e.	Name of the Developer of the Property	Owners themselves						
	Type of Developer	Property built by owner's themselves						

2. PHYSICAL CHARACTERISTICS OF THE PROPERTY

BRIEF DESCRIPTION OF THE PROPERTY UNDER VALUATION

This opinion on Valuation report is prepared for the property situated at the aforesaid address. The subject plant is involved in manufacturing of Cotton Yarns/Cotton Carded/Combed Yarns. As per information received during the site survey, the commercial operation date of the plant was about year 1996. As per the copy of sale deeds the subject property is purchased via 7 sale deeds having collective area of 192 Kanal & 19 Marla or 24.12 acre Bifurcation of sale deeds with their details is attached below :-

Date	Deed Value (In Rs.)	Type of Land	Kanal	Marla	Seller	Buyer	Khatauni No.	Musteel No.
04-04-1997	4,54,000	Barani	16	-	Rupindar Pal Singh	M/s Satia Synthetic Limited	688	110
07-04-1997	56,00,000		91	13	Gurmeet Singh		670	100, 110
04-12-1996	4,66,000		21	6	Charan Singh		693	110, 111
18-11-1996	4,65,000		21	5			-	110
19-11-1996	4,49,531		20	11	Jaspal Singh		693,695	111
18-11-1996	4,66,000		11	2	Hakam Singh		697,757	110
31-01-1997	4,99,500		11	2	Mukhtiar Singh		697 to 757	110, 100
Total	84,00,031		191	39				

We have not found any record of the above mentioned deeds on Punjab Land Records Website (Source Link:- <https://jamabandi.punjab.gov.in/Default.aspx?itemPID=1>). As per copy of sale deed, the subject land is Barani/Agriculture land. However, copy of change of land use (CLU) is not shared with us. Since the plant is operational from 1996. Thus, it is assumed that the company has taken NoC from the concerned authority for industrial usage purpose and there is no demolition risk with the plant building. We have received the cizra map of the subject land.

We have received proposed Plant layout dated 31-03-2007. Approved copy of layout plan/sanction plan is not shared with us. Thus, for the building valuation, we have relied upon physical measurement and satellite measurement tools. As per the information gathered on site the subject property is around 26 year old construction.

The subject property is industrial usage property for manufacturing of Cotton Yarns/Cotton Carded/Combed Yarns & located adjacent to Ferozpur road. The property is connect with surface transport from Sri Muktsar Sahib at a distance of 15 km.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property of which Bank/ customer asked us to conduct the Valuation for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. Even if any such information is mentioned in the report it is only referred from the information provided for which we do not assume any responsibility. Due care has been given while doing valuation assessment, but it doesn't contain any due-diligence or audit or verification of any kind other than the valuation computation of the property shown to us on site. Information/ data/ documents given to us by Bank/ client have been relied upon in good faith. This report doesn't contain any other recommendations of any sort.

In case of discrepancy in the address/ property number mentioned in the property documents and the property shown to us at the site due to change in zoning or administrative level at the site or the client misled the valuer by providing the fabricated/ incorrect document or information, the valuation should be considered of the property shown to us at the site by the client of which the photographs are also attached. In case of any doubt, best would be to contact the concerned authority/ district administration/ tehsil level for the identification of the property if the property depicted in the photographs in this report is same with the documents pledged.

a. Location attribute of the property			
i.	Nearby Landmark	Property itself is a landmark.	
ii.	Postal Address of the Property	M/S. Satia Synthetics Limited, Ferozpur, Road, Village-Lubaniawali, Tehsil & District-Muktsar, Punjab	
iii.	Type of Land	Solid Land/ on road level	
iv.	Independent access/ approach to the property	Clear independent access is available	
v.	Google Map Location of the Property with a neighborhood layout map	Enclosed with the Report Coordinates or URL: 30°34'30.8"N 74°32'41.3"E	
vi.	Details of the roads abutting the property		
	(a) Main Road Name & Width	Ferozpur road	Approx. 20 ft. wide
	(b) Front Road Name & width	Ferozpur road	Approx. 20 ft. wide
	(c) Type of Approach Road	Bituminous Road	
	(d) Distance from the Main Road	On road	
vii.	Description of adjoining property	Majorly all nearby lands are used for Agriculture purpose	
viii.	Plot No. / Survey No.	Many surveys number. Please refer to the sheet attached above	
ix.	Zone/ Block	---	---
x.	Sub registrar	Muktsar	

xi.	District	Muktsar		
xii.	Any other aspect	<p>Valuation is done for the property found as per the information given in the copy of documents provided to us and/ or confirmed by the owner/ owner representative to us at site.</p> <p>Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not covered in this Valuation services.</p>

	i. Property presently occupied/ possessed by	Owner

*NOTE: Please see point 6 of Enclosure: VIII – Valuer's Important Remarks

5.	ECONOMIC ASPECTS OF THE PROPERTY	
a.	Reasonable letting value/ Expected market monthly rental	NA
b.	Is property presently on rent	No
	i. Number of tenants	NA
	ii. Since how long lease is in place	NA
	iii. Status of tenancy right	NA
	iv. Amount of monthly rent received	NA
c.	Taxes and other outgoing	NA
d.	Property Insurance details	NA
e.	Monthly maintenance charges payable	NA
f.	Security charges, etc.	NA
g.	Any other aspect	NA
6.	SOCIO - CULTURAL ASPECTS OF THE PROPERTY	
a.	Descriptive account of the location of the property in terms of Social structure of the area in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/squatter settlements nearby, etc.	Rural Area
b.	Whether property belongs to social infrastructure like hospital, school, old age homes etc.	No
7.	FUNCTIONAL AND UTILITARIAN SERVICES, FACILITIES & AMENITIES	
a.	Description of the functionality & utility of the property in terms of:	
	i. Space allocation	Yes
	ii. Storage spaces	Yes
	iii. Utility of spaces provided within the building	Yes
	iv. Car parking facilities	Yes
	v. Balconies	No

