VALUATION ASSESSMENT

OF

INDUSTRIAL LAND & BUILDING

OF SUGAR PLANT

SITUATED AT

**VILLAGE- ATHDAMA, BHANPUR, BUGURG, GANDHARIA, RUDHAULI, DISTRICT &
TEHSIL- BASTI, UTTAR PRADESH, INDIA**

OWNER/S

M/S BAJAJ HINDUSTHAN SUGAR LIMITED

A/C: M/S BAJAJ HINDUSTHAN SUGAR LIMITED

REPORT PREPARED FOR

STATE BANK OF INDIA, IFB BRANCH, NEW DELHI

*****Important - In case of any query/ issue/ concern or escalation you may please contact Incident Manager @
valuers@rkassociates.org. We will appreciate your feedback in order to improve our services.***

Valuation TOR is available at www.rkassociates.org for reference.

***NOTE: As per IBA Guidelines please provide your feedback on the report within 15 days of its submission after which report
will be considered to be correct.***

VALUATION ASSESSMENT AS PER SBI FORMAT

Name & Address of Branch	State Bank of India, IFB Branch, New Delhi
Name of Customer (s)/ Borrower Unit	M/s. Bajaj Hindusthan Sugar Limited

I.	GENERAL			
1.	Purpose for which the valuation is made		For Periodic Re-valuation of the mortgaged property	
2.	1.	Date of inspection	30 October 2020	
	2.	Date on which the valuation is made	21 December 2020	
3.	List of documents produced for perusal		Documents Requested	Documents Provided
			Documents Reference No.	
			Total 09 documents requested.	Total 08 documents provided.
			Property Title document	Consolidated land detail summary.
			Copy of TIR	No information available
			Approved Map	Building Sheet
			Khatoni	Land Khatauni for Plant land
			Change of Land Use.	Change of Land Use
			Consent Order from UP Pollution Control Board	Consent Order from UP Pollution Control Board
			RDA Factory License Distillery	Fire & Life Safety Certificate
4.	Name of the owner/s		M/s. Bajaj Hindusthan Sugar Limited	
	Address and Phone no. of the owner/s		Corp. Office: Bajaj Bhawan, B-10, Sector 3, Jamnalal Bajaj Marg, Noida- 201301 Tel.: 91-120-2543939	
5.	Brief description of the property		This Valuation report is prepared for the sugar mill situated at the aforesaid address owned by M/s. Bajaj Hindusthan Sugar Limited.	

About the Project

BHSL has set up a Sugar plant with the capacity of 7000 TCD. As per information/ data provided to us by the client, the company has adopted modern technology for manufacturing of Sugar.

As per the scope of work, this Valuation report is prepared for the project Land & Building located the aforesaid address based on the copies of the documents and the information provided by the client which has been relied upon in good faith.

Land Requirement

For the purpose of setting up a Sugar Plant, BHSL has procured total 64.529 Hectare/ 159.428 Acres of land. As per the information provided by the company official, the company has acquired total land area from local villagers by virtue of multiple sale deeds. Due to the voluminous nature of the title deeds, the company does not provided land title deeds expect land area statement for the subject project land. A copy of same of same is annexed with the Valuation report.

As per the copy of Land Khatauni provided by the company, 57.171 Hectare of land has been converted into Non-agricultural land for the purpose of development of Sugar Plant and as per the information provided by the company, the rest of the land parcel i.e. 7.379 hectares of land comes under Abadi land and no conversion is required. The Valuation assessment we have taken total land area as-is-where-is basis. A copy of same is annexed with the Valuation report.

Table-01

S.r. No.	Village Name	Land Area (in Hectare)	Land Area (acres)
1	Athdama/Rudhauli	59.583	147.232572
2	Gandharia/Bhanpur	4.955	12.2440528
3	Bugurg	0.011	0.02718155
Total		64.549	159.50

Building and Civil Work

Major Buildings and Civil work in this power plant are

Mill House, Boiler Control Room, DM Plant, Time Office, Cooling Tower, Boiler, Cane Store, Sugar Godown, Residential Colony, RCC Roads, Bituminous roads, boundary wall and other miscellaneous buildings and civil work.

Table-02

BUILDING/ CIVIL STRUCTURE BAJAJ HINDUSTHAN SUGAR LIMITED RUDHAULI, DISTRICT- BASTI, UTTAR PRADESH			
Sr. No.	Description	Covered Area (sq.mtr.)	Covered Area (sq.ft.)
1	Sugar Plant	28094	302407
2	Distillery Unit	6238	67146
3	Residential Building	2169	23347
Total		36501	392900
1. The covered area statement of the subject project has been taken on the basis of information/ data provided by the company. However, our engineering team has done the sample measurement of some of the structures which is found in line with details provided by the company.			

