VALUATION SUMMARY

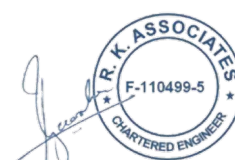

Fair market value (FMV) is an estimate of the market value of a property, based on what a knowledgeable, willing, and unpressured buyer would probably pay to a knowledgeable, willing, and unpressured seller in the Market. An estimate of fair market value may be founded either on precedent or extrapolation.

Realizable value (RV) is the value of an asset that can be realized upon the sale of the asset, less a reasonable estimate of the costs associated with either the eventual sale or the disposal of the asset in question.

Distress value (DV) is the value of an asset that is put on sale, usually at a cheap price, because its owner is forced to sell it. There could be various reasons for this, including bankruptcy, excessive debt and regulatory constraints.

Note -Moulds & Dies have been designed and manufactured for producing components for a specific Product. The Moulds & Dies obsolesce depends upon product obsolesce. Therefore the realizable and distress value have been considered as good as zero value since it will not be useful for prospective buyers.

MAIN REPORT

Purpose -State Bank of India, Backbay Reclamation Branch, Tulsiani Chambers, Nariman Point, Mumbai has requested us to submit the Plant & Machinery Valuation Report for M/s MIRC Electronics Ltd (MEL) situated at Village Kudus, Taluka Wada, Dist. Thane of Maharashtra state.

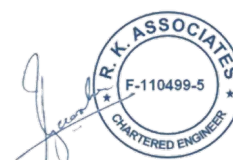

Plant & Machinery are installed at Gut No. 234-C, 236, 237-A/B, 240-42, 244, 245(p), 247-51, Bhiwandi Wada road, Village Kudus, Taluka Wada, Dist. Thane of Maharashtra state.

