|----|-----------------------------------|--|
| 5. | Brief description of the property | <p>This Valuation report is prepared for the industrial property (Sugar Mill) situated at the aforesaid address belonging to M/s. Bajaj Hindusthan Sugar Limited located at Khap Bankat, Chapra Dabauli, Bakuntapur and Sirsia Villages in District Deoria of Uttar Pradesh.</p> <p><b>About the Project</b></p> <p>BHSL has set up a Sugar plant with the capacity of 6000 TCD. As per information/ data provided to us by the client, the company has adopted modern technology for electricity generation.</p> <p>As per the scope of work, this Valuation report is prepared for the project Land &amp; Building located the aforesaid address based on the copies of the documents and the information provided by the client which has been relied upon in good faith.</p> <p><b>Land Requirement</b></p> <p>For the purpose of setting up a Sugar Plant, BHSL has procured total 26.68 Hectare/ 65.93 Acres of land. As per the information provided by the company official, the company has acquired total land area from local villagers by virtue of multiple sale deeds. Due to the voluminous nature of the title deeds, the company does not provided land title deeds expect land area statement for the subject project land. A copy of same of same is annexed with the Valuation report.</p> <p>As per the information provided by the company official, the subject project was established in 1903 and by the British Govt. Land rule / 143 conversion was not applicable at that time and the industry was in operation since long time and all the initial approval are in place for running Sugar Mill at the subject location and also as per the information provide by the company official the subject land is stand declared under Non-agricultural itself. However, no documentary evidence has been given in this regard. Bank is advised to legally check the status. Therefore for the Valuation assessment we have taken total land area as-is-where-is basis. A copy of same is annexed with the Valuation report.</p> <p style="text-align: right;"><b>Table-01</b></p> |
|----|-----------------------------------|--|

| II. | CHARACTERISTICS OF THE SITE   |  |
|-----|---|--|
| 1.  | Classification of locality  | Rural Area   |
| 2.  | Development of surrounding areas  | Majorly all nearby lands are used for agricultural purpose   |
| 3.  | Possibility of frequent flooding / submerging                                   | No   |
| 4.  | Feasibility to the Civic amenities like school, hospital, bus stop, market etc. | Transport, Market, Hospital etc. available at some distance from the vicinity  |
| 5.  | Number of Floors  | Please Refer to sheet attached below.  |
| 6.  | Type of Structure   | Please Refer to sheet attached below.  |
| 7.  | Type of use to which it can be put  | Industrial purpose, the same purpose for which it is being used currently at the site  |
| 8.  | Any usage restriction   | None, As per the information provided, company has obtained factory license and almost all other approvals/NOCs from the concerned authorities to run the sugar mill |
| 9.  | Is plot in town planning approved layout?                                       | Doesn't fall within town planning limits   |
| 10. | Corner plot or intermittent plot?   | Not Applicable   |
| 11. | Road facilities   | Yes  |
| 12. | Type of road available at present   | Bitumen Surfaced Road  |
| 13. | Width of road – is it below 20 ft. or more than 20 ft.                          | 30 ft. (More than 20 ft.)  |
| 14. | Is it a land – locked land?   | No   |

**VALUATION ASSESSMENT****M/S. BAJAJ HINDUTHAN SUGAR LIMITED | PRATAPPUR**

|     |   |  |
|-----|---|--|
| 15. | Water potentiality  | Yes, from bore well/ submersible   |
| 16. | Underground sewerage system   | Yes, by selves   |
| 17. | Is power supply available at the site?  | Co-generation power plant within the subject property and from the main grid.                          |
| 18. | Advantage of the site   | The sugar mill lies in the main sugar cane producing area and availability of sugar cane is plentiful. |
| 19. | Special remarks, if any, like threat of acquisition of land for public service purposes, road widening or applicability of CRZ provisions etc. (Distance from sea-coast / tidal level must be incorporated) | None, in our view  |

