		<b>B</b>
		<b>Actuals</b>
		Not measurable at the site
		Not measurable at the site
		Not measurable at the site
		Not measurable at the site
14.2	Latitude, Longitude & Co-ordinates of Industrial Property	11°34'15.9"N 78°08'43.0"E
15.	Extent of the site	Land Area – 5.39 acres/ 218.5 ares ( As per land record and information provided by the company)
16.	Extent of the site considered for valuation	Land Area - 5.39 acres/ 218.5 ares( As per land record and information provided by the company)
17.	Whether occupied by the owner / tenant?	Vacant at present
	If occupied by tenant, since how long?	Not applicable
	Rent received per month.	Not applicable

II.	CHARACTERISTICS OF THE SITE	
1.	Classification of locality	Rural
2.	Development of surrounding areas	Village Area
3.	Possibility of frequent flooding / submerging	No
4.	Feasibility to the Civic amenities like school, hospital, bus stop, market etc.	Yes, available within the close vicinity of subject property
5.	Number of Floors	Ground Floor
6.	Type of Structure	RCC Roof + GI Sheet on Brick wall and iron trusses
7.	Type of use to which it can be put	Industrial purpose
8.	Any usage restriction	No, It's a village area, and the adjoining property are used for agricultural purposes.
9.	Is plot in town planning approved layout?	No
10.	Corner plot or intermittent plot?	Intermittent Plot
11.	Road facilities	Yes
12.	Type of road available at present	Katcha Road
13.	Width of road – is it below 20 ft. or more than 20 ft.	15 ft.
14.	Is it a land – locked land?	No

15.	Water potentiality	Ground Water
16.	Underground sewerage system	Not available
17.	Is power supply available at the site?	yes
18.	Advantage of the site	No
19.	Special remarks, if any, like threat of acquisition of land for public service purposes, road widening or applicability of CRZ provisions etc. (Distance from sea-coast / tidal level must be incorporated)	NA

PART B

VALUATION OF LAND

1.	Size of Plot	5.39 Acre/21812.35 sq. mtr.
	North & South	Not measurable due to irregular size
	East & West	Not measurable due to irregular size
2.	Total extent of the plot	5.39 Acre/21812.35 sq. mtr.
	Area adopted on the basis of	Property documents only since site measurement couldn't be carried out
	Remarks & observations, if any	Not applicable
3.	Prevailing market rate (Along with details /reference of at least two latest deals/transactions with respect to adjacent properties in the areas)	<p><b>References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered (from property search sites &amp; local information)</b></p> <p><b>1. Name:</b> Mr. Arvind Rai (Property Consultant)  <b>Contact No.:</b> +91-9842736149  <b>Size of the Property:</b> Approx. 5 acre  <b>Rates/ Price informed:</b> Rs.1.00 cr to 1.25 cr per acre for plot on main road and Rs. 50 Lakhs to Rs. 80 Lakhs for property away from main highway..  <b>Comment:</b> As per the discussion held with the above mentioned property dealer we came to know that the rates in the concerned area were around Rs.1,00,00,000/- Rs.1,25,00,000/- per acre for the plot lies on main road. The rate of plot which is located at some distance from main road has lower land rate. The rate of plot lying approx. 500 mtr to 1 Km away from main road is approx. 50 Lakhs to Rs. 80 Lakhs Per acre.</p> <p><i>As per our discussion with the property dealers, we came to know that during this Covid Pandemic period there is virtually no enquiry either for sale or for purchase of any property and virtually no sale/ purchase is taking place since the Pandemic started. The real estate market is facing a very critical and uncertain phase. But according to these property dealers the rates quoted by them currently are for the Pre-Pandemic phase. According to them, because of the economic slowdown, losses suffered by businessmen, the loss of jobs or cuts in salaries of the salaried class and also the natural tendency of the people to conserve available liquidity instead of locking it up in an illiquid asset like property or other fixed assets during such economic prolonged, uncertain and distressful times. The demand for properties is expected to fall very significantly</i></p>

*in the immediate aftermath of Covid Pandemic. The same is the opinion of a number of reputed real estate consultants who have released their reports on the likely impact on the Real Estate scenario because of disruption caused by the Covid-19 to the economy. In the opinion of all these, the rates of Real Estate are expected to fall at least 10%-15% or even 20% after lockdown is over. But the actual position would be known only once the equilibrium sets in in the real estate market after the Pandemic subsides.*

*As per our discussion with the habitants and market participants of the subject locality we came to know the following information: -*

- 1. The prevailing market rate for industrial/agricultural plots in subject locality depends upon the size, shape, location, approach width of the road & distance from the main road*
- 2. The prevailing land rate for large plot located on main highway in the subject locality varies between Rs.80,00,00,000/- to Rs.1,00,00,000/- per acre*
- 3. The prevailing land rate for large plot located on main highway in the subject locality varies between Rs.50,00,000/- to Rs.80,00,000/- per acre*
- 4. The subject locality is in village area and only few industrial units setup in the nearby subject vicinity.*
- 5. Demand for industrial plot is average in the subject locality.*
- 6. The Plot located on main highway has higher demand as compared to the plot located in the inside area or far away from main Highway.*

