VALUATION ASSESSMENT AS PER PNB FORMAT

Name & Address of Branch:	Punjab National Bank, LCB, Sec-63, Noida
Name of Customer (s)/ Borrower Unit	M/s A. B. Motions Pvt. Ltd.

I.		GENERAL			
1.	Purpose for which the valuation is made		Periodic Re-Valuation for bank		
2.	a)	Date of inspection	14 January 2022		
	b)	Date on which the valuation is made	29 December 2021		
3.	List of documents produced for perusal		Documents Requested	Documents Provided	Documents Reference No.
			Total 04 documents requested.	Total 02 documents provided.	02
			Property Title document	Copy of TIR	Date: 07/04/2021
			Property Title document	Sale Deed	Dated- 17/12/1996
			Old Valuation Report	Old Valuation Report	Dated- 20/03/2021
			Last paid Electricity Bill	None	----
4.	Name of the owner/s		M/s G. S. R. Granites Pvt. Ltd.		
	Address and Phone no. of the owner/s		M/s G. S. R. Granites Pvt. Ltd, through it's director Mr. Gurdeep Singh Chaddha, R/o. D-851, New Friends Colony, New Delhi.		
5.	<b>Brief description of the property</b> <p>This opinion of valuation report is prepared for an independent builder floor property situated in Block B, No B-507 of New Friends Co-operative Housing Society. The plot area taken for valuation is admeasuring 504 Sq. yds / 421.40 sq.mtr and Built up area is taken as 2732.97 sq.ft. / 253.90 sq.mtr as mentioned in the TIR dated 07/04/2021 and Old Valuation Report dated 20/03/2021 both provided to us by the bank.</p> <p>The subject property is in midst of well-developed residential area of Block B of New Friends Co-operative Housing Society also known as Friends Colony, New Delhi.</p> <p>All the civic amenities and recreational facilities are in the close proximity of the subject property. Such types of properties have a good demand and supply in the market.</p> <p>At the time of survey since no one was available to show the property therefore the detailed survey couldn't be carried out with no approximate measurements and internal photographs could be taken. Therefore the valuation report is based upon the measurements mentioned in the documents provided to us by the bank.</p> <p>This report only contains general assessment &amp; opinion on the Guideline Value and the indicative, estimated Market Value of the property found on as-is-where basis on site for which the Bank/ customer has shown &amp; asked us to conduct the Valuation for which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. It doesn't contain any due-diligence other than the valuation assessment of the property shown to us on site. Information/ data/ documents given to us by Bank/ client has been relied upon in good faith. This report doesn't contain</p>				

	any other recommendations of any sort.		
6.	Location of property		
a)	Plot No. / Survey No.	Plot no. B-507	
b)	Door No.	--	
c)	T. S. No. / Village	Tamur Nagar	
d)	Ward / Taluka	Jogabai Kilokari	
e)	Mandal / District	New Delhi	
f)	Date of issue and validity of layout of approved map / plan	Approved map not provided to us

13.	<b>Dimensions of the site</b>	<b>A</b>	<b>B</b>
		<b>As per the Deed</b>	<b>Actuals</b>
	North	Not mentioned in the documents	Site could not be surveyed from inside
	South	Not mentioned in the documents	Site could not be surveyed from inside
	East	Not mentioned in the documents	Site could not be surveyed from inside
	West	Not mentioned in the documents	Site could not be surveyed from inside
14.	Extent of the site		Plot area: 504 Sq. yds. / 421.405 sq. mtr. Built up area: 2732.97 sq.ft. / 253.90 sq.mtr.

14.1	Latitude, Longitude & Co-ordinates of Flat	28°34'11.8"N 77°16'14.9"E
15.	Extent of the site considered for valuation (least of 13 A & 13 B)	Plot area: 504 Sq. yds. / 421.405 sq. mtr. Built up area: 2732.97 sq.ft. / 253.90 sq.mtr.
16.	Whether occupied by the owner / tenant?	The property was locked from outside as confirmed during survey.
	If occupied by tenant, since how long?	NA
	Rent received per month.	NA