b. Any other aspect						
i. Drainage arrangements		Yes				
ii. Water Treatment Plant		Yes				
iii. Power Supply arrangements		Permanent	Yes			
		Auxiliary	Yes, D.G sets			
iv. HVAC system		No				
v. Security provisions		Yes/ Private security guards				
vi. Lift/ Elevators		No				
vii. Compound wall/ Main Gate		Yes				
viii. Whether gated society		Yes				
Internal development						
Garden/ Park/ Land scraping	Water bodies	Internal roads	Pavements	Boundary Wall		
Yes	No	Yes	Yes	Yes		
8. INFRASTRUCTURE AVAILABILITY						
a. Description of Aqua Infrastructure availability in terms of:						
i. Water Supply		Yes from borewell/ submersible				
ii. Sewerage/ sanitation system		Underground				
iii. Storm water drainage		Yes				
b. Description of other Physical Infrastructure facilities in terms of:						
i. Solid waste management		Yes				
ii. Electricity		Yes				
iii. Road and Public Transport connectivity		Yes				
iv. Availability of other public utilities nearby		Transport, Market, Hospital etc. available in close vicinity				
c. Proximity & availability of civic amenities & social infrastructure						
School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
~3 Km	~12 Km	~12 Km	~15 Km	~15 Km	---	~167 Km
Availability of recreation facilities (parks, open spaces etc.)			No,			
9. MARKETABILITY ASPECTS OF THE PROPERTY						
a. Marketability of the property in terms of						
i. Location attribute of the subject property		Average				
ii. Scarcity		It is tough to find similar kind of properties having same features on demand.				
iii. Demand and supply of the kind of the subject property in the locality		Good demand of such properties in the market.				
iv. Comparable Sale Prices in the locality		Please refer to Part D: Procedure of Valuation Assessment				
b. Any other aspect which has relevance on the value or marketability of the property		Property is located on main road.				
i. Any New Development in surrounding area		No	NA			
ii. Any negativity/ defect/ disadvantages in the property/ location		Demand is related to the current use of the property	NA			

		only and only limited to the selected type of buyers.		
10. ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY				
a.	Type of construction	Structure	Slab	Walls
		RCC Framed structure, Steel frame structure	Reinforced Cement Concrete	Brick walls
b.	Material & Technology used	Material Used		Technology used
		Grade B Material		RCC Framed structure, Steel frame structure
c.	Specifications			
i.	Roof	Floors/ Blocks	Type of Roof	
		Please refer to the building sheet attached	Please refer to the building sheet attached	
ii.	Floor height	Please refer to the building sheet attached		
iii.	Type of flooring	PCC, Vitrified tiles, Cement Flooring		
iv.	Doors/ Windows	Wooden frame & panel doors, Aluminum flushed doors & windows		
v.	Class of construction/ Appearance/ Condition of structures	Internal - Class C construction (Simple/ Average)		
		External - Class C construction (Simple/ Average)		
vi.	Interior Finishing & Design	Ordinary regular architecture, Simple/ Average finishing, Simple Plastered Walls		
vii.	Exterior Finishing & Design	Ordinary regular architecture, Simple/ Average finishing, Simple Plastered Walls		
viii.	Interior decoration/ Special architectural or decorative feature	Simple plain looking structure.		
ix.	Class of electrical fittings	Internal / Normal quality fittings used		
x.	Class of sanitary & water supply fittings	Internal / Normal quality fittings used		
d.	Maintenance issues	No maintenance issue, structure is maintained properly		
e.	Age of building/ Year of construction	Approx. 26 years		Around year-1996
f.	Total life of the structure/ Remaining life expected	Approx. 34 & 19 years		Approx. 45-60 years subject to proper and timely maintenance
g.	Extent of deterioration in the structure	Any normal depletion in the structure can be taken care through regular maintenance		
h.	Structural safety	Structure built on RCC technique so it can be assumed as structurally stable. However no structural stability certificate is available		
i.	Protection against natural disasters viz. earthquakes etc.	Since this is a RCC structure so should be able to withstand moderate intensity earthquakes. Comments are been made only based on visual observation and not any technical testing.		
j.	Visible damage in the building if any	Some weather effects are seen in the structures		
k.	System of air conditioning	Partially covered with window/ split ACs		
l.	Provision of firefighting	Fire Hydrant System		
m.	Copies of the plan and elevation of the building to be included	Enclosed with the report		

11. ENVIRONMENTAL FACTORS		
a.	Use of environment friendly building materials like fly ash brick, other Green building techniques if any	Yes partially
b.	Provision of rainwater harvesting	No
c.	Use of solar heating and lighting systems, etc.	No
d.	Presence of environmental pollution in the vicinity of the property in terms of industries, heavy traffic, etc. if any	Yes, regular vehicular pollution present
12. ARCHITECTURAL AND AESTHETIC QUALITY OF THE PROPERTY		
a.	Descriptive account on whether the building is modern, old fashioned, etc., plain looking or with decorative elements, heritage value if applicable, presence of landscape elements, etc.	Plain looking simple structure
13. VALUATION		
a.	Methodology of Valuation – Procedures adopted for arriving at the Valuation	Please refer to Part D: Procedure of Valuation Assessment of the report.
b.	Prevailing Market Rate/ Price trend of the Property in the locality/ city from property search sites	Please refer to Part D: Procedure of Valuation Assessment of the report and the screenshot annexure in the report, if available.
c.	Guideline Rate obtained from Registrar's office/ State Govt. gazette/ Income Tax Notification	Please refer to Point 3 of Part D: Procedure of Valuation Assessment of the report and the screenshot annexure in the report, if available.
d.	Summary of Valuation	For detailed Valuation calculation please refer to Part D: Procedure of Valuation Assessment of the report.
	i. Guideline Value	Rs. 1,38,69,000/-
	1. Land	Rs. 1,38,69,000/-
	2. Building	---
	3. Plant & Machinery	---
	ii. Indicative Prospective Estimated Fair Market Value	Rs.42,70,00,000/-
	iii. Expected Estimated Realizable Value	Rs.36,30,00,000/-
	iv. Expected Forced/ Distress Sale Value	Rs.32,00,00,000/-
	v. Valuation of structure for Insurance purpose	Rs.10,36,00,000/-
e.	i. Justification for more than 20% difference in Market & Circle Rate	Circle rates are determined by the District administration as per their own theoretical internal policy for fixing the minimum valuation of the property for property registration tax collection purpose and Market rates are adopted based on prevailing market dynamics found as per the discrete market enquiries which is explained clearly in Valuation assessment factors.
	ii. Details of last two transactions in the locality/ area to be provided, if available	No authentic last two transactions details could be known. However prospective transaction details as per information available on public domain and gathered during site survey is mentioned in Part D: Procedure of

		Valuation Assessment of the report and the screenshots of the references are annexed in the report for reference.

