	Address & Phone Number of the Owner	Khata No. 48, 57, 58 & 66, Khasra No. 160, 161, 169, 164 & 163, Village Hardevpur Sehdevpur Alias Rani Majra Ahatmal, Pargana Jawalapur, District & Tehsil Haridwar, Uttarakhand
b.	Purpose of the Valuation	For Distress Sale of mortgaged assets under NPA a/c
c.	Date of Inspection of the Property	8 June 2021
d.	Date of Valuation Report	9 June 2021
e.	Name of the Developer of the Property	Owners themselves.
	Type of Developer	Property built by owner's themselves

2.	<b>PHYSICAL CHARACTERISTICS OF THE PROPERTY</b>
	<p><b>BRIEF DESCRIPTION OF THE PROPERTY UNDER VALUATION</b></p>  <p><b><u>Snapshot of the Asset/ Property Under Valuation</u></b></p> <p>The subject property is situated over an agricultural land situated at aforesaid address having total land measuring 27,950 sq.mtr as per the Sale Deeds provided to us by the bank.</p> <p>The valuation is done for the property shown to us through the owner's representative Mr. Rajkumar</p>

(☎: +91-992027251).

This is a free hold land purchased by the virtue of 4 sale deeds out of which 3 had been dated 11/04/2015 & fourth is dated 24/07/2015.

The owner has constructed multiple structures including Office Area, Labor room, Staff Room, Electrical Room, out of these structures present only office area and electrical room have ground & first floor rest have only ground floors. The first floor of office building was not fully constructed at the time of site survey and no construction work was not going on. All the structures excluding labor room are RCC framed pillar and beam structures while labor room have a roof of tin shed over 9" brick wall.

During the site survey our surveyor observed that an industry for crushing stones had been set up while as per the documents provided to us this is an agricultural property and no Change of Land use certificate had been provided to us i.e. in the documents provided to us the land is still agricultural in nature.

The subject property is located in the Village Hardevpur Sehdevpur Alias Rani Majra Ahatmal, Pargana Jawalapur, District and Tehsil Haridwar, Uttarakhand.

We have done the valuation of property identified to our surveyor by owner's representative as is where is basis.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property found on as-is-where basis on site for which the Bank/ customer has shown & asked us to conduct the Valuation for which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. It doesn't contain any due-diligence other than the valuation assessment of the property shown to us on site. Information/ data/ documents given to us by Bank/ client has been relied upon in good faith. This report doesn't contain any other recommendations of any sort.

	iii. Utility of spaces provided within thebuilding		Yes		
	iv. Car parking facilities		Yes		
	v. Balconies		No		
b.	Any other aspect				
	i. Drainage arrangements		No		
	ii. Water Treatment Plant		No		
	iii. Power Supply arrangements	Permanent	Yes		
		Auxiliary	Yes, D.G sets		
	iv. HVAC system		No		
	v. Security provisions		No		
	vi. Lift/ Elevators		No		
	vii. Compound wall/ Main Gate		Yes.		
	viii. Whether gated society		No		
	Internal development				
Garden/ Park/ Land scraping		Water bodies	Internal roads	Pavements	Boundary Wall
No		No	No	No	Yes

8.	INFRASTRUCTURE AVAILABILITY						
a.	Description of Aqua Infrastructure availability in terms of:						
	i.	Water Supply	Yes from municipal connection				
	ii.	Sewerage/ sanitation system	Underground				
	iii.	Storm water drainage	No				
b.	Description of other Physical Infrastructure facilities in terms of:						
	i.	Solid waste management	Yes				
	ii.	Electricity	Yes				
	iii.	Road and Public Transportconnectivity	No proper road & public transport connectivity available				
	iv.	Availability of other public utilities nearby	Not available in vicinity.				
c.	Proximity & availability of civic amenities & social infrastructure						
	School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
	02 Km	07 Km	01 Km	19 Km	19 Km	---	66 Km
	Availability of recreation facilities (parks, open spaces etc.)			This is a rural remote area. No recreational facility is available nearby.			

9. MARKETABILITY ASPECTS OF THE PROPERTY:				
---	--	--	--	--

a.	Marketability of the property in terms of		
	i. Location attribute of the subject property	Below Average	
	ii. Scarcity	Ample vacant land available nearby. There is no issue of land availability in this area.	
	iii. Market condition related to demand and supply of the kind of the subject property in the area	Demand is related to the current use of the property only and only limited to the selected type of buyers	
	iv. Comparable Sale Prices in the locality	Please refer to Part C: Valuation Assessment of the Property.	
b.	Any other aspect which has relevance on the value or marketability of the property	No	
	a. Any New Development in surrounding area	No	NA
	b. Any negativity/ defect/ disadvantages in the property/ location	No	NA