II. APARTMENT BUILDING		
1.	Nature of the Apartment	3 (Ground + First + Second Floor)
2.	Location	
3.	a) T. S. No.	--
	b) Block No.	Block B
	c) Ward No.	--
	d) Village/ Municipality / Corporation	New Delhi Municipal Corporation (NDMC)
	e) Door No., Street or Road (Pin Code)	Door no. B-507
4.	Description of the locality	Residential
5.	Year of Construction	No such information provided during the site survey
6.	Number of Floors	3 (Ground + First + Second Floor)
7.	Type of Structure	RCC framed pillar, beam, column structure on RCC slab
8.	Number of Dwelling units in the building	No such information provided during the site survey, since no one was available.
9.	Quality of Construction	No such information provided during the site survey, since internal survey could not be carried out.
10.	Appearance of the Building	Average
11.	Maintenance of the Building	No such information provided during the site survey, since internal survey could not be carried out.
12.	Facilities Available	
13.	a) Lift	No such information provided during the site survey, since internal survey could not be carried out.
	b) Protected Water Supply	Yes
	c) Underground Sewerage	Yes available within the area
	d) Car Parking - Open/ Covered	No such information provided during the site survey, since internal survey could not be carried out.
	e) Is Compound wall existing?	Yes
	f) Is pavement laid around the Building	Yes

III. BUILDER FLOOR		
1.	The floor on which the Unit is situated	Ground Floor
2.	Door No. of the Unit	---
3.	Specifications of the Unit	---
	a) Roof	RCC
	b) Flooring	No such information provided during the site survey, since internal survey could not be carried out.
	c) Doors	No such information provided during the site survey, since internal survey could not be carried out.
	a) Windows	Wooden frame with glass panel windows, as seen from external photographs
	b) Fittings	No such information provided during the site survey, since internal survey could not be carried out.
	c) Finishing	No such information provided during the site survey, since

			internal survey could not be carried out.
4.	a)	House Tax	No details provided to us
		Assessment No.	No details provided to us
	b)	Tax paid in the name of	No details provided to us
		Tax amount	No details provided to us
5.	a)	Electricity Service Connection no.	---
	b)	Meter Card is in the name of	---
6.		How is the maintenance of the Unit?	No such information provided during the site survey, since internal survey could not be carried out.
7.		Sale Deed executed in the name of	M/s A. B. Motions Pvt. Ltd.
8.		What is the undivided area of land as per Sale Deed?	NA
9.		What is the Built-up area of the Unit?	2732.97 sq.ft. / 253.90 sq.mtr. (As per the Old valuation report)
10.		What is the floor space index (app.)	--
11.		What is the Carpet Area of the Unit?	No details provided to us
12.		Is it Posh/ I class / Medium / Ordinary?	Within good urban developed area
13.		Is it being used for Residential or Commercial purpose?	The property was locked from outside.
14.		Is it Owner-occupied or let out?	In Possession of Owner
15.		If rented, what is the monthly rent?	NA

IV	MARKETABILITY		
1.	How is the marketability?	Property is located in established old renowned area	
2.	What are the factors favoring for an extra Potential Value?	Posh developed residential area	
3.	Any negative factors are observed which affect the market value in general?	No	---

V	RATE		
1.	After analyzing the comparable sale instances, what is the composite rate for a similar Unit with same specifications in the adjoining locality? - (Along with details /reference of at-least two latest deals/transactions with respect to adjacent properties in the areas)	As per the discussion with market participants of the subject locality we came to know that the prevailing market value of a residential builder floor property in subject locality is between Rs. 18,000/- per sq. ft to Rs.25,000/- per sq.ft. for 2700 sq. ft. built-up area. For the valuation purpose we have adopted Rs.23,000/- per sq.ft. which appears to be reasonable in our view	
2.	Assuming it is a new construction, what is the adopted basic composite rate of the Unit under valuation after comparing with the specifications and other factors with the Unit under comparison (give details).	Not applicable since the valuation is done by Comparable Market Rate Approach	
3.	Break - up for the rate		
	i. Building + Services	Cannot separate in these components since only composite rate available in the market	
	ii. Land + Others	NA	
4.	Guideline rate obtained from the Registrar's office (an evidence thereof to be enclosed)	Rs.1,93,47,180/- (Please refer to the sheet attached.)	

