6.	How is the maintenance of the Unit?	Good
7.	Sale Deed executed in the name of	M/s. The Bharat Vijay Mills Ltd. (Via - Agreement to sell)
8.	What is the undivided area of land as per	Not mentioned in the provided documents
	Sale Deed?	·
9.	What is the plinth area of the Unit?	Unit No. 417 - 522 sq.ft. Unit No. 418 - 522 sq.ft., Unit No.
		419 - 522 sq.ft. Total Built-up Area - 1566 sq.ft
10.	What is the floor space index (app.)	No details provided to us
11.	What is the Carpet Area of the Unit?	1211.25 sq.ft (As per site measurement)
12.	Is it Posh/ I class / Medium / Ordinary?	Within good urban developed area
13.	Is it being used for Residential or	Commercial
	Commercial purpose?	
14.	Is it Owner-occupied or let out?	In Possession of Owner
15.	If rented, what is the monthly rent?	NA

IV	MARKETABILITY			
1.	How is the marketability?	Property is located in well developed area.		
2.	What are the factors favoring for an extra Potential Value?			
3.	Any negative factors are observed which affect the market value in general?	No		

V		RATE
1.	After analyzing the comparable sale instances, what is the composite rate for a similar Unit with same specifications in the adjoining locality? - (Along with details /reference of at-least two latest deals/transactions with respect to adjacent properties in the areas)	As per the discussion with market participants of the subject locality we came to know that the prevailing market value of 1500 sq.ft.(Built-up-area) commercial office unit in subject locality with direct access of lift & Stairs calculated to be Approx. Rs 18,000/- to 23,000/- per sq.ft on Built Up Area. & Rs.2,75,00,000/- to Rs. 3,50,00,000/- for 1500 sq.ft. built —up- area i.e calculated to be Approx Rs.18,000/- to 23,000/- per sq.ft on built up area. As the subject commercial office unit is merged and used as a single unit Keeping all those factors into the consideration that may affect the value of this property we have adopted the rate of Rs.21,000/- per sq.ft. on built up area. Which seems reasonable in our opinion.
2.	Assuming it is a new construction, what is the adopted basic composite rate of the Unit under valuation after comparing with the specifications and other factors with the Unit under comparison (give details).	Not applicable since the valuation is done by Comparable Market Rate Approach
3.	Break - up for the rate	
	i. Building + Services	Cannot separate in these components since only composite rate available in the market

	ii. Land + Others	NA
4.	Guideline rate obtained from the Registrar's office (an evidence thereof to be enclosed)	Rs. 1,94,820 /- per sq.mtr.

VI	COMPOSITE RATE	ADOPTED AFTER DEPRECIATION
a.	Depreciated building rate	
	Replacement cost of Unit with Services {V (3)i}	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Age of the building	Approx. 25-30 years as per the copy of agreement for sale
	Life of the building estimated	Approx. 30 to 35 years, subjected to timely maintenance
	Depreciation percentage assuming the salvage value as 10%	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Depreciated Ratio of the building	Not applicable separately since the composite rates available in the market take care of this aspect inherently
b.	Total composite rate arrived for valuation	
	Depreciated building rate VI (a)	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Rate for Land & other V (3)ii	Not applicable separately since the composite rates available in the market take care of this aspect inherently
	Total Composite Rate	Rs.21,000/- per sq. ft. on Built up Area

VII	DET.	AILS OF V	ALUATION			
Sr. No.	Description	Qty.	Rate per unit Rs.	Estimated Value Rs.		
1.	Present value of the Unit (incl. car parking, if provided)	01	Rs.21,000/- per sq.ft. on Built up Area	Total = Rs.3,29,00,000/-		
2.	Wardrobes			9		
3.	Showcases	The con	posite rate for the prope	erty available in the market		
4.	Kitchen Arrangements			perty has been valued is		
5.	Superfine Finish			components and these are		
6.	Interior Decorations		ed separately. The value			
7.	Electricity deposits/ electrical fittings, etc.,	comparable market rate approach and hence these items cannot be valued separately to arrive at the market value				
8.	Extra collapsible gates / grill works	of the pr	operty.			
	etc.,					
9.	Potential value, if any					
10.	Others					
11.	Total	01	Rs.21,000/- per sq.ft. on Built up Area	Total = Rs.3,29,00,000/-		

VII.	VALUATION ASSESSMENT ASSESSMENT FACTORS				
A.					
i.	Valuation Type Built-up unit value (sold-purchased as a Commercial Office Valuation Type seperate dwelling unit)				
ii.	Scope of the Valuation	Non binding opinion on the assessment of Plain Asset Valuation of the property identified to us by the owner or through his representative.			
iii.	Property Use factor	Current Use	Highest & Best Use		