This report is not a certification of ownership or survey number/ property number/ Khasra number which are merely referred from the copy of the documents provided to us.		
viii.	Manner in which the proper is identified	<input type="checkbox"/> Identified by the owner <input checked="" type="checkbox"/> Identified by owner's representative <input checked="" type="checkbox"/> Done from the name plate displayed on the property <input type="checkbox"/> Cross checked from boundaries or address of the property mentioned in the deed <input type="checkbox"/> Enquired from local residents/ public <input type="checkbox"/> Identification of the property could not be done properly <input type="checkbox"/> Survey was not done		
ix.	Is property number/ survey number displayed on the property for proper identification?	No.		
x.	Type of Survey conducted	Full survey (inside-out with approximate measurements & photographs).		

2.		ASSESSMENT FACTORS		
i.	Valuation Standards considered	Mix of standards such as IVS and others issued by Indian authorities & institutions and improvised by the RKA internal research team as and where it is felt necessary to derive at a reasonable, logical & scientific approach. In this regard proper basis, approach, working, definitions considered is defined below which may have certain departures to IVS.		
ii.	Nature of the Valuation	Fixed Assets Valuation		
iii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature		Category
		LAND & BUILDING AND OTHER MISCELLANEOUS FIXED ASSET		INDUSTRIAL
		Type		INDUSTRIAL PLANT
iv.	Type of Valuation (Basis of Valuation as per IVS)	Classification		Income/ Revenue Generating Asset
		Primary Basis	Market Value & Govt. Guideline Value	
		Secondary Basis	On-going concern basis	
v.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Distress State		
		Reason: Asset under free market transaction state		

vi.	Property Use factor	Current/ Existing Use	Highest & Best Use (in consonance to surrounding use, zoning and statutory norms)	Considered for Valuation purpose	
		Industrial	Industrial	Industrial	
vii.	Legality Aspect Factor	Assumed to be fine as per copy of the documents & information produced to us. However Legal aspects of the property of any nature are out-of-scope of the Valuation Services. In terms of the legality, we have only gone by the documents provided to us in good faith. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. have to be taken care by Legal expert/ Advocate.			
viii.	Class/ Category of the locality	Lower Class (Poor)			
ix.	Property Physical Factors	Shape	Size	Layout	
		Irregular	Large	Normal Layout	
x.	Property Location Category Factor	City Categorization	Locality Characteristics	Property location characteristics	Floor Level
		Village	Average	On Wide Road	Ground + 2
		Rural	Average	Not Applicable	
			Within backward village area	Not Applicable	
		Property Facing			
		East Facing			
xi.	Physical Infrastructure availability factors of the locality	Water Supply	Sewerage/ sanitation system	Electricity	Road and Public Transport connectivity
		Yes from borewell/ submersible	Underground	Yes	Easily available
		Availability of other public utilities nearby		Availability of communication facilities	
		Transport, Market, Hospital etc. are available in close vicinity		Major Telecommunication Service Provider & ISP connections are available	
xii.	Social structure of the area (in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/ squatter settlements nearby, etc.)	Rural Area			
xiii.	Neighbourhood amenities	Average			
xiv.	Any New Development in surrounding area	None			
xv.	Any specific advantage in the property	None			
xvi.	Any specific drawback in the property	None			
xvii.	Property overall usability/ utility Factor	Good			

xviii.	Do property has any alternate use?	No																																							
xix.	Is property clearly demarcated by permanent/ temporary boundary on site	Demarcated with permanent boundary																																							
xx.	Is the property merged or colluded with any other property	Yes Comments: multiple khasra no. are merged																																							
xxi.	Is independent access available to the property	Clear independent access is available																																							
xxii.	Is property clearly possessable upon sale	Yes																																							
xxiii.	Best Sale procedure to realize maximum Value (in respect to Present market state or premise of the Asset as per point (iv) above)	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.																																							
xxiv.	Hypothetical Sale transaction method assumed for the computation of valuation	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.																																							
xxv.	Approach & Method of Valuation Used	<table> <tr> <th rowspan="2">Land</th><th>Approach of Valuation</th><th>Method of Valuation</th></tr> <tr> <td>Market Approach</td><td>Market Comparable Sales Method</td></tr> <tr> <th>Building</th><td>Cost Approach</td><td>Depreciated Reproduction Cost Method</td></tr> <tr> <th>Plant & Machine</th><td>Cost Approach</td><td>Depreciated Replacement Cost Method</td></tr> </table>	Land	Approach of Valuation	Method of Valuation	Market Approach	Market Comparable Sales Method	Building	Cost Approach	Depreciated Reproduction Cost Method	Plant & Machine	Cost Approach	Depreciated Replacement Cost Method																												
Land	Approach of Valuation	Method of Valuation																																							
	Market Approach	Market Comparable Sales Method																																							
Building	Cost Approach	Depreciated Reproduction Cost Method																																							
Plant & Machine	Cost Approach	Depreciated Replacement Cost Method

		Any other details/ Discussion held:	As per the discussion with the property owner we came to know that agricultural land rate abutting to Highway is around Rs. 20,00,000/- to Rs. 25,00,000/- per Killa/Acre to further depends on size and location of the property.	
		NOTE: The given information above can be independently verified to know its authenticity.		
xxviii.	Adopted Rates Justification	As per our discussion with the property dealers and habitants of the subject location we have gathered the following information:- 1. The subject plant is only industrial setup in the locality. 2. The land conversion charges (from agriculture to industrial) in the subject locality are very minimal. 3. The land area of the subject plant is large in size than compared to land available for sale. 4. The agriculture land parcel on area and prevailing land rates near to M/s Satia Synthetic Limited is 20,00,000/- Rs. 25,00,000/- Lakh per Acre further depends on size and location of the property. Based on the above information we are of the view to adopt a rate of Rs. 21,00,000/- per acre for the purpose of this valuation assessment NOTE: We have taken due care to take the information from reliable sources. The given information above can be independently verified from the provided numbers to know its authenticity. However due to the nature of the information most of the market information came to knowledge is only through verbal discussion with market participants which we have to rely upon where generally there is no written record. Related postings for similar properties on sale are also annexed with the Report wherever available.		
xxix.	Other Market Factors			
	Current Market condition	Normal		
		Remarks: ---		
		Adjustments (-/+): 0%		
	Comment on Property Salability Outlook	Easily sellable		
		Adjustments (-/+): 0%		
	Comment on Demand & Supply in the Market	Demand	Supply	
		Good	Low	
		Remarks: Good demand of such properties in the market		
		Adjustments (-/+): 0%		
xxx.	Any other special consideration	Reason: ----		
		Adjustments (-/+): 0%		
xxxi.	Any other aspect which has relevance on the value or marketability of the property	NA Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will fetch considerably lower value. Similarly, an asset sold directly by an owner in the open market through free market arm's length transaction then it will fetch better value and if the same asset/ property is sold by any financier or court decree or Govt. enforcement agency due to any kind of encumbrance on it then it will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing. This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future property market may go down, property conditions		

