# Notes:

8 Intangible assets

- (i) Amortisation for the year has been included in line item 'Depreciation and amortisation expense' in statement of profit and loss.
- (ii) Contractual obligations Refer note 33 for disclosure of contractual commitments.
- (iii) For assets pledged as security, refer note 36.
- (iv) During the previous year, the management of the Company decided to amortise the 'License to charge grantor for water supply' over the remaining concession period based on the fact that the project activities are substantially complete and the revenue has substantially achieved the estimated levels with full project completion. Accordingly, the amortisation began on rights.

For repayment terms and security details of the outstanding non-current borrowings refer below:

- a) The term loan from Bank of India (Lead Bank) amounting to INR 9,831 36 lacs (31 March 2021 INR 8,720 93 lacs) carries interest @ 12,55% per annum (currently applicable) is secured by parl-pasu charge by way of mortgage on all immovable properties present and future of the Company and by way of hypothecation of all the movable assets of the Company. The terms of repayment of loan and interest payment are in pursuance with the Common Loan Agreement with the Bank of India and SREI Infrastructure Finance Limited. The repayament started from 31 December 2021 in 32 quarterly instalments.
- b) The term loan from SRE Equipment Finance Limited amounting to INR 7,255.68 lacs (31 March 2021 INR 6,828.12 lacs) carries interest @ 12.55% per annum (currently applicable) is secured by paripasu charge by way of mortgage on all immovable properties present and future of the Company and by way of hypothecation of all the movable assets of the Company. The terms of repayment of loan and interest payment are in pursuance with the Common Loan Agreement with the Bank of India and SRE Equipment Finance Limited. The term loan is repayable from 30 June 2022 in 32 quarterly instalments.
- c) The additional term loan of INR 3,262.24 lacs (31 March 2020; INR 2,988.46 lacs) availed from SREI Equipment Firance Limited carries interest @ 17.75% per annum monthly compounded basis (currently applicable) is secured by first charge on pledge of 23.95% of shareholding of the Company and residual charge on all assets, both present and future of the Company. The terms of repayment of loan and interest payment are in pursuance with the Sanction letter of SREI Equipment Finance Limited. The term foan is repayable from 30 June 2022 in 10 structured quarterly installments.
- d) OCPIDs (Tranch 1) amounting to INR 3,621.12 lacs (31 March 2021: INR 8,294.07 lacs) are issued to Veolia India Private Limited and Swath Environment Private Limited in proportion to 51:49 respectively. The face value of each OCPID is Rs.10 (redeemable at par). These OCPIDs carry a fixed interest of 10% p.a. in addition to fixed interest, OCPIDs are entitled to variable interest. Variable interest will be such amount over and above the fixed interest to make the yield on the OPCID at the rate of 15%. The interest shall accrue and will be payable annually in arrears on availability of surplus cash in compliance of restricted payment conditions as envisaged in common loan agreement. The tenure of the OCPIDs will be 12 years (extendable for a further period of 3 years at the option of the holders) from the date of allotment. The OCPID holder will have the option to convert each OCPID into warrants during the tenure of these OCPID. OCPIDs will be redeemed at the end of the 12 years from the date of allotment or at the end of extended period as the case may be or anytime during the tenure with mutual consent between the holder and the Company.
- e) OCPIDs (Tranch 2) amounting to INR 4,570.68 less (31 March 2021: INR 4,165.72 lacs) are issued to Veolia India Private Umited (Veolia) and Swach Environment Private Limited in proportion to 51:49 respectively. OCPIDs to Veolia have been issued other than cash by conversion of ilabilities payable to it. These OCPIDs carry fixed interest @ 10% per annum compounded monthly and variable interest will be such amount over and above the fixed interest to make the yield on the OCPID @ 15% and payable on the date of redemption of OCPID. The total interest shall be maximum of 15% cumulative interest per annum.

