2. PHYSICAL CHARACTERISTICS OF THE PROPERTY

BRIEF DESCRIPTION OF THE PROPERTY UNDER VALUATION

This Valuation report is prepared for the Industrial Plant & Machinery situated at the aforesaid address. As per the copy of sale deeds the subject property is purchased via 23 sale deeds having collective area of 26.415 hectares / 65.273 acres Bifurcation of sale deeds with their details is as given below attached below.

The physical measurement was not possible because of large size land and as per satellite measurement during site survey the area found was 71.74 acre. But as per sale deed the area is 65.273 acres and same is considered for valuation assessment. And as per area documents provided the built-up area is 17,746.71 sq.ft and more or less same was found during site measurement. Therefore, area as per documents is considered for valuation assessment.

This is a sponge iron manufacturing plant; it was started in 2005 and was non-operational from 2009 to 2022. The plant is operational since 2022. The plant comprises of two rotary kiln, pollution control system, cooling unit, conveyors, DG, etc. Each rotary kiln has a capacity of 50 TPD and the annual capacity of plant is 3000 MT.

The detail of different khasra no. and land area are mentioned in the sheet below.

TOTAL			26.415	65.273	

The subject property is situated in village area therefore all the basic and civic amenities are not available within the close proximity.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property of which Bank/ customer asked us to conduct the Valuation for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. Even if any such information is mentioned in the report it is only referred from the information provided for which we do not assume any responsibility. Due care has been given while doing valuation assessment, but it doesn't contain any due-diligence or audit or verification of any kind other than the valuation computation of the property shown to us on site. Information/ data/ documents given to us by Bank/ client have been relied upon in good faith. This report doesn't contain any other recommendations of any sort.

In case of discrepancy in the address/ property number mentioned in the property documents and the property shown to us at the site due to change in zoning or administrative level at the site or the client misled the valuer by providing the fabricated/ incorrect document or information, the valuation should be considered of the property shown to us at the site by the client of which the photographs are also attached. In case of any doubt, best would be to contact the concerned authority/ district administration/ tehsil level for the identification of the property if the property depicted in the photographs in this report is same with the documents pledged.

a. Location attribute of the property			
i.	Nearby Landmark	Near Bajrang Power & Steel	
ii.	Postal Address of the Property	M/s. Satyarth Steels & Power Private Limited, Village Borjhara, Urla Guna Road, Raipur, Chhattisgarh (492003)	
iii.	Type of Land	Solid Land/ below road level	
iv.	Independent access/ approach to the property	Clear independent access is available	
v.	Google Map Location of the Property with a neighborhood layout map	Enclosed with the Report Coordinates or URL: 21°18'56.6"N 81°34'53.7"E	
vi.	Details of the roads abutting the property		
	(a) Main Road Name & Width	Ring Road	Approx. 80 ft. wide
	(b) Front Road Name & width	Urla Guna Road	Approx. 20 ft. wide
	(c) Type of Approach Road	Bituminous Road	
	(d) Distance from the Main Road	~2.5 km	
vii.	Description of adjoining property	It is a mixed used area, industrial & agricultural.	
viii.	Plot No. / Survey No.	Please refer to the sheet attached above	
ix.	Zone/ Block	---	---
x.	Sub registrar	---	
xi.	District	Raipur	
xii.	Any other aspect	Valuation is done for the property found as per the information given in the copy of documents provided to us and/ or confirmed by the owner/ owner representative to us at site.	

	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not covered in this Valuation services.		
(a) List of documents produced for perusal (<i>Documents has been referred only for reference purpose as provided. Authenticity to be ascertained by legal practitioner</i>)	Documents Requested	Documents Provided	Documents Reference No.
	Total 05 documents requested.	Total 03 documents provided	Total 03 documents provided
	Property Title document	Sale Deed	Please refer to the sheet attached above
	Change of Land Use	Change of Land Use	Dated- 20/07/2007 Dated- 28/10/2015
	FAR	---	---
	Last paid Electricity Bill	---	---
	Approved Map	Site Plan	Site Plan not legible
(b) Documents provided by	Bank		
	Name	Relationship with Owner	Contact Number
	Mr. Shibu Varghese	Banker	+91-9768947937
(c) Identification procedure followed of the property	☐	Identified by the owner	
	☒	Identified by owner's representative	
	☒	Done from the name plate displayed on the property	
	☐	Cross checked from boundaries or address of the property mentioned in the deed	
	☐	Enquired from local residents/ public	
	☐	Identification of the property could not be done properly	
	☐	Survey was not done	
(d) Type of Survey	Full survey (inside-out with approximate sample random measurements verification & photographs).		
(e) Is property clearly demarcated by permanent/ temporary boundary on site	Demarcated with temporary boundary		
(f) Is the property merged or colluded with any other property	No. It is an independent single bounded property ---		
(g) City Categorization	Village	Rural	
(h) Characteristics of the locality	Average	Within backward village area	
(i) Property location classification	On Wide Road	Near to Highway	Average location within locality
(j) Property Facing	South Facing		
b. Area description of the Property <i>Also please refer to Part-B Area description of the property. Area measurements considered in the Valuation Report is adopted from relevant approved documents or actual site measurement whichever is less, unless otherwise</i>	Land	Construction	
	26.415 hectares / 65.273 acres	Built-up Area 17,746.71 sq. ft / 1,648.73 sq. mtr	

	mentioned. Verification of the area measurement of the property is done only based on sample random checking.		
c.	Boundaries schedule of the Property		
i.	Are Boundaries matched	Yes from the available documents	
ii.	Directions	As per Sale Deed/TIR	Actual found at Site
	East	Different for different Khasra no.	Different for different Khasra no.
	West	Different for different Khasra no.	Different for different Khasra no.
	North	Different for different Khasra no.	Different for different Khasra no.
	South	Different for different Khasra no.	Different for different Khasra no.
3.	TOWN PLANNING/ ZONING PARAMETERS		
a.	Master Plan provisions related to property in terms of Land use	It is a mixed used area, industrial & agricultural.	
i.	Any conversion of land use done	From Agricultural to Industrial	
ii.	Current activity done in the property	Used for Industrial purpose	
iii.	Is property usage as per applicable zoning	It is a village area, no zoning regulations defined,	
iv.	Any notification on change of zoning regulation	No information available	
v.	Street Notification	Industrial	
b.	Provision of Building by-laws as applicable	PERMITTED	CONSUMED
i.	FAR/FSI	---	---
ii.	Ground coverage	---	---
iii.	Number of floors	---	---
iv.	Height restrictions	---	---
v.	Front/ Back/Side Setback	---	---
vi.	Status of Completion/ Occupational certificate	No information provided	No information provided
c.	Comment on unauthorized construction if any	Cannot comment since no approved building map provided	
d.	Comment on Transferability of developmental rights	Free hold, complete transferable rights	
e.	i. Planning Area/ Zone	Gram Panchayat Borjhara	
	ii. Master Plan Currently in Force	---	
	iii. Municipal Limits	Gram Panchayat Borjhara	
f.	Developmental controls/ Authority	Gram Panchayat Borjhara	
g.	Zoning regulations	Mixed use (Industrial cum agricultural)	
h.	Comment on the surrounding land uses & adjoining properties in terms of uses	It is a mixed used area, industrial & agricultural.	
i.	Comment of Demolition proceedings if any	Cannot comment since no approved building map provided	
i.	Comment on Compounding/ Regularization proceedings	Cannot comment since no approved building map provided	
j.	Any other aspect	---	
	i. Any information on encroachment	No information available	
	ii. Is the area part of unauthorized area/ colony	No (As per general information available)	
4.	DOCUMENT DETAILS AND LEGAL ASPECTS OF THE PROPERTY		

a.	Ownership documents provided	Sale deed	None	None
b.	Names of the Legal Owner/s	M/s. Satyarth Steels & Power Private Limited (as per copy of documents provided to us)		
c.	Constitution of the Property	Free hold, complete transferable rights

a.	Description of the functionality & utility of the property in terms of:	
	i. Space allocation	Yes
	ii. Storage spaces	Yes
	iii. Utility of spaces provided within the building	Yes
	iv. Car parking facilities	Yes
	v. Balconies	No
b.	Any other aspect	
	i. Drainage arrangements	Yes
	ii. Water Treatment Plant	No
	iii. Power Supply arrangement s	Permanent Yes Auxiliary Yes, D.G sets
	iv. HVAC system	No
	v. Security provisions	Yes/ Private security guards
	vi. Lift/ Elevators	No
	vii. Compound wall/ Main Gate	Yes
	viii. Whether gated society	No

