This project Tie-up report is prepared for the Group Housing Project 'Krisumi Waterfall Residency' being developed on total land area of 26.3659 Acre (106698.05 sq.mtr.) out of which proposed Towers named A, B & C are a part of phase-1 of this project. As per the copy of RERA Certificate total registered land area for Phase-I is 5.4375 Acres (22005 sq.mtr.)

We have only provided with old valuation report & approved map by the bank. So all the details like FAR area, Non-FAR area, land area, NOCs & approvals data is taken from old valuation report & approved map only. However the latest construction stage & flat rates are assessed as per the market research & site survey done by our engineer.

As per the old valuation report this project is being promoted & developed by a Joint venture of M/s. Krishna Group & M/s. Sumitomo Corporation, Japan, named as '**Krisumi Corporation**'. The major consultant of this project is a famous Architect consultant of Japan 'NIKKEN SEKKEI LTD'.

As per the old valuation report and documents provided to us by the client the ownership of the land & all the NOC's are in the name of M/s Bluejays Realtech Pvt. Ltd.

As per the verbal information provided to us by the client the project is proposed to be developed in four phases. At present developer has launched phase-I of the projects having land area 5.4375 Acres comprising of three towers i.e. tower- A, B & C. However, in our valuation exercise in this report, we have considered the whole project land area and proposed covered area for the whole project, since no separate layout plan has been given to us for this phase-I.

We have taken the inventory list as per the old valuation report, Towers A, B & C are proposed to comprise of the following dwelling units: -

S. No.	Tower	Typr Unit	Category	No. of Units	Carpet Area of Individual Unit	Salable Area
		2 LDK	Flat	20	720.76	1478.53
		2 LDK + S	Flat	2	1007.3	1955.66
		3 LDK	Flat	20	1009.23	1955.66
		3 LDK	Fiat	21	1033.88	1975.97
1	A	3 LDK + S	Flat	22	1322.36	2503.39
1 -		3 LDK + 3	Fiat	22	1325.69	2528.54
				1	1852.27	3673.18
		4 LDK + S	Penthouse	1	2247.95	4429.5

		Total		433		

FILE NO.: VIS(2021-22)-PL375-335-423 Page 4 of 36

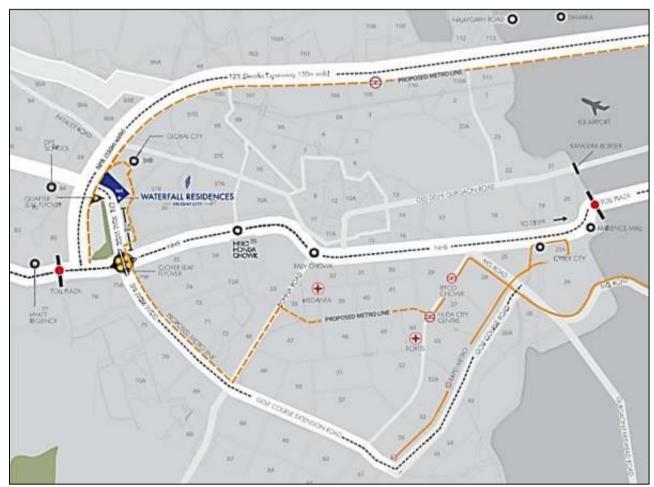

The developer of the project has obtained most of the preliminary necessary statutory approvals from different government agencies to develop a modern group housing society comprising of all the basic & urban facilities & amenities as per old valuation report.

The project is in under construction stage and as per the inspection during our site survey, we see that the project for different tower is as follows:-

- 1. Tower A construction of 12th floor is in progress.
- 2. Tower B Construction of 13th floor is in progress.
- 3. Tower C Construction of 16th floor is in progress.

The project is proposed to be completed by the year December 2023.

This project is very well located in fast developing sector-36 A of Gurugram, Haryana. There are few other group housing societies & residential colony located nearby. The subject project can be clearly approached from 90 mtr. wide road.