VI	COMPOSITE RATE ADOPTED AFTER DEPRECIATION	
a.	Depreciated building rate	
	Replacement cost of Unit with Services {V (3)i}	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Age of the building	No such information was acquired during the site survey as no one was available.
	Life of the building estimated	No such information was acquired during the site survey as no one was available.
	Depreciation percentage assuming the salvage value as 10%	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Depreciated Ratio of the building	Not applicable separately since the composite rates available in the market take care of this aspect inherently
b.	Total composite rate arrived for valuation	
	Depreciated building rate VI (a)	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Rate for Land & other V (3)ii	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Total Composite Rate	Rs.23,000/- per sq. ft. on Built-up Area.

VII	DETAILS OF VALUATION			
Sr. No.	Description	Qty.	Rate per unit Rs.	Estimated Value Rs.
1.	Present value of the Unit (incl. car parking, if provided)	01	<b>For Residential Builder Floor:</b> Rs. 18,000/- per sq. ft to Rs.25,000/- per sq.ft. built-up area	<b>Rs. 4,91,93,460/- to Rs. 6,83,24,250/-</b>
2.	Wardrobes	The composite rate for the property available in the market and according to which this property has been valued is inherently inclusive of all these components and these are not valued separately. The valuation is done on comparable market rate approach and hence these items cannot be valued separately to arrive at the market value of the property.		
3.	Showcases			
4.	Kitchen Arrangements			
5.	Superfine Finish			
6.	Interior Decorations			
7.	Electricity deposits/ electrical fittings, etc.,			
8.	Extra collapsible gates / grill works etc.,			
9.	Potential value, if any			
10.	Others			
11.	<b>Total</b>	01	<b>For residential builder floor =</b> Rs. 23,000/- per sq. ft. on built-up area.	<b>Rs.6,29,00,000/-</b>

VII.	VALUATION ASSESSMENT		
A.	ASSESSMENT FACTORS		
i.	Valuation Type	Built-up unit value (sold-purchased as a separate dwelling unit)	Residential Builder Floor Value
ii.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property identified to us by the owner or through his representative.	
iii.	Property Use factor	<b>Current Use</b>	<b>Highest &amp; Best Use</b>
		The property was locked from outside	Residential

iv.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us. However Legal aspects of the property are out-of-scope of the Valuation Services.			
		Verification of authenticity of documents from originals or cross checking from any Govt. deptt. Have to be taken care by Legal expert/ Advocate.			
v.	Land Physical factors	Shape	Size	Level	Frontage to depth ratio
		Rectangle	Medium	On Road Level	Normal frontage
vi.	Property location category factor	City Categorization	Locality Categorization	Property location classification	Floor Level
		Metro City	Good	Near to Market	First Floor
		Urban developed	Within Posh Residential locality	Good location within locality	
			On Highway		
		Property Facing	West Facing		
vii.	Any New Development in surrounding area	None			
viii.	Any specific advantage/ drawback in the property	None			
ix.	Property overall usability Factor	Good			
x.	Comment on Property Saleability Outlook	Easily sellable			
xi.	Comment on Demand & Supply in the Market	Good demand of such properties in the market.			
xii.	Any other aspect which has relevance on the value or marketability of the property	NA  Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.  This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.			
xiii.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.			

xiv.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
xv.	Methodology/ Basis of Valuation	<p><b>Govt. Guideline Value: Circle Rate of Delhi 2022</b></p> <p><b>Market Value: Market Comparable Sales approach</b></p> <p><i>Valuation of the asset is done as found on as-is-where basis.</i></p> <p><i>Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.</i></p> <p><i>For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.</i></p> <p><i>References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.</i></p> <p><i>Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.</i></p> <p><i>The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary &amp; tertiary market researches and does not split into formal &amp; informal payment components.</i></p> <p><i>Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.</i></p> <p><i>This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.</i></p> <p><i>The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity &amp; strength.</i></p> <p><i>Sale transaction method of the asset is assumed as free market transaction while assessing Indicative &amp; Estimated Fair Prospective Market Value of the asset.</i></p>

Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.

This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature.

**Fair Market Value<sup>#</sup>** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.

Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.

