➤ **PART A: SUMMARY OF VALUATION REPORT**

A.	Name of Owner/Purchaser	M/S Bhagwati Products Limited
B.	Address	Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh Ground & 8th Floor, Basement area.
C.	Type of the Property	Industrial
D.	Nature of Industry	Manufacture and assembly of electronic items and telecommunication devices.
E.	Type of Valuation	Valuation of Plant & Machinery & IT section.
F.	Date of Inspection	18th April, 19th April
G.	Date of Valuation Report	06th June, 2024
H.	Plant Technical Person & Contact No	Mr. Ombir and his Mb. No (9650596425 , 7428265420)
I.	Purpose of Valuation	Fair Market Value , Realizable Value & Distress Value for Plant & Machinery using Cost approach Methodology.
J.	Scope of Assessment	Valuation of Plant & Machinery as found on site as is where is basis.
K.	Out of scope of the Assessment	i. Verification of authenticity of documents from originals is not done at our end. ii. Legal aspects & rights of the Plant & Machinery are out of scope of this report. iii. Identification of P&M is only limited to cross verification of major machines. iv. Technical/mechanical /operational testing of the machines is out of scope of the report.
L.	Assessed Value	<u>Fair Market Value (INR)</u> : Rs 300,59,36,574/- Say 300,50,00,000 INR (Three Hundred Crore Fifty Lakh only) INR

PART B: THE VALUATION REPORT

➤ Preamble

Bhagwati Products Limited is a Public incorporated on **28 October 2002**. It is classified as Non-govt company and is registered at Registrar of Companies, Delhi. Its authorized share capital is **Rs. 50,000,000** and its **paid up capital is Rs. 40,669,350**. It is involved in Manufacture of other food products

Bhagwati Products Limited's Annual General Meeting (AGM) was last held on N/A and as per records from Ministry of Corporate Affairs (MCA), its balance sheet was last filed on 31 March 2022.

Directors of Bhagwati Products Limited are Sumeet Kumar, Rahul Sharma, Yash Bhatia, Vikas Jain, Rohan Agarwal and Sachin Jain.

Bhagwati Products Limited's Corporate Identification Number is (CIN) **U15412DL2002PLC258355** and its registration number is 258355. Its Email address is ravinder.kumar@bhagwatiproductionsltd.com and its registered address is Block-A, Plot No. 21/14, 4th Floor, Naraina Industrial Area, Phase-II New Delhi North West DL 110028 IN.

Current status of Bhagwati Products Limited is - **Active**.

1. Bhagwati Products Limited (BPL) is one of the leading Mobile, LED TV and other Electronics product manufacturing company in India established in 2002 and reframed In 2012.
2. BPL is under the leadership of Mr. Sumeet Kumar, Mr. Vikas Jain, Mr. Rohan Agarwal, Mr. Rahul Sharma and Mr. Rajesh Agarwal who have vast experience in The electronic manufacturing sector and have been able to build large electronic brand.
3. BPL is approved under Government PLI Scheme for Mobile, IT Hardware products and White goods (Air conditioner).
4. BPL has three State of Art manufacturing unit located in Rudrapur (Uttarakhand), Hyderabad (Telangana) and Bhiwadi (Rajasthan).

➤ Scope & Purpose of valuation

Valuation of plant and Machinery Specified Assets **M/S Vivo Mobile India Private Limited**, proposed buyer **M/S Bhagwati Products Limited** for the purpose of Under Companies Act Only. M/S Bhagwati Products Limited, at **Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh**, has been assigned for assessment of the **Fair Market Value** of Plant, machinery & Equipment (Machinery) owned by **M/S Vivo Mobile India Private Limited**, proposed buyer **M/S Bhagwati Products Limited** is constructed at **Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh**.

We understand that the scope of work as assigned to us is as follows:

- i.)** Verification of Plant, Machinery & assets.
- ii.)** Physical Inspection of Plant, Machinery & Assets as per their condition & economic life for same production.
- iii.)** Valuation of plant, Machinery & Assets as per present condition, obsolescence and future economic life on "as is where is basis".

➤ **Date of site inspection**

The plant, Machinery & Equipment under consideration have been inspected & verified by **Mr. Anand Kumar Prusty Registered Valuer (Plant & Machinery) (9717256644), Adesh Tripathi Technical Valuer (Plant & Machinery) (7307511534)**, on 18th April, 19th April as per list of plant & machinery provided by the company in presence **Mr. Ombir and his Mb. No (9650596425, 7428265420)**.

