i.	Enclosure 4	Copy of Circle Rate
j.	Enclosure 5	Valuer's Important Remarks

PART C

CHARACTERISTICS DESCRIPTION OF THE ASSET

1. BRIEF DESCRIPTION OF THE PROPERTY UNDER VALUATION

This opinion on valuation is prepared for the residential independent house situated at the aforesaid address having total land area admeasuring 223 sq.mtr. / 2400.35 sq.ft. as per the copy of gift deed dated 11th February 2021 provided to us by the bank/client.

As per the copy of ownership documents, the subject property is constructed over a freehold land parcel. As per the copy of approved site plan and observations made during the site visit, the subject property comprises a G+1 floor upper story RCC Structure with RCC roofing having total covered area of 240.52 sq. mtr./ 2,589 sq. ft. Details of the same has been tabulated below:

Sr. No.	Floor	Description	Type of Structure	Area (in sq.ft.)	Area (in sq.mtr.)	Height (in ft.)	Year of Construction
1	Ground Floor	2-Bedrooms, 2-Washrooms, 1-Lobby, 1-Drawing, 1- Kitchen	RCC load bearing structure on pillar beam column and brick walls on RCC slab	1,792	166.46	10	2022
2	First Floor	2-Bedrooms, 1- Washroom	RCC load bearing structure on pillar beam column and brick walls on RCC slab	797	74.06	10	2022
TOTAL				2,589	240.52		

The property was identified by the owner's representative Mr. Kanti Ram Sharma (☎-91- 94103 21457).

In case of discrepancy in the address mentioned in the property documents and the property shown to us at the site due to change in zoning or administrative level at the site or client misled the valuer by providing the fabricated document, the valuation should be considered of the property shown to us at the site of which the photographs are also attached. Our responsibility will be only related to the valuation of the property shown to us on the site and not regarding matching from the documents or searching the property from our own. Banker to verify from district administration/ tehsil level the identification of the property if it is the same matching with the document pledged.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property found on as-is-where basis on site for which the Bank/ customer has shown & asked us to conduct the Valuation for which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. It doesn't contain any due-diligence other than the valuation assessment of the property shown to us on site. Information/ data/ documents given to us by Bank/ client has been relied upon in good faith. This report doesn't contain any other recommendations of any sort.

2. GENERAL DESCRIPTION OF THE PROPERTY

i.	Names of the Legal Owner/s	Priyanka Sharma D/o. Mr. Kanti Ram Sharma
ii.	Constitution of the Property	Free hold, complete transferable rights

iii.	Since how long owners owing the Property	Approximately 1 year
iv.	Year of Acquisition/ Purchase	2021
v.	Property presently occupied/ possessed by	Legal Owner

*NOTE: Please see point 6 of Enclosure: 5 – Valuer's Important Remarks.

3.	LOCATION CHARACTERISTICS OF THE PROPERTY			
i.	Nearby Landmark	Near Shiv Mandir, Badamawala		
ii.	Postal Address of the Property	Khata No. 103, Khasra No. 358 Min., Mauza- Badamawala, Pargana- Pachawadoon, Tehsil- Vikasnagar, District- Dehradun, Uttarakhand		
iii.	Independent access/ approach to the property	Clear independent access is available		
iv.	Google Map Location of the Property with a neighborhood layout map	Enclosed with the Report		
		Coordinates or URL: 30°27'58.2"N 77°47'59.9"E		
v.	Description of adjoining property	Residential		
vi.	Plot No./ Survey No.	Khata No. 103, Khasra No. 358 Min.		
vii.	Village/ Zone	Village- Badamawala		
viii.	Sub registrar	Tehsil- Vikasnagar		
ix.	District	Dehradun		
x.	City Categorization	Village		Rural
xi.	Characteristics of the locality	Ordinary		Within good village area
xii.	Property location classification	Normal location within locality	None	None
xiii.	Property Facing	North Facing		
xiv.	Details of the roads abutting the property			
	a) Main Road Name & Width	Langha Road		30 ft.
	b)Front Road Name & width	Badamawala Road		20 ft.
	c) Type of Approach Road	Bituminous Road		
	d)Distance from the Main Road	~200 mtr.		
xv.	Is property clearly demarcated by permanent/ temporary boundary on site	Yes		
xvi.	Is the property merged or colluded with any other property	No, it is an independent single bounded property		
xvii.	Boundaries schedule of the Property			
a)	Are Boundaries matched		Yes from the available documents	
b)	Directions	As per Sale Deed/TIR		Actual found at Site
	East	Property of Donor		Property of Mr. Kanti Ram Sharma & Mr. Rahul Sharma
	West	Property of others		Property of others
	North	20 ft. wide road		20 ft. wide road
	South	Property of others		Property of others