Buildings of the Plant are constructed on various construction techniques like GI shed mounted and cladded on prefabricated steel Structure & RCC Structures. Area of Administration & Official Blocks is constructed of RCC framed Structures. Office blocks and electrical control room are Air conditioned. Fire Fighting system is installed in the various Buildings. Year of construction, Type of construction, Physical condition of various buildings is mentioned in the Building Sheet.

Table-03

PLANT CAPACITY | BAJAJ HINDUSTHAN SUGAR LIMITED | RUDHAULI, BASTI, UTTAR PRADESH

Sr. No.	Plant Facilities	Capacity
1	Sugar Unit	7000 TCD
2	Distillery Unit	160 KL Per Day
3	Cogen Plant	17 MW
4	Mill House	-
5	Drier House	-
6	Godowns	-
7	Administrative Building	-
8	Residential Building	-
9	Boiler Control Room	-
10	Hospital	-

Remarks:

1. The capacity of the subject project has been taken on the basis of information/ data provided by the company.

As mentioned in the 'list of documents produced for perusal' various approvals & NOC's has been obtained by the client for the smooth running of the subject industry.

Project Location

Bajaj Hindusthan Sugar Limited- Rudhauli unit located at various villages of District & Tehsil- Basti, Uttar Pradesh, India.

The nearest airport from the site is Jai Prakash Narayan Airport, located at the distance of 355- km and nearest railway station is Gonda railway station which is around 30 km away from the Project Site. The subject property is located around 1 km away from Rudhauli-Domariyanganj road. Most of the land parcels in the subject vicinity is used for agricultural purpose.

Observation made during the site visit as on date

During the latest site visit conducted by our engineer the subject plant was found to be in average condition and seems to be well maintained by the company.

This report only contains general assessment & opinion on the Guideline Value and the indicative,

		estimated Market Value of the property found on as-is-where basis on site for which the Bank/ customer has shown & asked us to conduct the Valuation for which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. It doesn't contain any due-diligence other than the valuation assessment of the property shown to us on site. Information/ data/ documents given to us by Bank/ client has been relied upon in good faith. This report doesn't contain any other recommendations of any sort.
6.	Location of property	
	i. Plot No. / Survey No.	Please refer the attached Land Area statement Sheet annexed with report
	ii. Door No.	Not Applicable.
	iii. T. S. No. / Village	Village Athdama, Bhanpur, Bugurg, Gandharia, Rudhauli District & Tehsil- Basti, Uttar Pradesh, India
	iv. Ward / Taluka	Basti
	v. Mandal / District	District- Basti, State: - Uttar Pradesh.
	vi. Date of issue and validity of layout of approved map / plan.	Cannot comment since copy of approved map is not provided to us.
	vii. Approved map / plan issuing authority	Cannot comment since copy of approved map is not provided to us.
	viii. Whether genuineness or authenticity of approved map / plan is verified	Cannot comment since copy of approved map is not provided to us.
	ix. Any other comments by our empanelled Valuers on authenticity of approved plan	Cannot comment since copy of approved map is not provided to us.
7.	Postal address of the property	
	i. City / Town	District Basti
	ii. Residential Area	No
	iii. Commercial Area	No
	iv. Industrial Area	It is a village area, no zoning regulations defined. However necessary approval has been taken from the concerned authority.
8.	Classification of the area	
	i. High / Middle / Poor	Rural Area
	ii. Urban / Semi Urban / Rural	Rural
9.	Coming under Corporation limit/ Village Panchayat / Municipality	Gram Panchayat
10.	Whether covered under any State / Central Govt. enactments (e.g. Urban and Ceiling Act) or notified under agency area / scheduled area / cantonment area	Not applicable.
11.	In case it is an agricultural land, any	The subject property lies within the village area and the