➤ **Condition of the machinery**

For the purpose of determining the Fair Market Value of plant & machinery, we examined & physically verified plant & machinery as per the list provided by the company and assessed the physical condition of each individual machine to the extent possible.

Condition of the machines is checked through visual observation only. No technical/mechanical/operational testing has been carried out to ascertain the condition and efficiency of machines.

*The plant Machinery appeared in good condition and operational.

➤ **Data Collection for Valuation**

During the course of inspection, our technical person got acquainted with the process, to collect assets list and invoices from the client as follows:

A. The asset is as per the process requirement,

B. We could not ensure specifications & ownership of the asset by perusing the name in absence of the invoices.

C. The assets present include Plant & Machinery, & equipment.

➤ Ownership

For the purpose of valuation, it is assumed that all the assets mentioned in the list owned by **M/S Vivo Mobile India Private Limited** and proposed buyer **M/S Bhagwati Products Limited** constructed is at **Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh**. However, Investigation of title & its legal right is beyond the scope of this report.

➤ Date of Valuation

- The valuation of Fixed Assets is made as on – 06th June, 2024.

➤ Basis of Valuation

1. "**Market Value**:" is the estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing, prudently and without compulsion."

2. The assets value reported in the valuation report is on a 'whole " basis, not a 'part" "or" item wise" valuation. The market value is existing use " in situ" & "as is where is" basis.

3. "**Valuation Factor**": taken into account residual life, physical condition, non-working, no electric supply, no maintenance, working can't be ascertained prevailing market condition.

4. "**Liquidation Value**": Liquidation Value refers to the amount at which individual assets comprising the enterprise or the entire assets of the enterprise could be sold under condition of Liquidation to a willing buyer less any liabilities which the enterprise has to meet. A liquidation value is assigned to a business being sold in order to satisfy its creditors. This method of valuation is typically used if a company/ assets are in distress.

-Based on the review and analysis of the information provided by the company as well as analysis of the industry and macroeconomics trend as on valuation date.

➤ **Part C- Approach & Method of Valuation**

Valuation can be carried out by various approaches as mentioned hereunder:

1. Market Approach:

Estimates value based on instances of sales/quotes of similar assets in the market.

2. Cost Approach:

Estimates value based on the Replacement Cost of an asset of equivalent utility and depreciation including obsolescence.

3. Income Approach:

Estimates value based on expected future cash flow & risks associated with such cash flows.

For arriving at Fair Market Value of Plant & Machinery, considering the merits & demerits of every approach, the cost approach is most suitable for the subject case:

In this valuation, Replacement cost new method under cost approach is adopted:

* Market value of Plant & Machinery has been estimated by using depreciated replacement cost method under cost approach of valuation.

➤ **Computation of Replacement Cost:**

Depending on case to case basis, one of the following methods can be used to determine the replacement cost of the plant & machinery depending upon its suitability and practicability. We worked out the replacement cost of the Plant & Machinery considering "in situ" basis.

* Price Escalation Indices/ Indexing Method

. The current replacement cost is worked by applying appropriate price escalation indices published by appropriate agencies to original cost of plant & machinery

* In order to establish the level of above stated value, following points have been considered in order to calculate depreciation.

* Physical condition

*Demand & Supply of such machines in the market

*Depreciation on account of physical wear & tear.

*Balance economic life of Plant & Machinery.

➤ **Cost Analysis**

Among the issues to be considered in the valuation of plant & machinery are the specific utility or usefulness of the assets/machines, its contribution to the production/services for which it is designed & deployed. It also covers estimation in monetary terms the worth of plant & machinery in existing use or their contribution to the profitability of the business after considering the market situation or standard of maintenance.

1. Besides, the usual wear & tear caused by the normal working of any asset/machines, despite the care bestowed on the maintenance & preservation. This is taken as depreciation and is applied by straight line method, considering factors such as: age, economical useful life of the machine, purpose of utilization, technology obsolescence, maintenance etc. In straight line method, scrap value is considered to be 10% of replacement cost. The balance 90% is depreciated.

2. Valuation of the same asset can fetch different values in different situations. For e.g. valuation of a running plant will fetch better value and in case of closed plant it will have considerable lower value.

