7.	Brief description of the property
----	--

This opinion on Valuation report is prepared for the residential land & building situated at the aforesaid address having total land area admeasuring 244.97 sq.mtr. / 292 sq. yds. as per the documents provided to us.

This is a free hold land purchased by virtue of a single sale deed dated 28th May, 2004. As per the sale deed originally total land area is 324.16 sq. mtr. but as per TIR out of this 324.16 sq. mtr. of land 79.19 sq. mtr. of land has been sold to others. Remaining 244.97 sq. mtr. of land is under possession of the owner. So, we have considered the land area as per the area mentioned in TIR. We have also measured the area through Google satellite tool and the area seems to be in line with the area mentioned in the documents. Screenshot of the same has been attached below.

During the site survey it was came to know that the subject property was occupied by others. They have verbally informed us the owner, Mr. Ajit Pal had sold the property to them. No internal survey was allowed since the current occupier did not allow to inspect the property.

As per external observation during site survey a Single floored RCC structure has been built up. Covered area is 91.53 sq. mtr taken from old valuation report, since internal measurement was not allowed. External condition of the building was average. As per the old valuation report the construction year of the building was 2013-14 and the same has been adopted for the purpose of the valuation.

The subject property is located in the semi urban residential locality in village Jhiwarhedi. The property is located approx. 25 mtr. away from Shimla Bypass Road. This property is clearly approached by the internal road. All other basic civic amenities are within close vicinity.

This report only contains general assessment & opinion on the Guideline Value and the indicative, estimated Market Value of the property of which Bank/ customer asked us to conduct the Valuation for the property found on as-is-where basis as shown on the site by the Bank/ customer of which photographs is also attached with the report. No legal aspects in terms of ownership or any other legal aspect is taken into consideration. Even if any

	<p>such information is mentioned in the report it is only referred from the information provided for which we do not assume any responsibility. Due care has been given while doing valuation assessment, but it doesn't contain any due-diligence or audit or verification of any kind other than the valuation computation of the property shown to us on site. Information/ data/ documents given to us by Bank/ client have been relied upon in good faith. This report doesn't contain any other recommendations of any sort.</p> <p>In case of discrepancy in the address/ property number mentioned in the property documents and the property shown to us at the site due to change in zoning or administrative level at the site or the client misled the valuer by providing the fabricated/ incorrect document or information, the valuation should be considered of the property shown to us at the site by the client of which the photographs are also attached. In case of any doubt, best would be to contact the concerned authority/ district administration/ tehsil level for the identification of the property if the property depicted in the photographs in this report is same with the documents pledged.</p>		
8.	Total Lease period & remaining period (if leasehold)	Not applicable

	1. Plot No. / Survey No.	Khasra No. 2149/3	
	2. Door No.	---	
	3. T. S. No. / Village	Jhiwarhedi	
	4. Ward / Taluka	---	
	5. Mandal / District	Dehradun	
	6. Postal address of the property	Khata No. 606, Khasra No. 2149/3, Mauza East Hope Town, Village Jhiwarhedi, P.O. Karbari, Shimla By-Pass Road, Pargana-Pachwadoon, Tehsil- Vikas Nagar, District Dehradun, Uttarakhand	
	7. Latitude, Longitude & Coordinates of the site	30°17'52.5"N 77°56'25.9"E	
	8. Nearby Landmark	Near Asan Bridge/ Shimla Bypass Road	
10.	Area Categorization	Block	Semi Urban
	Type of Area	It is a mixed used area. On main road properties are used as commercial and internal roads as residential.	
11.	Classification of the area	Middle Class (Ordinary)	Semi Urban
		Within city suburbs	
12.	Local Government Body Category (Corporation limit / Village Panchayat / Municipality) - Type & Name	Semi Urban	Municipal Corporation (Nagar Nigam)
		Dehradun Municipal Corporation	
13.	Whether covered under any prohibited/ restricted/ reserved area/ zone through State / Central Govt. enactments (e.g. Urban Land Ceiling Act) or notified under agency area / scheduled area / cantonment area/ heritage area/ coastal area	No	
14.	In case it is an agricultural land, any conversion of land use done	As per documents it is not an Agriculture land	
15.	Boundary schedule of the Property		
	Are Boundaries matched		Yes from the available documents only
	Directions	As per Documents	Actually found at Site
	North	Other's Property	Other's Property
	South	Road 12 ft. wide	Road 12 ft. wide