		Comm	nercial		Commercial		
iv.	Legality Aspect Factor	Assumed to be positive as per copy of documents & information produto us. However Legal aspects of the property are out-of-scope of Valuation Services. Verification of authenticity of documents from originals or cross checkfrom any Govt. dept. Have to be taken care by Legal expert/ Advocate.					
	Land Dhariant forters						
٧.	Land Physical factors	Shape		Size	Level	Frontage to depth ratio	
vi.	Property location category factor	Not Applicable City Categorization	Not Applicable Locality Categorization		Not Applicable Property location classification	Not Applicable Floor Level	
		Metro City Urban developed Property Facing	With	Good in urban oped area	Near to Market Good location within locality Not Applicable	4 th Floor	
vii.	Any New Development in surrounding area	Work in Progress of widening of existing	of				
viii.	Any specific advantage/ drawback in the property	None					
ix.	Property overall usability Factor	Good					
х.	Comment on Property Salebility Outlook	Easily sellable					
xi.	Comment on Demand & Supply in the Market	Good demand of s	uch prop	erties in the	e market		
xii.	Any other aspect which has relevance on the value or marketability of the property	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financer due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.					
		situation on the da value of any asset in the country. In fi may change or m vicinity conditions change due to imporprospects of the pro-	te of the varies	e survey. It with time & s operty mark worse, prop down or b ovt. policies nay change,	d on the facts of the pairs a well-known facts ocio-economic contest may go down, protesty reputation may ecome worse, propor effect of World educt. Hence before finch future risk while the	t that the market ditions prevailing operty conditions differ, property erty market may conomy, usability nancing, Banker/	
xiii.	Sale transaction method assumed						

		M/S. SINTAX BAPLLID.	MASSOCIATES
	xiv.	Best Sale procedure to	Free market transaction at arm's length wherein the parties, after full market
		realize maximum Value	survey each acted knowledgeably, prudently and without any compulsion.
100000000000000000000000000000000000000	XV.	Methodology/ Basis of Valuation	Govt. Guideline Value: Registration and Stamp Department, Government of Maharashtra
			Market Value: Market Comparable Sales approach
200			Valuation of the asset is done as found on as-is-where basis.
			Valuation is done based on the Valuation best practices, standard operating procedures and definitions prescribed by various organizations like IVSC, Income Tax of India, etc. as defined under.
The state of the s			For knowing comparable market rates, significant discreet local enquiries have been made from our side representing ourselves as both buyer and seller for the similar properties in the subject area and thereafter based on this information and various factors of the property, a rate has been judiciously taken considering the market scenario.
THE RESERVE AND PROPERTY OF THE PARTY OF THE			References regarding the prevailing market rates are based on the verbal/informal/ secondary/ tertiary information collected during market survey in the subject area from the local people, property consultants, recent deals, demand-supply, internet postings which are relied upon. No written record is generally available for such market information and only the verbal information has to be relied upon.
The state of the s			Market Rates are rationally adopted based on the facts of the property that came to our knowledge during the course of the assignment considering many factors like nature of the property, size, location, approach, market situation and trends.
			The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market researches and does not split into formal & informal payment components.
STATE OF THE PARTY			Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Bank interest, selling cost, marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.
Committee of the Commit			This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Fair Market Value. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.
A STATE OF THE PARTY OF THE PAR		8	The condition assessment and the estimation of the residual economic life of the structure is only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
The last state of the last sta			Sale transaction method of the asset is assumed as free market transaction while assessing Indicative & Estimated Fair Prospective Market Value of the asset.

Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset has not been factored in the Valuation.

This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is not investigative in nature.

Fair Market Value* suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him related to the subject asset at which the subject asset/property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, after proper marketing, wherein the parties, each acted knowledgeably, prudently and without any compulsion on the date of the Valuation.

Forced, under compulsion & constraint, obligatory sales transactions data doesn't indicate the Fair Market Value.

Realizable Value^ is the minimum prospective estimated value of the property which it may be able to realize at the time of actual property transaction factoring in the potential prospects of deep negotiations carried out between the buyer & seller for ultimately finalizing the transaction across the table. Realizable value may be 10-20% less than the Fair Market Value depending on the various salability prospects of the subject property and the needs of the buyer & the seller.

Forced/ Distress Sale Value* is the value when the property has to be sold due to any compulsion or constraint like financial encumbrances, dispute, as a part of a recovery process, any defect in the property, legal issues or any such condition or situation. In this type of sale, minimum fetch value is assessed which can be 25-40% less than the estimated Fair Market Value based on the nature, size & salability prospects of the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property is more than buying it. Therefore the Forced/ Distress Sale Value will always fetch significantly less value compare to the estimated Fair Market Value.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold on a piecemeal basis that is without consideration of benefits (or detriments) associated with a going-concern business. Liquidation value can be either in an orderly transaction with a typical marketing period or in a forced transaction with a shortened marketing period.