4.	TOWN PLANNING/ ZONING PARAMETERS		
i.	Planning Area/ Zone	Area not within any development authority limits	
ii.	Master Plan currently in force	NA	
iii.	Municipal limits	Area not within any municipal limits (Gram Panchayat)	
iv.	Developmental controls/ Authority	NA	
v.	Zoning regulations	Not yet under zoning regulations	
vi.	Master Plan provisions related to property in terms of Land use	NA	
vii.	Any conversion of land use done	No information available	
viii.	Current activity done in the property	Residential Use	
ix.	Is property usage as per applicable zoning	It is a village area, no zoning regulations defined	
x.	Any notification on change of zoning regulation	NA	
xi.	Street Notification	Not notified	
xii.	Status of Completion/ Occupational certificate	No information provided	NA
xiii.	Comment on unauthorized construction if any	None	
xiv.	Comment on Transferability of developmental rights	None	
xv.	Comment on the surrounding land uses & adjoining properties in terms of uses	The surrounding properties are currently vacant land.	
xvi.	Comment of Demolition proceedings if any	No	
xvii.	Comment on Compounding/ Regularization proceedings	No	
xviii.	Any information on encroachment	No	
xix.	Is the area part of unauthorized area/ colony	No	

5.	ECONOMIC ASPECTS OF THE PROPERTY		
i.	Reasonable letting value/ Expected market monthly rental	NA	
ii.	a) Is property presently on rent	No	
	b) Number of tenants	NA	
	c) Since how long lease is in place	NA	
	d) Status of tenancy right	NA	
	e) Amount of monthly rent received	NA	
iii.	Taxes and other outgoing	NA	
iv.	Property Insurance details	NA	
v.	Monthly maintenance charges payable	NA	
vi.	Security charges, etc.	NA	
vii.	Any other aspect	NA	

6. SOCIO - CULTURAL ASPECTS OF THE PROPERTY		
i.	Descriptive account of the location of the property in terms of social structure of the area in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/squatter settlements nearby, etc.	Rural Income Group
ii.	Whether property belongs to social infrastructure like hospital, school, old age homes etc.	No

7.	FUNCTIONAL AND UTILITARIAN SERVICES, FACILITIES & AMENITIES				
i.	Drainage arrangements		Yes		
ii.	Water Treatment Plant		NA		
iii.	Power Supply arrangements	Electricity	Yes		
		Power Backup	No		
iv.	HVAC system		No		
v.	Security provisions		No		
vi.	Lift/ Elevators		No		
vii.	Compound wall/ Main Gate		Yes		
viii.	Whether gated society		No		
ix.	Car parking facilities		Yes		
x.	Ventilation		Yes		
xi.	Internal development				
	Garden/ Park/ Land scraping	Water bodies	Internal roads	Pavements	Boundary Wall
	Yet to be made	No	No	Yet to be made	Yes

8. INFRASTRUCTURE AVAILABILITY		
i.	Description of Aqua Infrastructure availability in terms of:	
	a) Water Supply	Yes from borewell/ submersible
	b) Sewerage/ sanitation system	Underground
	c) Storm water drainage	Yes
ii.	Description of other Physical Infrastructure facilities in terms of:	
	a) Solid waste management	Yes
	b) Electricity	Yes
	c) Road and Public Transport connectivity	Yes
	d) Availability of other public utilities nearby	Transport, Market, Hospital etc. available in close vicinity
iii.	Proximity & availability of civic amenities & social infrastructure	

	School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
	3 km.	5 km.	6 km.	5 km	35 km	---	62 km
iv.	Availability of recreation facilities (parks, open spaces etc.)			Yes ample recreational facilities are available in the vicinity.			

9.	MARKETABILITY ASPECTS OF THE PROPERTY:		
i.	Location attribute of the subject property	Normal	
ii.	Scarcity	Similar kind of properties are easily available on demand.	
iii.	Market condition related to demand and supply of the kind of the subject property in the area	Demand will be low for such properties since the property is in remote area.	
iv.	Any New Development in surrounding area	None	None
v.	Any negativity/ defect/ disadvantages in the property/ location	No	---
vi.	Any other aspect which has relevance on the value or marketability of the property	No	

