	If occupied by tenant, since how long?							

**II. PHYSICAL CHARACTERISTICS OF THE ASSET**

**BRIEF DESCRIPTION OF THE PROPERTY UNDER VALUATION**

This opinion on Valuation report is prepared for a commercial office space situated at the Unit No. 004, Ground floor, Gupta bhavan premises Co-operative society limited situated at Plot No. 64/B at Ahmedabad Street, Mumbai 400 009 having total Built up area admeasuring 59 sq. mtr. (634.84 sq. ft.) as per the agreement to sale. The same is considered for our valuation purpose.

The subject property is located in Unit 10 of Mumbai Port trust special planning authority (MbPTSPA) draft planning proposal. In the draft proposal it is known as Masjid Bunder-Elphinstone Estate-Unit 10 (Town planning scheme). The area is covered under sanctioned Town Planning scheme. It is the most congested area due to commercial activities, narrow and encroached roads. Most of the footpaths within the estate have been encroached upon by slums. This area includes commercial uses and warehouses, which are leased out by MbPT on short tenure. Bank to take information from the company about the Deed type so the building in which their unit is located since we have not received any information in this regard from the company.

The development in this area is controlled by Mumbai Port trust special planning authority (MbPTSPA). As per Existing Land use (ELU) map released by MbPTSPA in their draft report on planning proposals which is extracted from mumbaiport.gov.in, final Plot 64 seems to be a mixed-use plot. However as per proposed Land use map

(PLU) released by MPTSPA in the same draft proposal, the Final plot 64 is proposed to be a comprehensive commercial usage plot. Reference document for the same are attached as annexure with this report. Thus, for our valuation activity we have considered this property to be under commercial land use only.

The identification of the property is done with the help of owner and from schedule of the property mentioned in the agreement to sale. Valuation of the property is done on as-is-where-is basis.

This valuation is being done for the property whose owner Shri Rahul Krishnakumar Kanodia is a director in M/s Devkinandan trade links private limited as per MCA website. The snapshot of the same is also attached as annexure with this report.

During site survey it is observed that the property is currently under the possession of the owner only who is running a company in the name of M/s Devkinandan trade links private limited in that premises. The snapshot of the company's name was captured at the office entry point. The same is also attached as annexure with this report. This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property of which Bank/ customer asked us to conduct the Valuation for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. Even if any such information is mentioned in the report it is only referred from the information provided for which we do not assume any responsibility. Due care has been given while doing valuation assessment, but it doesn't contain any due-diligence or audit or verification of any kind other than the valuation computation of the property shown to us on site. Information/ data/ documents given to us by Bank/ client have been relied upon in good faith. This report doesn't contain any other recommendations of any sort.

In case of discrepancy in the address/ property number mentioned in the property documents and the property shown to us at the site due to change in zoning or administrative level at the site or the client misled the valuer by providing the fabricated/ incorrect document or information, the valuation should be considered of the property shown to us at the site by the client of which the photographs are also attached. In case of any doubt, best would be to contact the concerned authority/ district administration/ tehsil level for the identification of the property if the property depicted in the photographs in this report is same with the documents pledged.

1.	Location of the property in the city		
a.	Plot No. / Survey No. (referred from the copy of the documents provided to us)	Plot No. 64/B	
b.	Door No.	004	
c.	T.S. No. /Village	---	
d.	Ward/ Taluka	Ward-B	
e.	Mandal/ District	Mumbai	
2.	Municipal Ward No.	Ward-B	
3.	City/Town	Mumbai	
	Category of Area (Residential/ Commercial/ Industrial/ etc.)	Commercial Area

a.	Description of Aqua Infrastructure availability in terms of:	
	1. Water Supply	Yes from municipal connection
	2. Sewerage/ sanitation system	Underground
	3. Storm water drainage	Yes
b.	Description of other Physical Infrastructure facilities in terms of:	
	1. Solid waste management	Yes, by the local Authority
	2. Electricity	Yes
	3. Road and Public Transport connectivity	Yes
	4. Availability of other public utilities nearby	Transport, Market, Hospital etc. available in close vicinity
c.	Social Infrastructure in the terms of	
	1. Schools	Yes available in close vicinity
	2. Medical Facilities	Yes available in close vicinity
	3. Recreation facilities in terms of parks and open spaces	Not available within the township/ colony/ ward area

IX. MARKETABILITY ASPECTS OF THE PROPERTY			
1.	Location attribute of the subject property	Normal	Good developed commercial area
	i. Any New Development in surrounding area	No	
	ii. Any negativity/ defect/ disadvantages in the property/ location	The area as per agreement to sale and Covered area as per site measurement is having high variation. Also, we have not received the sanctioned plan to ascertain the authenticity of construction.	
2.	Scarcity	Similar kind of properties are easily available on demand.	
3.	Demand and supply of the kind of the subject property in the locality	Good demand of such properties in the market.	
4.	Comparable Sale Prices in the locality	Please refer to Part D: Procedure of Valuation Assessment	

<b>X.</b>	<b>ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY</b>
-----------	---

