29 sq. mtr. / 56,201.5 sq. ft**. (as per the google measurement)	4401.5 sq. mtr. /47,377.35 sq. ft.
	Area adopted on the basis of	Property documents & site survey both	
	Remarks & Observations	Area measurements considered in the Valuation Report pertaining to Land is adopted from relevant documents produced to us or actual site measurement, whichever is less. All area measurements are on approximate basis only. Verification of the area measurement of the property is done based on sample random checking only. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents which has been relied upon. The land of the guest house is divided into two parts which are situated on either side of the road (see in the picture attached below on page 7)	
ii.	**Constructed Built-up Area** *(As per IS 3861-1966)*		
	Area as per documents	Area as per site survey	**Area considered for Valuation**
	1127.5 sq. mtr./ 12,136.3 sq. ft.	1345.94 sq. mtr./14,487.5 sq. ft.	1127.5 sq. mtr./ 12,136.3 sq. ft.
	Area adopted on the basis of	Property documents & site survey both	
	Remarks & Observations	Area measurements considered in the Valuation Report pertaining to Building is adopted from relevant property document or actual site measurement. All area measurements are on approximate basis only. Verification of the area measurement of the property is done based on sample random checking only.	

9.	**VALUATION ASSESSMENT**		
A.	**ASSESSMENT FACTORS**		
i.	Valuation Type	Land & Building Value	Guest House Value
ii.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property identified to us by the owner or through his representative.	
iii.	Property Use factor	**Current Use**	**Highest &Best Use**
		Vacant/ Locked	Hotel/ Resort/ Guest House
iv.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us.However Legal aspects of the property are out-of-scope of the Valuation Services. Verification of authenticity of documents from originals or cross checking from any	

R.K. Associates Valuers & Techno Engineering Consultants Pvt. Ltd.

		Govt. deptt. have to be taken care by Legal expert/ Advocate.			
v.	Land Physical factors	**Shape**	**Size**	**Level**	**Frontage to depth ratio**
		Irregular	Large	On Road Level	Large frontage
vi.	Property location category factor	**City Categorization**	**Locality Categorization**	**Property location classification**	**Floor Level**
		Village	Average	Good location within locality	Ground + First Floor
		Rural	Within Backward area	On Wide Road	
				None	
		Property Facing	West Facing		
vii.	Any New Development in surrounding area	None	---		
viii.	Any specific advantage/ drawback in the property	None			
ix.	Property overall usability Factor	Normal			
x.	Comment on Property Saleability Outlook	Hot cake property, easily sellable without any issues.			
xi.	Comment on Demand & Supply in the Market	Good demand of such properties in the market			
xii.	Any other aspect which has relevance on the value or marketability of the property	NA Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing. This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.			
xiii.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			
xiv.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			
xv.	Methodology/ Basis of Valuation	**Govt. Guideline Value: Collector Rates of Farrukhabad- Uttar Pradesh- Year 2021-22**			
		Market Value: Land Value is calculated on the basis of 'Market Comparable Sales approach' and Building construction value is calculated on the basis of 'Depreciated Replacement Cost approach'.			
		Valuation of the asset is done as found on as-is-where basis. *Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.* *For knowing comparable market rates, significant discreet local enquiries have been*			

		made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario. References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon. Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends. The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market researches and does not split into formal & informal payment components. Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value. This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally. Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its existing condition &specifications based on only visual observation of the structure. No structural, physical tests have been carried out in respect of it. Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method. The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength. Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset. Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation. This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature. **Fair Market Value#** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the

		date of the Valuation. *Forced, under compulsion &constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.* ***Realizable Value^*** *is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.* ***Forced/ Distress Sale Value**** *is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size &salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetchsignificantly less value compare to the estimated Fair Market Value.* ***Liquidation Value*** *is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.* ***Difference between Cost, Price & Value:*** *Generally these words are used and understood synonymously. However in reality each of these has a completely different meaning, premise and also having different definitions in the professional & legal terms. Therefore to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.* *The* ***Cost*** *of an asset represents the actual amount spend in the construction/ actual creation of the asset.* *The* ***Price*** *is the amount paid for the procurement of the same asset.* *The* ***Value*** *is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation & needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation. needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation.* *Therefore in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.*
xvi.	References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered *(from property search sites & local information)*	1. Name: Sonu Rajput Contact No.: +91-8865007133 Nature of reference: Property Consultant Size of the Property: General Enquiry Location: Within the vicinity of subject locality. Rates/ Price informed: Rs.1,00,000/- to Rs.1,50,000/- per Biswa Any other details/ Discussion held: As per the discussion with the property consultant , we came to know that the rate of the property on the main Bhongaon- Sankisa Road is between Rs.1,00,000/- to Rs.1,50,000/- per Biswa. As per the dealer 1 Biswa = 1350 sq. ft.