		Size of the Property:			
		Location:			
		Rates/ Price informed:			
		Any other details/ Discussion held:			
p.	Adopt	ed Rates Justification	This land is used for the specific purpose to develop group housing society. As per the present market survey & verbal communication with local dealer we got the mixed information for the group housing land in this developing sector and no other sale/ purchase has taken place in current market due to the low demand ¤t economical & real estate market condition for similar kind of property. As per information available in public domain the FSI rate is prevailing in this sector is between Rs.1,800/- to 2,200/- per sq.ft. And taking into consideration all the factors like size of the land and demand of flat in this sector we have taken Rs.1,900/- per sq.ft., which is reasonable in our view.		

1.		VALUATION OF LAND	
	Particulars	Govt. Circle/ Guideline Value	Prospective Fair Market Value
a.	Prevailing Market Rate range	4 x Rs.2,00,00,000/- per acre. (As per government norm- for the Residence Group Housing, the land is four times of the Agricultural land)	Rs.1,800- to Rs.2,200/- per sq.ft.
b.	Rate adopted considering all characteristics of the property	Rs.8,00,00,000/- per Acres	Rs.1,900/- per sq.ft.
C.	Total Development Land	26.3659 Acre	26.3659 Acre
	Area considered (documents vs site survey whichever is less)	(106698.05 sq.mtr.)	(106698.05 sq.mtr.)
d.	Total parmissible EAD	186722.974 sq.mtr.	186722.974 sq.mtr.
	Total permissible FAR	(2009869.36 sq.ft.)	(2009869.36 sq.ft.)
e.	Total Value of land (A)	Rs.8,00,00,000/- per Acres x 26.3659	2009869.36 sq.ft. x Rs.1,900/- per
		Acre	sq.ft.
		Rs.210,92,72,000/-	Rs.381,87,51,784/-

FILE NO.: VIS(2021-22)-PL375-335-423 Page 22 of 36

2.		VALUATION OF BUILDING CONSTRUCTION					
	Particulars		Expected Building Construction Value				
			FAR	NON FAR			
		Rate range	Rs.1,200/- to 1,600/- per sq.ft.	Rs.1,000/- 1,500 per sq.ft			
	Structuro	Rate adopted	Rs.1,550/- per sq.ft.	Rs.1,250/- per sq.ft.			
	Structure Construction Value	Covered Area	64718.99 sq.mtr. (696635 ft. ²)	21496 sq.mtr. (231383 sq.ft.)			
		Valuation	696635 sq.ft. x Rs.1,550/- per	231383 sq.ft. x Rs.1,250/- per			
		Calculation	sq.ft.	sq.ft.			
		Total Value	Rs.107,97,84,250/-	Rs.28,92,28,750/-			
a.	Depreciation perc	entage	NA				
	(assuming salvage value	e % per year)	(Above replacement rate is calculated after deducting the prescribed depreciation)				
b.	Age Factor		Under construction				
C.	Structure Type/ Condition		Proposed RCC framed structure				
d.	Construction Depreciated Replacement Value (B)		Rs.136,90,13,000/-				

2.	VALUATION OF A	IDDITIONAL BUILDING & SITE	AESTHETIC WORKS
	Particulars	Specifications	Depreciated Replacement Value
a.	Add extra for Architectural aesthetic developments, improvements (add lump sum cost)		
b.	Add extra for fittings & fixtures (doors, windows, wood work, cupboards, modular kitchen, electrical/ sanitary fittings)		Rs.10,00,00,000/
C.	Add extra for services (Water, Electricity, Sewerage, Main gate, Boundary, Lift, Auxiliary power, AC, HVAC, Firefighting etc.)		Rs. 5,00,00,000/-
d.	Add extra for internal &external development (Internal roads, Landscaping, Pavements, Street lights, Green area development, External area landscaping, Land development, Approach road, etc.)		Rs.10,00,00,000/-
e.	Depreciated Replacement Value (C)	NA	Rs.25,00,00,000/-

Note:- The valuation assessment is being done for the whole project land & the specific FAR & Non FAR area allotted to the phase-I of the project as per RERA certificate.

Parking area has been calculated as per the bye laws applicable for the Group Housing Society.

