	iii. Is property tax been paid for this property	Not available. Please confirm from the owner.	
	iv. Property or Tax Id No.	Not provided	
o.	Whether entire piece of land on which the unit is set up / property is situated has been mortgaged or to be mortgaged	Already Mortgaged	
p.	Qualification in TIR/Mitigation suggested if any	Cannot comment since copy of TIR not provided to us	
q.	Any other aspect	<p>This is just a Valuation Report of the property identified to us by the owner/ owner representative based on the copy of the documents provided to us.</p> <p>Legal aspects or Title verification of the property are not done at our end.</p> <p>Verification of authenticity of documents from originals or cross checking from any Govt. deptt. is not carried out at our end and the copy of the documents provided to us by Bank/ customer has been relied upon in good faith..</p>	
	i. Since how long owners owing the Property	11 Years	
	ii. Year of Acquisition/ Purchase	2008	

iii. Property presently occupied/ possessed by	Legal Owner
iv. Title verification	To be done by an advocate
v. Details of leases if any	Lease Deed dated July 2008.

5.	ECONOMIC ASPECTS OF THE PROPERTY	
a.	Reasonable letting value/ Expected market monthly rental	NA
b.	Is property presently on rent	No
	i. Number of tenants	NA
	ii. Since how long lease is in place	NA
	iii. Status of tenancy right	NA
	iv. Amount of monthly rent received	NA
c.	Taxes and other outgoing	NA
d.	Property Insurance details	NA
e.	Monthly maintenance charges payable	NA
f.	Security charges, etc.	NA
g.	Any other aspect	NA

6.	SOCIO - CULTURAL ASPECTS OF THE PROPERTY	
a.	Descriptive account of the location of the property in terms of Social structure of the area in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/squatter settlements nearby, etc.	High Income Group
b.	Whether property belongs to social infrastructure like hospital, school, old age homes etc.	No

7.	FUNCTIONAL AND UTILITARIAN SERVICES, FACILITIES & AMENITIES		
a.	Description of the functionality & utility of the property in terms of :		
	i. Space allocation		Yes
	ii. Storage spaces		Yes
	iii. Utility of spaces provided within the building		Yes
	iv. Car parking facilities		Yes
	v. Balconies		Yes
b.	Any other aspect		
	i. Drainage arrangements		Yes
	ii. Water Treatment Plant		No
	iii. Power Supply arrangements	Permanent	Available as per sanctioned load
		Auxiliary	Yes, DG Set available
	iv. HVAC system		Yes
	v. Security provisions		Yes

	vi. Lift/ Elevators			Yes	
	vii. Compound wall/ Main Gate			Yes	
	viii. Whether gated society			No	
	ix. Internal development				
	Garden/ Park/ Land scraping	Water bodies	Internal roads	Pavements	Boundary Wall
	Yes	No	No	Yes	Yes

8.	INFRASTRUCTURE AVAILABILITY						
a.	Description of Aqua Infrastructure availability in terms of:						
	i. Water Supply	Yes					
	ii. Sewerage/ sanitation system	Underground					
	iii. Storm water drainage	Yes					
b.	Description of other Physical Infrastructure facilities in terms of:						
	i. Solid waste management	Yes, by the municipal corporation					
	ii. Electricity	Yes					
	iii. Road and Public Transport connectivity	Yes

c.	Proximity & availability of civic amenities & social infrastructure						
	School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
	500 mtrs	100 mtrs	100 mtr.	200 mtr.	17 Km	350 m	31 km
	Availability of recreation facilities (parks, open spaces etc.)			Yes ample recreational facilities are available in the vicinity.			

9.	MARKETABILITY ASPECTS OF THE PROPERTY:		
a.	Marketability of the property in terms of		
	i. Location attribute of the subject property	Good	
	ii. Scarcity	Similar kind of properties are not easily available in this area.	
	iii. Market condition related to demand and supply of the kind of the subject property in the area	Good demand for such properties in the market.	
	iv. Comparable Sale Prices in the locality	Please refer to Part C: Valuation Assessment of the Property.	
b.	Any other aspect which has relevance on the value or marketability of the property	Good developed residential area	
	i. Any New Development in surrounding area	No	NA
	ii. Any negativity/ defect/ disadvantages in the property/ location	No	NA