10.	ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY:		
i.	Type of construction & design	RCC load bearing structure on beam column and brick walls	
ii.	Method of construction	Regular masonry construction using standard quality material	
iii.	Specifications		
	a) Class of construction	RCC load bearing structure on beam column and brick walls	
	b) Appearance/ Condition of structures	Internal - RCC load bearing structure on beam column and brick walls	
		External - RCC load bearing structure on beam column and brick walls	
	c) Roof	Floors/ Blocks	Type of Roof
		Ground + First Floor	RCC
	d) Floor height	10 ft.	
	e) Type of flooring	Simple Marble/ Tiles	
	f) Doors/ Windows	Wooden Doors	
	g) Interior Finishing	Neatly plastered and putty coated walls	
	h) Exterior Finishing	Neatly plastered and putty coated walls	
	i) Interior decoration/ Special architectural or decorative feature	Neatly plastered and putty coated walls	
	j) Class of electrical fittings	Ordinary	
	k) Class of sanitary & water supply fittings	Ordinary	
iv.	Maintenance issues	No maintenance issues found	

v.	Age of building/ Year of construction	2022	Recently build
vi.	Total life of the structure/ Remaining life expected	60 years	60 years
vii.	Extent of deterioration in the structure	NA	
viii.	Protection against natural disasters viz. earthquakes etc.	NA	
ix.	Visible damage in the building if any	NA	
x.	System of air conditioning	No	
xi.	Provision of firefighting	NA	
xii.	Status of Building Plans/ Maps	Sanctioned by competent authority as per copy of Map provided to us	
	a) Authority approving the plan	Area not within any development authority limits	
	b) Name of the office of the Authority	NA	
	c) Is Building as per approved Map	Yes appears to be as per sample measurement done.	
	d) Details of alterations/ deviations/ illegal construction/ encroachment noticed in the structure from the original approved plan	<input type="checkbox"/> Permissible Alterations	<input type="checkbox"/> Permissible Alterations
		<input type="checkbox"/> Not permitted alteration	<input type="checkbox"/> Not permitted alteration
	e) Is this being regularized	NA	

11.	ENVIRONMENTAL FACTORS:		
i.	Use of environment friendly building materials like fly ash brick, other green building techniques if any	No Information available	
ii.	Provision of rainwater harvesting	No	
iii.	Use of solar heating and lighting systems, etc.	No	
iv.	Presence of environmental pollution in the vicinity of the property in terms of industries, heavy traffic, etc. if any	No, the property is located in remote area.	

12.	ARCHITECTURAL AND AESTHETIC QUALITY OF THE PROPERTY:		
i.	Descriptive account on whether the building is modern, old fashioned, etc., plain looking or with decorative elements, heritage value if applicable, presence of landscape elements, etc.	Modern structure	

PART D

AREA DESCRIPTION OF THE PROPERTY

1.	Land Area considered for Valuation	223 sq.mtr. / 2,400.35 sq.ft.	
	Area adopted on the basis of	Property documents & site survey both	
	Remarks & observations, if any	The land area is taken as per the copy of TIR and Gift Deed provided to us and the same has been cross checked by the measurement during the site survey.	
2.	Constructed Area considered for Valuation (As per IS 3861-1966)	Covered Area	240.52 sq.mtr. / 2,588.93 sq.ft.
	Area adopted on the basis of	Property documents & site survey both	
	Remarks & observations, if any	The covered area is taken as per the Approved Map provided to us and the same has been cross checked by the measurement during the site survey.

2. Verification of the area measurement of the property is done based on sample random checking only.
3. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents verified with digital survey through google which has been relied upon.
4. Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

PART E

PROCEDURE OF VALUATION ASSESMENT

1.	GENERAL INFORMATION				
i.	Important Dates	Date of Inspection of the Property		Date of Valuation Assessment	Date of Valuation Report
		13 October 2022		28 October 2022	28 October 2022
ii.	Client	Bank of Baroda, Kamola Branch, Haldwani			
iii.	Intended User	Bank of Baroda, Kamola Branch, Haldwani			
iv.	Intended Use	To know the general idea on the market valuation trend of the property as per free market transaction. This report is not intended to cover any other internal mechanism, criteria, and considerations of any organization as per their own need, use & purpose.			
v.	Purpose of Valuation	For Periodic Re-valuation of the mortgaged property			
vi.	Scope of the Assessment	Non binding opinion on the assessment of Plain Physical Asset Valuation of the property identified to us by the owner or through his representative.			
vii.	Restrictions	This report should not be referred for any other purpose, by any other user and for any other date other then as specified above.			
viii.	Manner in which the proper is identified	<input type="checkbox"/>	Done from the name plate displayed on the property		
		<input type="checkbox"/>	Identified by the owner		
		<input checked="" type="checkbox"/>	Identified by the owner’s representative		
		<input type="checkbox"/>	Enquired from local residents/ public		
		<input type="checkbox"/>	Cross checked from the boundaries/ address of the property mentioned in the documents provided to us		
		<input type="checkbox"/>	Identification of the property could not be done properly		
		<input type="checkbox"/>	Survey was not done		
ix.	Type of Survey conducted	Full survey (inside-out with approximate measurements & photographs).			