1.	Type of construction	Structure	Slab	Walls
		RCC Framed structure	Reinforced Cement Concrete	Brick walls
2.	Material & Technology used	Material Used	Technology used	
		Grade B Material	RCC Framed structure	
3.	Specifications			
	i. Roof	Floors/ Blocks	Type of Roof	
	ii. Floor height	Please refer to the building sheet attached		
	iii. Type of flooring	Vitrified tiles		
	iv. Doors/ Windows	Glass Door & windows		
	v. Class of construction/ Appearance/ Condition of structures	Internal - Class C construction (Simple/ Average)		
		External - Class C construction (Simple/ Average)		
	vi. Interior Finishing & Design	Ordinary regular architecture, Simple/ Average finishing, Simple Plastered Walls		
	vii. Exterior Finishing & Design	Ordinary regular architecture, Plain ordinary finishing, Simple Plastered Walls		
	viii. Interior decoration/ Special architectural or decorative feature	Simple plain looking structure.		
	ix. Class of electrical fittings	Internal / Normal quality fittings used		
x. Class of sanitary & water supply fittings	Internal / Normal quality fittings used			
4.	Maintenance issues	Building requires regular maintenance since it is an old structure.		
5.	Age of building/ Year of construction	Approx. 50 years	Around year-1972	
6.	Total life of the building	Approx. 65-70 years		
7.	Extent of deterioration in the structure	No deterioration came into notice through visual observation		
8.	Structural safety	Structure built on RCC technique so it can be assumed as structurally stable. However no structural stability certificate is available		
9.	Protection against natural disasters viz. earthquakes etc.	Since this is a RCC structure so should be able to withstand moderate intensity earthquakes. Comments are been made only based on visual observation and not any technical testing.		
10.	Visible damage in the building if any	Some damages are seen in the structure		
11.	Common facilities viz. lift, water pump, lights, security systems, etc.,	Please refer to section “VII Functional and Utilitarian Aspects”.		
12.	System of air conditioning	Partially covered with window/ split ACs		
13.	Provision of firefighting	Fire Extinguishers available		

<b>XI.</b>	<b>ENVIRONMENTAL FACTORS</b>		
1.	Use of environment friendly building materials, green building techniques if any	No, regular building techniques of RCC and burnt clay bricks are used	
2.	Provision of rainwater harvesting	No	
3.	Use of solar heating and lighting systems, etc.	No	
4.	Presence of environmental pollution in the vicinity of the property in terms of industries, heavy traffic, etc. if any	Yes, regular vehicular pollution present	

<b>XII.</b>	<b>ARCHITECTURAL AND AESTHETIC QUALITY OF THE PROPERTY</b>		
-------------	--	--	--

1.	Descriptive account on whether the building is modern, old fashioned, etc., plain looking or with decorative elements, heritage value if applicable, presence of landscape elements, etc.	Plain looking simple structure
----	---	--------------------------------

<b>XIII.</b>	<b>IN CASE OF VALUATION OF INDUSTRIAL PROPERTY</b>	
1.	Proximity to residential areas	
2.	Availability of public transport facilities	<input checked="" type="checkbox"/> Road public transport, <input type="checkbox"/> Metro, <input type="checkbox"/> Airport, <input checked="" type="checkbox"/> Local Train

<b>XIV.</b>	<b>VALUATION OF THE ASSET</b>	
1.	Procedures adopted for arriving at the Valuation along with detailed analysis and descriptive account of the approaches, assumptions made, basis adopted, supporting data (in terms of comparable sales), reconciliation of various factors, departures	Please refer to the <b>Part D: Procedure of Valuation Assessment</b> of the report.

**PROCEDURE OF VALUATION ASSESSMENT**

1.		GENERAL INFORMATION			
i.	Important Dates	Date of Appointment	Date of Inspection of the Property	Date of Valuation Assessment	Date of Valuation Report
		9 September 2022	14 September 2022	30 September 2022	30 September 2022
ii.	Client	Punjab National Bank, MCC 2, 3rd Floor, United Bank of India Building, Sir Pm Road, Fort, Mumbai- 400 001			
iii.	Intended User	Punjab National Bank, MCC 2, 3rd Floor, United Bank of India Building, Sir Pm Road, Fort, Mumbai- 400 001			
iv.	Intended Use	To know the general idea on the market valuation trend of the property as per free market transaction. This report is not intended to cover any other internal mechanism, criteria, considerations of any organization as per their own need, use & purpose.			
v.	Purpose of Valuation	For any other purpose (Credit Limit Enhancement)			
vi.	Scope of the Assessment	Non binding opinion on the assessment of Plain Physical Asset Valuation of the property identified to us by the owner or through his representative.			
vii.	Restrictions	This report should not be referred for any other purpose, by any other user and for any other date other then as specified above. This report is not a certification of ownership or survey number/ property number/ Khasra number which are merely referred from the copy of the documents provided to us.			
viii.	Manner in which the proper is identified	<input type="checkbox"/>	Identified by the owner		
		<input checked="" type="checkbox"/>	Identified by owner's representative		
		<input checked="" type="checkbox"/>	Done from the name plate displayed on the property		
		<input checked="" type="checkbox"/>	Cross checked from boundaries or address of the property mentioned in the deed		
		<input type="checkbox"/>	Enquired from local residents/ public		
		<input type="checkbox"/>	Identification of the property could not be done properly		
		<input type="checkbox"/>	Survey was not done		
ix.	Type of Survey conducted	Full survey (inside-out with approximate measurements & photographs).			

2.	ASSESSMENT FACTORS			
i.	Valuation Standards considered	Mix of standards such as IVS and others issued by Indian authorities & institutions and improvised by the RKA internal research team as and where it is felt necessary to derive at a reasonable, logical & scientific approach. In this regard proper basis, approach, working, definitions considered is defined below which may have certain departures to IVS.		
ii.	Nature of the Valuation	Fixed Assets Valuation		
iii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature	Category	Type
		BUILT-UP UNIT	COMMERCIAL	COMMERCIAL OFFICE UNIT
		Classification	Personal use and rental income purpose asset	
iv.	Type of Valuation (Basis of Valuation as per IVS)	Primary Basis	Market Value & Govt. Guideline Value	
		Secondary Basis	Not Applicable	
v.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Normal Marketable State		
		Reason: Asset under free market transaction state		
vi.	Property Use factor	Current/ Existing Use	Highest & Best Use (in consonance to surrounding use, zoning and statutory norms)	Considered for Valuation purpose
		Commercial	Commercial	Commercial