Internal development														
Garden/ Park/ Land scraping		Water bodies	Internal roads	Pavements	Boundary Wall									
No		No	No	No	Yes									
8. INFRASTRUCTURE AVAILABILITY														
a. Description of Aqua Infrastructure availability in terms of:														
i. Water Supply			Yes from borewell/ submersible											
ii. Sewerage/ sanitation system			Underground											
iii. Storm water drainage			No											
b. Description of other Physical Infrastructure facilities in terms of:														
i. Solid waste management			Yes, by the local Authority											
ii. Electricity			Yes											
iii. Road and Public Transport connectivity			Yes											
iv. Availability of other public utilities nearby			Transport, Market, Hospital etc. not available within 2 km											
c. Proximity & availability of civic amenities & social infrastructure														
School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport								
~ 2 km	~ 5 km	~ 2 km	~ 2 km	~ 15 km	---	~ 35 km								
Availability of recreation facilities (parks, open spaces etc.)			This is a rural remote area. No recreational facility is available nearby.											
9. MARKETABILITY ASPECTS OF THE PROPERTY														
a. Marketability of the property in terms of														
i. Location attribute of the subject property			Average											
ii. Scarcity			Ample vacant land available nearby. There is no issue of land availability in this area.											
iii. Demand and supply of the kind of the subject property in the locality			Demand will be low for such properties since the property is in remote area.											
iv. Comparable Sale Prices in the locality			Please refer to Part D: Procedure of Valuation Assessment											
b. Any other aspect which has relevance on the value or marketability of the property			Property is located on main road.											
i. Any New Development in surrounding area			No	NA										
ii. Any negativity/ defect/ disadvantages in the property/ location			None	NA										
10. ENGINEERING AND TECHNOLOGY ASPECTS OF THE PROPERTY														
a.	Type of construction		Structure	Slab	Walls									
			RCC Framed structure and Tin Shed	RCC and Tin Shed	Brick Wall									
b.	Material & Technology used		Material Used		Technology used									
			Grade C Material		RCC Framed structure									
c.	Specifications		Floors/ Blocks		Type of Roof									
			G+1		RCC and Tin Shed									

	ii. Floor height	Please refer to the building sheet attached	
	iii. Type of flooring	PCC	
	iv. Doors/ Windows	Grill over wooden window, Wooden door, Aluminum Shutter	
	v. Class of construction/ Appearance/ Condition of structures	Internal - Class C construction (Simple/ Average) External - Class C construction (Simple/ Average)	
	vi. Interior Finishing & Design	Ordinary regular architecture, Simple/ Average finishing, Simple Plastered Walls	
	vii. Exterior Finishing & Design	Ordinary regular architecture, Simple/ Average finishing, Simple Plastered Walls	
	viii. Interior decoration/ Special architectural or decorative feature	Simple plain looking structure.	
	ix. Class of electrical fittings	Internal / Ordinary quality fittings used	
	x. Class of sanitary & water supply fittings	Internal / Ordinary quality fittings used	
d.	Maintenance issues	Yes, but not so significantly	
e.	Age of building/ Year of construction	Approx. 20 years	Around year-2004
f.	Total life of the structure/ Remaining life expected	Approx. 70 years (RCC) Approx. 50 years (Tin Shed)	Approx. 50 years for RCC and Approx. 30 years for Tin Shed subject to proper and timely maintenance
g.	Extent of deterioration in the structure	No major deterioration came into notice, only normal wear & tear	
h.	Structural safety	Structure built on RCC technique so it can be assumed as structurally stable. However no structural stability certificate is available	
i.	Protection against natural disasters viz. earthquakes etc.	Since this is a RCC structure so should be able to withstand moderate intensity earthquakes. Comments are been made only based on visual observation and not any technical testing.	
j.	Visible damage in the building if any	Yes but not so significantly	
k.	System of air conditioning	No Aircondition installed	
l.	Provision of firefighting	Fire Hydrant System	
m.	Copies of the plan and elevation of the building to be included	Not provided by the owner/ client	
11.	ENVIRONMENTAL FACTORS		
a.	Use of environment friendly building materials like fly ash brick, other Green building techniques if any	No, regular building techniques of RCC and burnt clay bricks are used	
b.	Provision of rainwater harvesting	No	
c.	Use of solar heating and lighting systems, etc.	No	
d.	Presence of environmental pollution in the vicinity of the property in terms of industries, heavy traffic, etc. if any	Yes property is near to Industrial area and therefore pollution is present	
12.	ARCHITECTURAL AND AESTHETIC QUALITY OF THE PROPERTY		
a.	Descriptive account on whether the building is modern, old fashioned, etc., plain looking or with decorative elements, heritage value if applicable, presence of landscape elements,	Plain looking simple structure	

	etc.	
13.	VALUATION	
a.	Methodology of Valuation – Procedures adopted for arriving at the Valuation	Please refer to Part D: Procedure of Valuation Assessment of the report.

PART C

AREA DESCRIPTION OF THE PROPERTY

1.	Land Area considered for Valuation	26.415 hectares / 65.273 acres	
	Area adopted on the basis of	Property documents & site survey both	
	Remarks & observations, if any	The physical measurement was not possible because of large size land and as per satellite measurement during site survey the area found was 71.74 acre. But as per sale deed the area is 65.273 acres and same is considered for valuation assessment.	
2.	Constructed Area considered for Valuation (As per IS 3861-1966)	Built-up Area	17,746.71 sq.ft / 1,648.73 sq.mtr
	Area adopted on the basis of	Area documents & site survey both	
	Remarks & observations, if any	As per area sheet provided the built-up area is around 17,746.71 sq.ft and more or less same was found during site measurement. Therefore, area as per area sheet is considered for valuation assessment.	

