

REPORT FORMAT: CL-1 | Version: 1.0_2018

FILE No.: VIS(2022-23)-PL631-522-867

Date: 17-02-2023

- **CERTIFICATE NAME:** Cost Vetting Certificate of machines required for manufacturing of Pharmaceuticals products mainly Tablets, Capsules, Liquids orals and Ointments which is proposed to be installed in at Plot No.50, Sector-8A, Industrial Area IIE, Haridwar, Uttarakhand.
- **PREPARED FOR ORGANIZATION:** State Bank of India, SME Branch, Ranipur, Haridwar.
- **BORROWER COMPANY'S NAME:** M/s. Parrish Pharmaceuticals Private Limited.
- **ASSET TYPE:** Machines required for manufacturing of Pharmaceuticals products mainly Tablets, Capsules, Liquids orals and Ointments.
- **CURRENT LOCATION OF THE MACHINES:** Proposed to be installed at Plot No.50, Sector-8A, Industrial Area IIE, Haridwar, Uttarakhand.

TO WHOM IT MAY CONCERN

S. NO.	PARTICULARS	DESCRIPTION
1.	Date of Survey	Not Applicable (only Cost Vetting Certificate)
2.	Date of Certificate	17-02-2023
3.	Documents provided for perusal	Quotations from the market (and list of Machine/Assets to be installed)
4.	Current Location of the Machines	Plot No.50, Sector-8A, Industrial Area IIE, Haridwar, Uttarakhand.
5.	Borrowing Company	M/s. Parrish Pharmaceuticals Private Limited.

REGISTERED OFFICE:

Other Offices at: ■ Mumbai ■ Kolkata ■ Bengaluru ■ Lucknow ■ Meerut ■ Agra ■ Dehradun ■ Ahmedabad ■ Shahjahanpur

6.	Type of Asset	Machines required for manufacturing of Pharmaceuticals products mainly Tablets, Capsules, Liquids orals and Ointments.
7.	Type of Assessment	Cost Vetting Certificate
8.	Scope of Assessment	Cost Vetting of the new equipment which has to be/ already purchased by the company.
9.	Nature of Machinery	Machines required for manufacturing of Pharmaceuticals products mainly Tablets, Capsules, Liquids orals and Ointments And other general machines.
10.	Total Purchase Cost	Rs.5.27 Cr. (Including GST) (Total project Cost including supply and installation as per the List of machinery / quotations / invoices / purchase orders provided by the company).
11.	Current Estimated Market Value	The range of current market rates of such type of machinery & equipment is verified from various suppliers and also from the information available on public domain for the new machinery and equipment. As per quotes received from market, we are of the view that rate range for establishing the machinery with similar specifications for the requirement of manufacturing of Pharmaceuticals products mainly Tablets, Capsules, Liquids orals and Ointments and other general machines should be in the range from Rs. 4.90 Cr to Rs.5.40 Cr. (Inclusive @18+ GST). According to our observation, the rate as per the list of machinery and their total purchase price provided to us by the company/ bank are quite reasonable when compared to the rates of similar machines currently prevailing in the market.

Roll

OBSERVATIONS:

1. We have been provided with the copy of quotations from the market and machines/ equipment to be installed by the borrower company.
2. As per the information provided by the company officials these items are planned to be installed at the aforesaid address.
3. We have contacted several suppliers for similar items and also enquired in the public domain. Accordingly we have got the quotations from the suppliers and we find that the price given in the list of quotations provided to us is well within the price range of similar items available in the market and seems to be reasonable.
4. We have not vetting the freight and installations of the assets in this cost vetting certificate as it varies with respect to supplier depending upon their location.
5. In this certificate, we have considered the value only for the plant and machinery which to be installed at the site as mentioned in the DPR shared.
6. Based on the information provided by the company (M/s. Parrish Pharmaceuticals Private Limited.) and enquiries made by us in the open market and references found in the public domain for similar machines/items, it is certified that total market cost for setting up plants of similar specification should be around **Rs. 4.90 Cr. to Rs. 5.40 Cr (Including GST)** and therefore the total purchase price of **Rs. 5,27,93,188 /- (Including GST)** (as per the quotations, bills & purchase orders provided to us by the company) appears to be reasonable.

Disclaimer:

1. We can't comment about the current status of machines whether these are purchased, installed or in transit. This cost vetting is done only on the basis of Quotations, Bills and Purchase Orders provided to us by the company and we don't recommend any sort of recommendation in our Certificate.
2. The estimated cost verification of item to item can't exactly match as per our vetting due to several market consideration. In some of the items it is lower while in some of the items price comes to be higher but on an average the price as per list provided to us falls in the range as confirmed by us.
3. There can be variation in the estimated price if the specification & make of any items procured is different from the list provided to us during assessment.
4. The estimated cost verification is made based on the third party information which has been replied upon in good faith.
5. The estimated price may vary at the time of actual procurement because of change in prices in the market for such kind of machinery/items for which we will not have any control. The cost vetting is only limited to the date of Certificate issued. We do not assume any responsibility in change of prices of the said machinery/items after this date.
6. This certificate doesn't include any work related to drawing, design, sketch plan, procurement of the machines.
7. Ownership and other legal point of view in respect of the asset is not considered in this report as same is out of scope of this certificate.
8. This certificate is made at the request of the Bank.

01.	STRIP MACHINE 10 TRACK SATELLITE ENGINEERS Strip packaging has come to stay in Pharmaceutical, Confectionery, Engineering and Industrial product sectors. Strip Packaging machines are designed to handle a wide range of products with utmost precision and speed upto 2400 units per minute. The Products from the hopper passes through a stainless steel feeding system and goes to sealing roller cavities where laminated foils, drawn from two rollers, packs and seals the products in a continuous strip. The strip then passes through vertical and horizontal Gutter assemblies to deliver the desired sizes of strip packages. Special Features - Available in different models of 2, 4, 6, 8, 10 and 12 Track, capacity from 400 to 3000 Tab./min. with max. sealing width of 250 mm. - Standardised, quickly interchangeable parts. - Compact steel fabricated body with adequate inspection windows. - Adjustable foil cutting and slitting device. Noiseless, trouble-free smooth operation - Vibratory feed control for higher output. - Cavity shape and knurl design of choice. - Cartridge type heaters and therinostatic temperature control suitable for all types of packing materials. - Ensures air tight leak-proof packing. - Suitable for most heat scalable foils like Paper Poly, Aluminium Poly, - Cello Poly, Cellophane, Glassine Poly. Application of Strip Packaging Machines - The versatile design of the machine makes it eminently adaptable for packaging a variety of products, some of which are :Pharmaceuticals - Uncoated and coated tablets, soft gelatine capsules, hard gelatine capsules, confectionery products, eg. lozenges.	01 NOS.	1015000.00