3. Technical Obsolescence is due to change in design and materials of construction of the machinery and it may arise out of development of new technology which brings in changes in rate of production and reduction of operating cost.

4. The value of plant & machinery generally declines with age i.e. older the machine lesser the value. The total Life is considered as total useful life while residual life is based on residual useful life of the assets & machines.

5. The replacement cost is the current price of similar new assets/machines with similar specifications which is calculated by floating inquiry and getting quotation from the suppliers is very accurate.

The other method resorted to is applying a price index to the original cost.

➤ **Assumptions & Limiting conditions**

1. This report is prepared based on the documents (list of machinery) provided by the client and further based on our assumptions & limiting conditions.

2. Fixed assets register has not been provided to us by the client mentioning the list of assets old & new with details of gross block net block, description of assets, tag number, location, and date placed in service and quantity has been taken as base list for this valuation exercise.

3. We have not valued the entries identified "pre-operative expenses" etc. However, we have added 10% of the value towards installation cost of machines.

4. Being specialized unit, consisting of different type of equipment, suitable input was also taken from the technical personnel of the company, regarding normal useful life estimated remaining life and obsolescence pertaining to machinery/assets.
5. For the purpose of this valuation, we have assumed that the subject property has a clear and marketable title and is free from any legal and physical encumbrances, dispute, claims and other statutory liabilities.
6. Legal aspects for e.g. ownership rights, lien, charge, mortgage etc. are not considered in this report are outside the purview and scope of this valuation exercise.
7. This valuation is valid only for the purposes neither mentioned in this report; and neither intended nor valid to be used for any other purposes.
8. The valuation report is prepared based on the facts of the property on the date of the survey. However, in future, property market may go down, property conditions may change or may go worse. Property market may change due to impact of Govt. policies or effect of world economy.
9. Verification or cross checking of the documents provided to us from the originals has not been done at our end.
10. Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/information/assumption considered
11. We reserve the right to alter our conclusions after any information that we are not aware of at the time of preparing this report come to light that has a material impact on the conclusions herein.

➤ **Part D- VALUATION ASSESSMENT**

We verify that, to the best of our knowledge and belief:

- * The statements of fact contained in this report are true and correct, and have been verified wherever possible.
- * All possible factors affecting the value of the subject property were considered.
- * The analysis, opinions and conclusions reported herein are unbiased and are limited only by Underlying Assumptions and Limiting Conditions and other qualifications contained herein.
- * We have no past, present or contemplated (prospective) future interest in the assets that is the subject of this report and we have no personal interest or bias with respect to the parties involved.
- * These appraisals and procedures related there to follow the Codes of Ethics and the standards of Professional Practice of the professional institution noted.

* We inspected the plant & machinery on **18th April, 19th April.**

Based on the site visit of the subject plant & machinery, subsequent market analysis, economic interests and configuration (size & location) of the subject property, our opinion on the achievable market value for the tangible assets is assessed as below:

Fair Market Value (INR): Rs 300, 59, 36,574/- Say 300, 50, 00,000 INR

(Three Hundred Crore Fifty Lakh only) INR

➤ **PART -E : DECLARATIONS**

1. Purpose of valuation: This report is prepared for the valuation of the Plant & Machinery owned by **M/S Vivo Mobile India Private Limited** and proposed buyer **M/S Bhagwati Products Limited** is constructed at **Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh.**

2. Date of visit: We have physically visited the machinery at the site on **18th April, 19th April** and carried out in depth study regarding various aspects of the plant. The appraisal is based on the information provided by the Client/company assumed to be correct.

3. Observation: During the course of our visit, the plant & machinery were examined & discussions were held to ensure the condition, of various machinery lying on the site. All machinery was installed except few machines.

4. Legal: We have not made any allowances with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the subject property. We are not required to give testimony or appear in court by reason if the property in question.

5. Valuation: Valuation is subject to variable opinion. Under the circumstances, no assurance can be provided that the assumptions or data upon which these estimations /valuations have been worked out are accurate and we shall not be liable for any loss incurred by the end-users.

6. Assumptions: Assumptions are a necessary part of undertaking valuations. We adopt assumptions for the purpose of providing valuation advice because some matters are not capable of accurate calculation or fall outside the scope of our expertise or our instructions.