Note:

1. Area measurements considered in the Valuation Report pertaining to Land & Building is adopted from relevant approved documents or actual site measurement whichever is less. All area measurements are on approximate basis only.
2. Verification of the area measurement of the property is done based on sample random checking only.
3. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents verified with digital survey through google which has been relied upon.
4. Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

YCL

PART D

PROCEDURE OF VALUATION ASSESSMENT

1.		GENERAL INFORMATION			
i.	Important Dates	Date of Appointment	Date of Inspection of the Property	Date of Valuation Assessment	Date of Valuation Report
		4 September 2023	25 November 2023	17 January 2024	17 January 2024
ii.	Client	SBI, SAM Branch-1, Cuffe Parade, Colaba, Mumbai			
iii.	Intended User	SBI, SAM Branch-1, Cuffe Parade, Colaba, Mumbai			
iv.	Intended Use	To know the general idea on the market valuation trend of the property as per free market transaction. This report is not intended to cover any other internal mechanism, criteria, considerations of any organization as per their own need, use & purpose.			
v.	Purpose of Valuation	For Distress Sale of mortgaged assets under NPA a/c			
vi.	Scope of the Assessment	Non binding opinion on the assessment of Plain Physical Asset Valuation of the property identified to us by the owner or through his representative.			
vii.	Restrictions	This report should not be referred for any other purpose, by any other user and for any other date other then as specified above. This report is not a certification of ownership or survey number/ property number/ Khasra number which are merely referred from the copy of the documents provided to us.			
viii.	Manner in which the proper is identified	☐	Identified by the owner		
		☒	Identified by owner's representative		
		☒	Done from the name plate displayed on the property		
		☐	Cross checked from boundaries or address of the property mentioned in the deed		
		☐	Enquired from local residents/ public		
		☐	Identification of the property could not be done properly		
		☐	Survey was not done		
ix.	Is property number/ survey number displayed on the property for proper identification?	No.			
x.	Type of Survey conducted	Full survey (inside-out with approximate measurements & photographs).			

2.		ASSESSMENT FACTORS		
i.	Valuation Standards considered	Mix of standards such as IVS and others issued by Indian authorities & institutions and improvised by the RKA internal research team as and where it is felt necessary to derive at a reasonable, logical & scientific approach. In this regard proper basis, approach, working, definitions considered is defined below which may have certain departures to IVS.		
ii.	Nature of the Valuation	Fixed Assets Valuation		
iii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature	Category	Type
		LAND & BUILDING	INDUSTRIAL	INDUSTRIAL PLANT
		Classification	Income/ Revenue Generating Asset	
iv.	Type of Valuation (Basis of Valuation as per IVS)	Primary Basis	Market Value & Govt. Guideline Value	
		Secondary Basis	Not Applicable	
v.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Normal Marketable State		
		Reason: Asset under NPA account		
vi.	Property Use factor	Current/ Existing Use	Highest & Best Use (in consonance to surrounding use	Considered for Valuation purpose

			zoning and statutory norms)		
		Industrial	Industrial	Industrial	Industrial
vii.	Legality Aspect Factor	Assumed to be fine as per copy of the documents & information produced to us. However Legal aspects of the property of any nature are out-of-scope of the Valuation Services. In terms of the legality, we have only gone by the documents provided to us in good faith. Verification of authenticity of documents from originals or cross checking from any Govt. deptt. have to be taken care by Legal expert/ Advocate.			
viii.	Class/ Category of the locality	Middle Class (Ordinary)			
ix.	Property Physical Factors	Shape	Size	Layout	
		Irregular	Large	Normal Layout	
x.	Property Location Category Factor	City Categorization	Locality Characteristics	Property location characteristics	Floor Level
		Village	Good	Road Facing	Ground + 1
		Rural	Normal	Near to Highway	
			Within urban developing zone	Average location within locality	
		Property Facing			
		South Facing			
xi.	Physical Infrastructure availability factors of the locality	Water Supply	Sewerage/ sanitation system	Electricity	Road and Public Transport connectivity
		Yes from borewell/ submersible	Underground	Yes	Easily available
		Availability of other public utilities nearby		Availability of communication facilities	
		Transport, Market, Hospital etc. are not available in close vicinity		Major Telecommunication Service Provider & ISP connections are available	
xii.	Social structure of the area (in terms of population, social stratification, regional origin, age groups, economic levels, location of slums/ squatter settlements nearby, etc.)	Industrial area			
xiii.	Neighbourhood amenities	Average			
xiv.	Any New Development in surrounding area	None	---		
xv.	Any specific advantage in the property	None			
xvi.	Any specific drawback in the property	Less frontage			
xvii.	Property overall usability/ utility Factor	Good			
xviii.	Do property has any alternate use?	No			
xix.	Is property clearly demarcated by permanent/ temporary boundary on site	Demarcated with temporary boundary			

xx.	Is the property merged or colluded with any other property	No	
		Comments: ---	
xxi.	Is independent access available to the property	Clear independent access is available	
xxii.	Is property clearly possessable upon sale	Yes	
xxiii.	Best Sale procedure to realize maximum Value (in respect to Present market state or premise of the Asset as per point (iv) above)	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.	
xxiv.	Hypothetical Sale transaction method assumed for the computation of valuation	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.	
xxv.	Approach & Method of Valuation Used	Land Approach of Valuation Market Approach	Method of Valuation Market Comparable Sales Method
		Building Cost Approach	Depreciated Replacement Cost Method
xxvi.	Type of Source of Information	Level 3 Input (Tertiary)	
xxvii.	Market Comparable References on prevailing market Rate/ Price trend of the property and Details of the sources from where the information is gathered (from property search sites & local information)	1. Name: M/s. R.K. Property Dealer Contact No.: +91-7509126682 Nature of reference: Property Consultant Size of the Property: ~8 acre Location: Village Borjhara Rates/ Price informed: Around Rs. 70,00,000/- - Rs. 80,00,000/- per acre Any other details/ Discussion held: As per the discussion with the property dealer of the subject locality we came to know that there is very good availability of industrial land in Village Borjhara. Small lands are available for sale within the abovementioned range.	
		2. Name: M/s. Raj Property Dealer Contact No.: +91-9300255066 Nature of reference: Property Consultant Size of the Property: ~25 acre Location: Village Borjhara Rates/ Price informed: Around Rs. 60,00,000/- - Rs. 80,00,000/- per acre Any other details/ Discussion held: As per the discussion with the property dealer of the subject locality we came to know that there is very good availability of industrial land in Village Borjhara. Small lands are available for sale within the abovementioned range.	
		NOTE: The given information above can be independently verified to know its authenticity.	
xxviii.	Adopted Rates Justification	As per our discussion with the property dealers and habitants of the subject location we have gathered the following information:-	

		1. There is less availability of larger plots (having similar size as the subject property). 2. Rates for smaller plots having size around 8 to 25 acres are available within the range of Rs. 60,00,000/- - Rs. 80,00,000/- per acre. Based on the above information and keeping in mind the good availability of land in subject locality we are of the view to adopt a rate of Rs. 70,00,000/- per acre for the purpose of this valuation assessment. NOTE: We have taken due care to take the information from reliable sources. The given information above can be independently verified from the provided numbers to know its authenticity. However due to the nature of the information most of the market information came to knowledge is only through verbal discussion with market participants which we have to rely upon where generally there is no written record. Related postings for similar properties on sale are also annexed with the Report wherever available.				
xxix.	Other Market Factors					
	Current Market condition	Normal Remarks: --- Adjustments (-/+): 0%				
	Comment on Property Salability Outlook	Easily sellable Adjustments (-/+): 0%				
	Comment on Demand & Supply in the Market	<table><tr><th>Demand</th><th>Supply</th></tr><tr><td>Low</td><td>Adequately available</td></tr></table> Remarks: Adjustments (-/+): 0%	Demand	Supply	Low	Adequately available
Demand	Supply					
Low	Adequately available					
xxx.	Any other special consideration	Reason: For large land parcel Adjustments (-/+): -15%				
xxxi.	Any other aspect which has relevance on the value or marketability of the property	NA Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will fetch considerably lower value. Similarly, an asset sold directly by an owner in the open market through free market arm's length transaction then it will fetch better value and if the same asset/ property is sold by any financier or court decree or Govt. enforcement agency due to any kind of encumbrance on it then it will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing. This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing. Adjustments (-/+): 0%				
xxxii.	Final adjusted & weighted Rates considered for the subject property	Rs. 59,50,000/- per acre				
xxxiii.	Considered Rates Justification	As per the thorough property & market factors analysis as described above, the considered estimated market rates appears to be reasonable in our opinion.				
xxxiv.	Basis of computation & working	Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report.				

- Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
- For knowing comparable market rates, significant discreet local enquiries have been made from our side based on the hypothetical/ virtual representation of ourselves as both buyer and seller for the similar type of properties in the subject location and thereafter based on this information and various factors of the property, rate has been judiciously taken considering the factors of the subject property, market scenario and weighted adjusted comparison with the comparable properties unless otherwise stated.
- References regarding the prevailing market rates and comparable are based on the verbal/ informal/ secondary/ tertiary information which are collected by our team from the local people/ property consultants/ recent deals/ demand-supply/ internet postings are relied upon as may be available or can be fetched within the limited time & resources of the assignment during market survey in the subject location. No written record is generally available for such market information and analysis has to be derived mostly based on the verbal information which has to be relied upon.
- Market Rates are rationally adopted based on the facts of the property which came to our knowledge during the course of the assessment considering many factors like nature of the property, size, location, approach, market situation and trends and comparative analysis with the similar assets. During comparative analysis, valuation metrics is prepared and necessary adjustments are made on the subject asset.
- The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which takes place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer.
- Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Commission, Bank interest, Selling cost, Marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value.
- This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Market Value as described above. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally.
- Area measurements considered in the Valuation Report pertaining to asset/ property is adopted from relevant approved documents or sample site measurement whichever is less unless otherwise mentioned. All area measurements are on approximate basis only.
- Verification of the area measurement of the property is done based on sample random checking only.
- Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
- Drawing, Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
- Construction rates are adopted based on the present market replacement cost of construction and calculating applicable depreciation & deterioration factor as per its age, existing condition & specifications based on visual observation only of the structure. No structural, physical tests have been carried out in respect of it. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.
- Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method unless otherwise stated.
- The condition assessment and the estimation of the residual economic life of the structure are only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength.
- Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.
- This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is neither investigative in nature nor an audit activity.

	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.
xxxv.	ASSUMPTIONS - Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith. - Local verbal enquiries during micro market research came to our knowledge are assumed to be taken on record as true & factual. - The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise. - It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns. - Payment condition during transaction in the Valuation has been considered on all cash bases which includes both formal & informal payment components as per market trend. - Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated. - If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report. This valuation report is prepared for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township is approved and complied with all relevant laws and the subject unit is also approved within the Group Housing Society/ Township.
xxxvi.	SPECIAL ASSUMPTIONS None
xxxvii.	LIMITATIONS None

3.	VALUATION OF LAND		
	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
a.	Prevailing Rate range	Rs.37,80,000/- per hectares	Rs.50,00,000/- to Rs. 60,00,000/- per acres
b.	Rate adopted considering all characteristics of the property	Rs.37,80,000/- per hectares	Rs.59,50,000/- per acres
c.	Total Land Area considered (documents vs site survey whichever is less)	26.415 hectares / 65.273 acres	26.415 hectares / 65.273 acres
d.	Total Value of land (A)	26.415-hectare x Rs.37,80,000/- per hectares	65.273-acre x Rs.59,50,000/- per acres
		Rs. 9,98,48,700/-	Rs. 38,83,74,350/-

PART E CHARACTERISTICS DESCRIPTION OF PLANT/ MACHINERY

S.NO.	CONTENTS	DESCRIPTION
16.	TECHNICAL DESCRIPTION OF THE PLANT/ MACHINERY	
a.	Nature of Plant & Machinery	Steel Plant
b.	Size of the Plant	Medium scale Plant
c.	Type of the Plant	Semi Automatic
d.	Year of Installation/ Commissioning/ COD (Commercial Operation Date)	2005 (as per information provided to us).
e.	Production Capacity	100 TPD
f.	Capacity at which Plant was running at the time of Survey	Plant was running at 45% capacity
g.	Number of Production Lines	Rotary Kiln - 2
h.	Condition of Machines	Average.
i.	Status of the Plant	Fully operational
j.	Products Manufactured in this Plant	Sponge Iron
k.	Recent maintenance carried out on	No information provided
l.	Recent upgradation, improvements if done any	No
m.	Total Gross Block & Net Block of Assets	Gross Block Net Block
		As on 31/03/2023

n.	Any other Details if any	---
17.	MANUFACTURING PROCESS	

18.	TECHNOLOGY TYPE/ GENERATION USED AND TECHNOLOGICAL COLLABORATIONS IF ANY	
a.	Technology Type/ Generation Used in this Plant	Rotary Kiln
b.	Technological Collaborations If Any	No
c.	Current Technology used for this Industry in Market	Rotary Kiln with WHRB system
19.	RAW MATERIALS REQUIRED & AVAILABILITY	
	Type of Raw Material	Iron Ore, Coal
	Availability	Good availability
20.	AVAILABILITY & STATUS OF UTILITIES	
	Power/ Electricity	Power supply arrangement from CSEB
	Water	Available
	Road/ Transport	Yes
21.	COMMENT ON AVAILABILITY OF LABOUR	
	Availability	Appears to be easily & adequately available and no labour issues came to our knowledge during site inspection.
	Number of Labours working in the Factory	~75
22.	SALES TRANSACTIONAL PROSPECTS OF SUCH PLANTS/ MACHINERY	
	On-going concern basis	

Reason: This is a Large Scale Plant and can only be sold only as an Integrated Industry to preserve its value since complete process line & machines are special purpose machines and can't be used in any other Industry. So for fetching maximum value is through strategic sale to the players who are already into same or similar Industry who have plans for expansion or any large conglomerate who plans to enter into this new Industry

23. DEMAND OF SUCH PLANT & MACHINERY IN THE MARKET

Appears to be good as per general information available in public domain.

24. SURVEY DETAILS

- a. Plant has been surveyed by our Engineering Team on dated 25/11/2023
- b. Site inspection was done in the presence of Owner's representative Mr. Deepak Katakwar who were available from the company to furnish any specific detail about the Plant & Machinery.
- c. Our team examined & verified the machines and utilities from the FAR provided by the Company/bank. Only major machinery, process line & equipment has been verified.
- d. Photographs have also been taken of all the Machines and its accessories installed there.
- e. Plant was found Operational at the time of survey.
- f. Details have been cross checked as per the documents provided to us by the company/bank and what was observed at the site.
- g. Condition of the machines is checked through visual observation only. No technical/ mechanical/ operational testing has been carried out to ascertain the condition and efficiency of machines.
- h. Site Survey has been carried out on the basis of the physical existence of the assets rather than their technical expediency.
- i. As per the overall site visit summary, Plant appeared to be in average condition.