		2.	Name:	Mr. Mahipal
			Contact No.:	---
			Nature of reference:	Habitant of subject location
			Size of the Property:	General Enquiry
			Location:	Within the vicinity of subject locality.
			Rates/ Price informed:	Rs.1,00,000/- to Rs.2,00,000/- per Biswa
			Any other details/ Discussion held:	As per the discussion with the habitant of locality, we came to know that the rate of the property on the Sankisa road is Rs.1,00,000/- to Rs.2,00,000/- per Biswa
	NOTE: The given information above can be independently verified to know its authenticity.			
xvii.	Adopted Rates Justification	*As per our discussion with the habitants and market participants of the subject locality we came to know the following information :-* *1. The prevailing land rate in the subject locality depends on the size, shape, frontage, approach road width and distance of the plot from the main road.* *2. The prevailing land rate for plot having area approx. 4000 -5000 sq. mtr. (43,056- 53,820 sq. ft.)/30-40 Biswa on main Bhangaon- Sankisa Road is between Rs.1,00,000/- to Rs.2,00,000/- per Biswa.* *3. The subject locality is a rural village area of Sankisa, Farrukhabad, Uttar Pradesh* *4. Demand for residential property is moderate in the subject locality* *5. Availability of land is good in the area.* *As per our discussion with local people & dealer, we came to know that the prevailing market rate for plots in the subject locality is between Rs.1,00,000/- to Rs.2,00,000/- per Biswa which depended on the size of the plot, location, road width etc. The subject property is in rural area. Thus, keeping all the factors in mind, we have adopted the rate of* ***Rs.1,50,000/- per Biswa.*** *which seems reasonable in our opinion.* ***1 Biswa = 1361.5 sq. ft.***

rk ASSOCIATES

सर्किल रेट 2018–19
भाग – 3

प्रारूप – 5

गैर वाणिज्यिक / वाणिज्यिक भवनों की विभिन्न श्रेणी के निर्माण की न्यूनतम दरें।

क्रम सं०	निर्माण की श्रेणी के आधार पर	निर्माण की अविकर्षता आयु	प्रथम श्रेणी के निर्माण की दर कवर्ड एरिया के अनुसार प्रति वर्गमीटर	द्वितीय श्रेणी के निर्माण की दर कवर्ड एरिया के अनुसार प्रति वर्गमीटर
			वर्तमान	वर्तमान
1	2	3	4	5
1	आर०सी०सी०	80 वर्ष	14000	13000
2	आर०बी०सी०	60 वर्ष	13000	12000
3	कड़ी, गाटर पटिटया, डाट	50 वर्ष	9500	8000
4	टीन शेड, एस्वेस्टस शेड, फाइबर शेड	40 वर्ष	6000	5000
5	कच्चा, छप्पर, खपरैल	30 वर्ष	3500	2500

प्रथम श्रेणी निर्माण का तात्पर्य यह है कि उसमें दरवाजे खिड़की में मंहगी लकड़ी यथा शीशम, सागौन, देवदार या कम्प्रेस्ट वाटरप्रूफ बोर्ड या मेटल का प्रयोग हुआ हो। फर्श स्टोन वर्टीफाइड टाइल्स के प्रयोग से बनाया गया हो।

द्वितीय श्रेणी के निर्माण का तात्पर्य यह कि जो प्रथम श्रेणी का निर्माण न हो।

भवन का कुल मूल्य = भवन में निहित भूमि (मय खुली भूमि के) का मूल्य इस सूची के भाग –2, 3 या 4 में दी गई सुसंगत दर के अनुसार + भवन के निर्माण मूल्य का योग।

भवन का निर्माण = भवन का पुर्नस्थापन मूल्य में से मूल्य ह्रास घटाइये

भवन का पुर्नस्थापन मूल्य = भवन का कुल कवर्ड एरिया x इस सूची में दी गयी निर्माण की सुसंगत दर

मूल्य ह्रास = $\dfrac{\text{भवन का पुर्नस्थापन मूल्य x भवन की वर्तमान आयु x 9}}{\text{भवन की अविकर्षता आयु x 10}}$

नोट – यदि भवन की वास्तविक वर्तमान आयु इस सूची में दी गयी न्यूनतम अविकर्षता आयु से अधिक है तो यही आयु अविकर्षता आयु मानी जायेगी। किसी भी दशा में मूल्य ह्रास 70 प्रतिशत से अधिक नहीं होगा। भवन का स्क्रेप मूल्य 30 प्रतिशत से कम नहीं होगा। यदि भवन की आयु 20 वर्ष या उससे कम है तो ऐसे भवन पर कोई मूल्य ह्रास अनुमन्य नहीं होगा।

R.K. Associates Valuers & Techno Engineering Consultants Pvt. Ltd.

ENCLOSURE: VIII – VALUER'S REMARKS

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out.It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect..

R.K. Associates Valuers & Techno Engineering Consultants Pvt. Ltd.

12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is **30 DAYS**. We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at **valuers@rkassociates.org** in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
20.	Our Data retention policy is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.

