4.	Name of the owner(s)	M/s. Dharamraj Contracts India Pvt. Ltd.			
	Address/ Phone no.	Address: Abhishek Plaza, Third Floor part second, Pocket B, Mayur Bihar second, New Delhi -91			
		Phone No.: 9910217387			
5.	Brief description of the property				
	This opinion on valuation report is prepared for the vacant land situated at the aforesaid address having total land area admeasuring 3280 sq. mtr. (0.3280 hectare) as per the Sale Deed provided to us by the bank. As per the documents provided to us, this is a free hold piece of land transferred from M/s. Rohit Alloys Pvt. Ltd. To M/s. Dharamraj Contracts India Pvt. Ltd. through sale deed made on 05-05-2018. As per CLU report this is a non-agricultural land.				

As per the site survey by our surveyor, the subject property is a vacant land bounded by only one boundary wall, separating the property from other's plot (Plot No. 748) on the east side of the property. The North side is merged with a vacant land (plot no. 746). South part of the subject property is merged with another vacant land (plot no 751). As per the letter from Tehsildar, a 23.5 ft. wide road which should be used as a common road, is proposed on the west of the subject property which will be the only mean of the accessibility for plot nos. 746, 747 and 751, but as of now only clay top approach (kacha rasta) is present there. As per the observation made during site survey there was a gate situated between plot no.744 & plot no.746 on the proposed 23.5 ft. wide road on the west side of the property and this gate seems to be the only way to enter in our subject property. As per documents provided to us Plot No. 746,747 & 751 all three plots are owned by M/s. Dharamraj Contracts India Pvt. Ltd. There is no demarcation on the plot from west, South and North side of the property. As plot No. 747 is merged with plot no. 746 and 751, it is very difficult to take the plot in possession individually in present state since no demarcation is present on site.

The property is shown by the owner's representative Mr. Anuj (Mobile: +91-99999 94182) and valuation is done on as-is-where-is basis as shown to us. We have also crossed checked from the cizra map found from the public domain as much as we can check. The property details like ownership, address, details have been taken on the basis of sale deed.

It is located ~150 mtr. away from Grand Trunk Road, Village- Chhapraula, Tehsil- Dadri, District- Gautam Buddha Nagar, Uttar Pradesh.

In case of discrepancy in the address mentioned in the property documents and the property shown to us at the site due to change in zoning or administrative level at the site or client misled the valuer by providing the fabricated document, the valuation should be considered of the property shown to us at the site of which the photographs are also attached. Our responsibility will be only related to the valuation of the property shown to us on the site and not regarding matching from the documents or searching the property from our own. Banker to verify from district administration/ tehsil level the identification of the property if it is the same matching with the document pledged.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property of which Bank/ customer asked us to conduct the Valuation for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. Even if any such information is mentioned in the report it is only referred from the information provided for which we do not assume any responsibility. Due care has been given while doing valuation assessment but it doesn't contain any due-diligence or audit or verification of any kind other than the valuation computation of the property shown to us on site. Information/ data/ documents given to us by Bank/ client have been relied upon in good faith.. This report doesn't contain any other recommendations of any sort.

6.	Location of the property		
	6.1 Plot No. / Survey No.	---	
	6.2 Door No.	---	
	6.3 T. S. No. / Village	Village- Chhapraula	
	6.4 Ward / Taluka	Tehsil- Dadri	
	6.5 Mandal / District	District- Gautam Buddha Nagar	
	6.6 Postal address of the property	~150 mtr. away from Grand Trunk Road, Village- Chhapraula, Tehsil- Dadri, District- Gautam Buddha Nagar, Uttar Pradesh	
	6.7 Latitude, Longitude & Coordinates of the site	28°36'52.5"N 77°29'15.0"E	
	6.8 Nearby Landmark	Near Grand Trunk Road (~150 mtr. away)	
7.	City Categorization	Metro City	Urban developing
	Type of Area	It is a mixed used area. On main road properties are used as commercial and internal roads as residential.	
8.	Classification of the area	Middle Class (Ordinary)	Urban developing
		Within urban developing zone	
9.	Local Government Body Category (Corporation limit / Village Panchayat / Municipality) - Type & Name	Urban	Municipal Corporation (Nagar Nigam)
		Ghaziabad Municipal Corporation	
10.	Whether covered under any prohibited/ restricted/ reserved area/ zone through State / Central Govt. enactments (e.g. Urban Land Ceiling Act) or notified under agency area / scheduled area / cantonment area/ heritage area/ coastal area	No as per general information available on public domain	NA

11.	In case it is an agricultural land, any conversion of land use done	As per documents it is not an Agricultural land	
12.	Boundary schedule of the Property		