vii.	Legality Aspect Factor	Assumed to be fine as per copy of the documents & information produced to us. However Legal aspects of the property of any nature are out-of-scope of the Valuation Services. In terms of the legality, we have only gone by the documents provided to us in good faith. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. have to be taken care by Legal expert/ Advocate.			
viii.	Class/ Category of the locality	Middle Class (Ordinary)			
ix.	Property Physical Factors	<b>Shape</b> Irregular		<b>Size</b> Medium	<b>Layout</b> Normal Layout
x.	Property Location Category Factor	<b>City Categorization</b>	<b>Locality Characteristics</b>	<b>Property location characteristics</b>	<b>Floor Level</b> Basement+G+4 floor building
		Metro City	Good	On Wide Road	
		Urban developed	Normal	Others	
			Within main city	Not Applicable	
		<b>Property Facing</b> South Facing			
xi.	Physical Infrastructure availability factors of the locality	<b>Water Supply</b>	<b>Sewerage/ sanitation system</b>	<b>Electricity</b>	<b>Road and Public Transport connectivity</b>
		Yes	Underground	Yes	Easily available
		<b>Availability of other public utilities nearby</b>		<b>Availability of communication facilities</b>	
		Transport, Market, Hospital etc. are available in close vicinity		Major Telecommunication Service Provider & ISP connections are available	
xii.	Social structure of the area (in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/ squatter settlements nearby, etc.)	Mixed Use Area			
xiii.	Neighbourhood amenities	Good			
xiv.	Any New Development in surrounding area	None		---	
xv.	Any specific advantage in the property	No			
xvi.	Any specific drawback in the property	<b>Drawback:</b> Difference in built up area as per agreement to sale document and built area measured during site visit.			
xvii.	Property overall usability/ utility Factor	Good			
xviii.	Do property has any alternate use?	The property can be used as both commercial and residential as per Existing Land usage. However as per Proposed land usage released by Mumbai port trust special planning authority the property can only be used for commercial purpose. Supporting Document is attached as annexure with this report			
xix.	Is property clearly demarcated by permanent/ temporary boundary on site	Demarcated with permanent boundary (The building has 100% Ground coverage)			
xx.	Is the property merged or colluded with any other property	No			
		Comments: ---			

xxi.	Is independent access available to the property	Clear independent access is available		
xxii.	Is property clearly possessable upon sale	Yes		
xxiii.	Best Sale procedure to realize maximum Value (in respect to Present market state or premise of the Asset as per point (iv) above)	<b>Fair Market Value</b> Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xxiv.	Hypothetical Sale transaction method assumed for the computation of valuation	<b>Fair Market Value</b> Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xxv.	Approach & Method of Valuation Used	<b>Built-up Unit</b>	<b>Approach of Valuation</b>	<b>Method of Valuation</b>
			<b>Mixture of Market &amp; Cost Approach</b>	<b>Market Comparable Sales Method &amp; Depreciated Replacement Cost Method</b>
xxvi.	Type of Source of Information	Level 3 Input (Tertiary)		
xxvii.	<b>Market Comparable</b>			
	References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered (from property search sites & local information)	1.	Name: Kashaba Contact No.: +91 81084 35172 Nature of reference: Property Consultant Size of the Property: 500-600 sq. ft. Location: Masjid bundar east Rates/ Price informed: Rs. 19,000/- per sq. ft. to Rs.23,000/- per sq. ft. on Super area Any other details/ Discussion held: This property is situated close to the subject property. Ground floor area was sold as per market rate and loft floor sold as per 50% of the market rate value.	
		2.	Name: Abhishek Gupta Contact No.: +91 88396 35379 Nature of reference: Property Consultant Size of the Property: 500 Sq. ft. Location: Sagar building (approx. 400 m from subject property) Rates/ Price informed: Rs.24,930/- per sq. ft. Any other details/ Discussion held: The property is having good ventilation, power backup, fully furnished condition, lift, 3 parking plots reserved and the building is more than 10 years old.	
		3.	Name: NA Contact No.: NA Nature of reference: NA Size of the Property: NA Location: NA Rates/ Price informed: NA Any other details/ Discussion held: NA	
		NOTE: The given information above can be independently verified to know its authenticity.		
xxviii.	Adopted Rates Justification	As per our discussion with the property dealers and habitants of the subject location we have gathered the following information:		

		<p>The subject property is located in Unit 10 of Mumbai Port trust special planning authority (MbPTSPA) draft planning proposal. In the draft proposal it is known as Masjid Bunder-Elphinstone Estate-Unit 10 (Town planning scheme). The area is covered under sanctioned Town Planning scheme. It is the most congested area due to commercial activities, narrow and encroached roads. Most of the footpaths within the estate have been encroached upon by slums.</p> <p>Based on the above information for the subject location we have adopted market rate amounting to Rs. 21,000/- per sq. ft. for our valuation purpose which seems reasonable in our view.</p> <p><b>NOTE:</b> We have taken due care to take the information from reliable sources. The given information above can be independently verified from the provided numbers to know its authenticity. However due to the nature of the information most of the market information came to knowledge is only through verbal discussion with market participants which we have to rely upon where generally there is no written record. Related postings for similar properties on sale are also annexed with the Report wherever available.</p>	
xxix.	<b>Other Market Factors</b>		
	Current Market condition	Normal <b>Remarks:</b> --- <b>Adjustments (-/+):</b> 0%	
	Comment on Property Salability Outlook	Easily sellable <b>Adjustments (-/+):</b> 0%	
	Comment on Demand & Supply in the Market	<b>Demand</b> Good	<b>Supply</b> Low
		<b>Remarks:</b> Good demand of such properties in the market <b>Adjustments (-/+):</b> 0%	
xxx.	Any other special consideration	<b>Reason:</b> ---- <b>Adjustments (-/+):</b> 0%	
xxxi.	Any other aspect which has relevance on the value or marketability of the property	NA Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will fetch considerably lower value. Similarly, an asset sold directly by an owner in the open market through free market arm's length transaction then it will fetch better value and if the same asset/ property is sold by any financier or court decree or Govt. enforcement agency due to any kind of encumbrance on it then it will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing. This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing. <b>Adjustments (-/+):</b> 0%	
xxxii.	Final adjusted & weighted Rates considered for the subject property	Rs.21,000/- per sq. ft.	