FILE NO.: VIS(2021-22)-PL375-335-423 Page 23 of 36

3.	MARKET/ SA	MARKET/ SALABLE VALUE OF THE FLATS					
a.	Total No. of DU	433 DU					
b.	Total Proposed Salable Area for flats	921536 sq.ft.					
	Government Circle Rate	Rs.5,000/- per sq.ft.					
C.	Launch Price = (approx.) Excluding (PLC + Car Parking + EDC + IDC + Club & other charges + GST)	Rs.8,500/- per sq.ft. on super area					
	Current Market Rate	Rs.9,000/- to Rs.9,500/- per sq.ft. (on Super Area)					
	Including (PLC + Car Parking + EDC + IDC + Club & other charges)	Rs.17,000/- to Rs.19,000/- per sq. ft. (On carpet Area)					
d.	Remark	The booking value of the Flats varies from floor to floor, size of the flat and Vastu Compliance status and will depend upon the direction of the flat and also on which floor flat is situated. It also greatly depends upon the quality of construction, amenities and internal finishing and furnishing done by the builder. This is proposed to be a modern society and the builder proposes to construct modern flats. As per information gathered from the public domain & dealers of that area flats in other societies in the vicinity of this project vary within the range of Rs.9,000 – Rs.9,500/- per sq.ft. on super area. The Carpet area rate is approx. Rs.17,000/- to rs.19,000/- per sq. ft. Note:- For accessing the carpet area rate we have taken the loading of 95% as provided in the inventory list by the builder.

FILE NO.: VIS(2021-22)-PL375-335-423 Page 26 of 36

5.	ASSUMPTIONS REMARKS LIMITING CONDITIONS
a.	Information of the average market rates is taken based on the verbal market survey in the subject area from the local people, property agents, recent deals, demand-supply, internet postings which has been relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.
b.	Forced, compulsion, constraint, obligatory sales transactions data doesn't forms part of the Fair Market Valuation exercise.
C.	Sale transaction method of the asset is assumed as free market transaction while assessing Prospective Fair Market Value of the asset.
d.	This Valuation report is prepared based on the facts of the property on the date of the survey. However in future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
e.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
f.	This report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end. If at any time in future it's found or came to our knowledge that misrepresentation of facts or incomplete or distorted information has been provided to us then this report will automatically become null & void.
g.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
h.	All area measurements are on approximate basis. Verification of the area measurement of the property is done only based on sample random checking and not based on full scale measurement. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents which has been relied upon.
i.	Legal aspects for eg. ownership rights, lien, charge, mortgage, etc. are not considered in this report. It is assumed and taken into account that the concerned Bank/ Financial Institution has first got the legal verification cleared by the competent Advocate before requesting for the Valuation report. In case Valuation is obtained before taking legal scrutiny or opinion then it is expected from the Bank to inform back the Valuer timely about such change of rights on the property as soon as it comes into the notice of the Bank/ Financer which may affect their charge on the mortgage asset so that accordingly Valuation modification can be done only for that portion for which the Bank has complete charge/ rights.
j.	Investigation of title of the property and its legal right is beyond the scope of this report. If this property is offered as collateral security, then concerned financial institution is requested to verify & satisfy themselves on the ownership & legality of the property shown in this valuation report with respect to the latest legal opinion.
k.	Valuation is done for the property identified to us by the owner/ owner representative. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. At our end we can just cross verify the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
I.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned ornot displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India anddue to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which

FILE NO.: VIS(2021-22)-PL375-335-423 Page 27 of 36

WATERFALL RESIDENCES, SECTOR 36, GURUGRAM

	documents are provided.
m.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then it is assumed that the Banker or the concerned organization has satisfied themselves with the approval of the Group Housing Society/ particular floor & building before allotting the Valuation case to the Valuer company.
n.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
0.	In case of Valuation of Plant & Machinery or equipment, condition of machines is evaluated by visual observation only. No technical/ mechanical testing of any kind has been carried out at our end to ascertain the condition and efficiency of the machines. Valuation of Plant & Machinery is done on the basis of physical existence of the assets rather than their technical expediency.
p.	Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, etc. pertaining to the sale/ purchase of this property are not considered while assessing the Market Value.
q.	Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.
r.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
S.	At the outset, it is to be noted that Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formulae to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.