SURVEY SUMMARY SHEET
(TO BE ENCLOSED WITH VALUATION REPORT)

(Version 1.0) | Date of implementation: 10.04.2017

Every Valuation report at R.K Associates is prepared based on the thorough survey of the property carried out by our Engineering Surveyor. This Survey Summary Sheet is for the information of Banker/ concerned interested organization. Detailed Survey Form can also be made available to the interested organization in case it is required to cross check what information our surveyor has given in site inspection report based on which Valuation report is prepared.

1.	File No.			
2.	Name of the Surveyor	Sachin Pandey		
3.	Borrower Name	UP Tourism		
4.	Name of the Owner	UP Tourism		
5.	Property Address which has to be valued	Rahi Paryatak House, Sankisa Farrukhabad.		
6.	Property shown & identified by at spot Employee	☐ Owner, ☑ Representative, ☐ No one was available, ☐ Property is locked, survey could not be done from inside		
		Name	**Contact No.**	
		Mr. Furkhan	94118899 52	
7.	How Property is identified by the Surveyor	☐ From schedule of the properties mentioned in the deed, ☑ From name plate displayed on the property, ☑ Identified by the owner/ owner representative, ☐ Enquired from nearby people, ☐ Identification of the property could not be done, ☐ Survey was not done		
8.	Are Boundaries matched	☐ Yes, ☑ No, ☐ No relevant papers available to match the boundaries, ☐ Boundaries not mentioned in available documents		
9.	Survey Type	☑ Full survey (inside-out with measurements & photographs) ☐ Half Survey (Measurements from outside & photographs) ☐ Only photographs taken (No measurements)		
10.	Reason for Half survey or only photographs taken	☐ Property was locked, ☐ Possessee didn't allow to inspect the property, ☐ NPA property so couldn't be surveyed completely		
11.	Type of Property	☐ Flat in Multistoried Apartment, ☐ Residential House, ☐ Low Rise Apartment, ☐ Residential Builder Floor, ☐ Commercial Land & Building, ☐ Commercial Office, ☐ Commercial Shop, ☐ Commercial Floor, ☐ Shopping Mall, ☐ Hotel, ☐ Industrial, ☐ Institutional, ☐ School Building, ☐ Vacant Residential Plot, ☐ Vacant Industrial Plot, ☐ Agricultural Land Paryatak House		
12.	Property Measurement	☑ Self-measured, ☐ Sample measurement, ☐ No measurement		
13.	Reason for no measurement	☐ It's a flat in multi storey building so measurement not required ☐ Property was locked, ☐ Owner/ possessee didn't allow it, ☐ NPA property so didn't enter the property, ☐ Very Large Property, practically not possible to measure the area within limited time ☐ Any other Reason:		
14.	Land Area of the Property	**As per Title deed**	**As per Map**	**As per site survey**
		—	—	—
15.	Covered Built-up Area	**As per Title deed**	**As per Map**	**As per site survey**
		—	—	—
16.	Property possessed by at the time of survey	☑ Owner, ☐ Vacant, ☐ Lessee, ☐ Under Construction, ☐ Couldn't be Surveyed, ☐ Property was locked, ☐ Bank sealed, ☐ Court sealed		
17.	Any negative observation of the			

R.K. Associates Valuers & Techno Engineering Consultants Pvt. Ltd.

	property during survey	NO
18.	Is independent access available to the property	☑ Clear independent access is available, ☐ Access available in sharing of other adjoining property, ☐ No clear access is available, ☐ Access is closed due to dispute
19.	Is property clearly demarcated with permanent boundaries?	☑ Yes, ☐ No, ☐ Only with Temporary boundaries
20.	Is the property merged or colluded with any other property	NO
21.	Local Information References on property rates	Please refer attached sheet named *'Property rate Information Details.'*

Endorsement:

1. **Signature of the Person who was present from the owner side to identify the property:**

Undertaking: I have shown the correct property and provided the correct information about the property to the surveyor of R.K Associates to the best of my knowledge for which Valuation has to be prepared. In case I have shown wrong property or misled the valuer company in any way then I'll be solely responsible for this unlawful act.

a. Name of the Person:
b. Relation:
c. Signature: [illegible]
d. Date:

In case not signed then mention the reason for it: ☐ No one was available, ☐ Property is locked, ☐ Owner/ representative refused to sign it, ☐ Any other reason:

2. **Surveyor Signature who did site inspection:**

Undertaking: I have inspected the property and cross verified the property details at site to the extent of *a. Matching boundaries of the property, b. Sample measurement of its area, c. Physical condition, d. Property rates as per local information* with what is mentioned in the property documents provided to me by the Bank/ interested organization. I have not come under influence of anyone during site inspection and have only recorded the true and factual details in the survey form which I come across during the site survey. I understand that giving any manipulative information in the survey form will lead to incorrect Valuation report which is an unlawful act and i'll be solely responsible for doing it.

a. Name of the Surveyor:
b. Signature: Sachin
c. Date: 18/12/21