xxxiii.	<b>Considered Rates Justification</b>	As per the thorough property & market factors analysis as described above, the considered estimated market rates appears to be reasonable in our opinion.
xxxiv.	<b>Basis of computation &amp; working</b>	
	<ul style="list-style-type: none"> <li>Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report.</li> <li>Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.</li> <li>For knowing comparable market rates, significant discreet local enquiries have been made from our side based on the hypothetical/ virtual representation of ourselves as both buyer and seller for the similar type of properties in the subject location and thereafter based on this information and various factors of the property, rate has been judiciously taken considering the factors of the subject property, market scenario and weighted adjusted comparison with the comparable properties unless otherwise stated.</li> <li>References regarding the prevailing market rates and comparable are based on the verbal/ informal/ secondary/ tertiary information which are collected by our team from the local people/ property consultants/ recent deals/ demand-supply/ internet postings are relied upon as may be available or can be fetched within the limited time &amp; resources of the assignment during market survey in the subject location. No written record is generally available for such market information and analysis has to be derived mostly based on the verbal information which has to be relied upon.</li> <li>Market Rates are rationally adopted based on the facts of the property which came to our knowledge during the course of the assessment considering many factors like nature of the property, size, location, approach, market situation and trends and comparative analysis with the similar assets. During comparative analysis, valuation metrics is prepared and necessary adjustments are made on the subject asset.</li> <li>The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary &amp; tertiary market research and is not split into formal &amp; informal payment arrangements. Most of the deals takes place which includes both formal &amp; informal payment components. Deals which takes place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer.</li> <li>Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Commission, Bank interest, Selling cost, Marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.</li> <li>This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Market Value as described above. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.</li> <li>Area measurements considered in the Valuation Report pertaining to asset/ property is adopted from relevant approved documents or sample site measurement whichever is less unless otherwise mentioned. All area measurements are on approximate basis only.</li> <li>Verification of the area measurement of the property is done based on sample random checking only.</li> <li>Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.</li> <li>Drawing, Map, design &amp; detailed estimation of the property/ building is out of scope of the Valuation services.</li> <li>Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation &amp; deterioration factor as per its age, existing condition &amp; specifications based on visual observation only of the structure. No structural, physical tests have been carried out in respect of it. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.</li> <li>Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method unless otherwise stated.</li> <li>The condition assessment and the estimation of the residual economic life of the structure are only based on the visual observations and appearance found during the site survey. We have not carried out any structural</li> </ul>	

*design or stability study; nor carried out any physical tests to assess structural integrity & strength.*

- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.
- This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is neither investigative in nature nor an audit activity.
- Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.

**xxxv. ASSUMPTIONS**

- Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith.*
- Local verbal enquiries during micro market research came to our knowledge are assumed to be taken on record as true & factual.*
- The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise.*
- It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.*
- Payment condition during transaction in the Valuation has been considered on all cash bases which includes both formal & informal payment components as per market trend.*
- Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated.*
- If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report. This valuation report is prepared for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township is approved and complied with all relevant laws and the subject unit is also approved within the Group Housing Society/ Township.*

**xxxvi. SPECIAL ASSUMPTIONS**

- The development in this area is controlled by Mumbai Port trust special planning authority (MbPTSPA). As per Existing Land use (ELU) map released by MbPTSPA in their draft report on planning proposals which is extracted from mumbaiport.gov.in, final Plot 64 seems to be a mixed-use plot. However as per proposed Land use map (PLU) released by MPTSPA in the same draft proposal, the Final plot 64 is proposed to be a comprehensive commercial usage plot. Reference document for the same are attached as annexure with this report.

Thus, for our valuation activity we have considered this property to be under commercial land use only.

During site visit it was observed that a loft area is also constructed on site admeasuring approximately 470 Sq. ft. (43.67 Sq.mtr.). However, the same is not considered in our valuation exercise since we do not have any relevant document based on which we can consider the Loft built up area in our assessment.

**xxxvii. LIMITATIONS**

**Any Other**

The subject property is located in **Unit 10 of Mumbai Port trust special planning authority (MbPTSPA) draft planning proposal**. Unit 10 is covered under sanctioned Town Planning scheme. It is the most congested area due to commercial activities, narrow and encroached roads. This area includes commercial uses and warehouses, which are leased out by MbPT on short tenure. Bank if

wishes can also take information from the company about the Deed type of their building in which their unit is located

3. VALUATION OF BUILT UP UNIT			
	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
a.	Prevailing Rate range	Rs.2,12,440/- per sq.mtr	Rs.19,000/- per Sq. ft. to Rs.23,000/- per sq. ft.
b.	Rate adopted considering all characteristics of the property	Rs.2,12,440/- per sq.mtr	Rs.21,000/- per sq.ft
c.	Total Built up Area considered (documents vs site survey whichever is less)	59 sq.mtr (634.84 sq.ft)	59 sq.mtr (634.84 sq.ft)
d.	Total Value of Built-up Area (A)	59 sq.mtr X Rs.2,12,440/- per sq.mtr <b>Rs.1,25,33,960/-</b>	634.84 sq.ft X Rs.21,000/- per sq.ft <b>Rs.1,33,31,640/-</b>