PART F PROCEDURE OF VALUATION ASSESMENT – PLANT & MACHINERY

1.		GENERAL INFORMATION			
i.	Important Dates	Date of Inspection of the Property	Date of Valuation Assessment	Date of Valuation Report	
		25 November 2023	17 January 2024	17 January 2024	
ii.	Client	SBI, SAM Branch-1, Cuffe Parade, Colaba, Mumbai			
iii.	Intended User	SBI, SAM Branch-1, Cuffe Parade, Colaba, Mumbai			
iv.	Intended Use	To know the general idea on the market valuation trend of the property as per free market transaction. This report is not intended to cover any other internal mechanism, criteria, and considerations of any organization as per their own need, use & purpose.			
v.	Purpose of Valuation	For Distress Sale of mortgaged assets under NPA a/c			
vi.	Scope of the Assessment	Non binding opinion on the assessment of Plain Physical Asset Valuation of the property identified to us by the owner or through his representative.			
vii.	Restrictions	This report should not be referred for any other purpose, by any other user and for any other date other then as specified above.			
viii.	Identification of the Assets	☒	Cross checked from the name of the machines mentioned in the FAR/ Inventory list name plate displayed on the machine		
		☒	Identified by the company's representative		
		☐	Identified from the available Invoices		
		☐	Identification of the machines could not be done properly		
		☐	Due to large number of machines/ inventories, only major production lines & machines have been checked		
		☐	Physical inspection of the machines could not be done		
ix.	Type of Survey conducted	Full survey (inside-out with approximate sample random measurements verification & photographs).			
2.		ASSESSMENT FACTORS			
i.	Nature of the Valuation	Fixed Assets Valuation			
ii.	Nature/ Category/ Type/ Classification of Asset under Valuation	Nature	Category	Type	
		PLANT & MACHINERY	INDUSTRIAL	INDUSTRIAL PLANT & MACHINERY	
		Classification	Income/ Revenue Generating Asset		
iii.	Type of Valuation (Basis of Valuation as per IVS)	Primary Basis	Fair Market Value & Govt. Guideline Value		
		Secondary Basis	On-going concern basis		
iv.	Present market state of the Asset assumed (Premise of Value as per IVS)	Under Distress State Reason: Asset under NPA account			
v.	Physical Infrastructure availability factors of the locality	Water Supply	Sewerage/ Sanitation system	Electricity	Road and Public Transport connectivity
		Yes from borewell/ submersible	Underground	Yes	Easily available
		Availability of other public utilities nearby		Availability of communication facilities	
		Transport, Market, Hospital etc. are not available in close vicinity		Major Telecommunication Service Provider & ISP connections are available	
vi.	Neighbourhood amenities	Average			

vii.	Any New Development in surrounding area	None	NA
viii.	Any specific advantage/ drawback in the plant and machines	None	
ix.	Machines overall usability/ utility Factor	Normal	
x.	Best Sale procedure to realize maximum Value (in respect to Present market state or premise of the Asset as per point (iv) above)	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.	
xi.	Hypothetical Sale transaction method assumed for the computation of valuation	Fair Market Value Free market transaction at arm's length wherein the parties, after full market survey each acted knowledgeably, prudently and without any compulsion.	
xii.	Approach & Method of Valuation Used	Approach of Valuation Market Approach	Method of Valuation Market Comparable Sales Method
xiii.	Type of Source of Information	Level 3 Input (Tertiary)	

xiv.	Any other aspect which has relevance on the value or marketability of the machines	The marketability for the machines depends upon the industry outlook, make, market condition, raw material, maintenance, raw material, usability, capacity. This Valuation report is prepared based on the facts of the assets & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future assets market may go down, asset conditions may change or may go worse, plant vicinity conditions may go down or become worse, plant market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the Plant may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.
xv.	Basis of computation & working	
	Main Basis: a. <i>Basic Methodology: For arriving at fair market value of P&M & other fixed assets our engineering team has rationally applied the mixture of 'sales comparison approach (market approach)' and the 'cost approach (depreciated replacement cost)'. The fair market value of Plant & Machinery on the date of valuation is its cost of reproduction & commissioning on that date less the depreciation & other deterioration deductions (Technological, Economic, Functional obsolescence) or additions for good maintenance from the date of commissioning of the machinery to the date of its valuation.</i> b. <i>Core P&M Asset Valuation is done keeping in mind various factors like technology used, machines availability, its condition, average age, maintenance & service and parts replacement availability of the machines and more importantly demand in the market.</i> c. <i>Main Machinery of this Plant are specific purpose machines.</i> d. <i>No Fixed Asset Register or Inventory sheet has been provided to us. For the Machinery list has been referred provided to us by the Bank/ client. However Valuation has been done independently.</i> e. <i>No capitalization cost or purchase cost of machines were made available to us and this Valuation is done purely by searching rates of specific machine on public domain or used machinery dealers.</i> f. <i>Replacement cost has been taken based on the independent market research from public domain or used machinery dealers.</i> g. <i>For evaluating depreciation, Chart of Companies Act-2013, Central Electricity Commission Guidelines & Industry & institutional standards are used for ascertaining useful life of different types of machines are followed.</i> h. <i>Market & Industry scenario is also explored for demand of such Plants.</i> i. <i>On the Depreciated Replacement Cost (DRC) deduction for obsolescence/ deterioration or addition for good</i>	

- maintenance has been taken to arrive at the estimated Prospective Fair Market Value of the machines.
- j. Underline assumption for the evaluation of this Plant & Machinery is that it will be sold as an Integrated Plant and not as discrete/ piecemeal machinery basis.
 - k. Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report.
 - l. The valuation of the Plant/ Machinery has been done considering the plant as a whole. The individual cost for machines shown is for illustration purpose, and may vary from market rates since the valuation is done using cost approach method and finally cross verified from market approach as a whole plant and not individual machine.
 - m. Consolidated valuation sheet of Plant & Machinery and other asset items are mentioned below with depreciated current market value as per different category of the machines/assets cumulated together. Our engineering team has separated the Cost of Equipment's in the different sections of the plant. The cost of equipment considered from P&M List doesn't includes Pre-operative, Finance, and IDC Charges etc. The capitalized/ purchase cost of machinery considered from P&M List consists of final commissioning of machines which includes freight, taxes, insurance, etc.

Other Basis:

- n. Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
- o. The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which take place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer.
- p. Secondary/ Tertiary costs related to asset transaction like Installation, maintenance and Logistics costs pertaining to the sale/ purchase of the assets are not considered separately while assessing the indicative estimated Market Value and is assumed to be included in the Cost of capitalization provided by the client.
- q. The condition assessment and the estimation of the residual economic life of the machinery and assets are only based on the visual observations and appearance found during the site survey. We have not carried out any physical tests to assess the working and efficiency of the machines and assets.
- r. Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation.
- s. Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.
- t. This is just the fixed asset valuation of the project based on the cost & market approach methodologies considering the utility of the asset for the business & the company as on-going concern basis. This Valuation shall not be construed as the transactional value of the Project which may be determined through Enterprise/ Business Valuation based on Income approach methodologies

xvi. **ASSUMPTIONS**

- u. Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith.
- v. The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise.
- w. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
- x. Payment condition during transaction in the Valuation has been considered on all cash basis which includes both formal & informal payment components as per market trend.
- y. Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless

otherwise stated.

xvii. **SPECIAL ASSUMPTIONS**

None

xviii. **LIMITATIONS**

Exact market reference for sponge Iron plant with similar capacity was not available on public domain, so we have done market research as a reference with different capacities and then we have arrived to the gross replacement cost of the subject plant.