10.	<b>ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY:</b>		
a.	Type of construction & design	RCC framed pillar, beam, column structure on RCC slab & Tin Shed over 9" brick wall.	
b.	Method of construction	Construction done based on daily hire mason & labourers using average quality material	
c.	Specifications		
	a. Class of construction	Class C construction (Simple/ Average)	
	b. Appearance/ Condition of structures	Internal -Average External -Average	
	c. Roof	<b>Floors/ Blocks</b>	<b>Type of Roof</b>
		Ground & First Floors	RCC & Tin Shed
	d. Floor height	10-12 ft.	
	e. Type of flooring	Ceramic Tiles Cemented Floor & Simple Tiles	
	f. Doors/ Windows	Wooden frame & panel doors	
	g. Interior Finishing	Simple Plastered Walls	
	h. Exterior Finishing	Simple plastered walls	
	i. Interior decoration/ Special architectural or decorative feature	Simple plain looking structure.	
	j. Class of electrical fittings	Internal/ Normal quality fittings used	
	k. Class of sanitary & water supply fittings	Internal/ Normal quality fittings used

- Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

**PART C**

**VALUATION ASSESSMENT OF THE PROPERTY- ANNEXURE-II**

1.	ASSESSMENT FACTORS				
a.	Valuation Type	Land & Building Value		Immovable Property Value	
b.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property is done for the property found as per the information given in the documents and/ or confirmed by the owner/ owner representative.			
c.	Property Use factor	Current Use		Highest &Best Use	
		Non Agriculture		Agricultural	
d.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produced to us.However Legal aspects of the property have to be taken care by Bank empanelled competent Legal expert/ Advocate.  Verification of authenticity of documents from originals or cross checking from any Govt. deptt. has to be taken care by Bank empanelled Legal expert/ Advocate.			
e.	Land Physical factors	Shape	Size	Level	Frontage to depth ratio
		Irregular	Very Large	On Road Level	Normal frontage
f.	Property location category factor	City Categorization	Locality Categorization	Property location classification	Floor Level
		Village	Average	None	G+1 floors
		Rural	Within backward village area	Ordinary location within the locality	
				None	
		Property Facing	North Facing		
g.	Any New Development in surrounding area	None		---	
h.	Any specific advantage/ drawback in the property	NA			
i.	Overall property usability Factor	Normal			
j.	Comment on Property Salability Outlook	Sellability of this property is related to its current use only and therefore only limited to the selected type of buyers involved in such kind of activities			
k.	Comment on Demand & Supply in the Market	Since this property is mortgaged under NPA account therefore it will have less demand in the market and will have limited target buyers who deals in such kind of stressed properties. .			
l.	Any other aspect which has relevance on the value or marketability of the property	NA  Valuation of the same asset/ property can fetch different values under different circumstances &situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before			

		<p>financing, Lender/ FI should take into consideration all such future risks while financing.</p> <p>This Valuation report is prepared based on the facts of the property &amp; market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time &amp; socio-economic conditions prevailing in the country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of World economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.</p>
m.	Sale transaction method assumed	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
n.	Best Sale procedure to realize maximum Value	Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.
o.	Methodology/ Basis of Valuation	<p><b>Govt. Guideline Value:</b> Collector rate of Haridwar, Uttarakhand.</p> <p><b>Market Value:</b> Land Value is calculated on the basis of 'Market Comparable Sales approach' and Building construction value is calculated on the basis of 'Depreciated Replacement Cost approach'</p> <p><i>Valuation of the asset is done as found on as-is-where basis.</i></p> <p><i>Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.</i></p> <p><i>For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.</i></p> <p><i>References regarding the prevailing market rates are based on the verbal/ informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.</i></p> <p><i>Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.</i></p> <p><i>The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary &amp; tertiary market researches and does not split into formal &amp; informal payment components.</i></p> <p><i>Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.</i></p> <p><i>This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction</i></p>

amount and rest of the payment is normally done informally.

Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its existing condition & specifications based on only visual observation of the structure. No structural, physical tests have been carried out in respect of it.

Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method.

The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.

Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset.

Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.

This Valuation is conducted based on the macro analysis of the asset/ property and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature.

**Fair Market Value<sup>#</sup>** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.

Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.

**Realizable Value<sup>^</sup>** is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.

**Forced/ Distress Sale Value<sup>\*</sup>** is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.

**Liquidation Value** is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be

		<p>either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.</p> <p><b>Difference between Cost, Price &amp; Value:</b> Generally these words are used and understood synonymously. However in reality each of these has a completely different meaning, premise and also having different definitions in the professional &amp; legal terms. Therefore to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity &amp; confusion in the minds of the user of this report.</p> <p>The <b>Cost</b> of an asset represents the actual amount spend in the construction/ actual creation of the asset.</p> <p>The <b>Price</b> is the amount paid for the procurement of the same asset.</p> <p>The <b>Value</b> is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation &amp; needs of the buyer &amp; seller, saleability outlook, usability factor, market perception &amp; reputation. needs of the buyer &amp; seller, saleability outlook, usability factor, market perception &amp; reputation.</p> <p>Therefore in actual for the same asset/ property, cost, price &amp; value remain different since these terms have different usage &amp; meaning.</p>
p.	References on prevailing market Rate/Price trend of the property and Details of the sources from where the information is gathered (from property search sites & local information):	
iv.	Name:	Local villagers
	Contact No.:	---
	Nature of reference:	Habitant of subject location
	Size of the Property:	General Agricultural Land
	Location:	Village Hardevpur Sahdevpur
	Rates/ Price informed:	Around Rs. 8 Lakhs per Bigha (Pre-lockdown rates) The rates quoted are in Kuchha Bigha which is 1008 sq. yd. Thus, the rate comes to around Rs. 800 per sq. yd.
	Any other details/ Discussion held:	A lot of Agricultural land is available nearby the demand of land is not very much in this area as it is a rural area and main profession in agriculture here.