4. VALUATION COMPUTATION OF BUILDING STRUCTURE
<b><u>Not Applicable</u></b>

5. VALUATION OF ADDITIONAL AESTHETIC/ INTERIOR WORKS IN THE PROPERTY			
S.No.	Particulars	Specifications	Depreciated Replacement Value
a.	Add extra for Architectural aesthetic developments, improvements (add lump sum cost)	----	----
b.	Add extra for fittings & fixtures (Doors, windows, wood work, cupboards, modular kitchen, electrical/ sanitary fittings)	----	----
c.	Add extra for services (Water, Electricity, Sewerage, Main gate, Boundary, Lift, Auxiliary power, AC, HVAC, Firefighting etc.)	----	----
d.	Add extra for internal & external development (Internal roads, Landscaping, Pavements, Street lights, Green area development, External area landscaping, Land development, Approach road, etc.)	----	NA
e.	<b>Depreciated Replacement Value (B)</b>	<b>NA</b>	<b>NA</b>
f.	<b>Note:</b> <ul style="list-style-type: none"> <li>Value for Additional Building &amp; Site Aesthetic Works is considered only if it is having exclusive/ super fine work specification above ordinary/ normal work. Ordinary/ normal work value is already covered under basic rates above.</li> <li>Value of common facilities of society are not included in the valuation of Flat/ Built-up unit.</li> </ul>		

6. CONSOLIDATED VALUATION ASSESSMENT OF THE ASSET			
S.No.	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
1.	Built-up area (A)	<b>Rs. 11,44,14,740/-</b>	<b>Rs.1,33,31,640/-</b>
2.	Total Buildings & Civil Works (B)	---	---
3.	Additional Aesthetic Works Value (C)	---	---

4.	Total Add (A+B+C)	Rs. 11,44,14,740/-	Rs.1,33,31,640/-
5.	Additional Premium if any	---	---
	Details/ Justification	---	---
6.	Deductions charged if any	---	---
	Details/ Justification	---	---
7.	Total Indicative & Estimated Prospective Fair Market Value	Rs. 11,44,14,740/-	Rs.1,33,00,000/-
8.	Rounded Off	Rs. 11,44,14,740/-	Rs.1,33,00,000/-
9.	Indicative & Estimated Prospective Fair Market Value in words	Rupees Eleven Crore Forty Four Lakh Fourteen Thousand Seven Hundred Forty Only/-	Rupees one Crore Thirty three Lakhs Only/-
10.	Expected Realizable Value (@ ~15% less)	---	Rs. 1,13,05,000/-
11.	Expected Distress Sale Value (@ ~25% less)	---	Rs. 99,75,000/-
12.	Percentage difference between Circle Rate and Fair Market Value	52%	
13.	Likely reason of difference in Circle Value and Fair Market Value in case of more than 20%	Circle rates are determined by the District administration as per their own theoretical internal policy for fixing the minimum valuation of the property for property registration tax collection purpose and Market rates are adopted based on prevailing market dynamics found as per the discrete market enquiries which is explained clearly in Valuation assessment factors.	
14.	Concluding Comments/ Disclosures if any		
	<div>a. We are independent of client/ company and do not have any direct/ indirect interest in the property.</div> <div>b. This valuation has been conducted by R.K Associates Valuers &amp; Techno Engineering Consultants (P) Ltd. and its team of experts.</div> <div>c. This Valuation is done for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report.</div> <div>d. Reference of the property is also taken from the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. However, we do not vouch the absolute correctness of the property identification, exact address, physical conditions, etc. based on the documents provided to us since property shown to us may differ on site Vs as mentioned in the documents or incorrect/ fabricated documents may have been provided to us.</div> <div>e. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals or from any Govt. department, etc. has to be taken care by legal experts/ Advocates and same has not been done at our end.</div> <div>f. The valuation of an asset is an estimate of the worth of that asset which is arrived at by the Valuer in his expert opinion after factoring in multiple parameters and externalities. This may not be the actual price of that asset and the market may discover a different price for that asset.</div> <div>g. This report only contains opinion based on technical &amp; market information which came to our knowledge during the course of the assignment. It doesn't contain any recommendations.</div>		

- h. This report is prepared following our Standard Operating Procedures & Best Practices and will be subject to Limitations, Conditions, Valuer's Remarks, Important Notes, Valuation TOS and basis of computation & working as described above.
- i. The use of this report will become valid only after payment of full fees as per the Payment Terms. Using this report or any part content created in this report without payment of charges will be seen as misuse and unauthorized use of the report.

**15. IMPORTANT KEY DEFINITIONS**

**Fair Value** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of the assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.

Fair Value without using the term "Market" in it describes that the value suggested by the Valuer may not mandatorily follow or may not be in complete consonance to the established Market in his expert opinion. It may or may not follow market dynamics. But if the suggested value by the valuer is not within the prevailing Market range or is assessed for an asset is located in an un-established Market then the valuer will give reasonable justification & reasoning that for what reasons the value suggested by him doesn't follow the prevailing market dynamics.

**Fair Market Value** suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice in consonance to the Market dynamics after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.

Here the words "in consonance to the established Market" means that the Valuer will give opinion within the realms & dynamics of the prevailing market rates after exhaustively doing the micro market research. However due to the element of "Fair" in it, valuer will always look for the factors if the value should be better than the market realms which is just & equitable backed by strong justification and reasoning.

**Market Value** suggested by the competent Valuer is that prospective estimated amount which is average price of the similar comparable assets prevailing in an open & established market during the near period of the date of valuation at which the subject asset/ property should be exchanged between a willing buyer and willing seller on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities at an arm's length transaction in an open, established & unrestricted market, in an orderly transaction, wherein the parties, each acted without any compulsion on the date of the Valuation.

Using the term "Market Value" without "Fair" omits the elements of proper marketing, acting knowledgeably & prudently.

Market and market participants can be sentimental, inclined towards the transaction without the element of complete knowledge & prudence about facts or due diligence of the asset therefore "each acted knowledgeably, prudently" has been removed from the market Value definition.

