The value of the flat is based on the information and particulars furnished by the owner's representative and in addition to site inspection. The flat is situated in a residential Building situated in an approved commercial area i.e., **Commercial office space No. FF - 427 on 4th Floor admeasuring 1000 Sq. Ft. in "JMD Empire" situated at Village – Nangli, Umarpur, Sector-62, Golf Course Extension Road, Gurgaon, Haryana – 122002.** The valuation pertains to the entire structure of the flat. The bank should also separately verify boundaries of the property & actual physical possession of the owner on the property under consideration to cross check the report before sanctioning loan to the borrower. Note: All measurements are subject to statistical variations. This opinion is an investigation and therefore has technical limitations, as well as in accuracies inherent in the field/ site/ human error and statically analysis of technical process. It should also be viewed in this perspective. This is only a technical opinion report as regards the estimate of value of the property, and not a Guarantee of realization of the value. As per the engineering principles and with much care and opinion as regards the estimate value of the property, is work out, due weight age having being given to the verbal enquiries from local & dependable agencies from locality, for which no written proof can be procured / produced of obvious reasons. Brief specification of the construction and material used in the construction of the flat have been discussed in Annexure – 'A' of the valuation report. The cost of construction is based on the C.P.W.D. plinth area rates (including electrical, sanitation & water supply etc.) and type of construction of the captioned building. Thereafter, the rates of material as well as the cost of construction were duly verified from the market. The items, which are not covered under normal plinth area rates, have been added separately and depreciation deducted.

4. Circle rate of flat is Rs. 4,500 per Sq. Ft.

So keeping in view all the above factors, I am adopting Rs. 6,500.00 per Sq. Ft. as the fair and safe market rate for the property under valuation.

Summary of Valuation

Market Value of the flat: Rs. 65,00,000.00 (Rupees Sixty-Five Lac(s) Only)

Remarks: Property under valuation is a residential Commercial office space No. FF - 427 on 4th Floor admeasuring 1000 Sq. Ft. in "JMD Empire" situated at Village – Nangli, Umapur, Sector-62, Golf Course Extension Road, Gurgaon, Haryana – 122002. Valuation is made on the basis of agreement to sell mentioning area & area as per signed by owners.

Realizable Value-

Due to the market conditions, there is a paucity of genuine buyers and as such cost of property may be on lower side in comparison to the assessed value. The realizable value is less than the assessed value. Considering the above-mentioned factor, it is our considered opinion that a deduction of 15% be applied to Nett. Assessed Market Value of property to arrive at Realizable Value, which is calculated as below:

**Realizable Value of Property (85% of M.V.): Rs. 55,25,000.00
(Rupees Fifty-Five Lac(s) Twenty-Five Thousand Only)**

**Distress Value of the Property (75% of M.V): Rs. 48,75,000.00
(Rupees Forty-Eight Lac(s) Seventy-Five Thousand Only)**

Guideline Value: Rs. 45,00,000.00 (Rupees Forty-Five Lac(s) Only)

Based on above, the Fair Market Value is Rs. 65,00,000.00 and Realizable Value is Rs. 55,25,000.00 & Distress Value is Rs. 48,75,000.00 & Guideline Value Rs. 45,00,000.00 of the above property as on 24/06/2022

☆ Market Value is calculated by current market situation, location & various other factors.
However, the circle rate i.e. value given by the Govt. is for calculating revenue to be paid to the Govt. for registration of the property.

Er. Kamal Chawla B.E (Civil), M.I.E, F.I.V

Govt. Approved Valuer & Chartered Engineer

Market rate is more than guideline / circle rate by 20%. Same has been verified with local dealers as well as 99acres.com, Magic bricks.com and Makaan.com. Print out of the rates as available on computer site has been attached along with.

Sale instances are not available and information for the same not being furnished by Sub – Registrar's office and the reason being cited for the same is confidential in nature.

(Valuation: Here, the approved valuer should discuss in details his approach (Market Approach, Income Approach and Cost Approach) to valuation of property and indicate how the value has been arrived at, supported by necessary calculation. Also, such aspects as impending threat of acquisition by government for road widening / public service purposes, sub merging & applicability of CRZ provisions (Distance from sea-coast / tidal level must be incorporated) and their effect on i) Saleability ii) Likely rental value in future and iii) any likely income it may generate may be discussed).

Screen shot of longitude/latitude and co-ordinates of property using GPS/Various Apps/Internet sites

As a result of my appraisal and analysis, it is my considered opinion that the Realizable Value of the above property in the prevailing condition with aforesaid specifications is Rs. 55,25,000.00 (Rupees Fifty-Five Lac(s) Twenty-Five Thousand only).