**Realizable Value<sup>^</sup>** is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.

**Forced/ Distress Sale Value<sup>\*</sup>** is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.

**Liquidation Value** is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.

**Difference between Cost, Price & Value:** Generally these words are used and understood synonymously. However in reality each of these has a completely different meaning, premise and also having different definitions in the professional & legal terms. Therefore to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

		<p>The <b>Cost</b> of an asset represents the actual amount spend in the construction/ actual creation of the asset.</p> <p>The <b>Price</b> is the amount paid for the procurement of the same asset.</p> <p>The <b>Value</b> is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation &amp; needs of the buyer &amp; seller, saleability outlook, usability factor, market perception &amp; reputation. Needs of the buyer &amp; seller, saleability outlook, usability factor, market perception &amp; reputation.</p> <p>Therefore in actual for the same asset/ property, cost, price &amp; value remain different since these terms have different usage &amp; meaning.</p>

xvii.	Adopted Rates Justification	<p>During our micro market survey and discussion with local property / people dealers we came to know following information:</p> <p>1. 1. The prevailing Residential Builder Floor rate in the subject locality depends on the size, shape, frontage and approach road width.</p>																																																															

		<p>2. The prevailing rate for Residential Builder Floor having area approx. 2700 sq. ft. Built up area located in nearby vicinity in the subject locality is between Rs.20,000/- to Rs.25,000/- per sq. ft.</p> <p>3. The subject locality is situated in a well-developed Residential Area of Friends Colony Area of New Delhi.</p> <p>4. Demand and supply for such a residential Builder floor property in the subject area is good.</p> <p>As per our discussion with local property dealers, we came to know that the prevailing market rate for Residential Builder floor unit in the subject locality is between Rs. 20,000/- to Rs.25,000/- per sq. ft. which depended on the size of the Shop, location, property age etc. Thus, keeping all the factors in mind, we have adopted the rate of Rs.23,000/- per sq.ft. which seems reasonable in our opinion</p>

xi.	VALUE FOR THE INSURANCE PURPOSE		NA	
xii.	Justification for more than 20% difference in Market & Circle Rate	Circle rates are determined by the District administration as per their own theoretical internal policy and Market rates are adopted based on current practical market dynamics which is explained clearly in Valuation Assessment Factors		
xiii.	Concluding comments & Disclosures if any	<div>1. At the time of survey since no one was available to show the property therefore the detailed survey couldn't be carried out with no approximate measurements and internal photographs could be taken. Therefore the valuation report is based upon the measurements mentioned in the documents provided to us by the bank.</div> <div>2. The Fair Market Value arrived at in this Report is the value under Free Market Conditions.</div> <div>3. However, presently the property market is not under a free market condition due to COVID Pandemic disruption. Currently, as per the micro &amp; macro market research, the demand for property is weak and the enquiries and the transactions are negligible. In these uncertain times, people are likely to be very cautious in their expenditures in general and are and will be averse to lock up their available liquidity in the acquisition of fixed assets like property. A potential buyer of property if any, may consider acquiring a property only if he gets a really good bargain, at a substantial discount to the rates prevailing before the</div>		

COVID Pandemic. Thus the Realizable Value in this Report has been adopted based on this consideration.

4. This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct.
5. Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals, etc. has to be taken care by legal experts/ Advocates.
6. This report only contains technical & market information which came to knowledge during course of the assignment. It doesn't contain any recommendations.
7. This report is prepared following our Standard Operating Procedures & Best Practices, Limitations, Conditions, Remarks, Important Notes, Valuation TOR.

## ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

### Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

### Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

### Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.

16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in “mandate snatching or offering” convenience valuations” in order to cater to a company or client’s needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

### **Confidentiality**

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

### **Information Management**

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

### **Gifts and hospitality.**

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.  
Explanation: For the purposes of this code the term ‘relative’ shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).
26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/

itself, or to obtain or retain an advantage in the conduct of profession for himself/itself.

### Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

### Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

### Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

Signature of the Valuer: \_\_\_\_\_

Address of the Valuer: D-39, Sector-2, Noida-201301

Date: 14/1/2022

Place: Noida

AS

**ENCLOSURE: VI – VALUER’S REMARKS**

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect..
12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and

	scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is <b>30 DAYS</b> . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at <b>valuers@rkassociates.org</b> in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
20.	Our Data retention policy is of <b>ONE YEAR</b> . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
