**Brief Introduction**

Since 1990, '**SANRACHNA**' is a Jaipur based professionally managed enterprise formed with the sole objective of providing building solutions like Structural, Repair, Rehabilitation, Retrofitting, Structural protection & other Construction procedures, problems/defects in Building and industry sector.

At SANRACHNA, we specialize in Design Engineering, Geotechnical solutions, Project Planning and monitoring, Estimation, Drawing and design of RCC and steel structures (including Truss Sheds over Factories/Halls), Structural Audit, Distress Mapping, and Seismic Evaluation and strengthening of existing Structures. Our team of dedicated professionals brings together a wealth of experience and expertise to deliver the services.

The SANRACHNA employs various cutting-edge technologies, software, and methodologies to stay at the forefront of structural engineering.

Mr Sandeep Garg, being the primary structural designer at the SANRACHNA, obtained his Bachelor's degree in Civil Engineering from Malaviya National Institute of Technology (MNIT) Jaipur, in 1986. He was awarded the Gold Medal for standing first in the order of merit in Civil Engineering. He further pursued his Master's degree in Structural Engineering from the same institute in 1997 and cultivated a mindset of continuous improvement and a commitment to lifelong learning. He retired as the Chief Engineer at the Rajasthan Housing Board in January 2024 and served the Board for 34 years with a positive attitude and unwavering commitment to excellence. His dedication and hard work have not only shaped the success of the Rajasthan Housing Board but have also left an indelible mark on it.

We have completed successfully more than **200** projects. We have a dedicated team of Civil Engineers, Structural Engineers, and Chemical and geotechnical Engineers.
