USE THIS SPACE FOR PROVIDING ANY ADDITIONAL DETAILS/ INFORMATION

Please Note

1) As the properties are adjacent to each other with a common address, only one survey form is used for the sake of simplicity & providing a clear picture to the file preparer.

2) While the deeds specify a land parcel in total of 0.71 acres (more or less) actual site visit measurements show a land parcel of 1.44 Acres, when asked the client representative he said the land adjacent to subject property belong to them only, but specifying the subject property was not possible by client representative. Hence the properties might be merged.

3) Upon local enquiry we came to know that there is some portion of land (of 1.44 acres bounded under the wall) is in disputed & there is a case running in local judiciary court.

4) Upon local enquiry we also come to know that the land parcel has been sold to new owners, although no such documents have been provided. to us, we have requested the client to share the required documents & will provide the same as soon as we get it.