	conversion to house site plots is contemplated	necessary approval has been taken from the concerned authority to use this land for industrial purpose.	
12.	Boundaries of the property		
	Are Boundaries matched		Since the subject project land is very large comprising of many small individual plots being amalgamated together to form a larger project land. Hence, boundaries of each plot cannot be ascertained.
	Directions	As per Copy of TIR/ Title Deeds	Actual found at Site
	North	Different Boundaries for different plots.	Road
	South	Different Boundaries for different plots.	Agriculture land
	East	Different Boundaries for different plots.	Road
	West	Different Boundaries for different plots.	Agriculture land
12.1	Dimensions of the site	A	B
		As per the Deed	Actuals
	North	Not mentioned in the documents.	Not measurable at the site, irregular shape.
	South	Not mentioned in the documents.	Not measurable at the site, irregular shape.
	East	Not mentioned in the documents.	Not measurable at the site, irregular shape.
	West	Not mentioned in the documents.	Not measurable at the site, irregular shape.
12.2	Latitude, Longitude & Co-ordinates of Industrial Property.	27°03'22.9"N 82°47'07.4"E	
13.	Extent of the site	159.50 acres	
	Extent of the site considered for valuation	Land Area-159.50 acres	
14.	Whether occupied by the owner / tenant?	Occupied by owner.	
	If occupied by tenant, since how long?	Not Applicable.	
	Rent received per month.	Not Applicable.	

II.	CHARACTERISTICS OF THE SITE	
1.	Classification of locality	Rural area
2.	Development of surrounding areas	In remote rural area with most of the land is currently being used for agricultural purpose.
3.	Possibility of frequent flooding / submerging	No
4.	Feasibility to the Civic amenities like school, hospital, bus stop, market etc.	This is a rural remote area. No recreational facility is available nearby.

VALUATION ASSESSMENT**M/S BAJAJ HINDUSTHAN SUGAR LIMITED, RUDHAULI**

5.	Number of Floors	Please refer the attached building sheet
6.	Type of Structure	Please refer the attached building sheet
7.	Type of use to which it can be put	Industrial (Sugar Mill)
8.	Any usage restriction	None
9.	Is plot in town planning approved layout?	Doesn't fall within town planning limits
10.	Corner plot or intermittent plot?	Not applicable
11.	Road facilities	Yes, available
12.	Type of road available at present	Bituminous Road
13.	Width of road – is it below 20 ft. or more than 20 ft.	Industry Road
14.	Is it a land – locked land?	No.
15.	Water potentiality	Yes, water supply is available from bore well/ submersible within the subject property.
16.	Underground sewerage system	Underground.
17.	Is power supply available at the site?	Yes, available.
18.	Advantage of the site.	No, as such advantage as this property lies within rural area.
19.	Special remarks, if any, like threat of acquisition of land for public service purposes, road widening or applicability of CRZ provisions etc. (Distance from sea-coast / tidal level must be incorporated)	Not Applicable

PART B**VALUATION OF LAND**

1.	Size of Plot	159.50 acres
	North & South	It is a very large plot area with irregular shape, hence measuring the sides is not possible.
	East & West	It is very large plot area with irregular shape, hence measuring the sites is not possible.
2.	Total extent of the plot	159.50 acres
	Area adopted on the basis of	Copy of Consolidated land area detail sheet provided to us by the company since site measurement is not feasible due to large nature of property.
	Remarks & observations, if any	Not applicable
3.	Prevailing market rate (Along with details /reference of at least two latest deals/transactions with respect to adjacent properties in the areas)	<p><i>Land Valuation assessment is done considering the land use for Sugar Project land only as its highest & best use since the transaction of this land will be done based on the established project only and separation of it from the project will be virtually impossible, at least up to the complete economic life cycle of this plant which is taken as 30-35 years and also due to the location no other more productive use can be thought of.</i></p> <p><i>Overall Valuation assessment is done based on the fact that if any new promoter/ buyer would plan to setup a similar plant today at same location and same size then what will cost him today for acquisition. To acquire 159.50 acres of land parcel, one would either go to Govt. to provide the land for Industry or would approach individual land owners to purchase their land portions.</i></p> <p><i>Valuation of free hold land is done on the basis of comparable market approach.</i></p> <p><i>Fragmentation sale of a large land may have different values. While assessing the Valuation of the land in this Valuation Report, it is considered as on-is-where basis for the purpose it is used for which was found at the time of site survey.</i></p> <p><i>As per our discussion with the property dealers, we came to know that during this Covid Pandemic period there is virtually no enquiry either for sale or</i></p>