**PART A****VALUATION OF LAND**

|    |   |   |
|----|---|---|
| 1. | Size of Plot  | 26.68 Hectares / 65.93 Acre as per the statement given by the company to us   |
|    | North & South   | It is very large plot area, hence measuring the sites is not possible.  |
|    | East & West   | It is very large plot area, hence measuring the sites is not possible.  |
| 2. | Total extent of the plot  | 26.68 Hectares / 65.93 Acre as per the statement given by the company to us   |
|    | Area adopted on the basis of  | Copy of consolidated land area detail sheet provided to us by the company since site measurement is not possible due to large size of property.   |
|    | Remarks & observations, if any  | Not applicable  |
| 3. | Prevailing market rate (Along with details /reference of at least two latest deals/transactions with respect to adjacent properties in the areas) | <p><b><i>Land Valuation assessment is done considering the Land use for Sugar Project Land only as its highest &amp; best use since the transaction of this land will be done based on the established Project only and separation of it from the Project will be virtually impossible, at least up to the complete economic life cycle of this Plant which is taken as 30-35 years and also due to the location no other more productive use can be thought of.</i></b></p> <p><b><i>Overall Valuation assessment is done based on the fact that if any new promoter/ buyer would plan to setup a similar Plant today at same location and same size then what will cost him today for acquisition. To acquire 26.68 Hectare of land parcel, one would either go to Govt. to provide the land for Industry or would approach individual land owners to purchase their land portions.</i></b></p> <p><b><i>Valuation of free hold land is done on the basis of comparable market approach.</i></b></p> <p><b><i>Fragmentation sale of a large land may have different values. While assessing the Valuation of the land in this Valuation Report, it is considered as on-is-where basis for the purpose it is used for which was found at the time of site survey.</i></b></p> <p><b><i>As per our discussion with the property dealers, we came to know that during this Covid Pandemic period there is virtually no enquiry either for sale or for purchase of any property and virtually no sale/ purchase is taking place since the Pandemic started. The real estate market is</i></b></p> |

|----|--|---|
|    |  | <p><i>facing a very critical and uncertain phase. But according to these property dealers the rates quoted by them currently are for the Pre-Pandemic phase. According to them, because of the economic slowdown, losses suffered by businessmen, the loss of jobs or cuts in salaries of the salaried class and also the natural tendency of the people to conserve available liquidity instead of locking it up in an illiquid asset like property or other fixed assets during such economic prolonged, uncertain and distressful times. The demand for properties is expected to fall very significantly in the immediate aftermath of Covid Pandemic. The same is the opinion of a number of reputed real estate consultants who have released their reports on the likely impact on the Real Estate scenario because of disruption caused by the Covid-19 to the economy. In the opinion of all these, the rates of Real Estate are expected to fall at least 10%-15% or even 20% after lockdown is over. But the actual position would be known only once the equilibrium sets in in the real estate market after the Pandemic subsides.</i></p> <p><i>Due to this we have taken an additional discounting factor on prevailing Pre- Lockdown market rate for arriving at the Realizable value of the subject property.</i></p> <p><i>No authentic last two transactions details could be known. However prospective transaction details as per information available on public domain and gathered during site survey is mentioned above. Valuation Assessment Factors of the report and the screenshots of the references are annexed in the report for reference.</i></p> |
| 4. | Guideline rate obtained from the Registrar's office (an evidence thereof to be enclosed) | <p>As per the non-agricultural rate- Rs.150,94,69,130/-</p> <p>As per the agricultural rate - Rs.70,84,25,824/-</p> <p>These circle rates gives only the indicative values. However, actually this value has no reference to the real market transaction value which is much less for this kind of land considering the land used for Industrial purpose comparing it with non-agricultural land. Hence no reference can be derived out of the Circle Guideline Value.</p>  |
| 5. | Assessed / adopted rate of valuation   | Rs.1,30,00,000/- per acres  |
| 6. | Estimated value of land (A)  | <p><b>Market Value: Rs.100,04,87,750/-</b></p> <p>Kindly refer the below statement.</p>   |

1.

**VALUATION OF LAND***Applicable*

**Circle Rate Value:** Circle rate of the land is calculated based on “**Collector rate assessment list year 2017**” guidelines issued by Stamp & Registration department of Distt- Deoria, Uttar Pradesh. In the procedure of assessment following points are taken into consideration:

1. This Project Land is used for Industrial purpose. The circle rates are given for the Agricultural and Non-Agricultural Land only. No Circle rate is given for Industrial Lands in these specific villages where these lands exist. Hence, we have shown the Circle rates for the Agricultural Lands and Non-Agricultural Land only for the reference purpose. Copy of the guideline is annexed with the report for reference.
2. The current ongoing Circle Rates of Agricultural lands located in Village Chapura Dabauli & Sirsia is Rs.2,70,00,000/- per hectare, Bakuntapur is Rs.2,9,00,000/- per hectare & Khap Bankat is Rs.1,02,00,000/- per hectare for agricultural land which gives a total of about **Rs.71 cr.** value to the Land.
3. The current ongoing Circle Rates of Non-Agricultural lands located in Villages Chapura Dabauli is Rs. 8,500/- per sq. mtr, Sirsia is Rs.5,900/- per sq. mtr., Bakuntapur is Rs.6,800/- per sq. mtr. & in Khap Bankat is Rs.1,136/- per sq. mtr. for non-agricultural land which gives a total of about **Rs.151 cr.** value to the Land.
4. Therefore, these circle rates gives only the indicative values. However, actually this value has no reference to the real market transaction value which is much less for this kind of land considering the land used for Industrial purpose comparing it with non-agricultural land. Hence no reference can be derived out of the Circle Guideline Value.