**Realizable Value** is that minimum prospective estimated value of the asset/ property which it may be able to fetch at the time of actual property transaction factoring in the element of discount due to the prospects of deep negotiations between the buyer & seller when the parties in-principally find Fair Market Value reasonable and sits together to close the deal and the transaction across the table. Discount percentage on the Fair Market Value due to negotiation will depend on the nature, size, various salability prospects of the subject asset, the needs of the buyer & the seller and kind of payment terms. In some of the cases Realizable and Fair Market Value may also be equal.

**Distress Sale Value\*** is that value when the property is attached with any process such as mortgaged financing, financial or operational dues which is under any stress condition or situation and the stakeholders are under process of finding resolution towards it to save the property from being attached to a formal recovery process. In this type of sale, minimum fetch value assessed will always be less than the estimated Fair Market Value where the discount of percentage will depend upon various circumstances and factors such as nature, size, salability prospects of the property and kind of encumbrance on the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property will be more on the seller than the buyer.

**Liquidation Value** is the amount that would be realized when an asset or group of assets are sold due to any compulsion or constraints such as in a recovery process guided by statute, law or legal process, clearance sale or any such condition or situation thereof where the pressure of selling the asset/ property is very high to realize

	<p>whatever maximum amount can be from the sale of the assets in a limited time for clearance of dues or due to closure of business. In other words, this kind of value is also called as forced sale value.</p> <p><b>Difference between Cost, Price &amp; Value:</b> Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in professional &amp; legal terms. Therefore, it is our professional responsibility to describe the definitions of these words to avoid ambiguity &amp; confusion in the minds of the user of this report.</p> <p>The <b>Cost</b> of an asset represents the actual amount spend in the construction/ actual creation of the asset.</p> <p>The <b>Price</b> is the amount paid for the procurement of the same asset.</p> <p>The <b>Value</b> is defined as the present worth of future rights in the property/ asset and is a hypothetical or notional price that buyers and sellers are most likely to conclude for a good or service. Value is not a fact, but an estimate of the likely price to be paid for a good or service at a given time in accordance with a particular definition of value. Therefore, in actual for the same asset/ property, cost, price &amp; value remain different since these terms have different usage &amp; meaning.</p>
16.	<p><b>Enclosures with the Report:</b></p> <ul style="list-style-type: none"> <li>• Enclosure: III – Declaration</li> <li>• Enclosure: IV – Model code of conduct for valuers</li> <li>• Enclosure V: Photographs of the property</li> <li>• Enclosure VI: Google map location</li> <li>• Enclosure VII: Copy of Circle rate</li> <li>• Enclosure VIII: Referenced on price trend of the similar related properties available on public domain.</li> <li>• Enclosure IX: Extracts of important property documents provided by the clients</li> <li>• Enclosure X: Valuer's important remarks.</li> </ul>

## **IMPORTANT NOTES**

**DEFECT LIABILITY PERIOD** - In case of any query/ issue or escalation you may please contact Incident Manager by writing at [valuers@rkassociates.org](mailto:valuers@rkassociates.org). We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors, assessment or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point mentioned in the report, please help us by bringing all such points into our notice in writing at [valuers@rkassociates.org](mailto:valuers@rkassociates.org) within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates shouldn't be held responsible for any inaccuracy in any manner. Also, if we do not hear back anything from you within 30 days, we will assume that the report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

**COPYRIGHT FORMAT** - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format or any content of this report wholly or partially other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

### **IF REPORT IS USED FOR BANK/ FIs**

**NOTE:** As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

**At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.**

## ENCLOSURE IV: MODEL CODE OF CONDUCT FOR VALUERS

### Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavour to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

### Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client insofar as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

### INDEPENDENCE AND DISCLOSURE OF INTEREST

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessarily disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in "mandate snatching" or offering "convenience valuations" in order to cater to a company or client's needs.
18. As an independent valuer, the valuer shall not charge success fee (Success fees may be defined as a compensation / incentive paid to any third party for successful closure of transaction. In this case, approval of credit proposals).
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

### **Confidentiality**

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

### **Information Management**

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuer's organisation with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuer's organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

### **Gifts and hospitality:**

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.  
*Explanation.* — For the purposes of this code the term "relative" shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).
26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

### **Remuneration and Costs.**

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

### **Occupation, employability and restrictions.**

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

**ENCLOSURE - X**

**PART E**

**VALUER'S IMPORTANT REMARKS**

1.	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown/ identified to us on the site unless otherwise mentioned in the report of which some reference has been taken from the information/ data given in the copy of documents provided to us and informed verbally or in writing out of the standard checklist of documents sought from the client & its customer which they could provide within the reasonable expected time out of the standard checklist of documents sought from them and further based on certain assumptions and limiting conditions. The information, facts, documents, data which has become primary basis of the report has been supplied by the client which has been relied upon in good faith and is not generated by the Valuer.
2.	The client/ owner and its management/ representatives warranted to us that the information they have supplied was complete, accurate and true and correct to the best of their knowledge. All such information provided to us either verbally, in writing or through documents has been relied upon in good faith and we have assumed that it is true & correct without any fabrication or misrepresentation. I/We shall not be held liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or willful default on part of the owner, company, its directors, employee, representative or agents.
3.	Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, sanctioned maps, verification of documents provided to us such as title documents, Map, etc. from any concerned Govt. office etc. have to be taken care by legal expert/ Advocate and same is not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
4.	In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions and other information provided to us by the client during the course of the assessment.
5.	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services and same has not been done in this report unless otherwise stated.
6.	Wherever any details are mentioned in the report in relation to any legal aspect of the property such as name of the owner, leases, etc. is only for illustration purpose and should not be construed as a professional opinion. Legal aspects are out of scope of this report. Details mentioned related to legal aspect are only based on the copy of the documents provided to us and whatever we can interpret as a non-legally trained person. This should be cross validated with a legal expert. We do not vouch any responsibility regarding the same.
7.	We have made certain assumptions in relation to facts, conditions & situations affecting the subject of, or approach to this exercise that has not been verified as part of the engagement rather, treated as "a supposition taken to be true". If any of these assumptions prove to be incorrect then our estimate on value will need to be reviewed.
8.	This is just an opinion report based on technical & market information having general assessment & opinion on the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation. It doesn't contain any other recommendations of any sort including but not limited to express of any opinion on the suitability or otherwise of entering into any transaction with the borrower.
9.	We have relied on the data from third party, external sources & information available on public domain to conclude the valuation. These sources are believed to be reliable and therefore, we assume no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where we have relied on the data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data is extracted from authentic sources, however we still can't vouch its authenticity, correctness, or accuracy.
10.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
11.	Value varies with the Purpose/ Date/ Asset Condition & situation/ Market condition, demand & supply, asset utility prevailing on a particular date/ Mode of sale. The indicative & estimated prospective Value of the asset given in this report is restricted only for the purpose and other points mentioned above prevailing on a particular date as mentioned in the report. If any of these points are different from the one mentioned aforesaid in the Report then this report should not be referred.
12.	Our report is meant ONLY for the purpose mentioned in the report and should not be used for any other purpose. The Report should not be copied or reproduced for any purpose other than the purpose for which it is prepared for. I/we do not take any responsibility for the unauthorized use of this report.
13.	We owe responsibility only to the authority/client that has appointed us as per the scope of work mentioned in the report. We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the client or companies, their directors, employees or agents.
14.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the site inspection and documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
15.	The sale of the subject property is assumed to be on an all cash basis. Financial arrangements would affect the price at which the property may sell for if placed on the market.
16.	The actual realizable value that is likely to be fetched upon sale of the asset under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.