Further we declare that-

- i. The information furnished above is true & correct to the best of our knowledge and belief.
- ii. We have no direct or indirect interest in the assets under valuation.
- iii. We have not been found guilty of misconduct in our professional capacity.

➤ Documents Received from- the M/S Bhagwati Products Limited as follows:

➤ Plant & Machinery

- Information Memorandum of M/S Bhagwati Products Limited
- Fixed asset register of Plant & Machinery with acquisition date & cost.
- Lease Agreements.
- Invoices of Machinery Section.

Special consideration for valuation calculation of Machinery and Lease hold improvement-

The factors on which valuation calculation of building Improvement / Lease hold Improvement has been done are summarized below:

- Nature of the structure.
 - Life of a structure.
 - Quality of maintenance of a structure.
 - Location of the structure.
 - Legal control
-
- **Note -1** - Following a verbal discussion with the owner of M/S Bhagwati Products Limited, it has been confirmed that the structure constructed at Tower-WTC One C, World Trade Centre Noida, situated at Plot No. 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh, is subject to a leasehold agreement with Vivo Mobile India Private Limited. The agreement spans the next 20 years, with regular renewals of the current 11-month lease agreement. In light of this, the valuation of the leasehold improvements has been meticulously undertaken, considering the long-term commitment and potential for sustained occupancy. This valuation process ensures an accurate reflection of the value added to the property over the lease period, accounting for the ongoing relationship between the lessor and lessee.
 - **Note -2** - We have not checked the strength and quality of structure, we have only checked that the structure and other renovation works were present on site or not.

The factors on which valuation calculation of Plant & Machinery / IT Section has been done are summarized below:

- Age and useful life of machine.
- Present condition and maintenance of machine.
- Market demand and supply of machine.
- Economic Factor.
- Technological obsolescence.
- Depreciation & Residual value.

➤ Key Financial Indicators

The key financial indicators of the company for the last 3 years are as follows:

7	G-Mobile Devices Pvt. Ltd.	18.76	2%
8	Ovot Private Limited	13.82	1%
9	Others	36.76	4%
	Total	927.03	100%

PLI Scheme

1. **Production Linked Incentive Scheme (PLI) for Large Scale Electronics Manufacturing** dated April 01, 2020 offers a production linked incentive to boost domestic manufacturing and attract large investments in mobile phone manufacturing.
2. The scheme shall extend an incentive of 4% to 6% on incremental sales (over base year) of goods manufactured in India and covered under target segments, to eligible companies, for a period of five (5) years subsequent to the base year as defined.

Eligibility:

Segment	Qualification Criteria	Ceiling on eligible applicants
Mobile (Invoice value of INR 15,000 and above)	Consolidated Global Manufacturing Revenue of the applicant (including its Group Companies), in the target segment, should be more than INR 10,000 Crore in the base year	5
Mobile - Domestic	Consolidated Global Manufacturing Revenue of the applicant (including its Group Companies), in the target segment, should be more than INR 100 Crore in the base year. Applicants under this category can only be Domestic Companies	5
Specified Electronic Components	Consolidated Global Manufacturing Revenue of the applicant (including its Group Companies), in the target segment, should be more than INR 50 Crore in the base year.	10

Total Sales of Manufactured Goods covered under Target Segments for such year over the Base Year.

Revenue Breakup

The details of the revenue of the company is as follows:
Rs. In Crores

Financial Year	2021	2022	2023	(April 2023 to Dec 2023)
Revenue from operations:				
i) Sales of Manufacturing Goods	996.37	1,330.49	922.90	472.21
ii) Sales of traded goods	4.35	4.72	1.67	
iii) Sale of Services	0.82	1.95	2.46

About the Target Acquisition

Brief about the transaction-

- 1) M/s Bhagwati Products Ltd (BPL) is looking to take over a fully functional and Operational Electronic (specialized in Mobile phone) manufacturing unit located at Greater Noida, Uttar Pradesh.
 - 2) The unit is state of the art and is spread across the constructed area is 13, 65,244 sq. ft. With a monthly capacity of manufacturing 5 million mobile phones.
 - 3) BPL plans to acquire the Plant & Machinery of the company and not take over the Company. The cost for purchase is approx. Rs. 265.50 Crore inclusive of GST.
 - 4) BPL will also sign a contract with the company for assured off take of 1 million mobile Phones per month in the initial phase which would be further increased to 3-4 million Mobile phones per month depending on market conditions.
 - 5) No other player of this scale exist in India as on date and BPL will get benefit of acquiring
- *An operational plant with all necessary approvals in place.