2.	ASSESSMENT FACTORS				
i.	Nature of the Valuation	Fixed Assets Valuation			
ii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature		Category	Type
		LAND & BUILDING		RESIDENTIAL	RESIDENTIAL HOUSE (PLOTTED DEVELOPMENT)
		Classification		Personal use asset	
iii.	Type of Valuation (Basis of Valuation as per IVS)	Primary Basis	Market Value & Govt. Guideline Value		
		Secondary Basis	Not Applicable		
iv.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Normal Marketable State			
		Reason: Asset under free market transaction state			
v.	Property Use factor	Current/ Existing Use		Highest & Best Use <i>(in consonance to surrounding use, zoning and statutory norms)</i>	Considered for Valuation purpose
		Residential		Residential	Residential
vi.	Legality Aspect Factor	Assumed to be fine as per copy of the documents & information produced to us. However Legal aspects of the property of any nature are out-of-scope of the Valuation Services. In terms of the legality, we have only gone by the documents provided to us in good faith. Verification of authenticity of documents from originals or cross checking from any Government department have to be taken care by Legal expert/ Advocate.			
vii.	Flat Physical Factors	Shape		Size	Layout
		Rectangle		Small	Good Layout
viii.	Property Location Category Factor	City Categorization	Locality Characteristics	Property location characteristics	Floor Level
		Village	Ordinary	Ordinary location within the locality	Ground & First Floor
		Rural	Normal	Not Applicable	
			Within good village area	Not Applicable	
		Property Facing			
		North Facing			

ix.	Physical Infrastructure availability factors of the locality	Water Supply	Sewerage/ sanitation system	Electricity	Road and Public Transport connectivity
		Yes from borewell/ submersible	Underground	Yes	Easily available
		Availability of other public utilities nearby		Availability of communication facilities	
		Transport, Market, Hospital etc. are available in close vicinity		Major Telecommunication Service Provider & ISP connections are available	
x.	Social structure of the area (in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/ squatter settlements nearby, etc.)	Rural Area			
xi.	Neighbourhood amenities	Average			
xii.	Any New Development in surrounding area	None	NA		
xiii.	Any specific advantage/ drawback in the property	No			
xiv.	Property overall usability/ utility Factor	Normal			
xv.	Do property has any alternate use?	No			
xvi.	Is property clearly demarcated by permanent/ temporary boundary on site	Demarcated with permanent boundary			
xvii.	Is the property merged or colluded with any other property	No			
		Comments: NA			
xviii.	Is independent access available to the property	Clear independent access is available			
xix.	Is property clearly	Yes			

	possessable upon sale			
xx.	Best Sale procedure to realize maximum Value <i>(in respect to Present market state or premise of the Asset as per point (iv) above)</i>	Fair Market Value		
		Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xxi.	Hypothetical Sale transaction method assumed for the computation of valuation	Fair Market Value		
		Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xxii.	Approach & Method of Valuation Used	Residential Land & Building	Approach of Valuation	Method of Valuation
			Mixture of Market & Cost Approach	Market Comparable Sales Method for Land Valuation & Depreciated Replacement Cost Method for Building Valuation
xxiii.	Type of Source of Information	Level 3 Input (Tertiary)		
xxiv.	Market Comparable			
xxv.	References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered <i>(from property search sites & local information)</i>	1.	Name:	Mr. Sameer
			Contact No.:	+91- 98718 35151
			Nature of reference:	Property Consultant
			Size of the Property:	200 sq.yds./ 1,800 sq. ft.
			Location:	Badamawala
			Rates/ Price informed:	Rs.600/- to Rs.800/- per sq.ft.
			Any other details/ Discussion held:	As per the discussion with the dealer, the rates for the land are approximately Rs.600/- to Rs.800/- per sq.ft. and depends on the distance from the main road.
		2.	Name:	Guru Kripa Associates
			Contact No.:	+91- 82186 51436
			Nature of reference:	Property Consultant
			Size of the Property:	200 sq. yds./ 1,800 sq. ft.
			Location:	Badamawala
			Rates/ Price	Rs.500/- to Rs.800/- per sq.ft.