**Fair Market Rate Value:** Market Value of this Project land would be the value which any new promoters company will be spending the amount in procuring the equal measurement of the land parcel if it wants to setup a similar plant today at the same or similar location.

Hence Market value of the land is assessed based on the significant local enquiries, reference of historical sales comparable searched by our team and making rational factors of adjustment on it based on current market situation & condition. In the procedure of assessment following points are taken into consideration:

- Significant recent sales comparable & market rate enquiries were made from local villagers, village tehsildar & land property dealers of the village where major land is acquired.
  - Mr. Brijvihari Singh (Local Villager +91-8853728482): According to him, rates for the agricultural land is ranging in between Rs.4,00,000/- to 5,00,000/-per Katha which is translated as Rs.1,15,00,000/- to 1,44,00,000/-per acres.
  - Mr. Pritam Bhandari (Revenue Officer+91-7906074645): According to him, rates for the agricultural land is ranging in between Rs.4,00,000/- to 5,00,000/-per Katha which is translated as Rs.1,15,00,000/- to 1,44,00,000/-per acres. Due to the establishment of Bajaj Sugar Plant, the demand is generally higher for the near the subject property.
- Based on the above available data/ information, law of average is taken on the complete land to reach out the value of Project land in current times if it is acquired now.
- In our opinion applying the law of average for such a large land parcel Rs.1,10,00,000/- per Acre would be reasonable rate which can be considered for the land parcels in which this Power Plant is located.
- In addition to this basic rate premium charges are added as mentioned below on the basis of the location and purpose of the land:
  - Around 5% premium is added for Non- agricultural land.
  - Around 10% premium is added on this rate which covers the land arranging costs, Land development and site levelling and for the other administrative charges. etc.

**Table-05**

| FAIR MARKET VALUATION OF LAND OF : M/S. BAJAJ HINDUSTHAN SUGAR LIMITED, PRATAPPUR, DEORIA, UTTAR PRTADESH  |   |                         |          |                       |
|--|---|-------------------------|----------|-----------------------|
| Sr.No.   | Particulars   | Original Land Area      |          | Fair Market Valuation |
|  |   | Acres                   | Hectares |                       |
| 1  | Power Plant Land  | 65.93                   | 26.68    | ₹ 72,52,30,000.00     |
| 2  | Add 5% premium for non agriculture land   | 5%                      |          | ₹ 3,62,61,500.00      |
| 3  | Add 10% for cost & effort considerations to cover administrative cost, effort towards land acquisition & consolidation etc. | 10%                     |          | ₹ 7,25,23,000.00      |
| 4  | Add: Land Development, Site Levelling charges etc.  | At Rs.2.5 Lacs per acre |          | ₹ 1,48,34,250.00      |
| GRAND TOTAL  |   |                         |          | ₹ 84,88,48,750.00     |
| Notes:   |   |                         |          |                       |
| 1. Land area details has been provided to us by the company, which is relied upon in good faith.   |   |                         |          |                       |
| 2. As per the our calculations, the market rate for the subject power project is comes out to be Rs.1 crore 29 Lakhs per Acres, which seems to be reasonable in our point of view. |   |                         |          |                       |

- We have also weighed the land rate on the basis of land acquisition act-2013 and award value comes on higher side against the prevailing market rate considering premium also.

Therefore, being on the conservative side we have taken land value on the basis of '**Market Comparable Sales Approach**' only.

**PART B**

**VALUATION OF BUILDING**

|     |   |  |
|-----|---|--|
| 1.  | Technical details of the building   | Construction done using professional contractor workmanship based on architect plan. |
| a)  | Type of Building (Residential / Commercial/ Industrial)   | Industrial   |
| b)  | Type of construction (Load bearing / RCC/ Steel Framed)   | Please refer to the attached sheet below   |
| c)  | Year of construction  | Please refer to the attached sheet below   |
| d)  | Number of floors and height of each floor including basement, if any  | Please refer to the attached sheet below   |
| e)  | Plinth area floor-wise  | Please refer to the attached sheet below   |
| f)  | Condition of the building   | Average  |
| i.  | Interior Finishing  | Simple Plastered Walls   |
| ii. | Exterior Finishing  | Simple plastered walls   |
| 2.  | Status of Building Plans/ Maps  | Cannot comment since no approved map given to us                                     |
| g)  | Date of issue and validity of layout of approved map / plan   | NA   |
| h)  | Is Building as per approved Map   | NA   |
| i)  | Whether genuineness or authenticity of approved map / plan is verified  | NA   |
| j)  | Any other comments by our empaneled valuers on authentic of approved plan   | NA   |
| k)  | Details of alterations/ deviations/ illegal construction/ encroachment noticed in the structure from the original approved plan | NA   |