	Are Boundaries matched			Yes from the available documents			
	Directions			As per Documents		Actually found at Site	
	North			Khasra No. 746		Plot No.746 (Vacant land,Property of Dharamraj Contracts)	
	South			Khasra No. 751		Plot No.751 (Vacant land,Property of Dharamraj Contracts)	
	East			Other's Plot		Other's Plot	
	West			23.5 ft. wide road(kacha)		~25 ft. wide mud road	
13.	Dimensions of the site						
	Directions			As per Documents (A)		Actually found at Site (B)	
	North			Not mentioned in the documents		Not measurable at site	
	South			Not mentioned in the documents		Not measurable at site	
	East			Not mentioned in the documents		Not measurable at site	
	West			Not mentioned in the documents		Not measurable at site	
14.	Extent of the site			3280 sq.mtr. (0.3280 hectare)		---	
15.	Extent of the site considered for valuation (least of 14A & 14B)			3280 sq.mtr. (0.3280 hectare) (as per the documents provided to us)			
16.	Property presently occupied/ possessed by			Vacant			
	If occupied by tenant, since how long?			NA			
	Rent received per month			NA			
II.	CHARACTERISTICS OF THE SITE						
1.	Classification of the locality			Already described at S.No. I (Point 08).			
2.	Development of surrounding areas			Developing area			
3.	Possibility of frequent flooding / sub-merging			No			
4.	Proximity to the Civic amenities & social infrastructure like school, hospital, bus stop, market, etc.						
	School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
	500 mtr.	500 mtr.	100 mtr.	6.5 km.	5 km.	9.5 km.	50 km.
5.	Level of land with topographical conditions			below road level/ Solid Land			
6.	Shape of land			Irregular			
7.	Type of use to which it can be put			Appropriate for residential use (As in the Sale Deed, it is mentioned as non agricultural)			
8.	Any usage restriction			No			
9.	Is plot in town planning approved layout?/ Zoning regulation			No		Mixed use (Residential cum commercial)	
10.	Corner plot or intermittent plot?			It is not a corner plot			
11.	Road facilities						
	(a) Main Road Name & Width			Grand Trunk Road		~45 ft.	
	(b) Front Road Name & width			Internal Road		~25 ft.	

	(c) Type of Approach Road	Mud surfacing
	(d) Distance from the Main Road	~150 mtr.
12.	Type of road available at present	Mud surfacing
13.	Width of road – is it below 20 ft. or more than	More than 20 ft.
14.	Is it a land – locked land?	No
15.	Water potentiality	Not Applicable since it is a vacant plot
16.	Underground sewerage system	Not available
17.	Is power supply available at the site?	Not Applicable since it is a vacant land
18.	Advantages of the site	NA
19.	Special remarks, if any, like:	
	a. Notification of land acquisition if any in the area	No such information came in front of us and could be found on public domain
	b. Notification of road widening if any in the area	No such information came in front of us and could be found on public domain
	c. Applicability of CRZ provisions etc. (Distance from sea-coast / tidal level must be incorporated)	No
	d. Any other	NA

III. VALUATION OF LAND

1.	Size of plot	Please refer to Part B – Area description of the Property.
	North & South	
	East & West	
2.	Total extent of the plot	Please refer to Part C - Procedure of Valuation Assessment section.
3.	Prevailing market rate (Along with details/reference of at least two latest deals/ transactions with respect to adjacent properties in the areas)	
4.	Guideline rate obtained from the Registrar's Office (an evidence thereof to be enclosed)	
5.	Assessed / adopted rate of valuation	
6.	Estimated Value of Land	

IV. VALUATION OF BUILDING

1.	Technical details of the building		
	a. Type of Building (Residential / Commercial/ Industrial)	RESIDENTIAL / RESIDENTIAL PLOT/LAND (As per Sale Deed)	
	b. Type of construction (Load bearing / RCC/ Steel Framed)	Structure	Slab
		NA	NA
	c. Architecture design & finishing	Interior	Exterior
		Vacant Plot/ Land	Vacant Plot/ Land
	d. Class of construction	Class of construction: Vacant Plot/ Land	
	e. Year of construction/ Age of construction	NA	NA

	f. Number of floors and height of each floor including basement, if any	NA	
	g. Plinth area floor-wise	NA	
	h. Condition of the building	Interior	Exterior
		Vacant Plot/Land	Vacant Plot/Land
	i. Maintenance issues	Vacant Plot/ Land	
	j. Visible damage in the building if any	Vacant Plot/ Land	
	k. Type of flooring	Vacant Plot/ Land	
	a. Class of electrical fittings	NA/ Vacant Plot/ Land	
	b. Class of plumbing, sanitary & water supply fittings	NA/ Vacant Plot/ Land	
2.	Map approval details		
	a. Status of Building Plans/ Maps and Date of issue and validity of layout of approved map / plan	Not applicable since this is a vacant land	
	b. Approved map / plan issuing authority	Not applicable since this is a vacant land	
	c. Whether genuineness or authenticity of approved map / plan is verified	Not applicable	
	d. Any other comments on authenticity of approved plan	Not applicable	
	e. Is Building as per copy of approved Map provided to Valuer?	Not applicable since this is a vacant land	
	f. Details of alterations/ deviations/ illegal construction/ encroachment noticed in the structure from the approved plan	<input type="checkbox"/> Permissible alterations	Not applicable
		<input type="checkbox"/> Non permissible alterations	Not applicable
	g. Is this being regularized		
V.	SPECIFICATIONS OF CONSTRUCTION (FLOOR-WISE) IN RESPECT OF		
1.	Foundation	<p>This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. These points are covered in totality in lumpsum basis under Technical details of the building under "Class of construction, architecture design & finishing" point.</p>	
2.	Basement		
3.	Superstructure		
4.	Joinery / Doors & Windows (please furnish details about size of frames, shutters, glazing, fitting etc. and specify the species of timber)		
5.	RCC works		
6.	Plastering		
7.	Flooring, Skirting, dadoing		
8.	Special finish as marble, granite, wooden paneling, grills, etc		