		may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.
		Adjustments (-/+): 0%
xxxii.	Final adjusted & weighted Rates considered for the subject property	Rs. 21,00,000/- per acre
xxxiii.	Considered Rates Justification	As per the thorough property & market factors analysis as described above, the considered estimated market rates appears to be reasonable in our opinion.
xxxiv.	Basis of computation & working	<ul style="list-style-type: none"> Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report. Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values. For knowing comparable market rates, significant discreet local enquiries have been made from our side based on the hypothetical/ virtual representation of ourselves as both buyer and seller for the similar type of properties in the subject location and thereafter based on this information and various factors of the property, rate has been judiciously taken considering the factors of the subject property, market scenario and weighted adjusted comparison with the comparable properties unless otherwise stated. References regarding the prevailing market rates and comparable are based on the verbal/ informal/ secondary/ tertiary information which are collected by our team from the local people/ property consultants/ recent deals/ demand-supply/ internet postings are relied upon as may be available or can be fetched within the limited time & resources of the assignment during market survey in the subject location. No written record is generally available for such market information and analysis has to be derived mostly based on the verbal information which has to be relied upon. Market Rates are rationally adopted based on the facts of the property which came to our knowledge during the course of the assessment considering many factors like nature of the property, size, location, approach, market situation and trends and comparative analysis with the similar assets. During comparative analysis, valuation metrics is prepared and necessary adjustments are made on the subject asset. The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which takes place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer. Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Commission, Bank interest, Selling cost, Marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value. This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Market Value as described above. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally. Area measurements considered in the Valuation Report pertaining to asset/ property is adopted from relevant approved documents or sample site measurement whichever is less unless otherwise mentioned. All area measurements are on approximate basis only. Verification of the area measurement of the property is done based on sample random checking only. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated. Drawing, Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

- Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its age, existing condition & specifications based on visual observation only of the structure. No structural, physical tests have been carried out in respect of it. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.
- Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method unless otherwise stated.
- The condition assessment and the estimation of the residual economic life of the structure are only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.
- This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is neither investigative in nature nor an audit activity.
- Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.

xxxv. ASSUMPTIONS

- Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith.
- Local verbal enquiries during micro market research came to our knowledge are assumed to be taken on record as true & factual.
- The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise.
- It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
- Payment condition during transaction in the Valuation has been considered on all cash bases which includes both formal & informal payment components as per market trend.
- Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated.
- If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report. This valuation report is prepared for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township is approved and complied with all relevant laws and the subject unit is also approved within the Group Housing Society/ Township.

xxxvi. SPECIAL ASSUMPTIONS

None

xxxvii. LIMITATIONS

Unavailability of credible and authentic market information.

17. MANUFACTURING PROCESS

Satia Synthetics Limited
Quality Procedure for Cotton Production

P. Adis

18.	TECHNOLOGY TYPE/ GENERATION USED AND TECHNOLOGICAL COLLABORATIONS IF ANY	
a.	Technology Type/ Generation Used in this Plant	Indigenous
b.	Technological Collaborations If Any	No
c.	Current Technology used for this Industry in Market	Company is using current market technology with latest available machinery from India, Germany, Italy and Switzerland.
19.	RAW MATERIALS REQUIRED & AVAILABILITY	
	Type of Raw Material	Cotton
	Availability	Local and other Indian states
20.	AVAILABILITY & STATUS OF UTILITIES	
	Power/ Electricity	From Grid connection
	Water	Borewell/submersible
	Road/ Transport	Yes
21.	COMMENT ON AVAILABILITY OF LABOUR	
	Availability	Appears to be easily & adequately available and no labour issues came to our knowledge during site inspection.
	Number of Labours working in the Factory	250-300
22.	SALES TRANSACTIONAL PROSPECTS OF SUCH PLANTS/ MACHINERY	
	On-going concern basis	
	Reason: This is a Large Scale Plant and can only be sold only as an Integrated Industry to preserve its value since complete process line & machines are special purpose machines and can't be used in any other Industry. So for fetching maximum value is through strategic sale to the players who are already into same or similar Industry who have plans for expansion or any large conglomerate who plans to enter into this new Industry	
23.	DEMAND OF SUCH PLANT & MACHINERY IN THE MARKET	
	Appears to be good as per general information available in public domain.	
24.	SURVEY DETAILS	
a.	Plant has been surveyed by our Engineering Team on dated 08/02/2023	
b.	Site inspection was done in the presence of Owner's representative Mr. Anurag Goyal who were available from the company to furnish any specific detail about the Plant & Machinery.	
c.	Our team examined & verified the machines and utilities from the FAR provided by the Company. Only major machinery, process line & equipment has been verified.	
d.	Photographs have also been taken of all the Machines and its accessories installed there.	
e.	Plant was found Non-Operational (Under maintenance) at the time of survey.	
f.	Details have been cross checked as per the documents provided to us by the company and what was observed at the site.	
g.	Condition of the machines is checked through visual observation only. No technical/ mechanical/ operational testing has been carried out to ascertain the condition and efficiency of machines.	
h.	Site Survey has been carried out on the basis of the physical existence of the assets rather than their technical expediency.	

i.	This is just the fixed asset valuation of the project based on the cost & market approach methodologies considering the utility of the asset for the business & the company as on-going concern basis. This Valuation shall not be construed as the transactional value of the Project which may be determined through Enterprise/ Business Valuation based on Income approach methodologies.
j.	This report only contains general assessment & opinion on the Depreciated market value of the assets of the project found on as-is-where basis on site for which the Bank/ customer has shown & asked us to conduct the Valuation for which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. It doesn't contain any due-diligence other than the valuation assessment of the property shown to us on site. Information/ data/ documents given to us by Bank/ client has been relied upon in good faith. This report doesn't contain any other recommendations of any sort.
k.	As per the overall site visit summary, Plant appeared to be in good condition.