		<p>for purchase of any property and virtually no sale/ purchase is taking place since the Pandemic started. The real estate market is facing a very critical and uncertain phase. But according to these property dealers the rates quoted by them currently are for the Pre-Pandemic phase. According to them, because of the economic slowdown, losses suffered by businessmen, the loss of jobs or cuts in salaries of the salaried class and also the natural tendency of the people to conserve available liquidity instead of locking it up in an illiquid asset like property or other fixed assets during such economic prolonged, uncertain and distressful times. The demand for properties is expected to fall very significantly in the immediate aftermath of Covid Pandemic. The same is the opinion of a number of reputed real estate consultants who have released their reports on the likely impact on the Real Estate scenario because of disruption caused by the Covid-19 to the economy. In the opinion of all these, the rates of Real Estate are expected to fall at least 10%-15% or even 20% after lockdown is over. But the actual position would be known only once the equilibrium sets in in the real estate market after the Pandemic subsides.</p> <p>No authentic last two transactions details could be known. However prospective transaction details as per information available on public domain and gathered during site survey is mentioned above. Valuation Assessment Factors of the report and the screenshots of the references are annexed in the report for reference.</p>
4.	Guideline rate obtained from the Registrar's office (an evidence thereof to be enclosed)	<p>As per the agricultural rate- Rs. 49,90,11,900/-</p> <p>As per the non-agricultural rate- Rs.333,17,15,802/-</p> <p>These circle rates gives only the indicative values. However, actually this value has no reference to the real market transaction value which is much less for this kind of land considering the land used for Industrial purpose comparing it with non-agricultural land. Hence no reference can be derived out of the Circle Guideline Value.</p>
5.	Assessed / adopted rate of valuation	Basic Rate, Rs. 32,00,000/- per acre.
6.	Estimated value of land (A)	Market Value:

= Rs.62,68,35,000/-

Kindly refer the below statement.

1.

VALUATION OF LAND*Applicable*

Circle Rate Value: Circle rate of the land is calculated based on “**Collector rate assessment list Year- 2018**” guidelines issued by Stamp & Registration department of Distt.- Basti, Uttar Pradesh. In the procedure of assessment following points are taken into consideration:

1. This Project Land is used for Industrial purpose. The circle rates are given for the Agricultural and Non-Agricultural Land only. No Circle rate is given for Industrial Lands in these specific villages where these lands exist. Hence, we have shown the Circle rates for the Agricultural Lands and Non-Agricultural Land only for the reference purpose. Copy of the guideline is annexed with the report for reference.

S.r. No.	Village Name	Land Area (in Hectare)	Land Area (sq.mtr.)	Guideline rate for agricultural Land (INR)	Guideline rate for non agricultural Land (INR)	Guideline Value Agricultural Land (INR/Hectare)	Guideline Value Non Agricultural Land (INR)
1	Athdama/Rudhauri	59.583	595829.61	7900000	5200	₹ 470,705,700	3098313956
2	Gandharia/Bhanpur	4.955	49549.97	5700000	4700	₹ 28,243,500	232884846.4
3	Bugurg	0.011	110.00	5700000	4700	₹ 62,700	516999.6589
Total		64.549	645489.574			₹ 499,011,900	₹ 3,331,715,802

2. These circle rates gives only the indicative values. However, actually this value has no reference to the real market transaction value which is much less for this kind of land considering the land used for Industrial purpose comparing it with non-agricultural land. Hence no reference can be derived out of the Circle Guideline Value.

Fair Market Rate Value: Market Value of this Project land would be the value which any new promoters company will be spending the amount in procuring the equal measurement of the land parcel if it wants to setup a similar plant today at the same or similar location.

Hence Market value of the land is assessed based on the significant local enquiries, reference of historical sales comparable searched by our team and making rational factors of adjustment on it based on current market situation & condition. In the procedure of assessment following points are taken into consideration:

1. Significant recent sales comparable & market rate enquiries were made from local villagers, village tehsildar & land property dealers of the village where major land is acquired.