9.	Roofing including weather proof course	
10.	Drainage	
11.	Compound wall	No
	Height	---
	Length	---
	Type of construction	---
12.	Electrical installation	Please refer to "Class of electrical fittings" under Technical details of the building above in totality and lumpsum basis. This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis.
	Type of wiring	
	Class of fittings (superior / ordinary / poor)	
	Number of light points	
	Fan points	
	Spare plug points	
	Any other item	
13.	Plumbing installation	Please refer to "Class of plumbing, sanitary & water supply fittings" under Technical details of the building above in totality and lumpsum basis. This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis.
	No. of water closets and their type	
	No. of wash basins	
	No. of urinals	
	No. of bath tubs	
	No. of water closets and their type	
	Water meter, taps, etc.	
	Any other fixtures	

***NOTE:**

1. For more details & basis please refer to **Part C - Procedure of Valuation Assessment section.**
2. This valuation is conducted based on the comparable composite market rate method which is inherently inclusive of the additional items as mentioned in S. No. 2 to 8 if present in the flat at ordinary level. For any exclusive and superfine finish over and above ordinary finishing, additional value is taken in lumpsum as described in the **Procedure of Valuation Assessment section under "Valuation of Additional Aesthetic & Decor Works in the Property".**
3. Estimated Value is subject to the assumptions, limitations, basis of computation, caveats, information, facts came during valuation within the limited available time & cost.
4. **PART A - SBI format on opinion report on Valuation** is just the description of the asset as per the format requirement of the client. The real procedure of Valuation is discussed from **PART C – Procedure of Valuation Assessment** where all different aspect of Valuation as per the standards are described in detail.
5. This Valuation is guided by Valuation Terms of Service and Valuer's Important Remarks which can also be found at www.rkassociates.org.

PART C

AREA DESCRIPTION OF THE PROPERTY

1.	Land Area considered for Valuation	3280 sq.mtr. (0.3280 hectare)	
	Area adopted on the basis of	Property documents	
	Remarks & observations, if any	Due to the large, irregular size and no proper demarcation between the plots, measurement is not possible at site. Thus, we are considering plot area of 3280 Sq. mtr. based on the documents provided to us.	
2.	Constructed Area considered for Valuation (As per IS 3861-1966)	Covered Area	NA, Vacant Plot/Land
	Area adopted on the basis of	NA	
	Remarks & observations, if any	NA	

Note:

1. Area measurements considered in the Valuation Report pertaining to Land & Building is adopted from relevant approved documents or actual site measurement whichever is less. All area measurements are on approximate basis only.
2. Verification of the area measurement of the property is done based on sample random checking only.
3. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents verified with digital survey through google which has been relied upon.
4. Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

PART D
PROCEDURE OF VALUATION ASSESSMENT

1.		GENERAL INFORMATION		
i.	Important Dates	Date of Inspection of the Property	Date of Valuation Assessment	Date of Valuation Report
		26 July 2022	2 August 2022	2 August 2022
ii.	Client	Punjab National Bank, LCB Sector-62, Noida		
iii.	Intended User	Punjab National Bank, LCB Sector-62, Noida		
iv.	Intended Use	To know the general idea on the market valuation trend of the property as per free market transaction. This report is not intended to cover any other internal mechanism, criteria and considerations of any organization as per their own need, use & purpose.		
v.	Purpose of Valuation	For Periodic Re-valuation of the mortgaged property		
vi.	Scope of the Assessment	Non binding opinion on the assessment of Plain Physical Asset Valuation of the property identified to us by the banker and nearby village people.		
vii.	Restrictions	This report should not be referred for any other purpose, by any other user and for any other date other then as specified above.		
viii.	Manner in which the proper is identified	<input type="checkbox"/>	Done from the name plate displayed on the property	
		<input type="checkbox"/>	Identified by the owner	
		<input checked="" type="checkbox"/>	Identified by the owner's representative	
		<input checked="" type="checkbox"/>	Enquired from local residents/ public	
		<input checked="" type="checkbox"/>	Cross checked from the boundaries/ address of the property mentioned in the documents provided to us	
		<input type="checkbox"/>	Identification of the property could not be done properly	
		<input type="checkbox"/>	Survey was not done	
ix.	Type of Survey conducted	Only photographs taken (No sample measurement verification)		

2.	ASSESSMENT FACTORS		
i.	Nature of the Valuation	Fixed Assets Valuation	
ii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature	Category
		VACANT LAND	RESIDENTIAL
		Classification	Personal use asset
iii.	Type of Valuation (Basis of Valuation as per IVS)	Primary Basis	Market Value & Govt. Guideline Value
		Secondary Basis	Not Applicable