PART F

PROCEDURE OF VALUATION ASSESMENT – PLANT & MACHINERY

I.		GENERAL INFORMATION		
i.	Important Dates	Date of Inspection of the Property	Date of Valuation Assessment	Date of Valuation Report
		8 February 2023	16 February 2023	16 February 2023
ii.	Client	State Bank of India SARG Branch, Mumbai		
iii.	Intended User	State Bank of India SARG Branch, Mumbai		
iv.	Intended Use	To know the general idea on the market valuation trend of the property as per free market transaction. This report is not intended to cover any other internal mechanism, criteria, and considerations of any organization as per their own need, use & purpose.		
v.	Purpose of Valuation	For Debt Restructuring purpose		
vi.	Scope of the Assessment	Non binding opinion on the assessment of Plain Physical Asset Valuation of the property identified to us by the owner or through his representative.		
vii.	Restrictions	This report should not be referred for any other purpose, by any other user and for any other date other then as specified above.		
viii.	Identification of the Assets	<input checked="" type="checkbox"/>	Cross checked from the name of the machines mentioned in the FAR/ Inventory list name plate displayed on the machine	
		<input checked="" type="checkbox"/>	Identified by the company's representative	
		<input type="checkbox"/>	Identified from the available Invoices	
		<input type="checkbox"/>	Identification of the machines could not be done properly	
		<input checked="" type="checkbox"/>	Due to large number of machines/ inventories, only major production lines & machines have been checked	
		<input type="checkbox"/>	Physical inspection of the machines could not be done	
ix.	Type of Survey conducted	Full survey (inside-out with approximate sample random measurements verification & photographs).		

2.		ASSESSMENT FACTORS			
i.	Nature of the Valuation	Fixed Assets Valuation			
ii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature		Category	Type
		PLANT & MACHINERY		INDUSTRIAL	INDUSTRIAL PLANT & MACHINERY
		Classification		Income/ Revenue Generating Asset	
iii.	Type of Valuation (Basis of Valuation as per IVS)	Primary Basis	Fair Market Value & Govt. Guideline Value		
		Secondary Basis	On-going concern basis		
iv.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Normal Marketable State			
		Reason: Asset under free market transaction state			
v.	Physical Infrastructure availability factors of the locality	Water Supply	Sewerage/ Sanitation system	Electricity	Road and Public Transport connectivity
		Yes from municipal connection	Underground	Yes	Easily available
		Availability of other public utilities nearby		Availability of communication facilities	

		Transport, Market, Hospital etc. are available in close vicinity		Major Telecommunication Service Provider & ISP connections are available
vi.	Neighbourhood amenities	Good		
vii.	Any New Development in surrounding area	None	NA	
viii.	Any specific advantage/ drawback in the plant and machines	No such specific advantage		
ix.	Machines overall usability/ utility Factor	Normal		
x.	Best Sale procedure to realize maximum Value (in respect to Present market state or premise of the Asset as per point (iv) above)	Fair Market Value		
		Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xi.	Hypothetical Sale transaction method assumed for the computation of valuation	Fair Market Value		
		Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.		
xii.	Approach & Method of Valuation Used	Approach of Valuation		Method of Valuation
		Cost Approach		Depreciated Reproduction Cost Method
xiii.	Type of Source of Information	Level 3 Input (Tertiary)		
xiv.	Any other aspect which has relevance on the value or marketability of the machines	The marketability for the machines depends upon the industry outlook, make, market condition, raw material, maintenance, raw material, usability, capacity. This Valuation report is prepared based on the facts of the assets & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future assets market may go down, asset conditions may change or may go worse, plant vicinity conditions may go down or become worse, plant market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the Plant may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.		
xv.	Basis of computation & working			
	Main Basis: a. <i>Basic Methodology: For arriving at fair market value of P&M & other fixed assets our engineering team has rationally applied the mixture of 'sales comparison approach (market approach)' and the 'cost approach (depreciated replacement cost)'. The fair market value of Plant & Machinery on the date of valuation is its cost of reproduction & commissioning on that date less the depreciation & other deterioration deductions (Technological, Economic, Functional obsolescence) or additions for good maintenance from the date of commissioning of the machinery to the date of its valuation.</i> b. <i>Core P&M Asset Valuation is done keeping in mind various factors like technology used, machines availability, its condition, average age, maintenance & service and parts replacement availability of the machines and more importantly demand in the market.</i> c. <i>Main Machinery of this Plant are specific purpose machines.</i> d. <i>The main data point for the Valuation of Plant & Machinery is the Fixed Asset Register maintained by the company. Plant & Machinery FAR has been provided by the company which has been relied upon in good faith. Provided FAR included assets in different heads like Land, Building, Plant & Machinery, Electrical equipment's, Furniture & fittings, Office equipment, etc. Assets under different heads are segregated and are evaluated separately. From the Fixed Asset Register List two key inputs, Date of Capitalization and Cost of capitalization are taken which play vital role in evaluating used Plant & Machinery valuation.</i>			

- e. *Provided Capitalization cost in FAR doesn't include any kind of soft cost like pre-operative, finance, IDC expenses, etc. incurred during establishment of the Project.*
- f. *For calculating Replacement Cost of the machines as on date, Whole Sale Price Index (WPI) is used issued by Department Economic Advisor, Govt. of India.*
- g. *For evaluating depreciation, Chart of Companies Act-2013, Central Electricity Commission Guidelines & Industry & institutional standards are used for ascertaining useful life of different types of machines are followed.*
- h. *Market & Industry scenario is also explored for demand of such Plants.*
- i. *On the Depreciated Replacement Cost (DRC) deduction for obsolescence/ deterioration or addition for good maintenance has been taken to arrive at the estimated Prospective Fair Market Value of the machines.*
- j. *Underline assumption for the evaluation of this Plant & Machinery is that it will be sold as an Integrated Plant and not as discrete/ piecemeal machinery basis.*
- k. *Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report.*
- l. *The valuation of the Plant/ Machinery has been done considering the plant as a whole. The individual cost for machines shown is for illustration purpose, and may vary from market rates since the valuation is done using cost approach method and finally cross verified from market approach as a whole plant and not individual machine.*
- m. *Consolidated valuation sheet of Plant & Machinery and other asset items are mentioned below with depreciated current market value as per different category of the machines/assets cumulated together. Our engineering team has separated the Cost of Equipment's in the different sections of the plant. The cost of equipment considered from P&M List doesn't includes Pre-operative, Finance, and IDC Charges etc. The capitalized/ purchase cost of machinery considered from P&M List consists of final commissioning of machines which includes freight, taxes, insurance, etc.*

Other Basis:

