for its unit located at  
Shankharipola, P.O. Saruna, P.S. Maheshtala, Kalitala, Ashuli  
South 24 Pgs. Pin - 700063

to establish the industrial plant and to manufacture/store/install Polythene and Plastic processed  
Products manufacturing (Virgin Plastic) and to discharge liquid effluents through outlets/outfalls and to  
limit the gaseous emission in accordance with the conditions as mentioned below provided on any day at any  
instant the quantity and quality of liquid discharge and gaseous emission shall not exceed the permissible limit as  
specified in the Environment (Protection) Act, 1986.

Breach of the conditions and/or failure to comply with the directions/conditions as stated below shall render  
the applicant liable for prosecution under the provisions of Water (Prevention & control of Pollution) Act, 1974 and  
Air (Prevention & Control of Pollution) Act, 1981.

The State Board reserves its right to revoke, withdraw or make any reasonable variation of the conditions of  
or change or alter this consent by giving one month's notice to the applicant.

Conditions Muza Shankharipola, IL No - 38, Dag No - 308, 309,  
Khatian No - 2307

1. The Applicant shall be responsible for the quantity and quality of liquid effluent and gaseous emissions.
2. The Applicant shall ensure maintaining the quality of liquid effluent discharge and air emissions within statutory  
limits as mentioned in Environment (Protection) Act, 1986 and Rules made thereunder.
3. The Applicant should adopt suitable measures to treat the liquid effluent to reduce the pollutional load so that  
it meets the prescribed standard.
4. The Applicant shall have to apply to this Board for its 'Consent to Operate' as per provisions of Water  
(Prevention & Control of Pollution) Act 1974 and Air (Prevention & Control of Pollution) Act, 1981 for discharge  
of liquid effluent and gaseous emissions. No liquid effluent and gaseous emission shall be discharged by the  
Applicant without prior consent of the Board.
5. In the event of any change in industrial plant, furnace, flues, chimneys, place and/or point discharge of liquid  
effluent, the Applicant shall obtain prior permission of the Board.
6. The Applicant shall maintain good working condition and take adequate measures for  
the same.
7. The Applicant shall maintain about at least 33% of the available open land under green coverage/plantation.
8. The Applicant shall ensure that fugitive emissions from the activity are controlled so as to maintain clean and  
healthy environment around the factory premises.
9. The Applicant shall have a drainage system for conveying liquid waste.
10. The Applicant shall allow the officers of this Board to enter into the applicant's premises at any reasonable  
time for inspection.
11. The Applicant shall ensure that waste generated within the factory premises, sweepings etc. be disposed off scientifically so as not  
to cause any nuisance.
12. The Applicant shall adopt adequate precautionary measures to prevent any inconvenience or annoyance to  
the residents of the locality due to its activity or to a cause for environmental degradation.
13. In case of any dispute between the applicant and the Board, it shall be referred to the Government for final decision.