USP of the transaction-

- 1) ABC being one of the biggest players in mobile segment in India, BPL would Generate revenue from day one of the operation.
- 2) The unit will continue to cater to the same end customer.
- 3) The Plant is capable of manufacturing all type of mobile phones.
- 4) ABC (company selling Plant & Machinery) will continue to source mobile phone From the unit, initially at the reduced capacity which would be increased in next Year or two.

Operational Insight-

The key financial parameters for the acquired plant are as follows:

- 1) Monthly production capacity of 5 million mobile phones with initial utilization of about One million mobile phones.
- 2) Purchase on 60-days credit
- 3) Import of components by Air (approx. transit into India of 2-days)
- 4) Payment of GST and Duty amount will be paid in advance by ABC before the Components/kits are imported into the country
- 5) Manufacturing time; approx. 7-days on run rate basis
- 6) Sales to ABC on 30-days credit.

Cost of Project-

The cost of Project of the acquisition is as follows:

Rs. In Crores

S.No	Particulars	Amount
1	Purchase of Plant & Machinery including GST	265.50
2	Security Deposit for Rent	30.00
	Total	295.50

Means of Finance

The means of finance would be as follows:

Rs. In Crores

S.No	Particulars	Amount	% Contribution
1	Promoters Contribution	100.00	34%
2	Term Loan from Bank	195.50	66%
	Total	295.50	100%

The company has already paid Rs. 50.00 Crores towards security deposit for rent.

Proposed Banking Terms

The company is seeking the Term Loan for the purchase acquisition of the manufacturing Unit producing Mobile phones.

The company proposes the following Key terms for the purposed Term Loan:

Particulars	Remarks
Proposed Term Loan	Rs. 195.50 Crores
Moratorium period	9 Months
Repayment Period	51 Months
Door to Door Perid	60 Months
ROI	10% pa
Security	The company proposes that the plant & machinery be used as security and no other form of security is being offered
Personal Guarantee	Personal Guarantee of the Directors of M/s Bhagwati Products Ltd would be provided

Key term of Purchase sale agreement of the Plant &Machinery

The key terms of the agreement between BPL and ABC Ltd for purchase/sale of Plant & Machinery is as follows:

- 1) Payment Terms: The payment for the acquisition of the Plant & Machinery will be 20% advance payment and the rest 80% shall be paid on or before 31st March 2024.
- 2) Payment of Rs. 50.00 Crore has already been made towards advance for Plant & Machinery.

Key terms of Rent Agreement with Landlord

The key terms of rent agreement of the property for the proposed transaction are as follows:

Property 1:		
S.No	Particulars	Remarks
1.	Name of Landlord	M/s Sundaram IT Parks Pvt Ltd (World Trade Centre Noida)
2.	Address of property	Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Techzone, IT Park, Greater Noida, Uttar Pradesh Ground & 8th Floor, Basement area
3.	Plot Area of the WTC Noida	85,029.64 Sq Mtr (21.004 Acres)
4.	Super Area of lease	8,61,901 Sq Ft
5.	Carpet Area of Lease (Rent Payable area)	7,71,511 Sq Ft
6.	Rent Rate	Rs. 19.295 per sq ft
7.	Escalation Clause	i. 13.50% escalation at the end of 36 months from commencement of tenancy ii. 15.00% at the end of 72 months from commencement of tenancy
8.	Tenure of Lease	9 Years
9.	Lock in Period	36 months (3 Years)
Property 2:		
S.No	Particulars	Remarks
1.	Name of Landlord	M/s Sundaram IT Parks Pvt Ltd (World Trade Centre Noida)
2.	Address of property	Tower- Tec-2, World Trade Centre Noida at Plot No 13A, Techzone, IT Park, Greater Noida, Uttar Pradesh Ground & 7th Floor, Basement area
3.	Plot Area of the WTC Noida	85,029.64 Sq Mtr (21.004 Acres)
4.	Super Area of lease	294,942 Sq Ft
5.	Rent Rate	Rs. 17 per sq ft
6.	Escalation Clause	i. 13.50% escalation at the end of 36 months from commencement of tenancy ii. 15.00% at the end of 72 months from commencement of tenancy
7.	Tenure of Lease	9 Years