	East	Other's Property	Property of Mr. Rajesh				
	West	Other's Property	Property of Mr. Ajeet Pal				
16.	Dimensions of the site						
	Directions	As per Documents (A)	Actually found at Site (B)				
	North	14.88 mtr.	Could not measure since current occupier did not allow				
	South	14.84 mtr.	Could not measure since current occupier did not allow				
	East	16.44 mtr.	Could not measure since current occupier did not allow				
	West	16.44 mtr.	Could not measure since current occupier did not allow				
17.	Extent of the site	244.97 sq. mtr.	244.02 sq. mtr. (Google satellite view measurement)				
18.	Extent of the site considered for valuation (least of 14A & 14B)		244.97 sq. mtr. / 292 sq. yds.				
19.	Property presently occupied/ possessed by		Occupied by others as per verbal information recieved during site survey				
	If occupied by tenant, since how long?		Not applicable				
	Rent received per month		Not applicable				
II.	CHARACTERISTICS OF THE SITE						
1.	Classification of the locality		Already described at S.No. I (Point 08).				
2.	Development of surrounding areas		Developing area				
3.	Possibility of frequent flooding / sub-merging		No such information came into knowledge				
4.	Proximity to the Civic amenities & social infrastructure like school, hospital, bus stop, market, etc.						
	School	Hospital	Market	Bus Stop	Railway Station	Metro	Airport
	~ 2 km.	~ 3 kms.	~ 4 km.	~ 8 km. (Dehradun Bus Stop)	~12 km.	NA	NA
5.	Level of land with topographical conditions		below road level/ Plain Land				
6.	Shape of land		Irregular				
7.	Type of use to which it can be put		Best for residential use				
8.	Any usage restriction		Yes only for residential use				
9.	Is plot in town planning approved layout?/ Zoning regulation		Yes			Residential colony as per visual observation and as per surrounding area conditions	
10.	Corner plot or intermittent plot?		It is not a corner plot				
11.	Road facilities						
	(a) Main Road Name & Width		Shimla Bypass Road			~25 ft.	
	(b) Front Road Name & width		Internal Industrial Road			~15 ft.	
	(c) Type of Approach Road		Bituminous Road				
	(d) Distance from the Main Road		~25 mtr.				
12.	Type of road available at present		Bituminous Road				

13.	Width of road – is it below 20 ft. or more than	Below 20 ft.		
14.	Is it a land – locked land?	No		
15.	Water potentiality	Yes available in the locality from municipal connection		
16.	Underground sewerage system	Yes		
17.	Is power supply available at the site?	Yes		
18.	Advantages of the site	Near to Shimla Bypass Highway		
19.	Special remarks, if any, like:			
	a. Notification of land acquisition if any in the area	No such information came in front of us and could not be found on public domain		
	b. Notification of road widening if any in the area	No such information came in front of us and could not be found on public domain		
	c. Applicability of CRZ provisions etc. (Distance from sea-coast / tidal level must be incorporated)	No		
	d. Any other	None		
III.	VALUATION OF LAND			
1.	Size of plot	Please refer to Part B – Area description of the Property.		
	North & South			
	East & West			
2.	Total extent of the plot			
3.	Prevailing market rate (Along with details/reference of at least two latest deals/ transactions with respect to adjacent properties in the areas)	Please refer to Part C - Procedure of Valuation Assessment section.		
4.	Guideline rate obtained from the Registrar's Office (an evidence thereof to be enclosed)			
5.	Assessed / adopted rate of valuation			
6.	Estimated Value of Land			
IV.	VALUATION OF BUILDING			
1.	Technical details of the building			
	a. Type of Building (Residential / Commercial/ Industrial)	RESIDENTIAL / RESIDENTIAL HOUSE (PLOTTED DEVELOPMENT)		
	b. Type of construction (Load bearing / RCC/ Steel Framed)	Structure	Slab	Walls
		Load bearing wall structure with RCC roofing	Reinforced Cement Concrete	Brick walls
	c. Architecture design & finishing	Interior		Exterior
		Ordinary regular architecture / Plain ordinary finishing		Ordinary regular architecture / Plain ordinary finishing
	d. Class of construction	Class of construction: Class C construction (Simple/ Average)		
	e. Year of construction/ Age of construction	2013-14 (as per old valuation report)		~ 10 years
	f. Number of floors and height of each floor including basement, if any	Separate sheet has been attached below		
	g. Plinth area floor-wise	Separate sheet has been attached below		
	h. Condition of the building	Interior		Exterior