R.K ASSOCIATES IMPORTANT NOTES:

- 1. <u>DEFECT LIABILITY PERIOD</u> In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers@rkassociates.org. We ensure 100% accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point of the report, please help us by bringing all such points into our notice in writing at <u>valuers@rkassociates.org</u>within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates won't be held responsible for any inaccuracy in any manner. Also if we will not hear back anything from you within 30 days, we will assume that report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.
- 2. <u>COPYRIGHT FORMAT</u> This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

IF REPORT IS USED FOR BANK/ FIS

NOTE: As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / Fls shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.

ENCLOSURE: 1- VALUER'S REMARKS

	,
1.	Fair Market Value#suggested by the competent Valueris that prospective estimated amount of the subject asset/property in his expert & prudent opinionwithout any prejudiceafter he has carefully & exhaustively evaluated all the facts & information related the subject asset at which the subject asset/property should be exchanged between a willing buyer and willing seller at an arm's length transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.
2.	Realizable Value^ is the minimum prospective value of the property which it may be able to realize at the time of actual property transaction factoring in potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction. Realizable value may be 10-20% less of the Fair Market Value depending on the various salability prospects of the subject property.
3.	Forced/ Distress Sale Value* is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, having unclear title or any such sort of condition or situation. In this type of sale minimum disposable value is assessed which varies from 20-35% less from the Fair Market Value based on the nature, size &salability prospects of the property. In this type of sale negotiation power of the buyer is always more than the seller and eagerness of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value always fetches less value.
4.	Best rates are rationally adopted based on the facts of the case came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.
5.	Construction rates are adopted based on present replacement cost of construction and calculating applicable depreciation & deterioration factor as per its existing condition, specifications based on the visual observation of the structure. No structural, physical tests have been carried out in respect of it.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. However in future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	No employee or member of R.K Associates has any direct/ indirect interest in the property.
9.	Sale transaction method of the asset is assumed as free market transaction while assessing Fair Prospective Market Value of the asset.
10.	Area measurements considered in the Valuation Report pertaining to Land & Building is adopted from relevant approved documents or actual site measurement whichever is less. All area measurements are on approximate basis only.
11.	This report is having limited scope as per its fields to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested value should be considered only if transaction is happened as free market transaction.
12.	The condition assessment and the estimation of residual economic life of the structure is based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
13.	This report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originalshas not been done at our end. If at any time in future it's found or came to our knowledge that misrepresentation of facts or incomplete or distorted information has been provided to us then this report will automatically become null & void.
14.	Investigation of title of the property and its legal right is beyond the scope of this report. If this property is offered as collateral security, then concerned financial institution is requested to verify & satisfy themselves on the ownership & legality of the property shown in this valuation report with respect to the latest legal opinion.
15.	Value varies with the Purpose/ Date/ Condition of the market. This report should not to be referred if any of these

FILE NO.: VIS(2021-22)-PL375-335-423 Page 29 of 36

	points are different from the one mentioned aforesaid in the Report. The Value indicated in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
16.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
17.	This report is prepared on the RKA V-L6 (Medium) Valuation format as per the client requirement, charges paid and the time allotted. This report is having limited scope as per its fields to provide only the general estimated basic idea of the value of the property prevailing in the market based on the information provided by the client. The Valuation assessed in this Valuation Report should hold good only if transaction is happened as per free market transaction. No detailed analysis or verification of the information is carried upon pertaining to the value of the subject property. No claim for any extra information will be entertained whatsoever be the reason. For any extra work over and above the fields mentioned in the report will have an extra cost which has to be borne by the customer.
18.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors also before taking any business decision based on the content of this report.
19.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
20.	Defect Liability Period is <u>30 DAYS</u> . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
21.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at valuers@rkassociates.org in writing within 30 days of report delivery. After this period no concern/complaint/proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
22.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
23.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
24.	R.K Associates never releases any report doing alterations or modifications from pen. In case any information/figure of this report is found altered with pen then this report will automatically become null & void.
25.	If this report is prepared for the matter under litigation in any Indian court, no official or employee of R.K Associates will be under any obligation to give in person appearance in the court as a testimony. For any explanation or clarification, only written reply can be submitted on payment of charges by the plaintiff or respondent which will be 10% of the original fees charged where minimum charges will be Rs.2500/
