Dear Sir,

Kindly refer to your **email enquiry dt.16.01.2024** for the requirement of “**S.S. Tank, Stirrer & Centrifugal Pump**” we are please to quote here with our lowest rates, technical specification along with our standard terms and conditions, as below:

1. HARRISON'S STAINLESS STEEL MIXING / STORAGE TANK

These vessels are fabricated out of imported stainless steel sheet of 304 quality, with S.S legs mounted on wheels. Wheels provided are special type, with two ball bearing for efficiently working, especially rounded from circumference for easy rotation. Vessels are with removable type lid at the top, having hinge lever arrangement, so that during mixing, the lid covers the tank completely and can be removed without opening the shaft of the mixer. The tanks are also provided ‘**Internal Marking**’ in liters at various levels, complete with ball valve for solution removal. The vessels are given mirror finished polish

Capacity	Gauge in SWG	Prices in Rs. (304 quality S.S)
50 liters	16 SWG	Rs. 18,500/-each
100 liters	16 SWG	Rs. 23,750/-each
200 liters	16 SWG	Rs. 36,500/-each
300 liters	16 SWG	Rs. 45,500/-each
500 liters	16 SWG	Rs. 62,500/-each
650 liters	16 SWG	Rs. 68,500/- each
750 liters	16 SWG	Rs. 79,750/- each
1000 liters	14 SWG	Rs. 94,500/- each
1500 liters	14 SWG	Rs. 1,27,500/- each
2000 liters	12 SWG	Rs. 1,68,500/- each
3000 liters	10 SWG	Rs. 2,62,500/- each
5000 liters	10/8 SWG	Rs. 3,94,500/- each

Contd.....2

If **External Marking** required with Glass Tube & Complete Valve fitting Rs. 15,950/- will be charged Extra for any size of tank.

If tank are required of **S. S. 316 quality 30%** extra cost of the above rates will be charged.

2. HARRISON'S INDUSTRIAL MOTORISED STIRRER - GMP MODEL

Complete in all respects with all contact parts of Stainless Steel 304 quality, mounted on m.s angle frame Stand cladded with St. Steel Sheet.

The Stirrer is with thick type s. s stirring shaft with stainless steel paddle for uniform liquid stirring, directly coupled to the motor. The height adjustment of the stirrer is by sliding of channel, with mechanical device. Complete with VFD Speed Drive to control the RPM of motor.

Available in Three Models:-

	<u>Price in Rs.</u>
- 50 - 200 lt. Mixing capacity, with 1 HP/3 Ph. elec. Motor/1440RPM	Rs. 1,07,500/- each
- 50 - 400 lt. Mixing capacity, with 2 HP/3 Ph. elec. Motor/1440RPM	Rs. 1,38,500/- each
- 50 - 600 lt. Mixing capacity, with 3 HP/3 Ph. elec. Motor/1440RPM	Rs. 1,58,500/- each
- 100 - 1000 lt. Mixing capacity, with 5 HP/3ph. elec. Motor/1440RPM	Rs. 1,97,500/- each

If all contact parts are required of **S. S. 316 quality 25%** extra cost of the machine will be charged.

3. HARRISON'S TRANSFER PUMP – GMP Model

a) Gear Pump

Suitable to transfer the viscous material from Barrel / Tank to another container, complete Rotary gear pump of S.S 316 quality with **0.5 HP / Single-phase** motor 1440 RPM mounted on trolley cladded with St. Steel Sheet fitted with starter etc.

Size: ½” Output cap. approx. 20-25 ltr/min.

Rs. 46,500/- each

- Specification - as above - **but Size 1” fitted with 1 HP / Single phase / Three Phase** motor 1440 RPM and output cap. approx. 40-50 ltr/min.

Rs. 54,500/- each

- Specification - as above - **but fitted with 2 HP / Three phase** motor and output cap. approx. 80 -100 ltr/min.

Rs. 68,500/- each

Contd.....3

b). **HARRISON'S TRANSFER PUMP (CENTRIFUGAL PUMP) – GMP Model**

Made out of stainless steel 316 quality of material & provided with high quality of mechanical seal TC/TC. The unit is provided with motor and starter. The unit is mounted on S.S. trolley. Capacity 1500 to 4000 ltrs./hr.

Size ½” - Out put capacity approx. 25-30 ltr/min. **with 0.5 HP / Single phase motor 2800 RPM**

Rs. 42,500/-each

- Specification - as above - but size 1” - **with 1 HP / Single phase/ Three Phase motor 2800 RPM** Out put capacity approx. 50 - 60 ltr/min

Rs. 52,500/- each

TERMS AND CONDITIONS

RATES	:	The prices quoted herewith are Ex-godown basis, all incidental expenses such as Packing, Cartage & Loading etc will be charged extra.