iv.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Normal Marketable State			
		Reason: Asset under free market transaction state			
v.	Property Use factor	Current/ Existing Use	Highest & Best Use <i>(in consonance to surrounding use, zoning and statutory norms)</i>	Considered for Valuation purpose	
		Vacant land	Mixed Use (Residential cum Commercial)	Residential	
vi.	Legality Aspect Factor	Assumed to be fine as per copy of the documents & information produced to us. However Legal aspects of the property of any nature are out-of-scope of the Valuation Services. In terms of the legality, we have only gone by the documents provided to us in good faith. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. have to be taken care by Legal expert/ Advocate.			
vii.	Class/ Category of the locality	Middle Class (Ordinary)			
viii.	Property Physical Factors	Shape	Size	Layout	
		Rectangle	Medium	Not Applicable	
ix.	Property Location Category Factor	City Categorization	Locality Characteristics	Property location characteristics	Floor Level
		Metro City	Ordinary	Near to Highway	NA
		Urban developing	Normal	Normal location within locality	
			Within urban developing zone	None	
		Property Facing			
		West Facing			
x.	Physical Infrastructure availability factors of the locality	Water Supply	Sewerage/ sanitation system	Electricity	Road and Public Transport connectivity
		Not Applicable since it is a vacant plot	Not Available	Not Applicable since it is a vacant land	Easily available
		Availability of other public utilities nearby		Availability of communication facilities	

		Transport, Market, Hospital etc. are available in close vicinity	Major Telecommunication Service Provider & ISP connections are available
xi.	Social structure of the area (in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/ squatter settlements nearby, etc.)	Medium Income Group	
xii.	Neighbourhood amenities	Average	
xiii.	Any New Development in surrounding area	None	NA
xiv.	Any specific advantage/ drawback in the property	Drawback: <ol style="list-style-type: none"> 1. The subject Plot No. 747 is merged with Plot nos. 746 from north side and 751 from south side and is in between both. 2. This specific plot doesn't have any demarcation with other adjoining plots. There is no demarcation between plot no. 746 & 747. Both plots are merged. Also. a common road of 23.5' wide from the plot no. 744, is the only mean of accessibility for the plots nos. 746, 747 and 751. However all the above plots numbers also belongs to M/s Dharamraj Contracts Pvt. Ltd. and as per Bank these are also separately mortgaged with the Bank. So in that terms it lowers the risk in terms of accessibility subject to that the other plots are of same owner and are mortgaged with same Bank. 3. Above 2 points are the drawbacks and may affect if the plot has to be sold separately. 	
xv.	Property overall usability/ utility Factor	Normal	
xvi.	Do property has any alternate use?	Yes, can be used for residential and commercial purpose.	
xvii.	Is property clearly demarcated by permanent/ temporary boundary on site	Partly demarcated only from east side of the subject property.	
xviii.	Is the property merged or colluded with any other property	Yes	
		Comments: The subject property is merged with plot nos. 746 and 751.	
xix.	Is independent access available to the property	Clear independent access is available through a proposed 23.5ft. wide road from the plot no. 744, which will be the common accessible road for plot nos.	

		746, 747 and 751. But there is no road at site presently.		
xx.	Is property clearly possessable upon sale	Yes		
xxi.	Best Sale procedure to realize maximum Value (in respect to Present market state or premise of the Asset as per point (iv) above)	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xxii.	Hypothetical Sale transaction method assumed for the computation of valuation	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xxiii.	Approach & Method of Valuation Used	Land	Approach of Valuation	Method of Valuation
			Market Approach	Market Comparable Sales Method
xxiv.	Type of Source of Information	Level 3 Input (Tertiary)		
xxv.	Market Comparable			
	References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered (from property search sites & local information)	1	Name:	Mr. Rajat Chauhan
			Contact No.:	+91-8595632494
			Nature of reference:	Property Consultant
			Size of the Property:	2000 sq. yrd
			Location:	Achheja Village, ~800 mtr. from main G.T. Road
			Rates/ Price informed:	Around Rs. 18,000/- per sq.yd.
			Any other details/ Discussion held:	As per the discussion held with the property dealer, we came to know that the rates for the land ~800 mtr. away from main G.T.Road is around ~Rs.18,000/- per sq. yrd.. But he also informed that residential land rate near G.T. Road would be in the subject locality ranges between Rs.25,000/- to Rs.35,000/- per sq.mtr. further depends on size and location of the land.
		2	Name:	Mr. Jitendra Pal

	Contact No.:	+91- 8802535777
	Nature of reference:	Interested Seller
	Size of the Property:	Approx. 80 sq. yrd. with built up unit (3 floors, 195 sq.mtr.)
	Location:	1-2 km. from Chhapraula Police Chowk
	Rates/ Price informed:	Around Rs.32,00,000/-
	Any other details/ Discussion held:	As per the discussion with the interested seller, the said plot comes with a G+2 floors building with 20 ft. wide road in front of it.

xxvi. **NOTE: The given information above can be independently verified to know its authenticity.**