		No information available since internal survey of the property couldn't be carried out	No information available since survey of the property is not carried out
	i. Maintenance issues	No information available since internal survey of the property couldn't be carried out.	
	j. Visible damage in the building if any	No visible damages in the structure as per external survey. Internal survey could not be carried out	
	k. Type of flooring	No information available since survey couldn't be done from inside,	
	a. Class of electrical fittings	No information available since internal survey couldn't be carried out	
	b. Class of plumbing, sanitary & water supply fittings	No information available since internal survey couldn't be carried out	
2.	Map approval details		
	a. Status of Building Plans/ Maps and Date of issue and validity of layout of approved map / plan	Cannot comment since no approved map provided to us on our request.	
	b. Approved map / plan issuing authority	Mussoorie Dehradun Development Authority (MDDA)	
	c. Whether genuineness or authenticity of approved map / plan is verified	Not applicable	
	d. Any other comments on authenticity of approved plan	Not applicable	
	e. Is Building as per copy of approved Map provided to Valuer?	Not applicable	
	f. Details of alterations/ deviations/ illegal construction/ encroachment noticed in the structure from the approved plan	<input type="checkbox"/> Permissible alterations	Not applicable
		<input type="checkbox"/> Non permissible alterations	Not applicable
	g. Is this being regularized		
V.	SPECIFICATIONS OF CONSTRUCTION (FLOOR-WISE) IN RESPECT OF		
1.	Foundation	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. These points are covered in totality in lumpsum basis under Technical details of the building under “Class of construction, architecture design & finishing” point.	
2.	Basement		
3.	Superstructure		
4.	Joinery / Doors & Windows (please furnish details about size of frames, shutters, glazing, fitting etc. and specify the species of timber)		
5.	RCC works		
6.	Plastering		
7.	Flooring, Skirting, dadoing		
8.	Special finish as marble, granite, wooden paneling, grills, etc		
9.	Roofing including weather proof course		
10.	Drainage		

11.	Compound wall	Yes
	Height	~5 ft.
	Length	~ 75 mtr.
	Type of construction	Brick Wall
12.	Electrical installation	Please refer to "Class of electrical fittings" under Technical details of the building above in totality and lumpsum basis. This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis.
	Type of wiring	
	Class of fittings (superior / ordinary / poor)	
	Number of light points	
	Fan points	
	Spare plug points	
	Any other item

	Details/ Justification	---	---
7.	Total Indicative & Estimated Prospective Fair Market Value	---	Rs.59,67,122/-
8.	Rounded Off	---	Rs.60,00,000/-
9.	Indicative & Estimated Prospective Fair Market Value in words	---	Rupees Sixty Lakh Only
10.	Expected Realizable Value (@ ~15% less)	---	Rs.51,00,000/-
11.	Expected Distress Sale Value (@ ~25% less)	---	Rs.45,00,000/-
12.	Percentage difference between Circle Rate and Fair Market Value	~ 16%	

***NOTE:**

- For more details & basis please refer to **Part C - Procedure of Valuation Assessment section**.
- This valuation is conducted based on the comparable composite market rate method which is inherently inclusive of the additional items as mentioned in S.No. 2 to 8 if present in the flat at ordinary level. For any exclusive and superfine finish over and above ordinary finishing, additional value is taken in lumpsum as described in the **Procedure of Valuation Assessment section under "Valuation of Additional Aesthetic & Decor Works in the Property"**.
- Estimated Value is subject to the assumptions, limitations, basis of computation, caveats, information, facts

came during valuation within the limited available time & cost.

4. **PART A - BOB format on opinion report on Valuation** is just the description of the asset as per the format requirement of the client. The real procedure of Valuation is discussed from **PART C – Procedure of Valuation Assessment** where all different aspect of Valuation as per the standards are described in detail.
5. This Valuation is guided by Valuation Terms of Service and Valuer's Important Remarks which can also be found at www.rkassociates.org.