VALUATION COMPUTATION OF PLANT & MACHINERY

S. No.	Plant & Machinery	Qty	Approx. Year of Purchase	Specification	Consumed Life	Economic Life	Gross Current Replacement Cost (INR)	Depreciated Replacement Cost (INR)
1	Sponge Iron Plant	1	2004	50 TPD	20	25	7,50,00,000	2,10,00,000
2	Sponge Iron Plant	1	2005	50 TPD	19	25	7,50,00,000	2,37,00,000
3	Transformer 750kVA	1	2007	750kVA	17	20	8,00,000	1,88,000
4	Sub Station	1	2007	750 KVA	17	20	20,00,000	4,70,000
5	DG set	1	2005	500 KVA	19	20	37,00,000	5,36,500
6	Weighing Bridge	1	2004	50 Ton	20	20	5,00,000	50,000
7	Drain Pump	1	2007	9.3 KW	17	12	1,27,000	12,700
8	Motor	1	2007	3.7 KW	17	12	30,000	3,000
9	Water Pump with Motor	1	2007	3.7 KW	17	12	30,000	3,000
Total							15,71,87,000	4,59,63,200

VALUATION SUMMARY

PLANT & MACHINERY AND OTHER EQUIPMENTS

S.no.	Particulars	Gross Block (INR)	Gross Current Replacement Cost (INR)	Fair Market Value (INR)
1	Plant & Machinery and other equipment	-	15,71,87,000	4,59,63,200

Notes:

- Assets like Plant & Machinery and other related equipment pertaining to M/s. Satyarth Steels & Power Private Limited, Village Borjhara, Urla Guna Road, Raipur, Chhattisgarh (492003) are considered in this section of valuation report.
- For evaluating useful life of assets, chart of Companies Act-2013 and generally accepted market standards are referred in this assessment to reach the final economical life of a particular asset.
- During the site visit conducted by our engineering team on 25/11/2023, the plant was physically inspected by our team. Different sections set up inside the plant were visually inspected.
- For the assets, the Gross Current Replacement Cost has arrived on the basis of the references from the public domain and further as per the Estimated Economic Life (20-25 years) and Salvage Value (10%) considered of the particular assets, then Fair Market Value is calculated.
- As per details available on public domain, the Rotary Kiln installation cost is ranging from Rs. 25.00 Lakh to Rs. 33.27 Lakh per TPD. Apart from Rotary Kiln, auxiliary equipment such as Transformer, DG Set, Weigh Bridge etc. are considered for valuation.
- Only that assets / equipment has been considered which have been physically inspected at the time of site survey.
- At the time of site survey it was observed that the plant was operational and machines are in average condition.
- This report only includes those machines which are mentioned in the machine list provided by bank.

6. CONSOLIDATED VALUATION ASSESSMENT OF THE ASSET			
S.no.	Particulars	Govt. Circle/ Guideline Value	Indicative & Estimated Prospective Fair Market Value
1.	Land Value (A)	Rs. 9,98,48,700/-	Rs. 38,83,74,350/-
2.	Total Choose an item. (B)	---	Rs. 1,61,04,488/-
3.	Additional Aesthetic Works Value (C)	---	Rs. 12,50,000/-
4.	Plant & Machinery Value (D)	---	Rs. 4,59,63,200/-
5.	Total Add (A+B+C+D)	Rs. 9,98,48,700/-	Rs. 45,16,92,038/-
6.	Additional Premium if any	---	---
	Details/ Justification	---	---
7.	Deductions charged if any	---	---
	Details/ Justification	---	---
8.	Total Indicative & Estimated Prospective Fair Market Value	---	Rs. 45,16,92,038/-
9.	Rounded Off	---	Rs. 45,20,00,000/-
10.	Indicative & Estimated Prospective Fair Market Value in words	---	Rupees Forty-Five Crore and Twenty Lakh Only/-
11.	Expected Realizable Value (@ ~15% less)	---	Rs. 38,42,00,000/-
12.	Expected Distress Sale Value (@ ~25% less)	---	Rs. 33,90,00,000/-
13.	Percentage difference between Circle Rate and Fair Market Value	More than 20%	
14.	Concluding Comments/ Disclosures if any		
	a. We are independent of client/ company and do not have any direct/ indirect interest in the property. b. This valuation has been conducted by R.K Associates Valuers & Techno Engineering Consultants (P) Ltd. and its team of experts. c. This Valuation is done for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report. d. Reference of the property is also taken from the copies of the documents/ information which interested organization or customer could provide to us out of the standard checklist of documents sought from them and further based on our assumptions and limiting conditions. All such information provided to us has been relied upon in good faith and we have assumed that it is true and correct. However, we do not vouch the absolute correctness of the property identification, exact address, physical conditions, etc. based on the documents provided to us since property shown to us may differ on site Vs as mentioned in the documents or incorrect/ fabricated documents may have been provided to us. e. Legal aspects for eg. investigation of title, ownership rights, lien, charge, mortgage, lease, verification of documents from originals or from any Govt. department, etc. has to be taken care by legal experts/ Advocates and same has not been done at our end. f. The valuation of an asset is an estimate of the worth of that asset which is arrived at by the Valuer in his expert opinion after factoring in multiple parameters and externalities. This may not be the actual price of that asset and the market may discover a different price for that asset. g. This report only contains opinion based on technical & market information which came to our knowledge during the course of the assignment. It doesn't contain any recommendations. h. This report is prepared following our Standard Operating Procedures & Best Practices and will be subject to Limitations, Conditions, Valuer's Remarks, Important Notes, Valuation TOS and basis of computation & working as described above.		

	i. The use of this report will become valid only after payment of full fees as per the Payment Terms. Using this report or any part content created in this report without payment of charges will be seen as misuse and unauthorized use of the report.
15. IMPORTANT KEY DEFINITIONS	Fair Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of the assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation. Fair Value without using the term "Market" in it describes that the value suggested by the Valuer may not mandatorily follow or may not be in complete consonance to the established Market in his expert opinion. It may or may not follow market dynamics. But if the suggested value by the valuer is not within the prevailing Market range or is assessed for an asset is located in an un-established Market then the valuer will give reasonable justification & reasoning that for what reasons the value suggested by him doesn't follow the prevailing market dynamics. Fair Market Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice in consonance to the Market dynamics after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation. Here the words "in consonance to the established Market" means that the Valuer will give opinion within the realms & dynamics of the prevailing market rates after exhaustively doing the micro market research. However due to the element of "Fair" in it, valuer will always look for the factors if the value should be better than the market realms which is just & equitable backed by strong justification and reasoning. Market Value suggested by the competent Valuer is that prospective estimated amount which is average price of the similar comparable assets prevailing in an open & established market during the near period of the date of valuation at which the subject asset/ property should be exchanged between a willing buyer and willing seller on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities at an arm's length transaction in an open, established & unrestricted market, in an orderly transaction, wherein the parties, each acted without any compulsion on the date of the Valuation. Using the term "Market Value" without "Fair" omits the elements of proper marketing, acting knowledgeably & prudently. Market and market participants can be sentimental, inclined towards the transaction without the element of complete knowledge & prudence about facts or due diligence of the asset therefore "each acted knowledgeably, prudently" has been removed from the market Value definition. Realizable Value is that minimum prospective estimated value of the asset/ property which it may be able to fetch at the time of actual property transaction factoring in the element of discount due to the prospects of deep negotiations between the buyer & seller when the parties in-principally find Fair Market Value reasonable and sits together to close the deal and the transaction across the table. Discount percentage on the Fair Market Value due to negotiation will depend on the nature, size, various salability prospects of the subject asset, the needs of the buyer & the seller and kind of payment terms. In some of the cases Realizable and Fair Market Value may also be equal. Distress Sale Value* is that value when the property is attached with any process such as mortgaged financing, financial or operational dues which is under any stress condition or situation and the stakeholders are under process of finding resolution towards it to save the property from being attached to a formal recovery process. In this type of sale, minimum fetch value assessed will always be less than the estimated Fair Market Value where the discount of percentage will depend upon various circumstances and factors such as nature, size, salability prospects of the property and kind of encumbrance on the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property will be more on the seller than the buyer. Liquidation Value is the amount that would be realized when an asset or group of assets are sold due to any compulsion or constraints such as in a recovery process guided by statute, law or legal process, clearance sale or any such condition or situation thereof where the pressure of selling the asset/ property is very high to realize

whatever maximum amount can be from the sale of the assets in a limited time for clearance of dues or due to closure of business. In other words, this kind of value is also called as forced sale value.