xxvii.	Adopted Rates Justification	<p>The location of the subject property is in Village- Chhapraula, Tehsil- Dadri, District- Gautam Buddha Nagar, Uttar Pradesh and there are enough land parcels available nearby. As per market survey & verbal conversation with local persons & local property consultant, we got the following information:</p> <ol style="list-style-type: none"> 1. The market rates for the land in Chhapraula at or near Grand Trunk Road will depend upon the size, frontage, location and accessibility of the subject property. 2. The asking price for the land in the subject locality on main G.T. Road is varying between Rs.40,000/- to Rs.45,000/- per sq.mtr depending upon the size and location of the subject property. However not many references are available for the subject location so we have referred some other nearby locations also to be double sure for the rates. 3. As per Market comparable 2 in the above table, after excluding the built-up area the land rate that we are getting for 80 sq. yrd. plot is ~Rs.40,000/- per sq. mtr. but our subject property is 2100 sq.mtr. in area. So, we can say the land rate for our subject property is ~Rs.30,000/- (less 25-30% for the due to large size). 4. As per discussion with the property dealer the land rate that we are getting for a property ~800 mtr. inside from G.T. Road is Rs.18,000/- per sq. yrd. (~Rs.15,050/- per sq. mtr.). So, we can adopt the prevailing land rate for our subject property is ~ Rs.30,000/- per sq.mtr. 5. The subject property is around 150 mtr. away from the main Grand Trunk road. 6. The circle rate of the subject vicinity is Rs.9,500/- per sq.mtr. <p>Hence taking into consideration all above factors like size, frontage, location, accessibility, facilities, distance from main road and market</p>
--------	-----------------------------	--

condition and considering the base rate as Rs.42,500/- on the main road we are of the view that the appropriate rate range for such a land can be considered between Rs.25,000/- to Rs.28,000/- per sq.mtr and for the valuation purpose we have adopted **Rs.26,500/- per sq.mtr.** (taking 37.5% less on base of main road) which appears to be reasonable in our view for such kind of a property.

NOTE: We have taken due care to take the information from reliable sources. The given information above can be independently verified from the provided numbers to know its authenticity. However due to the nature of the information most of the market information came to knowledge is only through verbal discussion with market participants which we have to rely upon where generally there is no written record.

Related postings for similar properties on sale are also annexed with the Report wherever available.

xxix.	Any other special consideration	Reason: NA	
		Adjustments (-/+): 0%	
xxx.	Any other aspect which has relevance on the value or marketability of the property	NA	
		<p>Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will fetch considerably lower value. Similarly, an asset sold directly by an owner in the open market through free market arm's length transaction then it will fetch better value and if the same asset/ property is sold by any financier or court decree or Govt. enforcement agency due to any kind of encumbrance on it then it will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.</p> <p>This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect</p>	

		of domestic/ world economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.
		Adjustments (-/+): 0%
xxxi.	Final adjusted & weighted Rates considered for the subject property	Rs.26,500/- per sq.mtr
xxxii.	Considered Rates Justification	As per the thorough property & market factors analysis as described above, the considered estimated market rates appears to be reasonable in our opinion.
xxxiii.	Basis of computation & working	
	<ul style="list-style-type: none"> Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report. Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values. For knowing comparable market rates, significant discreet local enquiries have been made from our side based on the hypothetical/ virtual representation of ourselves as both buyer and seller for the similar type of properties in the subject location and thereafter based on this information and various factors of the property, rate has been judiciously taken considering the factors of the subject property, market scenario and weighted adjusted comparison with the comparable properties unless otherwise stated. References regarding the prevailing market rates and comparable are based on the verbal/ informal/ secondary/ tertiary information which are collected by our team from the local people/ property consultants/ recent deals/ demand-supply/ internet postings are relied upon as may be available or can be fetched within the limited time & resources of the assignment during market survey in the subject location. No written record is generally available for such market information and analysis has to be derived mostly based on the verbal information which has to be relied upon. Market Rates are rationally adopted based on the facts of the property which came to our knowledge during the course of the assessment considering many factors like nature of the property, size, location, approach, market situation and trends and comparative analysis with the similar assets. During comparative analysis, valuation metrics is prepared and necessary adjustments are made on the subject asset. The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which takes place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer. Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Commission, Bank interest, Selling cost, Marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value. This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Market Value as described above. As per the current market practice, in most of the cases, formal transaction takes place 	

for an amount less than the actual transaction amount and rest of the payment is normally done informally.

- Area measurements considered in the Valuation Report pertaining to asset/ property is adopted from relevant approved documents or sample site measurement whichever is less unless otherwise mentioned. All area measurements are on approximate basis only.
- Verification of the area measurement of the property is done based on sample random checking only.
- Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
- Drawing, Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
- Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its age, existing condition & specifications based on visual observation only of the structure. No structural, physical tests have been carried out in respect of it. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.
- Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method unless otherwise stated.
- The condition assessment and the estimation of the residual economic life of the structure are only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.
- This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is neither investigative in nature nor an audit activity.
- Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.

xxxiv. **ASSUMPTIONS**

- a. Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith.
- b. Local verbal enquiries during micro market research came to our knowledge are assumed to be taken on record as true & factual.
- c. The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise.
- d. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
- e. Payment condition during transaction in the Valuation has been considered on all cash bases which includes both formal & informal payment components as per market trend.

- f. Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated.
- g. If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report. This valuation report is prepared for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township is approved and complied with all relevant laws and the subject unit is also approved within the Group Housing Society/ Township.

xxxv. **SPECIAL ASSUMPTIONS**

1. The subject Plot No. 747 is merged with Plot nos. 746 and 751 and is in between both.
2. Presently there is no demarcation between these three plots and all three plots belongs to same owner and are being mortgaged in bank. Valuation of other Plots are also computed in separate reports as requested by the Bank.
3. A kacha road is present as an access road as proposed to these plots as shown in since all the plots belongs to the same owner and are used as one.
4. Above 2 points are the drawbacks and may affect if the plot has to be sold separately.
5. However, since all the Plots are mortgaged with the Bank, presently used as single plot on site therefore this valuation is done keeping these factors into consideration.

xxxvi. **LIMITATIONS**

If we are taking subject property separately there would be more deductions in rates as there is only single accessibility from west side and is common for all three plots from plot no. 744 through proposed 23.5 ft road, which is only in documents and at present only kacha approach is there. The subject property is merged with plot no. 746 and 751 with less frontage and have limited buyer scope.