17.	While our work has involved an analysis & computation of valuation, it does not include detailed estimation, design/ technical/ engineering/ financial/ structural/ environmental/ architectural/ compliance survey/ safety audit & works in accordance with generally accepted standards of audit & other such works. The report in this work is not investigative in nature. It is mere an opinion on the likely estimated valuation based on the facts & details presented to us by the client and third party market information came in front of us within the limited time of this assignment, which may vary from situation to situation.
18.	Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
19.	Documents, information, data including title deeds provided to us during the course of this assessment by the client is reviewed only upto the extent required in relation to the scope of the work. No document has been reviewed beyond the scope of the work. These are not reviewed in terms of legal rights for which we do not have expertise. Wherever any information mentioned in this report is mentioned from the documents like owners name, etc., it is only for illustration purpose and may not necessary represent accuracy.
20.	The report assumes that the borrower/company/business/asset complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the companies/business/assets is managed in a competent and responsible manner. Further, as specifically stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with relevant laws, and litigations and other contingent liabilities that are not recorded/reflected in the documents/ details/ information/ data provided to us.
21.	This valuation report is not a qualification for accuracy of land boundaries, schedule (in physical terms), dimensions & identification. For this land/ property survey report can be sought from a qualified private or Govt. surveyor.
22.	This Valuation report is prepared based on the facts of the property on the date of the survey. Due to possible changes in market forces, socio-economic conditions, property conditions and circumstances, this valuation report can only be regarded as relevant as at the valuation date. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
23.	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly, an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing and take decision accordingly.
24.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just visually matched the land boundaries, schedule (in physical terms) & dimensions of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest. Where there is a doubt about the precision position of the boundaries, schedule, dimensions of site & structures, it is recommended that a Licensed Surveyor be contacted.
25.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
26.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township and the subject unit must be approved in all respect.
27.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable the time when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough for the Valuer to determine the exact lawful situation on ground. Unless otherwise mentioned in the report, the covered area present on the site as per site survey will be considered in the Valuation.
28.	Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
29.	Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
30.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
31.	Although every scientific method has been employed in systematically arriving at the value, there is, therefore, no indisputable single value and the estimate of the value is normally expressed as falling within a likely range.
32.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may

	be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers, demand & supply prevailing in the market and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However, our Valuation analysis can definitely help the stakeholders to take informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
33.	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component, or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
34.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
35.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
36.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
37.	As per IBA Guidelines & Bank Policy, in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.
38.	<b>Defect Liability Period is 15 DAYS.</b> We request the concerned authorized reader of this report to check the contents, data, information, and calculations in the report within this period and intimate us in writing at <a href="mailto:valuers@rkassociates.org">valuers@rkassociates.org</a> within 15 days of report delivery, if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner. After this period no concern/ complaint/ proceedings in connection with the Valuation Services will be entertained due to possible change in situation and condition of the property.
39.	Though adequate care has been taken while preparing this report as per its scope, but still we can't rule out typing, human errors, over sightedness of any information or any other mistakes. Therefore, the concerned organization is advised to satisfy themselves that the report is complete & satisfactory in all respect. Intimation regarding any discrepancy shall be brought into our notice immediately. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, to rectify these timely, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner.
40.	Our Data retention policy is of <b>ONE YEAR</b> . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
41.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then we request the user of this report to immediately or atleast within the defect liability period to bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
42.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
43.	We are fully aware that based on the opinion of value expressed in this report, we may be required to give testimony or attend court / judicial proceedings with regard to the subject assets, although it is out of scope of the assignment, unless specific arrangements to do so have been made in advance, or as otherwise required by law. In such event, the party seeking our evidence in the proceedings shall bear the cost/professional fee of attending court / judicial proceedings and my / our tendering evidence before such authority shall be under the applicable laws.
44.	The final copy of the report shall be considered valid only if it is in hard copy on the company's original letter head with proper stamp and sign on it of the authorized official upon payment of the agreed fees. User shall not use the content of the report for the purpose it is prepared for only on draft report, scanned copy, email copy of the report and without payment of the agreed fees. In such a case the report shall be considered as unauthorized and misused.

# **SURVEY SUMMARY SHEET** (TO BE ENCLOSED WITH VALUATION REPORT)

(Version 1.0) | Date of implementation: 10.04.2017

Detailed Survey Form can also be made available to the interested organization in case it is required to cross check what information our surveyor has given in site inspection report based on which Valuation report is prepared.