Difference between Cost, Price & Value: Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in professional & legal terms. Therefore, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.

The **Price** is the amount paid for the procurement of the same asset.

The **Value** is defined as the present worth of future rights in the property/ asset and is a hypothetical or notional price that buyers and sellers are most likely to conclude for a good or service. Value is not a fact, but an estimate of the likely price to be paid for a good or service at a given time in accordance with a particular definition of value.

Therefore, in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.

16. Enclosures with the Report:

- Enclosure: I- Google Map
- Enclosure: II- References on price trend of the similar related properties available on public domain, if available
- Enclosure: III- Photographs of the property
- Enclosure: IV- Copy of Circle Rate
- Enclosure: V- Important property documents exhibit
- Enclosure: VI- SBI Annexure: VI - Declaration-Cum-Undertaking
- Enclosure: VII- SBI Annexure: VII - Model Code of Conduct for Valuers
- Enclosure: VIII- Part E: Valuer's Important Remarks

IMPORTANT NOTES

DEFECT LIABILITY PERIOD - In case of any query/ issue or escalation you may please contact Incident Manager by writing at valuers@rkassociates.org. We try our level best to ensure maximum accuracy in the Calculations done, Rates adopted and various other data points & information mentioned in the report but still can't rule out typing, human errors, assessment or any other mistakes. In case you find any mistake, variation, discrepancy or inaccuracy in any data point mentioned in the report, please help us by bringing all such points into our notice in writing at valuers@rkassociates.org within 30 days of the report delivery, to get these rectified timely, failing which R.K Associates shouldn't be held responsible for any inaccuracy in any manner. Also, if we do not hear back anything from you within 30 days, we will assume that the report is correct in all respect and no further claim of any sort will be entertained thereafter. We would welcome and appreciate your feedback & suggestions in order to improve our services.

Our **DATA RETENTION POLICY** is of **ONE YEAR**. After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.

COPYRIGHT FORMAT - This report is prepared on the copyright format of R.K Associates to serve our clients in the best possible way. Legally no one can copy or distribute this format without prior approval from R.K Associates. It is meant only for the organization as mentioned on the cover page of this report. Distribution or use of this format or any content of this report wholly or partially other than R.K Associates will be seen as unlawful act and necessary legal action can be taken against the defaulters.

IF REPORT IS USED FOR BANK/ FIs

NOTE: As per IBA Guidelines in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.

At our end we have not verified the authenticity of any documents provided to us. Bank is advised to verify the genuineness of the property documents before taking any credit decision.
 Valuation Terms of Services & Valuer's Important Remarks are available at www.rkassociates.org for reference.

ENCLOSURE VII: ANNEXURE: MODEL CODE OF CONDUCT FOR VALUERS

Integrity and Fairness

1. A valuer shall, in the conduct of his/its business, follow high standards of integrity and fairness in all his/its dealings with his/its clients and other valuers.
2. A valuer shall maintain integrity by being honest, straightforward, and forthright in all professional relationships.
3. A valuer shall endeavor to ensure that he/it provides true and adequate information and shall not misrepresent any facts or situations.
4. A valuer shall refrain from being involved in any action that would bring disrepute to the profession.
5. A valuer shall keep public interest foremost while delivering his services.

Professional Competence and Due Care

6. A valuer shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment.
7. A valuer shall carry out professional services in accordance with the relevant technical and professional standards that may be specified from time to time.
8. A valuer shall continuously maintain professional knowledge and skill to provide competent professional service based on up-to-date developments in practice, prevailing regulations/guidelines and techniques.
9. In the preparation of a valuation report, the valuer shall not disclaim liability for his/its expertise or deny his/its duty of care, except to the extent that the assumptions are based on statements of fact provided by the company or its auditors or consultants or information available in public domain and not generated by the valuer.
10. A valuer shall not carry out any instruction of the client in so far as they are incompatible with the requirements of integrity, objectivity and independence.
11. A valuer shall clearly state to his client the services that he would be competent to provide and the services for which he would be relying on other valuers or professionals or for which the client can have a separate arrangement with other valuers.

Independence and Disclosure of Interest

12. A valuer shall act with objectivity in his/its professional dealings by ensuring that his/its decisions are made without the presence of any bias, conflict of interest, coercion, or undue influence of any party, whether directly connected to the valuation assignment or not.
13. A valuer shall not take up an assignment if he/it or any of his/its relatives or associates is not independent in terms of association to the company.
14. A valuer shall maintain complete independence in his/its professional relationships and shall conduct the valuation independent of external influences.
15. A valuer shall wherever necessary disclose to the clients, possible sources of conflicts of duties and interests, while providing unbiased services.
16. A valuer shall not deal in securities of any subject company after any time when he/it first becomes aware of the possibility of his/its association with the valuation, and in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 or till the time the valuation report becomes public, whichever is earlier.
17. A valuer shall not indulge in "mandate snatching or offering" convenience valuations" in order to cater to a company or client's needs.
18. As an independent valuer, the valuer shall not charge success fee.
19. In any fairness opinion or independent expert opinion submitted by a valuer, if there has been a prior engagement in an unconnected transaction, the valuer shall declare the association with the company during the last five years.

Confidentiality

20. A valuer shall not use or divulge to other clients or any other party any confidential information about the subject company, which has come to his/its knowledge without proper and specific authority or unless there is a legal or professional right or duty to disclose.

Information Management

21. A valuer shall ensure that he/ it maintains written contemporaneous records for any decision taken, the reasons for taking the decision, and the information and evidence in support of such decision. This shall be maintained so as to sufficiently enable a reasonable person to take a view on the appropriateness of his/its decisions and actions.
22. A valuer shall appear, co-operate and be available for inspections and investigations carried out by the authority, any person authorised by the authority, the registered valuers organization with which he/it is registered or any other statutory regulatory body.
23. A valuer shall provide all information and records as may be required by the authority, the Tribunal, Appellate Tribunal, the registered valuers organization with which he/it is registered, or any other statutory regulatory body.
24. A valuer while respecting the confidentiality of information acquired during the course of performing professional services, shall maintain proper working papers for a period of three years or such longer period as required in its contract for a specific valuation, for production before a regulatory authority or for a peer review. In the event of a pending case before the Tribunal or Appellate Tribunal, the record shall be maintained till the disposal of the case.

Gifts and hospitality.

25. A valuer or his/its relative shall not accept gifts or hospitality which undermines or affects his independence as a valuer.
Explanation: For the purposes of this code the term 'relative' shall have the same meaning as defined in clause (77) of Section 2 of the Companies Act, 2013 (18 of 2013).
26. A valuer shall not offer gifts or hospitality or a financial or any other advantage to a public servant or any other person with a view to obtain or retain work for himself/ itself, or to obtain or retain an advantage in the conduct of profession for himself/ itself.

Remuneration and Costs.

27. A valuer shall provide services for remuneration which is charged in a transparent manner, is a reasonable reflection of the work necessarily and properly undertaken, and is not inconsistent with the applicable rules.
28. A valuer shall not accept any fees or charges other than those which are disclosed in a written contract with the person to whom he would be rendering service.

Occupation, employability and restrictions.

29. A valuer shall refrain from accepting too many assignments, if he/it is unlikely to be able to devote adequate time to each of his/ its assignments.
30. A valuer shall not conduct business which in the opinion of the authority or the registered valuer organisation discredits the profession.