			informed:	
			Any other details/ Discussion held:	As per the discussion with the dealer, the rates for the land are approximately Rs.600/- to Rs.800/- per sq.ft. near the main road.
xxvi.	NOTE: The given information above can be independently verified to know its authenticity.			
xxvii.	Adopted Rates Justification		Since, the subject property is located at a distance of ~200 mtr. from the main road in the remote area where all other adjacent properties are vacant, therefore the adopted rate of Rs. 600/- per sq. ft. is considered to be fair and reasonable for the purpose of this valuation assessment.	
	Comparable Weighted & Adjusted Rate of the subject Property (average of all comparable)	Rs.600/- per sq.ft.		
	NOTE: We have taken due care to take the information from reliable sources. The given information above can be independently verified from the provided numbers to know its authenticity. However due to the nature of the information most of the market information came to knowledge is only through verbal discussion with market participants which we have to rely upon where generally there is no written record.			
	Related postings for similar properties on sale are also annexed with the Report wherever available.			
xxviii.	Other Market Factors			
	Current Market condition	Normal		
		Remarks: NA		
		Adjustments (-/+): 0%		
	Comment on Property Salability Outlook	Easily sellable		
		Adjustments (-/+): 0%		
	Comment on Demand & Supply in the Market	Demand		Supply
		Moderate		High
		Remarks: Demand for such properties is low due to its location factors		
		Adjustments (-/+): 0%		
xxix.	Any other special consideration	Reason: NA		
		Adjustments (-/+): 0%		
xxx.	Any other aspect which has relevance on the value or marketability of the property	NA Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will fetch considerably lower value. Similarly, an asset sold directly by an owner in the open market through free market arm's length transaction then it will fetch better value and if the same asset/ property is sold by any financier or court decree or Govt. enforcement agency due to any kind of encumbrance on it then it will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.		

		<p>This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.</p> <p>Adjustments (-/+): 0%</p>
xxxi.	Final adjusted & weighted Rates considered for the subject property	Rs.600/- per sq.ft.
xxxii.	Considered Rates Justification	As per the thorough property & market factors analysis as described above, the considered estimated market rates appears to be reasonable in our opinion.
xxxiii.	Basis of computation & working	
	<ul style="list-style-type: none"> Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report. Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values. For knowing comparable market rates, significant discreet local enquiries have been made from our side based on the hypothetical/ virtual representation of ourselves as both buyer and seller for the similar type of properties in the subject location and thereafter based on this information and various factors of the property, rate has been judiciously taken considering the factors of the subject property, market scenario and weighted adjusted comparison with the comparable properties unless otherwise stated. References regarding the prevailing market rates and comparable are based on the verbal/ informal/ secondary/ tertiary information which are collected by our team from the local people/ property consultants/ recent deals/ demand-supply/ internet postings are relied upon as may be available or can be fetched within the limited time & resources of the assignment during market survey in the subject location. No written record is generally available for such market information and analysis has to be derived mostly based on the verbal information which has to be relied upon. Market Rates are rationally adopted based on the facts of the property which came to our knowledge during the course of the assessment considering many factors like nature of the property, size, location, approach, market situation and trends and comparative analysis with the similar assets. During comparative analysis, valuation metrics is prepared and necessary adjustments are made on the subject asset. The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which takes place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer. Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Commission, Bank interest, Selling cost, Marketing cost, etc. pertaining to the sale/ purchase of this 	

property are not considered while assessing the indicative estimated Market Value.

- This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Market Value as described above. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.
- Area measurements considered in the Valuation Report pertaining to asset/ property is adopted from relevant approved documents or sample site measurement whichever is less unless otherwise mentioned. All area measurements are on approximate basis only.
- Verification of the area measurement of the property is done based on sample random checking only.
- Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
- Drawing, Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
- Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its age, existing condition & specifications based on visual observation only of the structure. No structural, physical tests have been carried out in respect of it. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.
- Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method unless otherwise stated.
- The condition assessment and the estimation of the residual economic life of the structure are only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.
- This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is neither investigative in nature nor an audit activity.
- Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.

xxxiv.

ASSUMPTIONS

- a. Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith.
- b. Local verbal enquiries during micro market research came to our knowledge are assumed to be taken on record as true & factual.
- c. The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise.
- d. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title

concerns.

- e. *Payment condition during transaction in the Valuation has been considered on all cash bases which includes both formal & informal payment components as per market trend.*
- f. *Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated.*
- g. *If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report. This valuation report is prepared for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township is approved and complied with all relevant laws and the subject unit is also approved within the Group Housing Society/ Township.*

TOTAL				2588.93	240.52				₹ 38,83,400	₹ 38,83,400		₹ 28,86,240	
3	Ground Floor	Boundary Wall	Plastered Brick Wall	Rs.4000/- per running mtr. for ~60 mtr.							₹ 2,40,000		
GRAND TOTAL										₹ 41,23,400		₹ 28,86,240	
REMARKS:-													
1. All the structures present within the compound of the property of Ms. Priyanka Sharma D/o. Mr. Kanti Ram Sharma situated at Mauja- Badamawala, Pargana- Pachawadoon, Tehsil- Vikasnagar, District- Dehradun, Uttarakhand, has been considered in this valuation report.													
2. Covered Area has been taken on the basis of the Approved Map provided to us by the bank/client.													
3. Structure valuation is done on the basis of 'Depreciated Replacement Cost Approach' method only.													