10.	ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY:
------------	--

a.	Type of construction & design	RCC load bearing structure on beam column and 9" brick walls	
b.	Method of construction	Regular masonry construction using standard quality material	
c.	Specifications		
	i. Class of construction	Super Class A construction (Excellent)	
	ii. Appearance/ Condition of structures	Internal - Excellent External -Very Good	
	iii. Roof	Floors/ Blocks	Type of Roof
		Basement + 3	RCC
	iv. Floor height	10 ft	
	v. Type of flooring	Italian marble, Granite	
	vi. Doors/ Windows	Wooden frame with glass panel windows	
	vii. Interior Finishing	Designer textured walls	
	viii. Exterior Finishing	Neatly plastered & putty coated walls	
	ix. Interior decoration/ Special architectural or decorative feature	Beautifully & aesthetically designed interiors	
	x. Class of electrical fittings	Internal : Very Good	
	xi. Class of sanitary & water supply fittings	Internal : Very Good	
d.	Maintenance issues	No maintenance issue, structure is maintained properly	
e.	Age of building/ Year of construction	7 years approx	Around 2012
f.	Total life of the structure/ Remaining life expected	Approx. 65-70	Approx. 60-65 years subject to proper and timely maintenance
g.	Extent of deterioration in the structure	No structural deterioration	
h.	Structural safety	Structure built on RCC technique so it can be assumed as structurally stable. However no structural stability certificate is available	
i.	Protection against natural disasters viz. earthquakes etc.	Should be able to withstand moderate intensity earthquakes	
j.	Visible damage in the building if any	No visible damages in the structure	
k.	System of air conditioning	Fully centrally AC	
l.	Provision of firefighting	Fire Extinguisher	
m.	Status of Building Plans/ Maps	Building Map/Plans not provided	
	i. Is Building as per approved Map	Building Plan/ Map not provided	
	ii. Details of alterations/ deviations/ illegal construction/ encroachment noticed in the structure from the original approved plan	<input type="checkbox"/> Permissible Alterations	NA
		<input type="checkbox"/> Not permitted alteration	NA
	iii. Is this being regularized	NA	

11.	ENVIRONMENTAL FACTORS:	
a.	Use of environment friendly building materials like fly ash brick, other Green building techniques if any	No
b.	Provision of rainwater harvesting	No

2.	BRIEF DESCRIPTION OF THE PROPERTY UNDER VALUATION
a.	 <p style="text-align: center;"><u>Snapshot of the Asset/ Property Under Valuation</u></p> <p>This valuation report is prepared for the residential house built on leasehold land situated at the aforesaid address. The subject property is situated on a total plot area of 450 sq.mtr. The subject property is a leasehold hold property of New Okhla Industrial Development Authority.</p>

The subject property is also comprises of building having Basement, Ground Plus Two floor RCC roofed structure. The subject building is a 7 Years old structure. During the time of our site visit inspection some of the rooms were locked by virtue of which the accurate physical measurement of the same was not feasible, moreover the copy of approved map was also not provided to us by the client. In such a scenario we have relied upon the built-up area of the subject property mentioned in the copy of Old valuation report by M/s Dhawan Associates i.e. 756.36 sq.mtr. or 8141.46 sq.ft. which was cross checked by sample measurements at the site, for the purpose of this valuation exercise.

As per the copy of Transfer Deed Of Lease Hold Rights the ownership of the property belongs to Mr. Chaman Singh s/o Mr. Singhraj Singh & Mrs. Varsha Choudhary w/o Mr. Chaman Singh.

The subject property is located in Sector 51, Noida Uttar Pradesh. All the basic & civic amenities are there within the locality of the subject property. Approach road to the subject property is the internal road of Block-D which further connects it to Vikash Marg. The nearest metro station from the subject property is Sector-51 Metro Station which is around 400 mtr. from this property.

3. VALUATION SUMMARY

h.	Annexure-VIII	Photographs – Pages.2
i.	Annexure-IX	Copy of Circle Rate – Pages.27
j.	Annexure-X	Survey Summary Sheet – Pages . 2
k.	Annexure-XI	Copy of relevant papers from the property documents referred in the Valuation – Pages 4

ASSUMPTIONS | REMARKS | LIMITING CONDITIONS – ANNEXURE IV

a.	Information of the average market rates is taken based on the verbal market survey in the subject area from the local people, property agents, recent deals, demand-supply, internet postings which has been relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.
b.	Forced, compulsion, constraint, obligatory sales transactions data doesn't forms part of the Fair Market Valuation exercise.
c.	Sale transaction method of the asset is assumed as free market transaction while assessing Prospective Fair Market Value of the asset.
d.	This Valuation report is prepared based on the facts of the property on the date of the survey. However in future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
e.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
f.	This report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end. If at any time in future it's found or came to our knowledge that misrepresentation of facts or incomplete or distorted information has been provided to us then this report will automatically become null & void.
g.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
h.	All area measurements are on approximate basis. Verification of the area measurement of the property is done only based on sample random checking and not based on full scale measurement. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents which has been relied upon.
i.	Legal aspects for eg. ownership rights, lien, charge, mortgage, etc. are not considered in this report. It is assumed and taken into account that the concerned Bank/ Financial Institution has first got the legal verification cleared by the competent Advocate before requesting for the Valuation report. In case Valuation is obtained before taking legal scrutiny or opinion then it is expected from the Bank to inform back the Valuer timely about such change of rights on the property as soon as it comes into the notice of the Bank/ Financier which may affect their charge on the mortgage asset so that accordingly Valuation modification can be done only for that portion for which the Bank has complete charge/ rights.
j.	Investigation of title of the property and its legal right is beyond the scope of this report. If this property is offered as collateral security, then concerned financial institution is requested to verify & satisfy themselves on the ownership & legality of the property shown in this valuation report with respect to the latest legal opinion.
k.	Valuation is done for the property identified to us by the owner/ owner representative. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. At our end we can just cross verify the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
l.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property