Miscellaneous

31. A valuer shall refrain from undertaking to review the work of another valuer of the same client except under written orders from the bank or housing finance institutions and with knowledge of the concerned valuer.
32. A valuer shall follow this code as amended or revised from time to time

PART E

ENCLOSURE: VIII - VALUER'S IMPORTANT REMARKS

1.	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown/ identified to us on the site unless otherwise mentioned in the report of which some reference has been taken from the information/ data given in the copy of documents provided to us and informed verbally or in writing out of the standard checklist of documents sought from the client & its customer which they could provide within the reasonable expected time out of the standard checklist of documents sought from them and further based on certain assumptions and limiting conditions. The information, facts, documents, data which has become primary basis of the report has been supplied by the client which has been relied upon in good faith and is not generated by the Valuer.
2.	The client/ owner and its management/ representatives warranted to us that the information they have supplied was complete, accurate and true and correct to the best of their knowledge. All such information provided to us either verbally, in writing or through documents has been relied upon in good faith and we have assumed that it is true & correct without any fabrication or misrepresentation. I/We shall not be held liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or willful default on part of the owner, company, its directors, employee, representative or agents.
3.	Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, sanctioned maps, verification of documents provided to us such as title documents, Map, etc. from any concerned Govt. office etc. have to be taken care by legal expert/ Advocate and same is not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
4.	In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions and other information provided to us by the client during the course of the assessment.
5.	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services and same has not been done in this report unless otherwise stated.
6.	Wherever any details are mentioned in the report in relation to any legal aspect of the property such as name of the owner, leases, etc. is only for illustration purpose and should not be construed as a professional opinion. Legal aspects are out of scope of this report. Details mentioned related to legal aspect are only based on the copy of the documents provided to us and whatever we can interpret as a non-legally trained person. This should be cross validated with a legal expert. We do not vouch any responsibility regarding the same.
7.	We have made certain assumptions in relation to facts, conditions & situations affecting the subject of, or approach to this exercise that has not been verified as part of the engagement rather, treated as "a supposition taken to be true". If any of these assumptions prove to be incorrect then our estimate on value will need to be reviewed.
8.	This is just an opinion report based on technical & market information having general assessment & opinion on the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation. It doesn't contain any other recommendations of any sort including but not limited to express of any opinion on the suitability or otherwise of entering into any transaction with the borrower.
9.	We have relied on the data from third party, external sources & information available on public domain to conclude the valuation. These sources are believed to be reliable and therefore, we assume no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where we have relied on the data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data is extracted from authentic sources, however we still can't vouch its authenticity, correctness, or accuracy.
10.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
11.	Value varies with the Purpose/ Date/ Asset Condition & situation/ Market condition, demand & supply, asset utility prevailing on a particular date/ Mode of sale. The indicative & estimated prospective Value of the asset given in this report is restricted only for the purpose and other points mentioned above prevailing on a particular date as mentioned in the report. If any of these points are different from the one mentioned aforesaid in the Report then this report should not be referred.
12.	Our report is meant ONLY for the purpose mentioned in the report and should not be used for any other purpose. The Report should not be copied or reproduced for any purpose other than the purpose for which it is prepared for. I/we do not take any responsibility for the unauthorized use of this report.
13.	We owe responsibility only to the authority/client that has appointed us as per the scope of work mentioned in the report. We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the client or companies, their directors, employees or agents.
14.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the site inspection and documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
15.	The sale of the subject property is assumed to be on an all cash basis. Financial arrangements would affect the price at which the property may sell for if placed on the market.
16.	The actual realizable value that is likely to be fetched upon sale of the asset under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.

17.	While our work has involved an analysis & computation of valuation, it does not include detailed estimation, design/ technical/ engineering/ financial/ structural/ environmental/ architectural/ compliance survey/ safety audit & works in accordance with generally accepted standards of audit & other such works. The report in this work is not investigative in nature. It is mere an opinion on the likely estimated valuation based on the facts & details presented to us by the client and third party market information came in front of us within the limited time of this assignment, which may vary from situation to situation.
18.	Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
19.	Documents, information, data including title deeds provided to us during the course of this assessment by the client is reviewed only upto the extent required in relation to the scope of the work. No document has been reviewed beyond the scope of the work. These are not reviewed in terms of legal rights for which we do not have expertise. Wherever any information mentioned in this report is mentioned from the documents like owners name, etc., it is only for illustration purpose and may not necessary represent accuracy.
20.	The report assumes that the borrower/company/business/asset complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the companies/business/assets is managed in a competent and responsible manner. Further, as specifically stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with relevant laws, and litigations and other contingent liabilities that are not recorded/reflected in the documents/ details/ information/ data provided to us.
21.	This valuation report is not a qualification for accuracy of land boundaries, schedule (in physical terms), dimensions & identification. For this land/ property survey report can be sought from a qualified private or Govt. surveyor.
22.	This Valuation report is prepared based on the facts of the property on the date of the survey. Due to possible changes in market forces, socio-economic conditions, property conditions and circumstances, this valuation report can only be regarded as relevant as at the valuation date. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
23.	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly, an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing and take decision accordingly.
24.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just visually matched the land boundaries, schedule (in physical terms) & dimensions of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest. Where there is a doubt about the precision position of the boundaries, schedule, dimensions of site & structures, it is recommended that a Licensed Surveyor be contacted.
25.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
26.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township and the subject unit must be approved in all respect.
27.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable the time when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough for the Valuer to determine the exact lawful situation on ground. Unless otherwise mentioned in the report, the covered area present on the site as per site survey will be considered in the Valuation.
28.	Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
29.	Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
30.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
31.	Although every scientific method has been employed in systematically arriving at the value, there is, therefore, no indisputable single value and the estimate of the value is normally expressed as falling within a likely range.

32.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers, demand & supply prevailing in the market and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However, our Valuation analysis can definitely help the stakeholders to take informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
33.	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component, or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
34.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
35.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
36.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
37.	As per IBA Guidelines & Bank Policy, in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.
38.	Defect Liability Period is 15 DAYS. We request the concerned authorized reader of this report to check the contents, data, information, and calculations in the report within this period and intimate us in writing at valuers@rkassociates.org within 15 days of report delivery, if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, then it shall be considered that the report is complete in all respect and has been accepted by the client up to their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner. After this period no concern/ complaint/ proceedings in connection with the Valuation Services will be entertained due to possible change in situation and condition of the property.
39.	Though adequate care has been taken while preparing this report as per its scope, but still we can't rule out typing, human errors, over sightedness of any information or any other mistakes. Therefore, the concerned organization is advised to satisfy themselves that the report is complete & satisfactory in all respect. Intimation regarding any discrepancy shall be brought into our notice immediately. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, to rectify these timely, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner.
40.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
41.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then we request the user of this report to immediately or at least within the defect liability period to bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
42.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
43.	We are fully aware that based on the opinion of value expressed in this report, we may be required to give testimony or attend court / judicial proceedings with regard to the subject assets, although it is out of scope of the assignment, unless specific arrangements to do so have been made in advance, or as otherwise required by law. In such event, the party seeking our evidence in the proceedings shall bear the cost/professional fee of attending court / judicial proceedings and my / our tendering evidence before such authority shall be under the applicable laws.
44.	The final copy of the report shall be considered valid only if it is in hard copy on the company's original letter head with proper stamp and sign on it of the authorized official upon payment of the agreed fees. User shall not use the content of the report for the purpose it is prepared for only on draft report, scanned copy, email copy of the report and without payment of the agreed fees. In such a case the report shall be considered as unauthorized and misused.