3. VALUATION OF LAND			
	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
a.	Prevailing Rate range	Rs.9,500/- per sq.mtr	Rs.25,000/- to Rs.35,000/- per sq.mtr
b.	Rate adopted considering all characteristics of the property	Rs.9,500/- per sq.mtr	Rs.26,500/- per sq.mtr
c.	Total Land Area considered (documents vs site survey whichever is less)	3280 sq.mtr. (0.3280 hectare)	3280 sq.mtr. (0.3280 hectare)
d.	Total Value of land (A)	3280 sq.mtr x Rs.9,500/-per sq.mtr Rs.3,11,60,000/-	3280 sq.mtr. x Rs.26,500/- per sq.mtr Rs.8,69,20,000/-

4. **VALUATION COMPUTATION OF BUILDING STRUCTURE**

NOT APPLICABLE, SINCE IT IS A VACANT LAND.

5.	VALUATION OF ADDITIONAL AESTHETIC/ INTERIOR WORKS IN THE PROPERTY		
S.No.	Particulars	Specifications	Depreciated Replacement Value
a.	Add extra for Architectural aesthetic developments, improvements (add lump sum cost)	----	---
b.	Add extra for fittings & fixtures (Doors, windows, wood work, cupboards, modular kitchen, electrical/ sanitary fittings)	----	---
c.	Add extra for services (Water, Electricity, Sewerage, Main gate, Boundary, Lift, Auxiliary power, AC, HVAC, Firefighting etc.)	---	---
d.	Add extra for internal & external development (Internal roads, Landscaping, Pavements, Street lights, Green area development, External area landscaping, Land development, Approach road, etc.)	----	---
e.	Depreciated Replacement Value (B)	---	---
f.	Note: <ul style="list-style-type: none"> Value for Additional Building & Site Aesthetic Works is considered only if it is having exclusive/ super fine work specification above ordinary/ normal work. Ordinary/ normal work value is already covered under basic rates above. Value of common facilities of society are not included in the valuation of Flat/ Built-up unit. 		

6.	CONSOLIDATED VALUATION ASSESSMENT OF THE ASSET		
S.No.	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
1.	Land Value (A)	Rs.3,11,60,000/-	Rs.8,69,20,000/-
2.	Construction Value (B)	---	---
3.	Total Add (A+B)	Rs.3,11,60,000/-	Rs.8,69,20,000/-
4.	Additional Premium Aesthetics if any	---	---
	Details/ Justification	---	---
5.	Deductions charged if any	---	---
	Details/ Justification	---	---
6.	Total Indicative & Estimated Prospective Fair Market Value	---	Rs.8,69,20,000/-
7.	Rounded Off	---	Rs.8,70,00,000/-

8.	Indicative & Estimated Prospective Fair Market Value in words	---	Rupees Eight Crore Seventy Lakhs Only
9.	Expected Realizable Value (@ ~15% less)	---	Rs.7,39,50,000/-
10.	Expected Distress Sale Value (@ ~25% less)	---	Rs.6,52,50,000/-
11.	Percentage difference between Circle Rate and Fair Market Value	~64%	
12.	Likely reason of difference in Circle Value and Fair Market Value in case of more than 20%	Difference is due to demand & supply gap in the market and nature of the property as described in the Valuation assessment factors. and Market rates are adopted based on prevailing market dynamics found as per the discrete market enquiries which is explained clearly in Valuation assessment factors.	
13.	Concluding Comments/ Disclosures if any		
	<p>a. We are independent of client/ company and do not have any direct/ indirect interest in the property.</p> <p>b. This valuation has been conducted by R.K Associates Valuers & Techno Engineering Consultants (P) Ltd. and its team of experts.</p> <p>c. This Valuation is done for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report.</p> <p>d. Reference of the property is also taken from the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. However we do not vouch the absolute correctness of the property identification, exact address, physical conditions, etc. based on the documents provided to us since property shown to us may differ on site Vs as mentioned in the documents or incorrect/ fabricated documents may have been provided to us.</p> <p>e. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals or from any Govt. department, etc. has to be taken care by legal experts/ Advocates and same has not been done at our end.</p> <p>f. The valuation of an asset is an estimate of the worth of that asset which is arrived at by the Valuer in his expert opinion after factoring in multiple parameters and externalities. This may not be the actual price of that asset and the market may discover a different price for that asset.</p> <p>g. This report only contains opinion based on technical & market information which came to our knowledge during the course of the assignment. It doesn't contain any recommendations.</p> <p>h. This report is prepared following our Standard Operating Procedures & Best Practices and will be subject to Limitations, Conditions, Valuer's Remarks, Important Notes, Valuation TOS and basis of computation & working as described above.</p> <p>i. The use of this report will become valid only after payment of full fees as per the Payment Terms. Using this report or any part content created in this report without payment of charges will be seen as misuse and unauthorized use of the report.</p>		
14.	IMPORTANT KEY DEFINITIONS		
	Fair Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent		

opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of the assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.