References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered

- **Name:** Mr. Pappu Yadav
Contact No.: +91-9918507344
Size of the Property: Not specified.
Location: On main road.
Rates/ Price informed: Rs.30,00,000 /- to Rs. 50,00,000/- per acre.
Comment: As per discussion with Mr. Pappu Yadav we came to know that ample agricultural land is available in this area & the market rates depends upon size and location of the land.
 - **Name:** Mr. Sanjay Singh
Contact No.: +91-6393434110
Size of the Property: Not Specified.
Location: On main road.
Rates/ Price informed: Rs.30,00,000/- to Rs. 40,00,000/- per acre.
Comment: As per discussion with Mr. Sanjay Singh we came to know that ample agricultural land is available in this area & the market rates depends upon size and location of the land.
2. As per our verbal conversation with the local habitants & well established locals of the subject vicinity we came to know that land rates in the subject locality varies within the range of Rs. 30 Lakh to Rs.50 Lakh per acre depending upon the various attributes like shape, size, frontage, access road width, distance from the main road etc. No information of recent transaction of such land parcel as our subject property is available. Apart from the market enquiries we have also gone through the valuation of the subject property through the land acquisition act method by virtue of which rates are coming on a very higher side which seems to be unrealistic therefore we have discarded the land acquisition act method & adopted the market sales comparable approach. Based on the above information gathered from the market we are of the view to adopt a rate of **Rs. 32,00,000/- per acre** for the purpose of this valuation exercise.
 3. In addition to this basic rate premium charges are added as mentioned below on the basis of the location and purpose of the land:
 - Around 5% premium is added for Non- agricultural land.
 - Around 10% premium is added on this rate which covers the land arranging costs, Land development and site levelling and for the other administrative charges. etc.

Fair Market Value of Land of : M/S. BAJAJ HINDUSTHAN SUGAR LIMITED, DISTRICT BASTI, UTTAR PRADESH					
Sr. No.	Particulars	Original Land area		Land rate (INR/Acre)	Fair Market Value (INR)
		Acres	Hectares		
1	Subject Land	159.5	64.55	₹ 32,00,000	₹ 51,04,00,000.00
2	Add 5% premium for non agriculture land	5%			₹ 2,55,20,000.00
3	Add 10% for cost & effort considerations to cover administrative cost, effort towards land acquisition & consolidation e.t.c.	10%			₹ 5,10,40,000.00
4	Add: Land Development, Site Levelling charges e.t.c.	At Rs. 2.5 Lakh per acre			₹ 3,98,75,000.00
Grand Total					₹ 62,68,35,000.00
Notes :					
1. Land area details has been provided to us by the company, which is relied upon in good faith.					
2. As per our calculations, the market rate for the subject property is comes out to be Rs. 39.30 Lakh per acres, which seems to be reasonable in our view.					

4. We have also weighed the land rate on the basis of land acquisition act-2013 and award value comes on higher side against the prevailing market rate considering premium also. Therefore, being on the conservative side we have taken land value on the basis of '**Market Comparable Sales Approach**' only.

PART C**VALUATION OF BUILDING**

1.	Technical details of the building		Construction done using professional contractor workmanship based on architect plan.
	i.	Type of Building (Residential / Commercial/ Industrial).	Industrial (Sugar Mill).
	ii.	Type of construction (Load bearing / RCC/ Steel Framed).	Refer to sheet attached below.
	iii.	Year of construction.	Year- 2007
	iv.	Number of floors and height of each floor including basement, if any.	Refer to the sheet attached below.
	v.	Plinth area floor-wise.	Please refer to building working sheet attached in the report in annexure.
	vi.	Condition of the building	Average.
	vii.	Interior Finishing	Brick walls without plaster.
	viii.	Exterior Finishing	Simple plastered Walls.
2.	Status of Building Plans/ Maps		Cannot comment since no approved map given to us.
3.	i.	Date of issue and validity of layout of approved map / plan	Cannot comment since no approved map given to us
	ii.	Is Building as per approved Map	Cannot comment since no approved map given to us.
	iii.	Whether genuineness or authenticity of approved map / plan is verified	Cannot comment since no approved map given to us for the buildings.
	iv.	Any other comments by our empaneled valuers on authentic of approved plan.	No.
	v.	Details of alterations/ deviations/ illegal construction/ encroachment noticed in the structure from the original approved plan.	Cannot comment since copy of layout plan provided to us is not very legible

SPECIFICATIONS OF CONSTRUCTION (FLOOR-WISE) IN RESPECT OF			
Sr.No.	Description	Ground floor	Other floors
1.	Foundation	Please refer to Sheet attached below.	Please refer to Sheet attached below.
2.	Ground Floor	Please refer to Sheet attached below.	Please refer to Sheet attached below.
3.	Superstructure	Please refer to Sheet attached below.	Please refer to Sheet attached below.
4.	Joinery / Doors & Windows (please furnish details about size of frames, shutters, glazing, fitting etc. and specify the species of timber)	Steel frame doors and windows and steel shutters.	Steel frame doors and windows and steel shutters.
5.	RCC works	Completed	Completed