Summary of Plant and Machinery Valuation Calculation-

Based on the review and analysis of the information provided by the company as well as analysis of industry and macroeconomics trends as on valuation date, the estimated Fair Market Value of the below specified assets of **M/S Vivo Mobile India Private Limited** which were proposed to be transferred to **M/S Bhagwati Products Limited**, is summarized as below-

Sl.n	Particular departments	Divisions	Book value IN (INR)	Fair market value (INR)	Methodology
1	Administrative	PDC & PDADB	1,651,272,664	57,448,859	Cost approach
2	Assembly			420,731,710	
3	IT (Part-1)			3,711,313	
4	Project			5,331,149	
5	SMT			641,368,131	
6	Store house			9,438,802	
7	IT (Part-2)			32,132,276	
Total				1,170,162,240	
8	Lease Hold Improvement	Lease Hold Improvement	2,397,157,872	1,835,774,333	
Grand Total			4,048,430,536	3,005,936,574	

The above Estimated **Fair Market Value** is subject to the basis of valuation mentioned in main report and respective annexure.

Transactions Costs pertaining to the sale /purchase of the assets have not been considered while estimating the Fair Market value.

The valuation is not intended for general circulation or publication and is not be reproduced without our prior written consent, or used for any purpose other than for the purposes stated above and cannot be relied upon the third parties. We will not accept any responsibilities to any other party to whom the report may be shown or who may acquire a copy of this report.

➤ **Description about Assets Being Valued-**

- The Physical verification of assets has been carried out as per the list and details of assets shared by Company, **M/S Bhagwati Products Limited.**
- During our site visit on Date **18th April, 19th April** we were accompanied **Mr. Ombir & his Mobile Number was (9650596425, 7428265420).**
- At the time of our physical inspection we found divisions such as **Administrative, Assembly, IT, Project, SMT, Store house & Lease hold improvement.**
- **Administrative** - During our physical inspection, we meticulously examined the Administrative department, scrutinizing a range of assets crucial to its operations. Among these were notable items such as the robust 2000 KVA DG set, the efficient 490 TR Chiller, and the reliable 2500 KVA TRF. We also assessed specialized equipment like the External cargo lift, a sturdy apparatus from brand Xizixiao, capable of lifting loads of up to 3 tons with precise dimensions of 1.6 meters in car size and an internal space of 2140 by 2700 millimeters, towering at an impressive height of 31.5 meters. The array of assets further included essential machinery like the 75 KW Air Compressors and the indispensable 300 KVA UPS system, ensuring uninterrupted power supply. Security measures were also thoroughly inspected, encompassing items such as the Low dosage X-ray security inspecting equipment, the Security Gate 6S-DFMD Model No. 6S-Rapiscan, and the Yuhai make Tripod Turnstile with Reader & Controller, all functioning optimally to maintain safety standards. The overall condition of these assets was commendable, with most in good working order, devoid of dents or significant wear and tear, attesting to diligent maintenance practices and operational excellence.
- **Assembly-** Upon rigorous physical verification of the Assembly section, we meticulously scrutinized the assets integral to our production processes. These included a range of sophisticated equipment such as the Five-axis dispensing machine, Axon Front camera bracket fitting equipment, Dispensing system (Jet type), AUTOMATIC MMI TEST MACHINE (E PULL), Automatic packaging equipment for color box heat shrinkable film, Device for automatically detecting and connecting glue lines, Camera-auxiliary test machine (Compatible version), Floor type tunnel furnace equipment, Automatic sticking protective film equipment, CMW100 Communications Manufacturing Test Set (Version E), Plasma cleaning system, electromagnetic shielding boxes, and CAMERA TEST MACHINES (DOUBLE LENS and SINGLE LENS). Remarkably, the overall condition of these assets appeared notably normal and well-maintained. Regular celebrations of machinery milestones underscored a culture of diligent upkeep. Each machine underwent meticulous maintenance, contributing to the derived values derived from their consistent performance.