Fair Value without using the term "Market" in it describes that the value suggested by the Valuer may not mandatorily follow or may not be in complete consonance to the established Market in his expert opinion. It may or may not follow market dynamics. But if the suggested value by the valuer is not within the prevailing Market range or is assessed for an asset is located in an un-established Market then the valuer will give reasonable justification & reasoning that for what reasons the value suggested by him doesn't follow the prevailing market dynamics.

Fair Market Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice in consonance to the Market dynamics after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.

Here the words "in consonance to the established Market" means that the Valuer will give opinion within the realms & dynamics of the prevailing market rates after exhaustively doing the micro market research. However due to the element of "Fair" in it, valuer will always look for the factors if the value should be better than the market realms which is just & equitable backed by strong justification and reasoning.

Market Value suggested by the competent Valuer is that prospective estimated amount which is average price of the similar comparable assets prevailing in an open & established market during the near period of the date of valuation at which the subject asset/ property should be exchanged between a willing buyer and willing seller on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities at an arm's length transaction in an open, established & unrestricted market, in an orderly transaction, wherein the parties, each acted without any compulsion on the date of the Valuation.

Using the term "Market Value" without "Fair" omits the elements of proper marketing, acting knowledgeably & prudently.

Market and market participants can be sentimental, inclined towards the transaction without the element of complete knowledge & prudence about facts or due diligence of the asset therefore "each acted knowledgeably, prudently" has been removed from the market Value definition.

Realizable Value is that minimum prospective estimated value of the asset/ property which it may be able to fetch at the time of actual property transaction factoring in the element of discount due to the prospects of deep negotiations between the buyer & seller when the parties in-principally find Fair Market Value reasonable and sits together to close the deal and the transaction across the table. Discount percentage on the Fair Market Value due to negotiation will depend on the nature, size, various salability prospects of the subject asset, the needs of the buyer & the seller and kind of payment terms. In some of the cases Realizable and Fair Market Value may also be equal.

Distress Sale Value* is that value when the property is attached with any process such as mortgaged

financing, financial or operational dues which is under any stress condition or situation and the stakeholders are under process of finding resolution towards it to save the property from being attached to a formal recovery process. In this type of sale, minimum fetch value assessed will always be less than the estimated Fair Market Value where the discount of percentage will depend upon various circumstances and factors such as nature, size, salability prospects of the property and kind of encumbrance on the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property will be more on the seller than the buyer.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold due to any compulsion or constraints such as in a recovery process guided by statute, law or legal process, clearance sale or any such condition or situation thereof where the pressure of selling the asset/ property is very high to realize whatever maximum amount can be from the sale of the assets in a limited time for clearance of dues or due to closure of business. In other words, this kind of value is also called as forced sale value.

Difference between Cost, Price & Value: Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in professional & legal terms. Therefore, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.

The **Price** is the amount paid for the procurement of the same asset.

The **Value** is defined as the present worth of future rights in the property/ asset and is a hypothetical or notional price that buyers and sellers are most likely to conclude for a good or service. Value is not a fact, but an estimate of the likely price to be paid for a good or service at a given time in accordance with a particular definition of value.

Therefore, in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.

ENCLOSURE VII: ANNEXURE: MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavor to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.

17. A valuer shall not indulge in "mandate snatching or offering" convenience valuations" in order to cater to a company or client's needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorized by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.
Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).
26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.

28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organization discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

PART E

ENCLOSURE VIII: VALUER'S IMPORTANT REMARKS

1.	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown/ identified to us on the site unless otherwise mentioned in the report of which some reference has been taken from the information/ data given in the copy of documents provided to us and informed verbally or in writing out of the standard checklist of documents sought from the client & its customer which they could provide within the reasonable expected time out of the standard checklist of documents sought from them and further based on certain assumptions and limiting conditions. The information, facts, documents, data which has become primary basis of the report has been supplied by the client which has been relied upon in good faith and is not generated by the Valuer.
2.	The client/ owner and its management/ representatives warranted to us that the information they have supplied was complete, accurate and true and correct to the best of their knowledge. All such information provided to us either verbally, in writing or through documents has been relied upon in good faith and we have assumed that it is true & correct without any fabrication or misrepresentation. I/We shall not be held liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or willful default on part of the owner, company, its directors, employee, representative or agents.
3.	Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, sanctioned maps, verification of documents provided to us such as title documents, Map, etc. from any concerned Govt. office etc. have to be taken care by legal expert/ Advocate and same is not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
4.	In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions and other information provided to us by the client during the course of the assessment.
5.	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services and same has not been done in this report unless otherwise stated.
6.	We have made certain assumptions in relation to facts, conditions & situations affecting the subject of, or approach to this exercise that has not been verified as part of the engagement rather, treated as "a supposition taken to be true". If any of these assumptions prove to be incorrect then our estimate on value will need to be reviewed.
7.	This is just an opinion report based on technical & market information having general assessment & opinion on the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation. It doesn't contain any other recommendations of any sort including but not limited to express of any opinion on the suitability or otherwise of entering into any transaction with the borrower.
8.	We have relied on the data from third party, external sources & information available on public domain to conclude the valuation. These sources are believed to be reliable and therefore, we assume no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where we have relied on the data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data is extracted from authentic sources, however we still can't vouch its authenticity, correctness, or accuracy.
9.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
10.	Value varies with the Purpose/ Date/ Asset Condition & situation/ Market condition, demand & supply, asset utility prevailing on a particular date/ Mode of sale. The indicative & estimated prospective Value of the asset given in this report is restricted only for the purpose and other points mentioned above prevailing on a particular date as mentioned in the report. If any of these points are different from the one mentioned aforesaid in the Report then this report should not be referred.
11.	Our report is meant ONLY for the purpose mentioned in the report and should not be used for any other purpose. The Report should not be copied or reproduced for any purpose other than the purpose for which it is prepared for. I/we do not take any responsibility for the unauthorized use of this report.
12.	We owe responsibility only to the authority/client that has appointed us as per the scope of work mentioned in the report. We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the client or companies, their directors, employees or agents.
13.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the site inspection and documents/ data/ information provided by the client.