| 7.    | SPECIFICATIONS OF CONSTRUCTION (FLOOR-WISE) IN RESPECT OF  |  |  |
|-------|--|--|--|
| S.No. | Description  | Ground floor   | Other floors   |
| 1.    | Foundation   | RCC  | NA   |
| 2.    | Ground Floor   | Please refer the Table- 06 attached below.   | Please refer to the Table- 06 attached below.                                      |

**(RUPEES ONE HUNDRED AND SIX CRORE ONLY)**

|    |   |  |
|----|---|--|
| i. | <b>Justification for more than 20% difference in Market &amp; Circle Rate</b> | Circle rates are determined by the District administration as per their own theoretical internal policy and Market rates are adopted based on current practical market dynamics which is explained clearly in Valuation Assessment Factors |
|----|---|--|

**REMARKS**

- Land & Building value is considered based on the Project only as its best use since the transaction of this land & building will always remain closely associated with the Project only and separation of it from the Project will be virtually impossible at least up to the complete economic life cycle of this Plant which will be around 30 to 35 years.
- The separate sale of the plant Land & Building is not practically possible hence the Valuation of land & Building of the subject plant has been done on the basis of sale of project as- a- whole basis.
- Fragmented/ Individual component wise may fetch different values, however this Valuation is prepared based on the ongoing concern and the Values has been applied in totality/ group of assets.
- This is just **Replacement Valuation of the plant land only** of the Project more basically by Market approach method and doesn't cover any prospective sale-purchase value of the Plant land as a whole which will be arrived on the basis of whole project valuation (i.e. Land & Building) and additional factor.
- This is just core Asset (i.e. Land & Building) Valuation not an Enterprise Valuation. This report doesn't cover any prospective sale value of the Plant Land as a whole since the realization of land is possible only in cognizance of Plant as a whole and all these parcel is awarded only for the development of Power Plant.
- Discounting factors used in different values assigned like Fair Value, Realizable Value & Distress Value is based on the different conditions & situations of the asset
- Realizable Value & Distress Value bases on the sector specific market scenario and general marketability aspect of the assets.
- There is no fixed formula for assigning the discounting factors and it depends largely on the nature, type of the asset and the market trend.
- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.
- Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest etc. pertaining to the sale/ purchase of this property are not considered while assessing the Market Value.

## ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

---

### Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

### Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

### Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.

16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in “mandate snatching or offering” convenience valuations” in order to cater to a company or client’s needs.
18. As an independent valuer, the Valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

### **Confidentiality**

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

### **Information Management**

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorized by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

### **Gifts and hospitality.**

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.

Explanation: For the purposes of this code the term ‘relative’ shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/itself, or to obtain or retain an advantage in the conduct of profession for himself/itself.

### **Remuneration and Costs.**

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

### **Occupation, employability and restrictions.**

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organization discredits the profession.

### **Miscellaneous**

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

|-----|---|
| 1.  | This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.   |
| 2.  | Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.  |
| 3.  | Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.   |
| 4.  | Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.  |
| 5.  | This report is having limited scope as per its fields & format <u>to provide only the general basic idea of the value of the property prevailing in the market</u> based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened <u>as free market transaction</u> .  |
| 6.  | This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.  |
| 7.  | Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.   |
| 8.  | Getting cizra map or coordination with revenue officers for site identification is not done at our end.   |
| 9.  | Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.  |
| 10. | In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided. |
| 11. | If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect.  |

## VALUATION ASSESSMENT

M/S. BAJAJ HINDUTHAN SUGAR LIMITED | PRATAPPUR

|     |  |
|-----|--|
| 12. | Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.   |
| 13. | Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.   |
| 14. | Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction. |
| 15. | This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.  |
| 16. | This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.  |
| 17. | All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.   |
| 18. | Defect Liability Period is <b>30 DAYS</b> . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.   |
| 19. | R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at <b>valuers@rkassociates.org</b> in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.   |
| 20. | Our Data retention policy is of <b>ONE YEAR</b> . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.  |
| 21. | This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.  |
| 22. | R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.   |