  Interest payment date will be redemption date of the OCPID. Cumulative Interest (fixed + variable) will be paid along with Principal on redemption of the OCPID. Tenure of OCPID will be 6 years with extension of of 3 years from the date of allotment. The OCPIDs may be optionally converted into equity shares of the Company in transites and phased manner as detailed in the Offer Letter date of 12 March 2019. The 51% of these OCPIDs are pledged in favor of the Bank of India.
- f) There is no defaults in repayments of loan at the end of the year.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

(All amount in INR lacs unless stated otherwise)

		As at	As at
		31 March 2022	31 March 2021
33	Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances of INR 354.05 lacs (31 March 2021: INR 167.34 lacs))	2,132.46	2,586,43

There are certain disputes with Delhi Jal Board (DJB) including the dispute on Net Operator Rate ('NOR') determination at which the invoices are raised to DJB for distribution of water. The Company is in active discussion with the DJB for the settlement of the matters including NOR variance. In view of the management, the amount withheld by DJB and the payment in this respect would be received and subsequent to the balance sheet date, the Company has issued a letters to DJB for the resolution of the matter with Dispute Adjudication Board (DAB). The management of the Company made provision for the amounts withheld and considered to be doubtful in these matters.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022 (All amount in INR lacs unless stated otherwise)

### 39 Leases

a) Right-of-use assets and Lease liabilities are presented in the statement of financial position as follows:

	ASAC	AS at
	31 March 2022	31 March 2021
Right- of- use assets (ROU)	62.38	89.37
Lease fiabilities		
Current	30.17	18.55
Non-current	49.74	85.45
	79.91	104.01
		_

b) The following are amounts recognised in statement of profit or loss:

Tot the year ended	or me Aest enned
31 March 2022	31 March 2021
26.99	25.99
16,29	20.05
1.84	15.09
45.12	62.13
	31 March 2022 26.99 16.29 1.84

c) The table below describe the nature of the Company's leasing activities:

ROU	No. of ROU	Range of remaining term				No. of leases with termination option
			term		linked to an index	
Office premises	2	27 months	27 months	2		2

d) As at 31 March 2022, the Company had not committed to leases which had not commenced.

e) Future minimum finance lease payments as at 31 March 2022 are as follows

	Less than 1 years	1 - 2 years	2-3 years	More than 3 years
Lease payment	41.70	43.08	12.59	
Finance charge	11.53	5,61	0.31	
Net present value	30.17	37.47	12.27	•
Future minimum finance lease payments as at 31 March 2021 are as follows				
	Less than 1 years	1 - 2 years	2 - 3 years	More than 3 years
Lease payment	40.39	41.80	43.20	12.86
Finance charge	16.29	11.53	5.51	0.81
Net present value	24.10	30.27	37.59	12.05

f) Total cash outflow for leases for the year ended 31 March 2022 was INR 40.39 lacs (March 31, 2021: INR 51.89 lacs)

The Company has leases for office spaces. With the exception of short-term leases, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublet the asset to another party, the right-of-use asset can only be used by the Company. For leases over office spaces, the Company must keep those properties in a good state of repair and return the properties in their original condition, except for normal wear and tear, at the end of the lease. Further, the Company must insure items of property, plant and equipment and incur maintenance fees on such items in accordance with the lease contracts.

The Company determines the leases term as either the non-cancellable period of the lease and any additional periods when there is an enforceable option to extend the lease and it is reasonably certain that the Company will extend the term, or a lease period in which it is reasonably certain that the Company will not exercise a right to terminate. The lease term is reassessed if there is a significant change in circumstances.

dy B

# 40 Employee benefit obligations

# A) Defined contribution plans

The Company pays fixed contribution to provident fund and employee state insurance at predetermined rates and amount is recognised as expense and is charged to the statement of profit and loss. The contributions are made to registered provident fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plans is INR 66.53 lacs (31 March 2021: INR 53.87 lacs).