- n. *Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.*
- o. *The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which take place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer.*
- p. *Secondary/ Tertiary costs related to asset transaction like Installation, maintenance and Logistics costs pertaining to the sale/ purchase of the assets are not considered separately while assessing the indicative estimated Market Value and is assumed to be included in the Cost of capitalization provided by the client.*
- q. *The condition assessment and the estimation of the residual economic life of the machinery and assets are only based on the visual observations and appearance found during the site survey. We have not carried out any physical tests to assess the working and efficiency of the machines and assets.*
- r. *Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.*
- s. *Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.*
- t. *This is just the fixed asset valuation of the project based on the cost & market approach methodologies considering the utility of the asset for the business & the company as on-ongoing concern basis. This Valuation shall not be construed as the transactional value of the Project which may be determined through Enterprise/ Business Valuation based on Income approach methodologies*

xvi. ASSUMPTIONS

- u. *Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith.*

- v. The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise.
- w. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
- x. Payment condition during transaction in the Valuation has been considered on all cash basis which includes both formal & informal payment components as per market trend.
- y. Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated.

xvii. **SPECIAL ASSUMPTIONS**

NA

xviii. **LIMITATIONS**

Unavailability of the data & information in public domain pertaining to the subject location.

Summary of Plant & Machinery and Other Equipment Valuation

S. No.	Particulars	Gross Block (In Rs.)	Estimated Reproduction Cost of the Asset (In Rs.)	Depreciated Replacement Cost (In Rs.)	Fair Market Value (In Rs.)
1	Plant & Machinery	1,15,57,36,539	1,71,80,03,928	53,64,16,198	26,82,08,099
2	Vehicles	1,04,04,018	1,94,76,516	9,85,385	-
4	Office Equipment	27,57,489	36,94,075	4,46,691	4,46,691
5	Furniture & Fixtures	26,77,771	48,84,613	2,61,747	2,61,747
6	Computers	12,07,493	16,57,726	14,477	14,477
7	Arms	2,71,616	3,55,980	19,722	-
Total		1,17,30,54,926	1,74,80,72,838	53,81,44,219	26,89,31,013

1. The machines valued above is address as M/S. Satia Synthetics Limited, Ferozpur, Road, Village-Lubaniawali, Tehsil & District-Muktsar, Punjab.

2. Asset items of different classes are grouped together and summarized separately. Detailed valuation sheet with calculation can be referred in attached annexures.

3. Company has provided us the FAR dated 31-03-2022 for the valuation purpose. This, FAR has the capitalization of amount incurred under various heads and shown in each years. Machine specification, capitalization date, cost of acquisition etc. are not mentioned in the provided FAR Sheet. We have apprised on the basis of site visit and information provided by the company officials, we have considered the provided FAR true and to be relied upon.

4. Inference from our site survey and the discussion held with company official, as the plant is currently Non-Performing Asset and we have assumed that the plant in not-going concern at particular location.

5. For evaluation useful life for calculation of depreciation, chart of companies act-2013 referred.

6. Useful life of primary machines of the P&M is considered 15-20 years. For auxillary equipment such as Furniture & fixture, computers, office equipment 5-12 years economic life is considered.

7. As per observation made Suring site survey, some of the machines such as Lap Former, TFO, Over Head Cleaner, Spindle were not operation from past 2-3 years.

8. The physical condition of some of the machine is average and it require repair and maintenance and shall require some capex to make operational. Thus, an appropriate discount have been applied on DRC to arrive Fair Market Value of Machines.

9. As per information provided, the total production capacity of the plant about 35-36 TDP. During site survey, it was observed that the plant was partially operational on Job Work with only 50% of total operational capacity.

10. During site survey, we have not found any Arms & Vehicles in the plant. Thus, the fair value of the same is considered as Nil.

11. As per Fixed Assets Schedule dated 31-03-2022, the WDV of Misc. Fixed assets is Nil. Thus, the Fair Market Value of same is considered as Nil.

12. We have received details of machines financed by Indian Overseas Bank (IOB) mentioning year of purchase, quantity and amount. **(Refer annexure VI for Fair Value, Realizable & Distress Value of Machines)**

13. We have received details of machines financed by State Bank of India (SBI)/ Own Contribution mentioning year of purchase, quantity only. Amount of machines is not mentioned in the shared details. **(Refer annexure VI for Fair Value, Realizable & Distress Value of Machines)**

14.	Concluding Comments/ Disclosures if any		
	<div>a. We are independent of client/ company and do not have any direct/ indirect interest in the property.</div> <div>b. This valuation has been conducted by R.K Associates Valuers & Techno Engineering Consultants (P) Ltd. and its team of experts.</div> <div>c. This Valuation is done for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report.</div> <div>d. Reference of the property is also taken from the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. However, we do not vouch the absolute correctness of the property identification, exact address, physical conditions, etc. based on the documents provided to us since property shown to us may differ on site Vs as mentioned in the documents or incorrect/ fabricated documents may have been provided to us.</div> <div>e. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals or from any Govt. department, etc. has to be taken care by legal experts/ Advocates and same has not been done at our end.</div> <div>f. The valuation of an asset is an estimate of the worth of that asset which is arrived at by the Valuer in his expert opinion after factoring in multiple parameters and externalities. This may not be the actual price of that asset and the market may discover a different price for that asset.</div> <div>g. This report only contains opinion based on technical & market information which came to our knowledge during the course of the assignment. It doesn't contain any recommendations.</div>		

- h. This report is prepared following our Standard Operating Procedures & Best Practices and will be subject to Limitations, Conditions, Valuer's Remarks, Important Notes, Valuation TOS and basis of computation & working as described above.
- i. The use of this report will become valid only after payment of full fees as per the Payment Terms. Using this report or any part content created in this report without payment of charges will be seen as misuse and unauthorized use of the report.

15. IMPORTANT KEY DEFINITIONS

Fair Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of the assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.

Fair Value without using the term "Market" in it describes that the value suggested by the Valuer may not mandatorily follow or may not be in complete consonance to the established Market in his expert opinion. It may or may not follow market dynamics. But if the suggested value by the valuer is not within the prevailing Market range or is assessed for an asset is located in an un-established Market then the valuer will give reasonable justification & reasoning that for what reasons the value suggested by him doesn't follow the prevailing market dynamics.

Fair Market Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice in consonance to the Market dynamics after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation. Here the words "in consonance to the established Market" means that the Valuer will give opinion within the realms & dynamics of the prevailing market rates after exhaustively doing the micro market research. However due to the element of "Fair" in it, valuer will always look for the factors if the value should be better than the market realms which is just & equitable backed by strong justification and reasoning.