	The suggested indicative prospective estimated value should be considered only if transaction is happened <u>as free market transaction.</u>
14.	The sale of the subject property is assumed to be on an all cash basis. Financial arrangements would affect the price at which the property may sell for if placed on the market.
15.	The actual realizable value that is likely to be fetched upon sale of the asset under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.
16.	While our work has involved an analysis & computation of valuation, it does not include detailed estimation, design/ technical/ engineering/ financial/ structural/ environmental/ architectural/ compliance survey/ safety audit & works in accordance with generally accepted standards of audit & other such works. The report in this work is not investigative in nature. It is mere an opinion on the likely estimated valuation based on the facts & details presented to us by the client and third party market information came in front of us within the limited time of this assignment, which may vary from situation to situation.
17.	Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
18.	Documents, information, data including title deeds provided to us during the course of this assessment by the client is reviewed only upto the extent required in relation to the scope of the work. No document has been reviewed beyond the scope of the work. These are not reviewed in terms of legal rights for which we do not have expertise. Wherever any information mentioned in this report is mentioned from the documents like owners name, etc., it is only for illustration purpose and may not necessary represent accuracy.
19.	The report assumes that the borrower/company/business/asset complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the companies/business/assets is managed in a competent and responsible manner. Further, as specifically stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with relevant laws, and litigations and other contingent liabilities that are not recorded/reflected in the documents/ details/ information/ data provided to us.
20.	This valuation report is not a qualification for accuracy of land boundaries, schedule (in physical terms), dimensions & identification. For this land/ property survey report can be sought from a qualified private or Govt. surveyor.
21.	This Valuation report is prepared based on the facts of the property on the date of the survey. Due to possible changes in market forces, socio-economic conditions, property conditions and circumstances, this valuation report can only be regarded as relevant as at the valuation date. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
22.	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly, an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing and take decision accordingly.
23.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just visually matched the land boundaries, schedule (in physical terms) & dimensions of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest. Where there is a doubt about the precise position of the boundaries, schedule, dimensions of site & structures, it is recommended that a Licensed Surveyor be contacted.
24.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
25.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township, then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township and

	the subject unit must be approved in all respect.
26.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable the time when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough for the Valuer to determine the exact lawful situation on ground. Unless otherwise mentioned in the report, the covered area present on the site as per site survey will be considered in the Valuation.
27.	Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
28.	Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
29.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
30.	Although every scientific method has been employed in systematically arriving at the value, there is, therefore, no indisputable single value and the estimate of the value is normally expressed as falling within a likely range.
31.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers, demand & supply prevailing in the market and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However, our Valuation analysis can definitely help the stakeholders to take informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
32.	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component, or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
33.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
34.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
35.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
36.	As per IBA Guidelines & Bank Policy, in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.
37.	Defect Liability Period is 15 DAYS. We request the concerned authorized reader of this report to check the contents, data, information, and calculations in the report within this period and intimate us in writing at valuers@rkassociates.org within 15 days of report delivery, if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner. After this period no concern/ complaint/ proceedings in connection with the Valuation Services will be entertained due to possible change in situation and condition of the property.
38.	Though adequate care has been taken while preparing this report as per its scope, but still we can't rule out typing, human errors, over sightedness of any information or any other mistakes. Therefore, the concerned organization is advised to satisfy themselves that the report is complete & satisfactory in all respect. Intimation regarding any discrepancy shall be brought into our notice immediately. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, to rectify these timely, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner.
39.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the

	assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
40.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then we request the user of this report to immediately or atleast within the defect liability period to bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
41.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
42.	We are fully aware that based on the opinion of value expressed in this report, we may be required to give testimony or attend court / judicial proceedings with regard to the subject assets, although it is out of scope of the assignment, unless specific arrangements to do so have been made in advance, or as otherwise required by law. In such event, the party seeking our evidence in the proceedings shall bear the cost/professional fee of attending court / judicial proceedings and my / our tendering evidence before such authority shall be under the applicable laws.
43.	The final copy of the report shall be considered valid only if it is in hard copy on the company's original letter head with proper stamp and sign on it of the authorized official upon payment of the agreed fees. User shall not use the content of the report for the purpose it is prepared for only on draft report, scanned copy, email copy of the report and without payment of the agreed fees. In such a case the report shall be considered as unauthorized and misused.