*As per our discussion with market participants of the subject locality we came to know that the prevailing market rate for industrial/agricultural plots in subject locality depends upon the size, shape, location, approach width of the road & distance from the main road. The prevailing market rate for industrial plot in the subject locality on main highway varies between Rs.80,00,00,000/- to Rs.1,00,00,000/- per acre. As the subject plot is a large land parcel having land area of 5.39 acre. and located approx. 300 mtr away from the main road and have approached only through 15 ft. wide road, so for such a large land parcel we have adopted land rate of*

		<p>Rs.60,00,000/- per acre. which seems reasonable in our opinion.</p> <p>No authentic last two transactions details could be known. However prospective transaction details as per information available on public domain and gathered during site survey is mentioned above. Valuation Assessment Factors of the report and the screenshots of the references are annexed in the report for reference.</p>
4.	Guideline rate obtained from the Registrar's office (an evidence thereof to be enclosed)	<p>Rs.3,48,400/- per acres</p> <p><b>Guideline value:</b> Land : 5.39 acres X Rs.3,48,400/- per acres = <b>Rs. 18,77,876/-</b></p>
5.	Assessed / adopted rate of valuation	<b>Rs.60,00,000/- per acre</b>
6.	Estimated value of land (A)	<p><b>Market Value:</b> Land : 5.39 acres X Rs.60,00,000/- per acres = <b>Rs. 3,23,40,000/-</b></p>

ii.	<b>Concluding comments &amp; Disclosures if any</b>	<ol style="list-style-type: none"> <li>1. The Fair Market Value arrived at in this Report is the value under Free Market Conditions.</li> <li>2. However, presently the property market is not under a free market condition due to Covid Pandemic disruption. Currently, as per the micro &amp; macro market research, the demand for property is weak and the enquiries and the transactions are negligible. In these uncertain times, people are likely to be very cautious in their expenditures in general and are and will be averse to lock up their available liquidity in the acquisition of fixed assets like property. A potential buyer of property if any, may consider acquiring a property only if he gets a really good bargain, at a substantial discount to the rates prevailing before the Covid Pandemic. Thus the Realizable Value in this Report has been adopted based on this consideration.</li> <li>3. This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct.</li> <li>4. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals, etc. has to be taken care by legal experts/ Advocates.</li> <li>5. This report only contains technical &amp; market information which came to knowledge during course of the assignment. It doesn't contain any recommendations.</li> <li>6. This report is prepared following our Standard Operating Procedures &amp; Best Practices, Limitations, Conditions, Remarks, Important Notes, Valuation TOR.</li> </ol>

DECLARATION BY VALUER FIRM																														
i.	As a result of my appraisal and analysis, it is my considered opinion that the present fair market value of the above property in the prevailing condition with aforesaid specifications is <b>Rs.5,57,00,000/-</b> (Rs. <u>Five Crore Fifty Seven Lakhs Only</u> ). The Realizable value of the above property is <b>Rs.4,46,00,000/-</b> (Rs. <u>Four Crore Forty Six Lakhs Only</u> ). The book value of the above property as of <u>xxx</u> is Rs. <u>xxx</u> (Rupees <u>      </u> only) and the distress value <b>Rs.3,90,00,000/-</b> (Rupees <u>Three Crore Ninety Lakhs Only</u> ).

## ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

---

### Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavor to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

### Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

### Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider

Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.

17. A valuer shall not indulge in "mandate snatching or offering "convenience valuations" in order to cater to a company or client's needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

### **Confidentiality**

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

### **Information Management**

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorized by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

### **Gifts and hospitality.**

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.

Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

### **Remuneration and Costs.**

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

**Occupation, employability and restrictions.**

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

**Miscellaneous**

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

Signature of the Valuer: \_\_\_\_\_

Name of the Valuer: R.K Associates Valuers & Techno Engg. Consultants (P) Ltd.

Address of the Valuer: D-39, Sector-2, Noida-201301

Date: 20/3/2021

Place: Noida

**ENCLOSURE: VI – VALUER’S REMARKS**

1.	This Valuation report is prepared based on the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
2.	Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents, etc. have to be taken care by legal expert/ Advocate and same are not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report.
3.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work.
4.	Value varies with the Purpose/ Date/ Condition prevailing in the market. We recommend not to refer the indicative & estimated prospective Value of the asset given in this report if any of these points are different from the one mentioned aforesaid in the Report. We also recommend that the indicative estimated Value in the Valuation Report holds good only upto the period of 3 months from the date of Valuation.
5.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
6.	This Valuation report is prepared based on the facts of the property on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the country. In future property Market may go down, property conditions may change or may go worse, Property reputation may differ, Property vicinity conditions may go down or become worse, Property market may change due to impact of Govt. policies or effect of World economy, Usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
7.	Valuation of the same asset/ property can fetch different values in different situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the market will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it will fetch lower value. Hence before financing, Banker/ FI should take into consideration all such future risks and should loan conservatively to keep the advanced money safe in case of any such situation.
8.	Getting cizra map or coordination with revenue officers for site identification is not done at our end.
9.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just cross verified the identification of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest.
10.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
11.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will

	be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township must be approved in all respect..
12.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work.