5.	CONSOLIDATED VALUATION ASSESSMENT OF THE ASSET		
S. No.	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
a.	Land Value (A)	Rs.10,06,845/-	Rs.14,40,210/-
b.	Construction Value (B)	Rs.28,86,240/-	Rs.41,23,400/-
c.	Total Add (A+B)	Rs.38,93,085/-	Rs.55,63,610/-
d.	Additional Premium if any	NA	NA
	Details/ Justification	NA	NA
e.	Deductions charged if any	---	---
	Details/ Justification	---	---
f.	Total Indicative & Estimated Prospective Fair Market Value	---	Rs.55,63,610/-
g.	Rounded Off	---	Rs.55,65,000/-
h.	Indicative & Estimated Prospective Fair Market Value in words	---	Rupees Fifty-Five Lakhs Sixty Five Thousands Only
i.	Expected Realizable Value (@ ~15% less)	---	Rs.47,30,000/-
j.	Expected Distress Sale Value (@ ~25% less)	---	Rs.41,74,000/-
k.	Percentage difference between Circle Rate and Fair Market Value	More than 20%	
l.	Likely reason of difference in Circle Value and Fair Market Value in case of more than 20%	Circle rates are determined by the District administration as per their own theoretical internal policy for fixing the minimum valuation of the property for property registration tax collection purpose and Market rates are adopted based on prevailing market dynamics found as per the discrete market enquiries which is explained clearly in Valuation assessment factors.	
m.	Concluding Comments/ Disclosures if any		
	a. We are independent of client/ company and do not have any direct/ indirect interest in the property.		
	b. This valuation has been conducted by R.K Associates Valuers & Techno Engineering Consultants (P) Ltd. and its team of experts.		
	c. This Valuation is done for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report.		
	d. Reference of the property is also taken from the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from		

them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. However, we do not vouch the absolute correctness of the property identification, exact address, physical conditions, etc. based on the documents provided to us since property shown to us may differ on site Vs as mentioned in the documents or incorrect/ fabricated documents may have been provided to us.

- e. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals or from any Govt. department, etc. has to be taken care by legal experts/ Advocates and same has not been done at our end.
- f. The valuation of an asset is an estimate of the worth of that asset which is arrived at by the Valuer in his expert opinion after factoring in multiple parameters and externalities. This may not be the actual price of that asset and the market may discover a different price for that asset.
- g. This report only contains opinion based on technical & market information which came to our knowledge during the course of the assignment. It doesn't contain any recommendations.
- h. This report is prepared following our Standard Operating Procedures & Best Practices and will be subject to Limitations, Conditions, Valuer's Remarks, Important Notes, Valuation TOS and basis of computation & working as described above.
- i. The use of this report will become valid only after payment of full fees as per the Payment Terms. Using this report or any part content created in this report without payment of charges will be seen as misuse and unauthorized use of the report.

n. **IMPORTANT KEY DEFINITIONS**

Fair Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of the assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.

Fair Value without using the term "Market" in it describes that the value suggested by the Valuer may not mandatorily follow or may not be in complete consonance to the established Market in his expert opinion. It may or may not follow market dynamics. But if the suggested value by the valuer is not within the prevailing Market range or is assessed for an asset is located in an un-established Market then the valuer will give reasonable justification & reasoning that for what reasons the value suggested by him doesn't follow the prevailing market dynamics.

Fair Market Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice in consonance to the Market dynamics after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the

date of the Valuation.

Here the words “in consonance to the established Market” means that the Valuer will give opinion within the realms & dynamics of the prevailing market rates after exhaustively doing the micro market research. However due to the element of “Fair” in it, valuer will always look for the factors if the value should be better than the market realms which is just & equitable backed by strong justification and reasoning.

Market Value suggested by the competent Valuer is that prospective estimated amount which is average price of the similar comparable assets prevailing in an open & established market during the near period of the date of valuation at which the subject asset/ property should be exchanged between a willing buyer and willing seller on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities at an arm's length transaction in an open, established & unrestricted market, in an orderly transaction, wherein the parties, each acted without any compulsion on the date of the Valuation.

Using the term “Market Value” without “Fair” omits the elements of proper marketing, acting knowledgeably & prudently.