## B) Defined benefit plans

The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of The Payment of Gratuity Act, 1972. The liability of gratuity is recognised in statement of profit and loss on actuarial basis.

		31 March 2022		31 March 2021	
		Current	Non-current	Current	Non-current

## Notes:

CHANDIO

ED ACCOV

- 1) The discount rate is based on the prevailing market yield of Indian Government bonds as at the balance sheet date for the estimated terms of obligations.
- 2) The estimates of future salary increases considered takes into account the Inflation, seniority, promotion and other relevant factors.
- 3) The best estimated expense for the next year is INR 40.05 lacs.

de b

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022 (All amount in INR lacs unless stated otherwise)

# (vi) Sensitivity analysis for gratuity liability

	31 March 2022	31 March 2021
Impact of change in discount rate		
Present value of obligation at the end of the year	135.66	110.49
- Impact due to increase of 0.50 %	(2.93)	(2.93)
- Impact due to decrease of 0.50 %	3.08	3.08
Impact of change in salary increase		
Present value of obligation at the end of the year	110.49	110.49
-Impact due to increase of 0.50 %	3.12	3.12
- Impact due to decrease of 0.50 %	(2.99)	(2.99)

The above sensitivity analysis is based on a change an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defind benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year.

(vii)	Maturity profile of defined benefit obligation
	Milebia and 12 months

Amount recognised in the statement of profit and loss	46.41	52.09
Actuarial loss/(gain) recognised during the year	6.23	12.13
Interest cost	7.63	4.99
Current service cost	32.50	34.97
Amount recognised in the statement of profit and loss is as under:		
C) Compensated absences		
Beyond 5 years	63.71	63.71
Between 1-5 years	45.59 <sup>-</sup>	45.59
Within next 12 months	15.14	11.19

(This space has been intentionally left blank)

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022 (All amount in INR lacs unless stated otherwise)

#### 41 Fair value disclosures

### i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are divided into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

## (ii) Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows:

	Level	31 March 2022		31 March 2	021
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Trade receivables	Level 3	2,523.17	2,523.17	3,080.74	3,080.74

Trade payables	Level 3	2,428.84	2,428.84	1,730.05	1,730.05
Other financial liabilities	Level 3	2,802.13	2,802.13	2,993.92	2,993.92
Lease liabilities	Level 3	79.91	79.91	104.01	104.01
Total financial liabilities		40,235.54	40,235.54	36,305.75	36,305.75

The management assessed that cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, short term borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. For long-term financial assets and liabilities, there was not a significant change in the interest rates, hence fair value is same as the carrying value.

#### 42 Financial risk management

# ii) Risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets	Ageing analysis	Bank deposits, diversification of asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting	Forward contract/hedging, if required
Market risk - interest rate	Long-term and short-term borrowings at variable rates	Sensitivity analysis	Negotiation of terms that reflect the market factors

The Company's risk management is carried out by a central treasury department (of the Company) under policies approved by the board of directors. The board of directors provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

(or

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

(All amount in INR lacs unless stated otherwise)

### A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. The Company is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The Company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- -trade receivables,
- -loans and receivables carried at amortised cost and
- deposits with banks

## a) Credit risk management

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- A: Low
- B: Medium
- C: High

#### Assets under credit risk -

	Credit rating	31 March 2022	31 March 2021
Other financial assets	Low	353.39	353.81
Cash and cash equivalents	Low	1,741.45	529.07
Trade receivables	Low	2,523.17	3,080.74

#### Cash and cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

The Company has trade receivables primarily from government authority (i.e. Delhi Jal Board). Credit risk related to these receivables is expected to be very low and managed by monitoring the recoverability of such amounts continuously.

### Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes advances to employees, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

# b) Expected credit losses

## (i) Trade receivables

The Company is engaged in infrastructure development business under Build-Operate-Transfer ("BOT") and design, build, finance, operate and transfer (DBFOT) project and currently derive its revenue primarily from the charges receivables from Delhi Jal Board ('DJB'). The credit risk with respect to such receivables from government institutions is expected to be very low and hence, no provision for expected credit loss is deemed necessary. Further, during the periods presented, the Company has made no write-offs of receivables.