DRAFT

ENCLOSURE: I

PART C

AREA DESCRIPTION OF THE PROPERTY

1.	Land Area considered for Valuation	244.97 sq.mtr. / 292 sq. yds.	
	Area adopted on the basis of	Property documents & site survey both	
	Remarks & observations, if any	As per the sale deed total land area is 324.16 sq. mtr. but as per TIR out of this 324.16 sq. mtr. of land 79.19 sq. mtr. of land has been sold to others. Remaining 244.97 sq. mtr. of land is under possession of the owner. So, we have taken the land area as per the area mentioned in TIR. We have also measured the area through Google satellite tool and the area seems to be in line with the area mentioned in the documents.	
2.	Constructed Area considered for Valuation (As per IS 3861-1966)	Covered Area	91.53 sq. mtr.
	Area adopted on the basis of	As per old valuation report	
	Remarks & observations, if any	Present occupier of the property did not allow the internal survey. So, in the absence of approved map, we have considered the area as per the covered area mentioned in the old valuation report.	

Note:

1. Area measurements considered in the Valuation Report pertaining to Land & Building is adopted from relevant approved documents or actual site measurement whichever is less. All area measurements are on approximate basis only.
2. Verification of the area measurement of the property is done based on sample random checking only.
3. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape, is taken as per property documents verified with digital survey through google which has been relied upon.
4. Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.

			Location:	Jhiwarhedi, Shimla Bypass Road, Dehradun
			Rates/ Price informed:	Around Rs.18,000/- to 19,000/- per sq.yds.
			Any other details/ Discussion held:	As per the discussion with the property dealer the rate he told us is ~ Rs.18,000/- to 19,000/- per sq. yds. for a residential land area having ~ 250 sq. yds., situated nearby the subject property further depends on the size and location of the property
		NOTE: The given information above can be independently verified to know its authenticity.		
xxviii.	Adopted Rates Justification	As per our discussion with the property dealers and habitants of the subject location and research through public domain we have gathered the following information:- 1. There is availability of plots having similar size as our subject property. 2. As per the discussion with property dealer rates for on highway plot having 200 sq. yds. in size at Jhiwarhedi, Shimla Bypass Road, Dehradun will be available within the range of Rs.22,000/ per sq. yds. and property rate inside the residential colony Rs.17,000/- to Rs.20,000/- per sq.yds. 3. Our subject property is ~25 mtr. away from Shimla bypass road. Based on the above information and keeping in mind in subject locality we are of the view to adopt a rate range of Rs.17,000/- to Rs.20,000/- per sq. yds. and a rate of Rs.18,000/- per sq. yds. for the purpose of this valuation assessment.		
NOTE: We have taken due care to take the information from reliable sources. The given information above can be independently verified from the provided numbers to know its authenticity. However due to the nature of the information most of the market information came to knowledge is only through verbal discussion with market participants which we have to rely upon where generally there is no written record.

		Remarks: None	
		Adjustments (-/+): 0%	
xxx.	Any other special consideration	Reason: ----	
		Adjustments (-/+): 0%	
xxxi.	Any other aspect which has relevance on the value or marketability of the property	NA	
		Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will fetch considerably lower value. Similarly, an asset sold directly by an owner in the open market through free market arm's length transaction then it will fetch better value and if the same asset/ property is sold by any financier or court decree or Govt. enforcement agency due to any kind of encumbrance on it then it will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing.	
		This Valuation report is prepared based on the facts of the property & market situation on the date of the survey. It is a well-known fact that the market value of any asset varies with time & socio-economic conditions prevailing in the region/ country. In future property market may go down, property conditions may change or may go worse, property reputation may differ, property vicinity conditions may go down or become worse, property market may change due to impact of Govt. policies or effect of domestic/ world economy, usability prospects of the property may change, etc. Hence before financing, Banker/ FI should take into consideration all such future risk while financing.	
		Adjustments (-/+): 0%	
xxxii.	Final adjusted & weighted Rates considered for the	Rs.16,200/- per sq. Yds.	