Market Value suggested by the competent Valuer is that prospective estimated amount which is average price of the similar comparable assets prevailing in an open & established market during the near period of the date of valuation at which the subject asset/ property should be exchanged between a willing buyer and willing seller on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities at an arm's length transaction in an open, established & unrestricted market, in an orderly transaction, wherein the parties, each acted without any compulsion on the date of the Valuation.

Using the term "Market Value" without "Fair" omits the elements of proper marketing, acting knowledgeably & prudently.

Market and market participants can be sentimental, inclined towards the transaction without the element of complete knowledge & prudence about facts or due diligence of the asset therefore "each acted knowledgeably, prudently" has been removed from the market Value definition.

Realizable Value is that minimum prospective estimated value of the asset/ property which it may be able to fetch at the time of actual property transaction factoring in the element of discount due to the prospects of deep negotiations between the buyer & seller when the parties in-principally find Fair Market Value reasonable and sits together to close the deal and the transaction across the table. Discount percentage on the Fair Market Value due to negotiation will depend on the nature, size, various salability prospects of the subject asset, the needs of the buyer & the seller and kind of payment terms. In some of the cases Realizable and Fair Market Value may also be equal.

Distress Sale Value* is that value when the property is attached with any process such as mortgaged financing, financial or operational dues which is under any stress condition or situation and the stakeholders are under process of finding resolution towards it to save the property from being attached to a formal recovery process. In this type of sale, minimum fetch value assessed will always be less than the estimated Fair Market Value where the discount of percentage will depend upon various circumstances and factors such as nature, size, salability prospects of the property and kind of encumbrance on the property. In this type of sale, negotiation

power of the buyer is always more than the seller and eagerness & pressure of selling the property will be more on the seller than the buyer.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold due to any compulsion or constraints such as in a recovery process guided by statute, law or legal process, clearance sale or any such condition or situation thereof where the pressure of selling the asset/ property is very high to realize whatever maximum amount can be from the sale of the assets in a limited time for clearance of dues or due to closure of business. In other words, this kind of value is also called as forced sale value.

Difference between Cost, Price & Value: Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in professional & legal terms. Therefore, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.

The **Price** is the amount paid for the procurement of the same asset.

The **Value** is defined as the present worth of future rights in the property/ asset and is a hypothetical or notional price that buyers and sellers are most likely to conclude for a good or service. Value is not a fact, but an estimate of the likely price to be paid for a good or service at a given time in accordance with a particular definition of value.

Therefore, in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.

16. Enclosures with the Report:

- Enclosure: I- Google Map
- Enclosure: II- References on price trend of the similar related properties available on public domain, if available
- Enclosure: III- Photographs of the property
- Enclosure: IV- Copy of Circle Rate
- Enclosure: V- Important property documents exhibit
- Enclosure: VI- SBI Annexure: VI - Declaration-Cum-Undertaking
- Enclosure: VII- SBI Annexure: VII - Model Code of Conduct for Valuers
- Enclosure: VIII- Part E: Valuer's Important Remarks

IMPORTANT NOTES

DEFECT LIABILITY PERIOD - In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers@rkassociates.org. We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors, assessment or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point mentioned in the report, please help us by bringing all such points into our notice in writing at valuers@rkassociates.org within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates shouldn't be held responsible for any inaccuracy in any manner. Also, if we do not hear back anything from you within 30 days, we will assume that the report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

COPYRIGHT FORMAT - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format or any content of this report wholly or partially other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

IF REPORT IS USED FOR BANK/ FIs

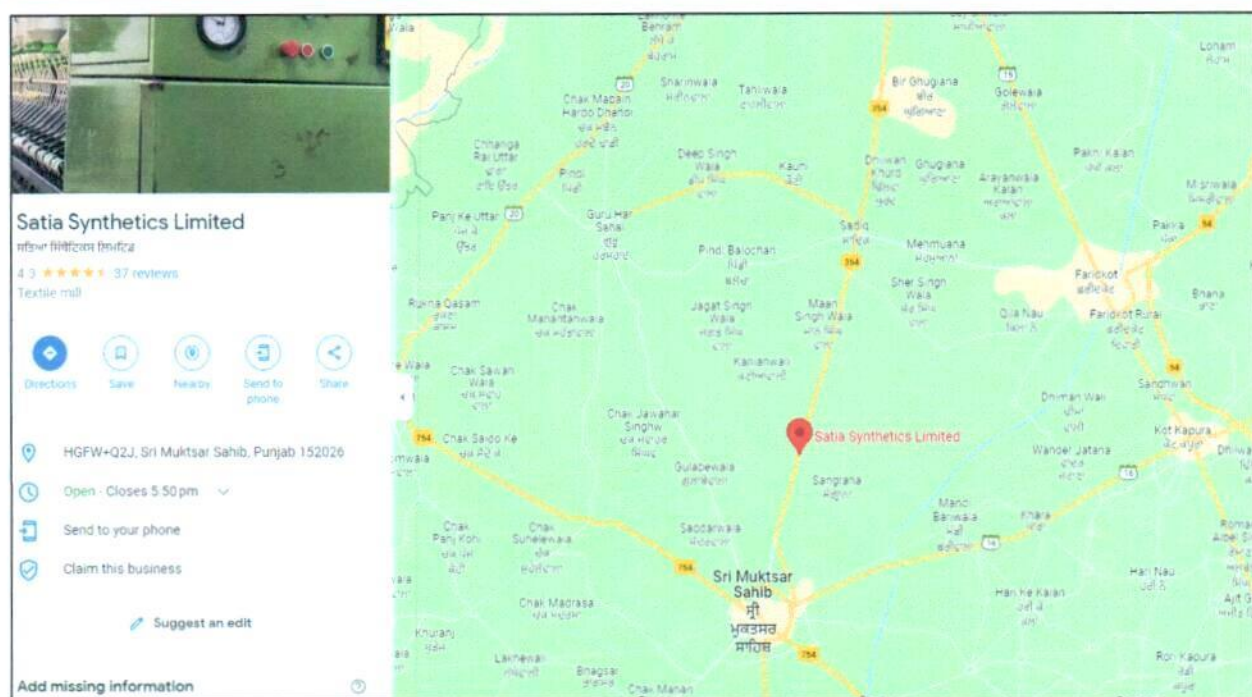

NOTE: As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.
 Valuation Terms of Services & Valuer's Important Remarks are available at www.rkassociates.org for reference.