- **IT sector-** During our physical verification of the IT Section assets, we meticulously inspected each item to ensure accuracy and completeness. Among the assets scrutinized were the networking essentials such as the WS-C2960X-48FPS-IN Cisco Catalyst 2960-X switch, WS-C2960X-48TS-L Cisco Catalyst 2960-X switch, and WS-C2960X-48LPS-L Cisco Catalyst 2960-X switch. Additionally, we verified the presence of essential accessories like the Cisco Flex Stack plus Stacking Module and the Sang for SG3700 Internet optimization management gateway with a 3-year warranty. In our audit, we noted the presence of obsolete items, including the Cisco 2901/K9 router, for which further purchasing has been halted due to an invalid code. Furthermore, we identified legacy equipment such as the Panasonic Digital IP-PBX System KX TDA-100D and the IP-PBX Panasonic Digital KTS System, indicating historical investments in telecommunications infrastructure. Moreover, our examination encompassed crucial infrastructure components like the 60KVA/54KW online double conversion UPS and external 12V SMF batteries, essential for uninterrupted power supply. We also verified the provision of storage solutions, including the VNX5400 solution storage upgrade from Dell EMC and associated HDDs. In addition, we ensured the availability of modern computing resources, such as the HPE DL380HP Gen10 server and Pavilion14-CE1000TU Core i5 laptops, reflecting the organization's commitment to leveraging advanced technology for operational efficiency. Lastly, our inspection included monitoring and control devices like the Internet Controller and Temperature and Humidity Sensor from Vertis, essential for maintaining optimal environmental conditions within the IT infrastructure.
- **Project-** After thorough physical verification, we meticulously inspected the assets of Project divisions, focusing on key equipment essential for operations. Assets such as the CMW100 Communications Manufacturing Test Set (Version E), IL luminance Spectrophotometer CL-500A, and Wideband Radio Communication Tester, among others, were meticulously scrutinized. Each asset, from IC test equipment with mobile phone integration to the JBC iron NAE-2C DE soldering/Soldering station, was found to be in exemplary condition, meticulously maintained, and fully functional. From the Infrared preheating equipment to the HD video microscope (SZ7D), every item displayed optimal performance standards. Additionally, assets like the Compact DE soldering Station with Electric Pump and the Programmable DE soldering station QUICK855PG showcased resilience and reliability. Even infrastructure assets like the Desktop HP 280 G6 and Computer host HP Pro Desk 680 G4 demonstrated robustness and efficiency in their operations. The values derived from this inspection are grounded in the commitment to maintaining assets.