	subject property	
xxxiii.	Considered Rates Justification	As per the thorough property & market factors analysis as described above, the considered estimated market rates appears to be reasonable in our opinion.
xxxiv.	Basis of computation & working <ul style="list-style-type: none"> Valuation of the asset is done as found on as-is-where basis on the site as identified to us by client/ owner/ owner representative during site inspection by our engineer/s unless otherwise mentioned in the report. Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values. For knowing comparable market rates, significant discreet local enquiries have been made from our side based on the hypothetical/ virtual representation of ourselves as both buyer and seller for the similar type of properties in the subject location and thereafter based on this information and various factors of the property, rate has been judiciously taken considering the factors of the subject property, market scenario and weighted adjusted comparison with the comparable properties unless otherwise stated. References regarding the prevailing market rates and comparable are based on the verbal/ informal/ secondary/ tertiary information which are collected by our team from the local people/ property consultants/ recent deals/ demand-supply/ internet postings are relied upon as may be available or can be fetched within the limited time & resources of the assignment during market survey in the subject location. No written record is generally available for such market information and analysis has to be derived mostly based on the verbal information which has to be relied upon. Market Rates are rationally adopted based on the facts of the property which came to our knowledge during the course of the assessment considering many factors like nature of the property, size, location, approach, market situation and trends and comparative analysis with the similar assets. During comparative analysis, valuation metrics is prepared and necessary adjustments are made on the subject asset. The indicative value has been suggested based on the prevailing market rates that came to our knowledge during secondary & tertiary market research and is not split into formal & informal payment arrangements. Most of the deals takes place which includes both formal & informal payment components. Deals which takes place in complete formal payment component may realize relatively less actual transaction value due to inherent added tax, stamp registration liabilities on the buyer. Secondary/ Tertiary costs related to asset transaction like Stamp Duty, Registration charges, Brokerage, Commission, Bank interest, Selling cost, Marketing cost, etc. pertaining to the sale/ purchase of this property are not considered while assessing the indicative estimated Market Value. This report includes both, Govt. Guideline Value and Indicative Estimated Prospective Market Value as described above. As per the current market practice, in most of the cases, formal transaction takes place for an amount less than the actual transaction amount and rest of the payment is normally done informally. Area measurements considered in the Valuation Report pertaining to asset/ property is adopted from relevant approved documents or sample site measurement whichever is less unless otherwise mentioned. All area measurements are on approximate basis only. Verification of the area measurement of the property is done based on sample random checking only. Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated. Drawing, Map, design & detailed estimation of the property/ building is out of scope of the Valuation services. Construction rates are adopted based on the present market replacement cost of construction and 	

	<p>calculating applicable depreciation & deterioration factor as per its age, existing condition & specifications based on visual observation only of the structure. No structural, physical tests have been carried out in respect of it. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.</p> <ul style="list-style-type: none"> Construction rates are adopted based on the plinth area rates prevailing in the market for the structure as a whole and not based on item wise estimation or Bills of Quantity method unless otherwise stated. The condition assessment and the estimation of the residual economic life of the structure are only based on the visual observations and appearance found during the site survey. We have not carried out any structural design or stability study; nor carried out any physical tests to assess structural integrity & strength. Any kind of unpaid statutory, utilities, lease, interest or any other pecuniary dues on the asset or on its owners has not been factored in the Valuation. This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component or item wise analysis. Analysis done is a general assessment and is neither investigative in nature nor an audit activity. Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown to us on site of which some reference has been taken from the information/ data given in the copy of documents provided to us which have been relied upon in good faith and we have assumed that it to be true and correct.
xxxv.	ASSUMPTIONS <ol style="list-style-type: none"> Documents/ Information/ Data provided by the client/ property owner or his representative both written & verbally is true and correct without any fabrication and has been relied upon in good faith. Local verbal enquiries during micro market research came to our knowledge are assumed to be taken on record as true & factual. The assets and interests therein have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the subject assets or their ownership are assumed to exist. No opinion of title is rendered in this report and a good title is assumed unless stated otherwise. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us and for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns. Payment condition during transaction in the Valuation has been considered on all cash bases which includes both formal & informal payment components as per market trend. Sale transaction method of the asset is assumed as Free market transaction without any compulsion unless otherwise mentioned while assessing Indicative & Estimated Fair Prospective Market Value of the asset unless otherwise stated. If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then approvals, maps of the complete group housing society/ township is out of scope of this report. This valuation report is prepared for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township is approved and complied with all relevant laws and the subject unit is also approved within the Group Housing Society/ Township.