Place: Noida

(Authorized Person of R.K Associates Valuers & Techno Engg. Consultants (P) Ltd.)

ENCLOSURE VIII: ANNEXURE: MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavor to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client in so far as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.

14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in "mandate snatching or offering" convenience valuations" in order to cater to a company or client's needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

P. Ashis

Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.

Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).

26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.

28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.

30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.

32. A valuer shall follow this code as amended or revised from time to time

Signature of the Authorized Person: _____

Name of the Valuation company: R.K Associates Valuers & Techno Engg. Consultants (P) Ltd.

Address of the Valuer: D-39, Sector-2, Noida-201301

Date: 14/2/2023

Place: Noida

PART E

ENCLOSURE: VIII - VALUER'S IMPORTANT REMARKS

1.	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown/ identified to us on the site unless otherwise mentioned in the report of which some reference has been taken from the information/ data given in the copy of documents provided to us and informed verbally or in writing out of the standard checklist of documents sought from the client & its customer which they could provide within the reasonable expected time out of the standard checklist of documents sought from them and further based on certain assumptions and limiting conditions. The information, facts, documents, data which has become primary basis of the report has been supplied by the client which has been relied upon in good faith and is not generated by the Valuer.
2.	The client/ owner and its management/ representatives warranted to us that the information they have supplied was complete, accurate and true and correct to the best of their knowledge. All such information provided to us either verbally, in writing or through documents has been relied upon in good faith and we have assumed that it is true & correct without any fabrication or misrepresentation. I/We shall not be held liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or willful default on part of the owner, company, its directors, employee, representative or agents.
3.	Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, sanctioned maps, verification of documents provided to us such as title documents, Map, etc. from any concerned Govt. office etc. have to be taken care by legal expert/ Advocate and same is not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
4.	In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions and other information provided to us by the client during the course of the assessment.
5.	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services and same has not been done in this report unless otherwise stated.
6.	Wherever any details are mentioned in the report in relation to any legal aspect of the property such as name of the owner, leases, etc. is only for illustration purpose and should not be construed as a professional opinion. Legal aspects are out of scope of this report. Details mentioned related to legal aspect are only based on the copy of the documents provided to us and whatever we can interpret as a non-legally trained person. This should be cross validated with a legal expert. We do not vouch any responsibility regarding the same.
7.	We have made certain assumptions in relation to facts, conditions & situations affecting the subject of, or approach to this exercise that has not been verified as part of the engagement rather, treated as "a supposition taken to be true". If any of these assumptions prove to be incorrect then our estimate on value will need to be reviewed.
8.	This is just an opinion report based on technical & market information having general assessment & opinion on the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation. It doesn't contain any other recommendations of any sort including but not limited to express of any opinion on the suitability or otherwise of entering into any transaction with the borrower.
9.	We have relied on the data from third party, external sources & information available on public domain to conclude the valuation. These sources are believed to be reliable and therefore, we assume no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where we have relied on the data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data is extracted from authentic sources, however we still can't vouch its authenticity, correctness, or accuracy.
10.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
11.	Value varies with the Purpose/ Date/ Asset Condition & situation/ Market condition, demand & supply, asset utility prevailing on a particular date/ Mode of sale. The indicative & estimated prospective Value of the asset given in this report is restricted only for the purpose and other points mentioned above prevailing on a particular date as mentioned in the report. If any of these points are different from the one mentioned aforesaid in the Report then this report should not be referred.
12.	Our report is meant ONLY for the purpose mentioned in the report and should not be used for any other purpose. The Report should not be copied or reproduced for any purpose other than the purpose for which it is prepared for. I/we do not take any responsibility for the unauthorized use of this report.
13.	We owe responsibility only to the authority/client that has appointed us as per the scope of work mentioned in the report. We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the client or companies, their directors, employees or agents.
14.	This report is having limited scope as per its fields & format <u>to provide only the general basic idea of the value of the property prevailing in the market</u> based on the site inspection and documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
15.	The sale of the subject property is assumed to be on an all cash basis. Financial arrangements would affect the price at which the property may sell for if placed on the market.

16.	The actual realizable value that is likely to be fetched upon sale of the asset under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.
17.	While our work has involved an analysis & computation of valuation, it does not include detailed estimation, design/ technical/ engineering/ financial/ structural/ environmental/ architectural/ compliance survey/ safety audit & works in accordance with generally accepted standards of audit & other such works. The report in this work is not investigative in nature. It is mere an opinion on the likely estimated valuation based on the facts & details presented to us by the client and third party market information came in front of us within the limited time of this assignment, which may vary from situation to situation.
18.	Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
19.	Documents, information, data including title deeds provided to us during the course of this assessment by the client is reviewed only upto the extent required in relation to the scope of the work. No document has been reviewed beyond the scope of the work. These are not reviewed in terms of legal rights for which we do not have expertise. Wherever any information mentioned in this report is mentioned from the documents like owners name, etc., it is only for illustration purpose and may not necessary represent accuracy.
20.	The report assumes that the borrower/company/business/asset complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the companies/business/assets is managed in a competent and responsible manner. Further, as specifically stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with relevant laws, and litigations and other contingent liabilities that are not recorded/reflected in the documents/ details/ information/ data provided to us.
21.	This valuation report is not a qualification for accuracy of land boundaries, schedule (in physical terms), dimensions & identification. For this land/ property survey report can be sought from a qualified private or Govt. surveyor.
22.	This Valuation report is prepared based on the facts of the property on the date of the survey. Due to possible changes in market forces, socio-economic conditions, property conditions and circumstances, this valuation report can only be regarded as relevant as at the valuation date. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
23.	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly, an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing and take decision accordingly.
24.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just visually matched the land boundaries, schedule (in physical terms) & dimensions of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest. Where there is a doubt about the precision position of the boundaries, schedule, dimensions of site & structures, it is recommended that a Licensed Surveyor be contacted.
25.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
26.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township and the subject unit must be approved in all respect.
27.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable the time when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough for the Valuer to determine the exact lawful situation on ground. Unless otherwise mentioned in the report, the covered area present on the site as per site survey will be considered in the Valuation.
28.	Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
29.	Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
30.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.

31.	Although every scientific method has been employed in systematically arriving at the value, there is, therefore, no indisputable single value and the estimate of the value is normally expressed as falling within a likely range.
32.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers, demand & supply prevailing in the market and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However, our Valuation analysis can definitely help the stakeholders to take informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
33.	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component, or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
34.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
35.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
36.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
37.	As per IBA Guidelines & Bank Policy, in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission.