1.	File No.	vis(2022-23)- PL320-244-459						
2.	Name of the Surveyor	Abhishek J						
3.	Borrower Name	Rahul Kaishrakumar Kanodia						
4.	Name of the Owner	—						
5.	Property Address which has to be valued	Pg. 2						
6.	Property shown & identified by at spot	<input checked="" type="checkbox"/> Owner, <input type="checkbox"/> Representative, <input type="checkbox"/> No one was available, <input type="checkbox"/> Property is locked, survey could not be done from inside <table border="1"> <tr> <th>Name</th> <th>Contact No.</th> </tr> <tr> <td>Rahul Kanodia</td> <td>9892235111</td> </tr> </table>			Name	Contact No.	Rahul Kanodia	9892235111
Name	Contact No.							
Rahul Kanodia	9892235111							
7.	How Property is Identified by the Surveyor	<input checked="" type="checkbox"/> From schedule of the properties mentioned in the deed, <input type="checkbox"/> From name plate displayed on the property, <input type="checkbox"/> Identified by the owner/ owner representative, <input type="checkbox"/> Enquired from nearby people, <input type="checkbox"/> Identification of the property could not be done, <input type="checkbox"/> Survey was not done						
8.	Are Boundaries matched	<input type="checkbox"/> Yes, <input type="checkbox"/> No, <input type="checkbox"/> No relevant papers available to match the boundaries, <input type="checkbox"/> Boundaries not mentioned in available documents						
9.	Survey Type	<input checked="" type="checkbox"/> Full survey (inside-out with measurements & photographs) <input type="checkbox"/> Half Survey (Measurements from outside & photographs) <input type="checkbox"/> Only photographs taken (No measurements)						
10.	Reason for Half survey or only photographs taken	<input type="checkbox"/> Property was locked, <input type="checkbox"/> Possessee didn't allow to inspect the property, <input type="checkbox"/> NPA property so couldn't be surveyed completely NA						
11.	Type of Property	<input type="checkbox"/> Flat in Multistoried Apartment, <input type="checkbox"/> Residential House, <input type="checkbox"/> Low Rise Apartment, <input type="checkbox"/> Residential Builder Floor, <input type="checkbox"/> Commercial Land & Building, <input checked="" type="checkbox"/> Commercial Office, <input type="checkbox"/> Commercial Shop, <input type="checkbox"/> Commercial Floor, <input type="checkbox"/> Shopping Mall, <input type="checkbox"/> Hotel, <input type="checkbox"/> Industrial, <input type="checkbox"/> Institutional, <input type="checkbox"/> School Building, <input type="checkbox"/> Vacant Residential Plot, <input type="checkbox"/> Vacant Industrial Plot, <input type="checkbox"/> Agricultural Land						
12.	Property Measurement	<input checked="" type="checkbox"/> Self-measured, <input type="checkbox"/> Sample measurement, <input type="checkbox"/> No measurement						
13.	Reason for no measurement	<input type="checkbox"/> It's a flat in multi storey building so measurement not required <input type="checkbox"/> Property was locked, <input type="checkbox"/> Owner/ possessee didn't allow it, <input type="checkbox"/> NPA property so didn't enter the property, <input type="checkbox"/> Very Large Property, practically not possible to measure the area within limited time <input type="checkbox"/> Any other Reason: NA						
14.	Land Area of the Property	As per Title deed	As per Map	As per site survey				
15.	Covered Built-up Area	As per Title deed	As per Map	As per site survey				
16.	Property possessed by at the time of survey	<input checked="" type="checkbox"/> Owner, <input type="checkbox"/> Vacant, <input type="checkbox"/> Lessee, <input type="checkbox"/> Under Construction, <input type="checkbox"/> Couldn't be Surveyed, <input type="checkbox"/> Property was locked, <input type="checkbox"/> Bank sealed, <input type="checkbox"/> Court sealed BUA → 635 sq. ft Pg. 11						
17.	Any negative observation of the	Pg. 10						

	property during survey	
18.	Is Independent access available to the property	<input checked="" type="checkbox"/> Clear independent access is available, <input type="checkbox"/> Access available in sharing of other adjoining property, <input type="checkbox"/> No clear access is available, <input type="checkbox"/> Access is closed due to dispute
19.	Is property clearly demarcated with permanent boundaries?	<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No, <input type="checkbox"/> Only with Temporary boundaries
20.	Is the property merged or colluded with any other property	NO
21.	Local Information References on property rates	Please refer attached sheet named 'Property rate Information Details.'

### Endorsement:

#### 1. Signature of the Person who was present from the owner side to identify the property:

**Undertaking:** I have shown the correct property and provided the correct information about the property to the surveyor of R.K Associates to the best of my knowledge for which Valuation has to be prepared. In case I have shown wrong property or misled the valuer company in any way then I'll be solely responsible for this unlawful act.

- Name of the Person: Rahul Kanodia
- Relation: Owner
- Signature: Rahul Kanodia
- Date: 14/9/22

In case not signed then mention the reason for it: ☐ No one was available, ☐ Property is locked, ☐ Owner/representative refused to sign it, ☐ Any other reason:

#### 2. Surveyor Signature who did site inspection:

**Undertaking:** I have inspected the property and cross verified the property details at site to the extent of a. Matching boundaries of the property, b. Sample measurement of its area, c. Physical condition, d. Property rates as per local information with what is mentioned in the property documents provided to me by the Bank/interested organization. I have not come under influence of anyone during site inspection and have only recorded the true and factual details in the survey form which I come across during the site survey. I understand that giving any manipulative information in the survey form will lead to incorrect Valuation report which is an unlawful act and I'll be solely responsible for doing it.

- Name of the Surveyor: Abhishek
- Signature: [Signature]
- Date: 14/09/22
