- iii. The Transferor Company is a wholly owned subsidiary of the Transferee Company. Entire Share Capital of the Transferor Company is held by the Transferee Company and its nominee Shareholders. Whereas Equity Shares of the Transferee Company are listed on BSE Ltd (Bombay Stock Exchange/BSE) and National Stock Exchange of India Ltd (NSE). Both the Companies are under common management and control. The Scheme of Amalgamation will not result in change in management in any of these Companies.
- iv. Since the Transferor Company is a wholly owned subsidiary of the Transferee Company, the transfer and vesting of undertaking is covered under Clause 54 of the Notification No. 599/X-501, dated 25<sup>th</sup> March, 1942 issued by the Uttar Pradesh State Government in terms of Clause (a) of Section 9 of the Indian Stamp Act, 1829.

### 1.3 Rationale of the Scheme:

That the circumstances which justify and/or necessitate the proposed amalgamation of the Transferor Company with the Transferee Company are, inter alia, as follows:

- a. The Transferor Company is a Wholly Owned Subsidiary of the Transferee Company. Both the Transferor and Transferee Companies are engaged in similar business activities. The proposed Scheme of Amalgamation would result in business synergy, pooling of resources and consolidation of these Companies.
- b. The Transferor Company was initially engaged in manufacturing of stainless steel pipes and tubes and other related activities. However, at present the primary focus of the Company is to provide critical support to its Parent Company-Salasar Techno Engineering Ltd by providing various services on job work basis relating to fabrication of Telecom and Transmission Line Towers, Structures for Solar Power Plants, Utility Poles, other Steel Structures; Galvanising and other related activities. Since most of the capacity and the infrastructure is being utilised for the Parent Transferee Company, it would be in the larger interest of both these Companies and their stakeholders that the Transferor Company is merged into the Parent Transferee Company.
- c. The proposed amalgamation would enable pooling of physical, financial and human resource of these Companies for the most beneficial utilization of these factors in the combined entity.
- d. The proposed Scheme of Amalgamation will result in usual economies of a centralized and a large company including elimination of duplicate work, reduction in overheads, better and more productive utilization of human and other resource and enhancement of overall business efficiency. It will enable these Companies to combine their managerial and operating strength, to build a wider capital and financial base and to promote and secure overall growth of their businesses.
- e. The said Scheme of Amalgamation will contribute in fulfilling and furthering the objects of these Companies. It will strengthen,

consolidate and stabilize the business of these Companies and will facilitate further expansion and growth of their business. The resulting amalgamated company will be able to participate more vigorously and profitably in the competitive market scenario.

- g. The said Scheme of Amalgamation will have beneficial impact on all the Transferor and the Transferee Companies, their shareholders, employees and other stakeholders and all concerned.