# (ii) Other financial assets measured at amortised cost

The Company provides for expected credit losses on loans and advances by assessing individual financial instruments for expectation of any credit losses. Since this category includes loans and receivables of varied natures and purpose, there is no trend that the Company can draws to apply consistently to entire population. For such financial assets, the Company's policy is to provides for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

## B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

## a) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

31 March 2022	Less than 1 year	1-2 year	2-3 years	More than 3 years	Total
Borrowings including interest	2,436.24	3,270.24	3,136.24	Alexander of the second	46,060,30

## Market risk

Interest rate risk

#### i) Liabilities

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. The Company is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Company's investments in fixed deposits all pay fixed interest rates.

## Interest rate risk exposure

Below is the overall exposure of the Company to interest rate risk:

Particulars	31 March 2022	31 March 2021
Variable rate borrowing	19,899.65	16,028,52
Fixed rate borrowing	17,461.25	15,449.25
Total borrowings	37,360.90	31,477.77
Amount disclosed under other current financial liabilities and short-term borrowings	2,819.82	1,423.87
Amount disclosed under borrowings	34 541 08	30 053 90

#### Sensitivity

Below is the sensitivity of profit or loss and equity changes in interest rates.

Particulars	31 March 2022	31 March 2021
Interest sensitivity*		OZ TITOLO IZ
Interest rates – increase by 100 bps (31 March 2021 100 bps)*	199.00	160.29
Interest rates – decrease by 100 bps (31 March 2021 100 bps)*	(199.00)	(160.29)

## ii) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company does not have any significant investments in equity instruments which create an exposure to price risk.

# 43 Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern

to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

# Debt equity ratio

Net debt to equity ratio

**Particulars** Total borrowings (including current maturities of long term debt) Less: Cash and cash equivalents Net debt Total equity

(B)	(12,313.69)	(5,196.94)
A/B	(2.69)	(5.95)

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

## (All amount in INR lacs unless stated otherwise)

#### 44 Revenue from contracts with customers

Indian Accounting Standard (Ind AS) 115 Revenue from Contracts with Customers ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts.

#### a) Disaggregation of revenue

Revenue comprises of sale of services and collection incentive. There is no disaggregation in the Company's revenue from contracts with customers.

	For the year ended 31 March 2022	For the year ended 31 March 2021
(A) Operating revenue		
(a) Construction services		526.92
(b) Sale of services	5,739.54	5,406.67
Total revenue	5,739.54	5,933.59
* The Company operates in supply to services to Delhi Joi Board.		3,333.33

The table below presents disaggregated revenues from contracts with customers based on nature, amount and timing for the year ended 31 March 2022 and 31 March 2021:

Types of products by nature	Types of services by timing	For the year ended	For the year ended
		31 March 2022	31 March 2021
Construction services	Over the period of time	-	526.92
Sale of services	Over the period of time	5,739.54	5,406.67
		5,739.54	5,933.59

#### b) Assets related to contracts with customers

The following table provides information about receivables and contract assets from contract with customers:

name and comment that the comment of	As at 31 March 2022	As at 31 March 2021
Contract assets related to sale of goods		
Trade receivables	2,523.17	3,080.74
	2,523.17	3,080.74

- c) There is no adjustment made to the contract price of the contract and hence the revenue recognised in the statement of profit and loss is in agreement with the contracted price as per the contract.
- d) Disclosure under Appendix C & D to Ind AS 115 " Service Concession Arrangements"

The below service concession arrangement have been accounted under intangible asset model

Name of concessionaire	Start of concession period under concession agreement (Appointed date)	End of concession period under concession agreement	Period of concession Since the appointed date
Nangloi Water Services Private Limited	28 March 2013	24 September 2028	15.00