14.	<p>IMPORTANT KEY DEFINITIONS</p> <p>Fair Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of the assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.</p> <p>Fair Value without using the term "Market" in it describes that the value suggested by the Valuer may not mandatorily follow or may not be in complete consonance to the established Market in his expert opinion. It may or may not follow market dynamics. But if the suggested value by the valuer is not within the prevailing Market range or is assessed for an asset is located in an un-established Market then the valuer will give reasonable justification & reasoning that for what reasons the value suggested by him doesn't follow the prevailing market dynamics.</p> <p>Fair Market Value suggested by the competent Valuer is that prospective estimated amount in his expert & prudent opinion of the subject asset/ property without any prejudice in consonance to the Market dynamics after he has carefully & exhaustively evaluated the facts & information came in front of him or which he could reasonably collect during the course of assessment related to the subject asset on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities which is just & equitable at which the subject asset/ property should be exchanged between a willing buyer and willing seller at an arm's length transaction in an open & unrestricted market, in an orderly transaction after proper marketing, wherein the parties, each acted knowledgeably, prudently without any compulsion on the date of the Valuation.</p> <p>Here the words "in consonance to the established Market" means that the Valuer will give opinion within the realms & dynamics of the prevailing market rates after exhaustively doing the micro market research. However due to the element of "Fair" in it, valuer will always look for the factors if the value should be better than the market realms which is just & equitable backed by strong justification and reasoning.</p>

Market Value suggested by the competent Valuer is that prospective estimated amount which is average price of the similar comparable assets prevailing in an open & established market during the near period of the date of valuation at which the subject asset/ property should be exchanged between a willing buyer and willing seller on an as-is, where-is basis in its existing conditions, with all its existing advantages & disadvantages and its potential possibilities at an arm's length transaction in an open, established & unrestricted market, in an orderly transaction, wherein the parties, each acted without any compulsion on the date of the Valuation.

Using the term "Market Value" without "Fair" omits the elements of proper marketing, acting knowledgeably & prudently.

Market and market participants can be sentimental, inclined towards the transaction without the element of complete knowledge & prudence about facts or due diligence of the asset therefore "each acted knowledgeably, prudently" has been removed from the Market Value definition.

Realizable Value is that minimum prospective estimated value of the asset/ property which it may be able to fetch at the time of actual property transaction factoring in the element of discount due to the prospects of deep negotiations between the buyer & seller when the parties in-principally find Fair Market Value reasonable and sits together to close the deal and the transaction across the table. Discount percentage on the Fair Market Value due to negotiation will depend on the nature, size, various salability prospects of the subject asset, the needs of the buyer & the seller and kind of payment terms. In some of the cases Realizable and Fair Market Value may also be equal.

Distress Sale Value* is that value when the property is attached with any process such as mortgaged financing, financial or operational dues which is under any stress condition or situation and the stakeholders are under process of finding resolution towards it to save the property from being attached to a formal recovery process. In this type of sale, minimum fetch value assessed will always be less than the estimated Fair Market Value where the discount of percentage will depend upon various circumstances and factors such as nature, size, salability prospects of the property and kind of encumbrance on the property. In this type of sale, negotiation power of the buyer is always more than the seller and eagerness & pressure of selling the property will be more on the seller than the buyer.

Liquidation Value is the amount that would be realized when an asset or group of assets are sold due to any compulsion or constraints such as in a recovery process guided by statute, law or legal process, clearance sale or any such condition or situation thereof where the pressure of selling the asset/ property is very high to realize whatever maximum amount can be from the sale of the assets in a limited time for clearance of dues or due to closure of business. In other words, this kind of value is also called as forced sale value.

Difference between Cost, Price & Value: Generally, these words are used and understood synonymously. However, in reality each of these has a completely different meaning, premise and also having different definitions in professional & legal terms. Therefore, it is our professional responsibility to describe the definitions of these words to avoid ambiguity & confusion in the minds of the user of this report.

The **Cost** of an asset represents the actual amount spend in the construction/ actual creation of the asset.

The **Price** is the amount paid for the procurement of the same asset.

The **Value** is defined as the present worth of future rights in the property/ asset and is a hypothetical or notional price that buyers and sellers are most likely to conclude for a good or service. Value is not a fact, but an estimate of the likely price to be paid for a good or service at a given time in accordance with a particular definition of value.

Therefore, in actual for the same asset/ property, cost, price & value remain different since these terms have different usage & meaning.

ENCLOSURE VII: IMPORTANT PROPERTY DOCUMENTS EXHIBIT

To, The Chief/Sr. Manager
Bank of Baroda,
Retail Loan Factory,
Dehradun.