<i>NOTE: The given information above can be independently verified to know its authenticity.</i>		
q.	Adopted Rates Justification	<p><b>Observations:-</b></p> <ol style="list-style-type: none"> <li>The market rates for land will depend upon the size, location &amp; shape.</li> <li>The asking price for the agricultural land in this locality is varying in between Rs. 6,00,000/- to 8,00,000/-per bigha according to local people.</li> <li>Circle Rate for agricultural land in nearby vicinity is Rs.17,00,000/- per hectare</li> <li>The subject property is located in the backward rural area.</li> <li>The subject land is very large and irregular in Shape.</li> <li>The rates quoted by the local people are in the range of Rs. 600/- to Rs. 800/- per sq. yd. considering nature, size, usability, demand, availability and all other aspects we have consider Rs. 650/- per sq. yd. or Rs. 6.55 lakhs per bigha which seems reasonable in our view.</li> </ol> <p>As per our discussion with local people, we came to know that during this continuing Corona Lockdown period there is no enquiry either for sale or for purchase of any property and no sale/ purchase is taking place since the corona lockdown has started. The real estate market is facing a very critical and uncertain phase. But according to these people the rates quoted by them above are for the Pre-Lockdown phase. According to them, because of the economic slowdown, losses suffered by businessmen, the loss of jobs or cuts in salaries of the salaried class and also the natural tendency of the people to conserve cash instead of investing in property or other fixed assets during such economic prolonged, uncertain and distressful times, the demand for properties is expected to fall very significantly once the Corona Lockdown is lifted. The same is the opinion of a number of reputed real estate consultants who have released their reports on the likely impact on the Real Estate scenario because of disruption caused by the Covid-19 to the economy. In the opinion of all these the rates of Real Estate are expected to fall at least 10%-15% or even 20% after lockdown is over. But the actual position would be known only once the equilibrium sets in in the real estate market after the lockdown is over. Due to this we have taken an additional discounting factor of around 12%-15% on prevailing Pre-Lockdown market rate for arriving at fair market value of the subject property.</p>

2.	<b>VALUATION OF LAND</b> <i>Applicable</i>		
	<b>Particulars</b>	<b>Govt. Circle/ Guideline Value</b>	<b>Indicative &amp; Estimated Prospective Fair Market Value</b>
a.	Prevailing Rate range	Rs.17,00,000/-per hectares	Rs.6,00,000/- to Rs.8,00,000/- per bigha
b.	Rate adopted considering all characteristics of the property	Rs.17,00,000/-per hectares	Rs.6,55,000/- per bigha
c.	Total Land Area considered (documents vs site survey whichever is less)	27,950 sq.mtr (2.795 hectares)	33.162 bigha (2.795 hectares)

d.	<b>Total Value of land (A)</b>	2.795 hectares x Rs.17,00,000/- per bigha	33.162 bigha x Rs.6,55,000/- per bigha

12.	<b>Concluding Comments &amp; Disclosures if any</b>	<p>a. The Fair Market Value arrived at in this Report is the value under Free Market Conditions.</p> <p>b. However, presently the property market is not under a free market condition due to Covid Pandemic disruption. Currently, as per the micro &amp; macro market research, the demand for property is weak and the enquiries and the transactions are negligible. In these uncertain times, people are likely to be very cautious in their expenditures in general and are and will be averse to lock up their available liquidity in the acquisition of fixed assets like property. A potential buyer of property if any, may consider acquiring a property only if he gets a really good bargain, at a substantial discount to the rates prevailing before the Covid Pandemic. Thus the Realizable Value in this Report has been adopted based on this consideration.</p> <p>c. This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct.</p> <p>d. ## **ANNEXURE: IX- MODEL CODE OF CONDUCT FOR VALUERS**

### **Integrity and Fairness**

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

### **Professional Competence and Due Care**

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

### **Independence and Disclosure of Interest**

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in "mandate snatching or offering" convenience valuations" in order to cater to a company or client's needs.

18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

#### Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

#### Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

#### Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.  
Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).
26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

#### Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

#### Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

Address of the Valuer: D-39, Sector-2, Noida-201301

Date: 9/6/2021

Place: Noida

**VALUER'S REMARKS - ANNEXURE X**

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/

	Integrated Township must be approved in all respect..
12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L3 (Medium) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is <b>30 DAYS</b> . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at <b>valuers@rkassociates.org</b> in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
20.	Our Data retention policy is of <b>ONE YEAR</b> . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