VALUATION ASSESSMENT

**BUILDING/ CIVIL STRUCTURE | BAJAJ HINDUSTHAN SUGAR LIMITED | RUDHAULI,
BASTI, UTTAR PRADESH**

Sr. No.	Description	Annexure	Gross Block	Depreciated Fair Market Value
1	Sugar Plant, Distillery Area & Residential Units	A	₹ 54,44,64,543.00	₹ 33,31,10,817.00
2	Other Structures	B	₹ 14,59,43,260.00	₹ 8,56,12,786.10
Total			₹ 69,04,07,803.00	₹ 41,87,23,603.10

Remarks:

1. The covered area statement of the subject project has been taken on the basis of

2. The condition of the structure is average and maintained by the company.

3. The Valuation of the building/ civil structures has been done on the basis of 'Depreciated Replacement cost approach' and Valuation of Other structures like Boundary Wall, Drain, & Road has been done considering 'Reproduction Cost Method' since no area statement or technical details provided by the company for Road, Drain & Boundary wall.

PART H**CONSOLIDATED VALUATION ASSESSMENT OF THE INDUSTRY**

	Description	Value by adopting
Sr. No.	Valuation of the Property	Replacement Market Value (INR)
(a)	Land (A)	Rs. 62,68,35,000/-
(b)	Buildings & Civil Works (B)	Rs. 41,87,23,603/-
(c)	Plant & Machinery & Other Fixed Assets (C)	NA
(d)	Capitalization Of Soft Cost Into Fixed Asset Value	NA
(e)	Total {E= Add (A+B+C+D)}	Rs.104,55,58,603/-
(f)	Rounded Off	Rs.104,56,00,000/-
(g)	Expected Realizable Value^(@ ~15% less)	Rs.88,87,00,000/-
(h)	Expected Forced/ Distress Sale Value*(@ ~25% less)	Rs.78,42,00,000/-

(Rupees One Hundred Four Crore Fifty Six Lakhs Only)

	Justification for more than 20% difference in Market & Circle Rate	Circle rates are determined by the District administration as per their own theoretical internal policy and Market rates are adopted based on current practical market dynamics which is explained clearly in Valuation Assessment Factors
--	---	--

REMARKS:

- Land & Building value is considered based on the Project only as its best use since the transaction of this land & building will always remain closely associated with the Project only and separation of it from the Project will be virtually impossible at least up to the complete economic life cycle of this Plant which will be around 30 to 35 years.
- The separate sale of the plant Land & Building is not practically possible hence the Valuation of land & Building of the subject plant has been done on the basis of sale of project as- a-whole basis.
- Fragmented/ Individual component wise may fetch different values, however this Valuation is prepared based on the ongoing concern and the Values has been applied in totality/ group of assets.
- This is just **Replacement Valuation of the plant land only** of the Project more basically by Market approach method and doesn't cover any prospective sale-purchase value of the Plant land as a whole which will be arrived on the basis of whole project valuation (i.e. Land & Building) and additional factor.
- This is just core Asset (i.e. Land & Building) Valuation not an Enterprise Valuation. This report doesn't cover any prospective sale value of the Plant Land as a whole since the realization of land is possible only in cognizance of Plant as a whole and all these parcel is awarded only for the development of Power Plant.
- Discounting factors used in different values assigned like Fair Value, Realizable Value & Distress Value is based on the different conditions & situations of the asset
- Realizable Value & Distress Value bases on the sector specific market scenario and general marketability aspect of the assets.
- There is no fixed formula for assigning the discounting factors and it depends largely on the nature, type of the asset and the market trend.
- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.
- Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest etc. pertaining to the sale/ purchase of this property are not considered while assessing the Market Value.

ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.

16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in “mandate snatching or offering ”convenience valuations” in order to cater to a company or client’s needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.
Explanation: For the purposes of this code the term ‘relative’ shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/itself, or to obtain or retain an advantage in the conduct of profession for himself/itself.

Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

Signature of the Valuer: _____

Name of the Valuer: R.K Associates Valuers & Techno Engg. Consultants (P) Ltd.

Address of the Valuer: D-39, Sector-2, Noida-201301

Date: 21/12/2020

Place: Noida

ANNEXURE VIII – VALUER’S REMARKS

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format <u>to provide only the general basic idea of the value of the property prevailing in the market</u> based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened <u>as free market transaction</u> .
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect..

VALUATION ASSESSMENT

M/S BAJAJ HINDUSTHAN SUGAR LIMITED, RUDHAULI

	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
12.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
13.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
14.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
15.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
16.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
17.	Defect Liability Period is 30 DAYS .