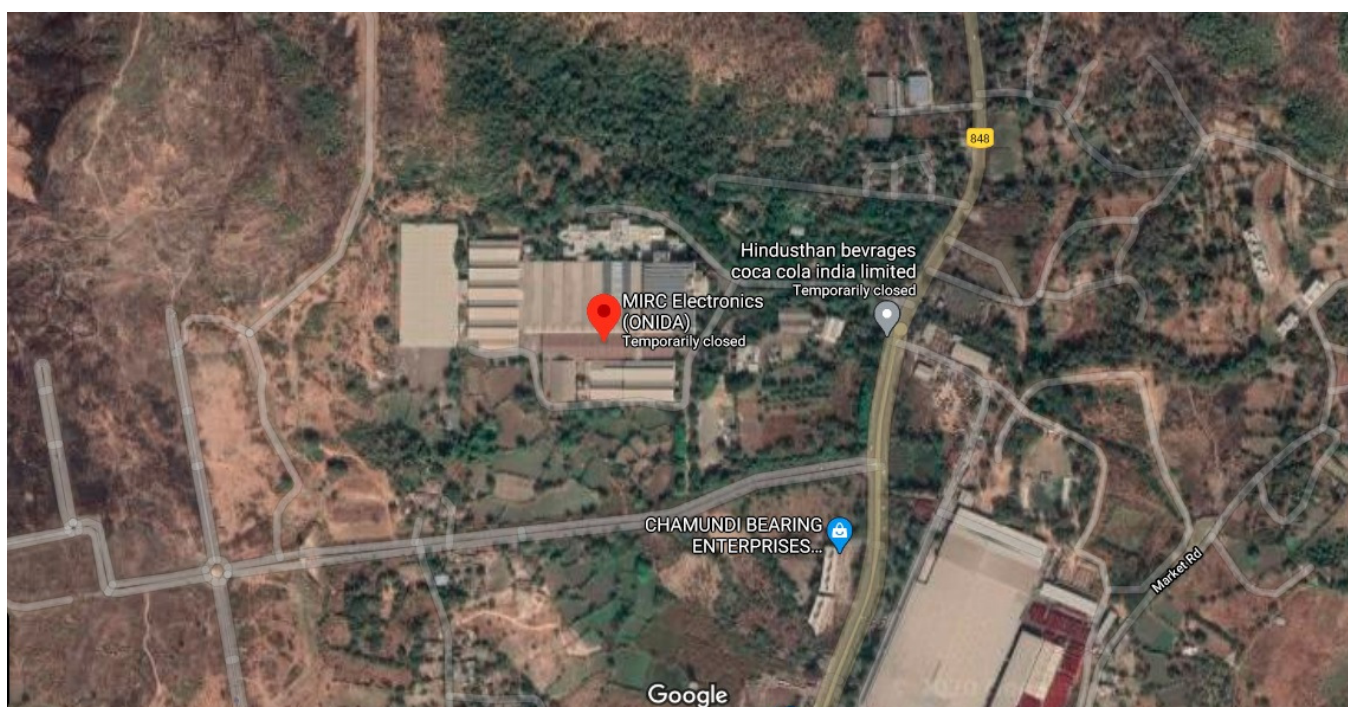

Company Profile –M/s MIRC Electronics Ltd (MEL) is a manufacturer of various types of FMCG electronic white goods. Company manufactures Television, Air conditioners, Washing machines, Microwave ovens, Mobile phones, etc.

Site Observations –Site visit was conducted on 6th July2020 by Mr. Venkatram Nadar. Company officials Mr. Sandeep Mishra – Executive Manager –Maintenance were available during site visit.Site Observations are as follows:

Site Address– GutNo. 234-C, 236, 237-A/B, 240-42, 244, 245(p), 247-51, Bhiwandi Wada road, Vill. Kudus, Tal. Wada, Dist. Thane – 421 303, Maharashtra.

- MIRC Electronics Ltd is involved in manufacturing of white goods such as LED TV, Washing Machines, Air-Conditioners, Refrigerators & Microwave Ovens

Valuation Methodology –The fair value of assets is usually determined from market based evidence. Under the revaluation model, the valuation of assets is continually reviewed to reflect the fair market value. The valuation shall be worked out at a revalued amount – its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. The following approach is followed for fair market valuation.

- Fair Market Value of Plant & Machinery is based on Plant & Machinery List provided by M/s MIRC Electronics Ltd (MEL), Gut No. 234-C, 236, 237-A/B, 240-42, 244, 245(p), 247-51, Bhiwandi Wada road, Village Kudus, Taluka Wada, Dist. Thane of Maharashtra state.
- Interviews with utilities personnel to gain thorough knowledge of system assets, maintenance plans and schedules, asset retirement or improvement projects planned, and all other pertinent information
- The site inspection is to be carried out and the following points are observed and recorded
 - Physical inspection of Plant & Machinery as per the Equipment list / Fixed Asset Register
 - Year of installation & landed cost
 - Category – New / Refurbished equipment
 - Maintenance policy – major breakdown and list of replaced spares.

Disclaimer

- We, hereby declare that the valuation report given by us is based on independent market feedback and our knowledge and understanding of the market. I have no interest in the property being valued and have not been influenced by any person whosoever.
- We declare that we have inspected the Plant & Machinery on 6th July 2020.
- The Company has not provided invoice copies, equipment specifications and suppliers details of Plant & Machinery for vetting purpose.

Machinery Valuation –The following Machineries & Equipment's are 5 Months to 34years old. Plant was operational during site visit & manufacturing of LED TV was in progress. In order to assess the fair market value of any machinery, cost approach has been considered

While giving the valuation the value drops for obsolescence is considered, the Electronic Equipment's become obsolete fast. In order to assess the fair market value of any machinery, cost approach has been considered. An asset depreciates in value with time, due to wear and tear in use. Also, value of new asset escalates due to rise in cost of labor & material. Approach to valuation has to take into account the opposing trends of depreciation and escalation in values of assets, to work out a reasonable market value of a depreciating asset. While giving the valuation, the value drops for obsolescence is considered, the Electronic Equipment's become obsolete fast.

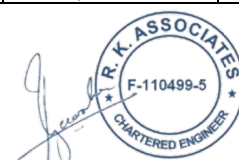

- **Fair Market Value**—The Fair Market Value of Plant & Machinery belonging to M/s MIRC Electronics Ltd (MEL), Gut No. 234-C, 236, 237-A/B, 240-42, 244, 245(p), 247-51, Bhiwandi Wada road, Village Kudus, Taluka Wada, Dist. Thane of Maharashtra is **Rupees Sixty Nine Crore, Seventy Six Lacs, Eight Thousand, Nine Hundred and Forty oneonly.**

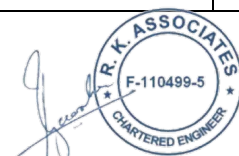

Plant & Machinery valuation according to the category of equipment's is tabulated below;

- **Moulds, FMV, Rs.12.62 Cr** – The Valuation of Moulds are exhibited below.
