Our scope would be limited up to complete assembly of machine & demonstration of its functioning and working parameters either with dry run or dummy material at the most. Any product trial or setting up of product will be a part of PQ and not in our standard scope.

All the balance payment should be cleared within 7 days after above installation. PQ support can be undertaken separately only after the above payment is cleared.

Installation Service if required, for machines having basic value lesser than Rs. 5 lac will be charged separately.

Free Installation service will be provided through video call as far as possible.

Supervision : If actual product is to be set on the machine and validation batches are to be produced in presence of our engineer, it will be charged separately as per our below schedule:

during PQ

- a) Service Charge - Rs. 7000/- per day (including idle days)
- b) Boarding & lodging - to be arranged by customer
- c) To & Fro extra
- d) Payment - 100% advance

Warranty :

Our machine are warranted against any manufacturing defect for the period of One year from the date of installation or 18 months from date of delivery, whichever earlier. Our liability shall be limited up to rectification / replacement of such defective parts. Electrical / Electronic or rubber parts are not included in this warranty.

We highly recommend environment control room as per the standard norms for the smooth running of the machine .