VALUATION REPORT

M/S DHARAM RAJ CONTRACTS INDIA (P) LTD.

	with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
m.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then it is assumed that the Banker or the concerned organization has satisfied themselves with the approval of the Group Housing Society/ particular floor & building before allotting the Valuation case to the Valuer company.
n.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
o.	In case of Valuation of Plant & Machinery or equipment, condition of machines is evaluated by visual observation only. No technical/ mechanical testing of any kind has been carried out at our end to ascertain the condition and efficiency of the machines. Valuation of Plant & Machinery is done on the basis of physical existence of the assets rather than their technical expediency.
p.	Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, etc. pertaining to the sale/ purchase of this property are not considered while assessing the Market Value.
q.	Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.
r.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
s.	At the outset, it is to be noted that Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formulae to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.

R.K ASSOCIATES IMPORTANT NOTES:

1. **DEFECT LIABILITY PERIOD** - In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers@rkassociates.org. We ensure 100% accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point of the report, please help us by bringing all such points into our notice in writing at valuers@rkassociates.org within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates won't be held responsible for any inaccuracy in any manner. Also if we will not hear back anything from you within 30 days, we will assume that report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.
2. **COPYRIGHT FORMAT** - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

IF REPORT IS USED FOR BANK/ FIs

NOTE: As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.

VALUER'S REMARKS – ANNEXURE V

1.	Fair Market Value [#] suggested by the competent Valuer is that prospective estimated amount of the subject asset/ property in his expert & prudent opinion without any prejudice after he has carefully & exhaustively evaluated all the facts & information related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.
2.	Realizable Value [^] is the minimum prospective value of the property which it may be able to realize at the time of actual property transaction factoring in potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction. Realizable value may be 10-20% less of the Fair Market Value depending on the various salability prospects of the subject property.
3.	Forced/ Distress Sale Value [*] is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, having unclear title or any such sort of condition or situation. In this type of sale minimum disposable value is assessed which varies from 20-35% less from the Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale negotiation power of the buyer is always more than the seller and eagerness of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value always fetches less value.
4.	Best rates are rationally adopted based on the facts of the case came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.
5.	Construction rates are adopted based on present replacement cost of construction and calculating applicable depreciation & deterioration factor as per its existing condition, specifications based on the visual observation of the structure. No structural, physical tests have been carried out in respect of it.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. However in future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	No employee or member of R.K Associates has any direct/ indirect interest in the property.
9.	Sale transaction method of the asset is assumed as free market transaction while assessing Fair Prospective Market Value of the asset.
10.	Area measurements considered in the Valuation Report pertaining to Land & Building is adopted from relevant approved documents or actual site measurement whichever is less. All area measurements are on approximate basis only.
11.	This report is having limited scope as per its fields to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested value should be considered only if transaction is happened as free market transaction.
12.	The condition assessment and the estimation of residual economic life of the structure is based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
13.	This report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the original has not been done at our end. If at any time in future it's found or came to our knowledge that misrepresentation of facts or incomplete or distorted information has been provided to us then this report will automatically become null & void.
14.	Investigation of title of the property and its legal right is beyond the scope of this report. If this property is offered as collateral security, then concerned financial institution is requested to verify & satisfy themselves on the ownership & legality of the property shown in this valuation report with respect to the latest legal opinion.

VALUATION REPORT

M/S DHARAM RAJ CONTRACTS INDIA (P) LTD.

15.	Value varies with the Purpose/ Date/ Condition of the market. This report should not to be referred if any of these points are different from the one mentioned aforesaid in the Report. The Value indicated in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
16.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
17.	This report is prepared on the RKA V-L3 (Medium) Valuation format as per the client requirement, charges paid and the time allotted. This report is having limited scope as per its fields to provide only the general estimated basic idea of the value of the property prevailing in the market based on the information provided by the client. The Valuation assessed in this Valuation Report should hold good only if transaction is happened as per free market transaction. No detailed analysis or verification of the information is carried upon pertaining to the value of the subject property. No claim for any extra information will be entertained whatsoever be the reason. For any extra work over and above the fields mentioned in the report will have an extra cost which has to be borne by the customer.
18.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors also before taking any business decision based on the content of this report.
19.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
20.	Defect Liability Period is 30 DAYS . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
21.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at valuers@rkassociates.org in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
22.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
23.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
24.	R.K Associates never releases any report doing alterations or modifications from pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
25.	If this report is prepared for the matter under litigation in any Indian court, no official or employee of R.K Associates will be under any obligation to give in person appearance in the court as a testimony. For any explanation or clarification, only written reply can be submitted on payment of charges by the plaintiff or respondent which will be 10% of the original fees charged where minimum charges will be Rs.2500/-.