Difference between Cost, Price & Value: Generally these words are used and understood synonymously. However in reality each of these has a completely different meaning, premise and also having different definitions in the professional & legal terms. Therefore to avoid confusion, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

		The Cost of an asset represents the actual amount spend in the construction/ actual creation of the asset.					
		The Price is the amount paid for the procurement of the same asset.					
		The Value is defined as the present worth of future rights in the property/ asset and depends to a great extent on combination of various factors such as demand and supply, market situation, purpose, situation & needs of the					
		rep	buyer & seller, saleability outlook, usability factor, market perception & reputation. Needs of the buyer & seller, saleability outlook, usability factor, market perception & reputation.				
				same asset/ property, cost, price & value remain have different usage & meaning.

	Circle Rate	current practical market dynamics which is explained clearly in		
		Valuation Assessment Factors		
xiii.	Concluding comments &	1. The subject unit is made by amalgamating Three units i.e. unit no.		
	Disclosures if any	417, 418 & 419 and used as a single commercial office unit. These		
		units are merged as one single office.		
		2. Although, this will remain a fact that each unit has a separate		
		access door presently closed that these units can be separated		
		and sold individually same is considered in the valuation report.		
		3. However, presently the property market is not under a free market		
		condition due to Covid Pandemic disruption. Currently, as per the micro		
		& macro market research, the demand for property is weak and the		
		enquiries and the transactions are negligible. In these uncertain times,		
		people are likely to be very cautious in their expenditures in general and		
		are and will be averse to lock up their available liquidity in the acquisition		
		of fixed assets like property. A potential buyer of property if any, may		
		consider acquiring a property only if he gets a really good bargain, at a		
		substantial discount to the rates prevailing before the Covid Pandemic.		
		Thus the Realizable Value in this Report has been adopted based on		
		this consideration.		
		4. This Valuation report is prepared based on the copies of the documents/		
		information which interested organization or customer could provide to		
		us out of the standard checklist of documents sought from them and		
		further based on our assumptions and limiting conditions. All such		
		information provided to us has been relied upon in good faith and we		
		have assumed that it is true and correct.		
		5. Legal aspects for eg. Investigation of title, ownership rights, lien,		
		charge, mortgage, lease, verification of documents from originals, etc.		
		has to be taken care by legal experts/ Advocates.		
		6. This report only contains technical & market information which came to		
		knowledge during course of the assignment. It doesn't contain any		
		recommendations.		
		7. This report is prepared following our Standard Operating Procedures &		
		Best Practices, Limitations, Conditions, Remarks, Important Notes,		
		Valuation TOR.

ANNEXURE: VII- MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

- A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
- A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
- 3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
- A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
- 5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

- A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
- 7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
- A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
- 9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
- 10.A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
- 11.A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

- 12.A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
- 13.A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
- 14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
- 15.A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
- 16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider

Page 25 of 29

M/S. SINTAX BAPL LTD.

Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.

- 17.A valuer shall not indulge in "mandate snatching or offering"convenience valuations" in order to cater to a company or client's needs.
- 18. As an independent valuer, the valuer shall not charge success fee.
- 19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20.A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

- 21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
- 22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
- 23.A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
- 24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

Gifts and hospitality.

- 25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.
 - Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).
- 26.A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

27.

Page 26 of 29

M/S. SINTAX BAPL LTD.

Remuneration and Costs.

- 28.A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
- 29. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

- 30. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
- 31.A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

- 32.A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
- 33. A valuer shall follow this code as amended or revised from time to time

M/S. SINTAX BAPL LTD.

ENCLOSURE: VI - VALUER'S REMARKS

	M/S. SINTAX BAPLLID.
	scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough to determine the exact lawful situation on ground for the Valuer. In case nothing specific is noted on the covered built-up area considered in the Valuation Report, the covered area present on the site as per site survey will be considered in the Valuation.
13.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
14.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However our Valuation analysis can definitely help the stakeholders to make them informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
15.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property.
16.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
17.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
18.	Defect Liability Period is <u>30 DAYS</u> . We request the concerned authorized reader of this report to check the contents, data and calculations in the report within this period and intimate us in writing if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. Corrections only related to typographical, calculation, spelling mistakes will be entertained within the defect liability period. No request for any illegitimate value revision, date change or any other change will be entertained other than the one mentioned above.
19.	R.K Associates encourages its customers to give feedback or inform concerns over its services through proper channel at valuers@rkassociates.org in writing within 30 days of report delivery. After this period no concern/ complaint/ proceedings in connection with the Valuation Services can be entertained due to possible change in situation and condition of the property.
20.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
21.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then it is the responsibility of the user of this report to immediately or atleast within the defect liability period bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
22.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