Market and market participants can be sentimental, inclined towards the transaction without the element of complete knowledge & prudence about facts or due diligence of the asset therefore “each acted knowledgeably, prudently” has been removed from the market Value definition.

Realizable Value is that minimum prospective estimated value of the asset/ property which it may be able to fetch at the time of actual property transaction factoring in the element of discount due to the prospects of deep negotiations between the buyer & seller when the parties in-principally find Fair Market Value reasonable and sits together to close the deal and the transaction across the table. Discount percentage on the Fair Market Value due to negotiation will depend on the nature, size, various salability prospects of the subject asset, the needs of the buyer & the seller and kind of payment terms. In some of the cases Realizable and Fair Market Value may also be equal.

Distress Sale Value* is that value when the property is attached with any process such as mortgaged financing, financial or operational dues which is under any stress condition or situation and the stakeholders are under process of finding resolution towards it to save the property from being attached to a formal recovery process. In this type of sale, minimum fetch value assessed will always be less than the estimated Fair Market Value where the discount of percentage will depend upon various circumstances and factors such as nature, size, salability prospects of the property and kind of encumbrance on the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property will be more on the seller than the buyer.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold due to any compulsion or constraints such as in a recovery process guided by statute, law or legal process, clearance sale or any such condition or situation thereof where the pressure of selling the asset/ property is very high to realize whatever maximum amount can be from the sale of the assets in a limited time for clearance of dues or due to closure of business. In other words, this kind of value is also called as forced sale value.

Difference between Cost, Price & Value: Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in professional & legal terms. Therefore, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.

The **Price** is the amount paid for the procurement of the same asset.

The **Value** is defined as the present worth of future rights in the property/ asset and is a hypothetical or notional price that buyers and sellers are most likely to conclude for a good or service. Value is not a fact, but an estimate of the likely price to be paid for a good or service at a given time in accordance with a particular definition of value.

Therefore, in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.

ENCLOSURE: 5 – VALUER’S IMPORTANT REMARKS

1.	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown/ identified to us on the site unless otherwise mentioned in the report of which some reference has been taken from the information/ data given in the copy of documents provided to us and informed verbally or in writing out of the standard checklist of documents sought from the client & its customer which they could provide within the reasonable expected time out of the standard checklist of documents sought from them and further based on certain assumptions and limiting conditions. The information, facts, documents, data which has become primary basis of the report has been supplied by the client which has been relied upon in good faith and is not generated by the Valuer.
2.	The client/ owner and its management/ representatives warranted to us that the information they have supplied was complete, accurate and true and correct to the best of their knowledge. All such information provided to us either verbally, in writing or through documents has been relied upon in good faith and we have assumed that it is true & correct without any fabrication or misrepresentation. I/We shall not be held liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or willful default on part of the owner, company, its directors, employee, representative or agents.
3.	Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, sanctioned maps, verification of documents provided to us such as title documents, Map, etc. from any concerned Govt. office etc. have to be taken care by legal expert/ Advocate and same is not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
4.	In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions and other information provided to us by the client during the course of the assessment.
5.	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services and same has not been done in this report unless otherwise stated.
6.	Wherever any details are mentioned in the report in relation to any legal aspect of the property such as name of the owner, leases, etc. is only for illustration purpose and should not be construed as a professional opinion. Legal aspects are out of scope of this report. Details mentioned related to legal aspect are only based on the copy of the documents provided to us and whatever we can interpret as a non-legally trained person. This should be cross validated with a legal expert. We do not vouch any responsibility regarding the same.
7.	We have made certain assumptions in relation to facts, conditions & situations affecting the subject of, or approach to this exercise that has not been verified as part of the engagement rather, treated as “a supposition taken to be true”. If any of these assumptions prove to be incorrect then our estimate on value will need to be reviewed.
8.	This is just an opinion report based on technical & market information having general assessment & opinion on the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation. It doesn't contain any other recommendations of any sort including but not limited to express of any opinion on the suitability or otherwise of entering into any transaction with the borrower.
9.	We have relied on the data from third party, external sources & information available on public domain to conclude the valuation. These sources are believed to be reliable and therefore, we assume no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where we have relied on the data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data is extracted from authentic sources, however we still can't vouch its authenticity, correctness, or accuracy.
10.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
11.	Value varies with the Purpose/ Date/ Asset Condition & situation/ Market condition, demand & supply, asset utility prevailing on a particular date/ Mode of sale. The indicative & estimated prospective Value of the asset given in this report is restricted only for the purpose and other points mentioned above prevailing on a particular date as mentioned in the report. If any of these points are different from the one mentioned aforesaid in the Report then this report should not be referred.
12.	Our report is meant ONLY for the purpose mentioned in the report and should not be used for any other purpose. The Report should not be copied or reproduced for any purpose other than the purpose for which it is prepared for. I/we do not take any responsibility for the unauthorized use of this report.
13.	We owe responsibility only to the authority/client that has appointed us as per the scope of work mentioned in the report. We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the client or companies, their directors, employees or agents.
14.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the site inspection and documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
15.	The sale of the subject property is assumed to be on an all cash basis. Financial arrangements would affect the price at which the property may sell for if placed on the market.