- i) The above BCT/DBFOT projects shall have following rights / obligations in accordance with the Concession Agreement entered into with the respective Government Authorities
  - a) Right to use the specified assets
  - b) Obligations to provide or rights to accept provision of services
- c) Obligations to deliver or rights to receive at the end of concession
- ii) The actual concession period may vary based on terms of the respective concession agreements.
- 45 Subsequent to the balance sheet on 26 August 2022, Administrator appointed by RBI for SREI Equipment Finance Limited ('SREI'), a lender of the Company, filed an application with National Company Law Tribunal ('NCLT') alleging certain matters including related party relationship between the Company and SREI, non-compliance of credit evaluation policies by SREI for granting loan to the Company. The Administrator also plead to NCLT that the Company should pay entire outstanding of Rs. 10633 lakhs to SREI on immediate basis. The management of the Company obtained a legal opinion from an external legal council and based on which the management believes that the Company does not have any related party relationship under the IBC Code, 2016 or the B99Act 2013 with any of the respondents to the aforesaid application and has strong legal ground for favorable conclusion in NCLT and there shall not be any requirement to repay the dues immediately. The matter is sub-judice with NCLT with next date of hearing on 21 December 2022.
- 46 The Company has obtained loan facilities from Bank of India (BOI) and SREI (SREI and BOI together referred as 'the lenders') for project work. The Company made defaults and delaying in paying dues to the lenders over the previous year and in the period subsequent to the balance sheet also. Also, as stated in note 45 above, the Administrator of SREI has filed an application with NCLT demanding all outstanding from the Company. The management is in active discussion with lenders for restructuring the loan facilities. Subsequent to the balance sheet date, the Company submitted restructuring proposal to the lenders which is under evaluation of lenders. In the meetings between lenders and the management of the Company happened wherein the lenders have shown interest in restructuring of loan facilities. The evaluation of proposal is not yet concluded by the lenders, however, the management is hopeful of favorable resolution and accordingly the loan facilities are presented as non-current and current in the financial statements based on the last approved repayment schedule.

the S

- 47 Pursuant to concession agreement entered between the Company and Delhi Jal Board (DJB), the Company has Intangible assets 'Licence to charge grantor for water supply' which the management has obtained for the period of 15 years ending in September 2028. The project activities are majorly complete and the same has already been started to amortised in previous year. The Company has incurred losses in the current year of Rs. 7,318.80 lakhs and the net worth is fully eroded by Rs 12,313.69 lakhs. The Company is unable to meet its cash flow projection in the year and as stated in note 46 above, the Company is also defaulting on debt payment obligation to the lenders.
  - In view of the above, there is an uncertainty in generating sufficient cash flows to meet the obligations and that may cast significant doubt on the Company's ability to continue as a going concern due to which the Company may not be able to realize its assets and discharge its liabilities in the normal course of business. However, the monthly revenue from operations in period from April 2022 to September 2022 is around Rs. 565 lakhs which is around 20% higher than the revenue of FY 2021-22. As stated in note 46 above, the lenders of the Company are evaluating the restructuring proposal submitted by the Company. The management has also requested to DJB for granting extension of the concession period of 15 years which is due to be completed in September 2028. Further, the shareholders of the Company are willing to support to the extent possible. Considering this, the management is of the view that going concern for the purpose of accounting is appropriate.
- 48 As stated in note 47 above, the Company is not able to meet its cash flow projections and is defaulting in paying dues to the lenders. As stated in the said note, the management is taking various measures to ensure sufficient cash flows generation for meeting the obligation as and when fall due. The management is expecting to get the extension on concession period of 15 years which would expire in September 2028. Further, based on estimated future projections, the management of Company is of view that the project shall be able to generate the sufficient cash flows to realise its value and paying all dues to lenders and other operational creditors. Hence, in views of the management, there is no need to impair the intangible rights.