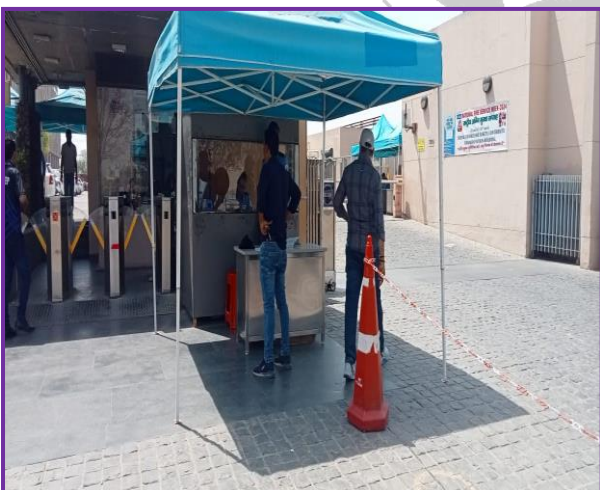

- **SMT section-** Upon completing the inspection of the all above section, we meticulously verified each piece of equipment listed in **SMT section**. The Fuji Pick and Place machines, comprising NXT-III with various modules, stood resilient with their standard accessories intact. The 3D Automatic Optical Inspection Machines, Xceed Dual and Jutze, AOI LI-6000D, exhibited operational readiness, promising efficiency in quality control. Our Nitrogen reflow oven, model VXC-734, maintained its standards without any compromise in performance. However, amidst the array of well-maintained assets, the (obsolete) Computer Screen bearing the HP 17-inch warranty displayed signs of aging, necessitating attention. Despite its warranty status, it showed wear and tear that could potentially hinder productivity. As we prioritize seamless operations, addressing the condition of this screen becomes imperative to sustain our efficiency levels.
- **STOREROOM section-** During our on-site inspection, we found the assets to be in satisfactory condition. Among the equipment observed were BYD battery forklifts, a truck measuring 20 feet in length and 9 feet in height, an impedance analyzer, an auto scrubber in the form of an electrical Taski Swingo 455E, and a barcode printer with a one-year warranty. Additionally, we identified a handheld wrapping machine, a powder-coated battery cover box, and another barcode printer by ZEBRA. Further assets included a hydraulic hand pallet truck by Maini, a vacuum packaging machine from HYTPACK, and a data collector by Honeywell, model 6500EP. We also noted the presence of a MOTOROLA Symbol Wi-Fi router/MOTO AP-7522, an SMD parts counter (SMtech-COU2000, Cam Station), and a Honeywell cordless scanner. Notably, there were mobile terminal barcode scanners and a desktop, specifically a Dell OptiPlex 3050 SFF equipped with an Intel Core i5 processor, 8GB of RAM, and a 1TB storage capacity, running on DOS. Additionally, an industry smart phone and a hand pallet PV 25 LXB measuring 1500x520mm were part of the inventory. Overall, the assets were in satisfactory condition, meeting the expected standards for operational efficiency.
- **IT-2 section-** During our physical inspection of the IT-2 section, we meticulously assessed the condition of various assets. Among these were the HP14S CR1005TU laptop, Cisco 2901/K9 router (noting an invalid code), Sangfor Internet Optimization Management Gateway, and EMC VNX5400 unified storage. Additionally, we observed the presence of CG stands, Dell EMC's VNX5400 solution storage upgrade, and EMC VNX2600GB15K SAS HDD storage units. The infrastructure also included a Panasonic Digital IP-PBX System KX TDA-100D, a robust 60KVA/54KW online double conversion UPS, and external 12V SMF batteries supplied by Amron, Quanta, or Exide. Furthermore, we noted the incorporation of an Internet Controller, Temperature and Humidity Sensor, HPE DL380HP Gen10 server with 24x32GB RAM, Nexus3048TP switch, and Cisco Aironet1830 access point. Overall, the assets exhibited normal functioning and maintenance, forming the basis for the derived values.

***Lease hold improvement-** In this division, our primary focus revolves around the meticulous verification of various contracts related to building projects. These encompass a diverse array of endeavors, ranging from factory fit-outs and building renovations to essential maintenance tasks. We meticulously inspect agreements concerning the installation of parts for central air conditioning units, the establishment of sturdy foundations, and the implementation of crucial fire protection measures ensuring that each contract meets stringent standards, all aspects, from inception to completion, are in a state of utmost satisfaction. With a commitment to excellence, we safeguard the integrity and quality of every project we undertake, affirming our dedication to delivering exceptional results in every endeavor. As per verbal conversation with owner of M/S Bhagwati Products Limited is constructed at Tower-WTC One C, World Trade Centre Noida at Plot No 13A, Tec zone, IT Park, Greater Noida, Uttar Pradesh, considering lease hold agreement period to be for next 20 years (with regular renewal of the present 11 month lease agreement) with Vivo Mobile India Private Limited, on that basis the valuation of the Lease hold improvement has been done.

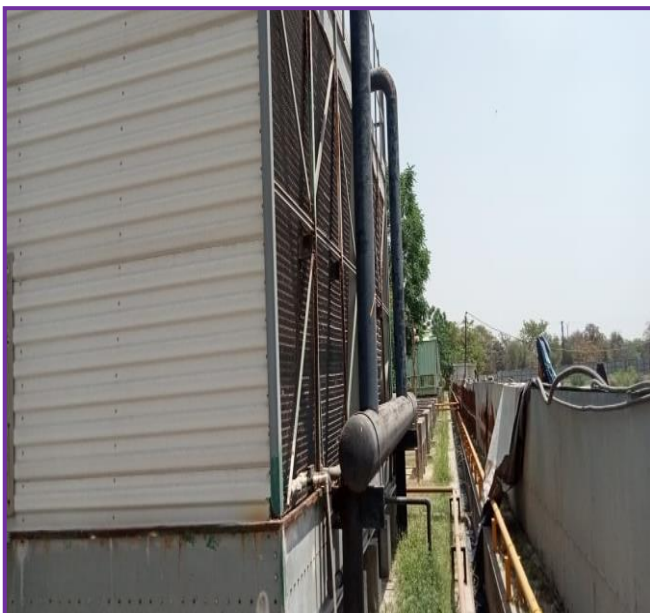

- **We did not consider any assets in our valuation, which we were not inspected physically also during inspection we noticed that a yellow attention tag was placed on each machine, which were proposed to be transferred to M/S Bhagwati Products Limited.**