16.	The actual realizable value that is likely to be fetched upon sale of the asset under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.
17.	While our work has involved an analysis & computation of valuation, it does not include detailed estimation, design/ technical/ engineering/ financial/ structural/ environmental/ architectural/ compliance survey/ safety audit & works in accordance with generally accepted standards of audit & other such works. The report in this work is not investigative in nature. It is mere an opinion on the likely estimated valuation based on the facts & details presented to us by the client and third party market information came in front of us within the limited time of this assignment, which may vary from situation to situation.
18.	Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
19.	Documents, information, data including title deeds provided to us during the course of this assessment by the client is reviewed only upto the extent required in relation to the scope of the work. No document has been reviewed beyond the scope of the work. These are not reviewed in terms of legal rights for which we do not have expertise. Wherever any information mentioned in this report is mentioned from the documents like owners name, etc., it is only for illustration purpose and may not necessary represent accuracy.
20.	The report assumes that the borrower/company/business/asset complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the companies/business/assets is managed in a competent and responsible manner. Further, as specifically stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with relevant laws, and litigations and other contingent liabilities that are not recorded/reflected in the documents/ details/ information/ data provided to us.
21.	This valuation report is not a qualification for accuracy of land boundaries, schedule (in physical terms), dimensions & identification. For this land/ property survey report can be sought from a qualified private or Govt. surveyor.
22.	This Valuation report is prepared based on the facts of the property on the date of the survey. Due to possible changes in market forces, socio-economic conditions, property conditions and circumstances, this valuation report can only be regarded as relevant as at the valuation date. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
23.	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly, an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing and take decision accordingly.
24.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just visually matched the land boundaries, schedule (in physical terms) & dimensions of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest. Where there is a doubt about the precision position of the boundaries, schedule, dimensions of site & structures, it is recommended that a Licensed Surveyor be contacted.
25.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
26.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township and the subject unit must be approved in all respect.
27.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable the time when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough for the Valuer to determine the exact lawful situation on ground. Unless otherwise mentioned in the report, the covered area present on the site as per site survey will be considered in the Valuation.
28.	Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
29.	Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
30.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.

31.	Although every scientific method has been employed in systematically arriving at the value, there is, therefore, no indisputable single value and the estimate of the value is normally expressed as falling within a likely range.
32.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers, demand & supply prevailing in the market and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However, our Valuation analysis can definitely help the stakeholders to take informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
33.	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component, or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
34.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
35.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
36.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
37.	As per IBA Guidelines & Bank Policy, in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.
38.	Defect Liability Period is 15 DAYS. We request the concerned authorized reader of this report to check the contents, data, information, and calculations in the report within this period and intimate us in writing at valuers@rkassociates.org within 15 days of report delivery, if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner. After this period no concern/ complaint/ proceedings in connection with the Valuation Services will be entertained due to possible change in situation and condition of the property.
39.	Though adequate care has been taken while preparing this report as per its scope, but still we can't rule out typing, human errors, over sightedness of any information or any other mistakes. Therefore, the concerned organization is advised to satisfy themselves that the report is complete & satisfactory in all respect. Intimation regarding any discrepancy shall be brought into our notice immediately. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, to rectify these timely, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner.
40.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
41.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then we request the user of this report to immediately or atleast within the defect liability period to bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
42.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
43.	We are fully aware that based on the opinion of value expressed in this report, we may be required to give testimony or attend court / judicial proceedings with regard to the subject assets, although it is out of scope of the assignment, unless specific arrangements to do so have been made in advance, or as otherwise required by law. In such event, the party seeking our evidence in the proceedings shall bear the cost/professional fee of attending court / judicial proceedings and my / our tendering evidence before such authority shall be under the applicable laws.
44.	The final copy of the report shall be considered valid only if it is in hard copy on the company's original letter head with proper stamp and sign on it of the authorized official upon payment of the agreed fees. User shall not use the content of the report for the purpose it is prepared for only on draft report, scanned copy, email copy of the report and without payment of the agreed fees. In such a case the report shall be considered as unauthorized and misused.