Dear Sir,

Sub :- Tile opinion report certifying non encumbrance of all that property forming part of **Khasra No. 2149/3** situated at Mauza East Hope Town, Pargana Pachwa Doon, Tehsil Vikas Nagar, District Dehradun belonging to **Shri Ajit Pal** son of Late Shri Ranjeet Pal resident of Village Jhivrehedi, East Hope Town, Pargana Pachwa Doon, District Dehradun

I, referee to your request to me to furnish non encumbrances and certify and submit the Title cum Opinion Report about the clear and marketable title to the above property to be mortgaged for securing the credit facility(s) granted/proposed to be granted to **Shri Ajit Pal** son of Late Shri Ranjeet Pal resident of Village Jhivrehedi, East Hope Town, Pargana Pachwa Doon, District Dehradun (borrower)

1. Description of area of property proposed to be mortgaged. Specific number(s) and adress of property along with boundaries and measurement

All that property forming part of Khasra No. 2149/3 situated at Mauza East Hope Town, Pargana Pachwa Doon, Tehsil Vikas Nagar, District Dehradun measuring **244.97 Sq. Mts.** bounded and butted as under:-
 East : Land of others, side measuring 16.44 Mts.
 West : Land of others, side measuring 16.44 Mts.
 North: Land of others, side measuring 14.88 Mts.
 South: 12 ft. wide road, side measuring 14.84 Mts.
2. Nature of Property (Whether Agricultural, Non-Agricultural, Commercial, Residential or Industrial) If Non-Agricultural, the reference and date of conversion order from Competent Authority should also be mentioned.

The property is situated outside the municipal limits and a building plan has been sanctioned by the Mussoorie Dehradun Development Authority, Dehradun, hence the land is non agricultural.
3. Name of mortgagor and his status in A/c (whether sole proprietor, partner, Director, Karta, Trustee, Agent or Guarantor or co-borrower).

Shri Ajit Pal son of Late Shri Ranjeet Pal resident of Village Jhivrehedi, East Hope Town, Pargana Pachwa Doon, District Dehradun
4. Whether any minor, lunatic or undischarged insolvent is involved confirm that the Mortgagor has

N. A.

Phone : 2854222,
2850422

-3-

15. Tracing the chain of title in favour of the Mortgagor/ owner starting from the earliest document available. The nature of document / deed conveying the title should be mentioned with description of parties alongwith the type or right it creates

All that property forming part of Khasra No. 2149/3 situated at Mauza East Hope Town, Pargana Pachwa Doon, Tehsil Vikas Nagar, District Dehradun measuring 324.16 Sq. Mts. was purchased by Shri Ajit Pal son of Late Shri Ranjeet Pal resident of Village Jhivheredi, East Hope Town, Pargana Pachwa Doon, District Dehradun from Shri Madan son of Shri Suggan and Shri Suresh Kumar, Shri Balbir Pal, Shri Rakesh Kumar sons of Late Shri Dalla residents of Village Jhivheredi, Pargana Pachwa Doon, District Dehradun vide sale deed dated 28.05.2004 duly registered in the office of the Sub-Registrar, Vikas Nagar in book no. 1 volume 2 on page 99 and in additional file book no. 1 volume 427 on pages 169 to 184 at serial no. 2534 dated 28.05.2004.

The said khasra plot was recorded in the names of Shri Dalla son of Shri Nanu and Shri Madan, Shri Pappu sons of Shri Suggan since the Fasli year 1360 i.e. 1953.

On the death of Shri Dalla his share in the said khasra plot has been duly mutated in the names of Shri Suresh Kumar, Shri Balbir, Shri Rakesh Kumar in the revenue records.

After the purchase the name of Shri Ajit Pal has been duly mutated in the revenue records.

Shri Ajit Pal has sold portions of the said khasra plot to various persons measuring 79.19 Sq. Mts.

Shri Ajit Pal has got a building plan sanctioned from Mussoorie Dehradun Development Authority, Dehradun vide map no. S-190/13-14 dated 24.09.2013 in respect of an area of 244.97 Sq. Mts.

As such the borrower has a clear marketable title to the said property and he is entitled to create an equitable mortgage by deposit of the documents mentioned in para 18 below.

ENCLOSURE IX

PART E

VALUER'S IMPORTANT REMARKS

1.	Valuation is done for the asset found on as-is-where basis which owner/ owner representative/ client/ bank has shown/ identified to us on the site unless otherwise mentioned in the report of which some reference has been taken from the information/ data given in the copy of documents provided to us and informed verbally or in writing out of the standard checklist of documents sought from the client & its customer which they could provide within the reasonable expected time out of the standard checklist of documents sought from them and further based on certain assumptions and limiting conditions. The information, facts, documents, data which has become primary basis of the report has been supplied by the client which has been relied upon in good faith and is not generated by the Valuer.
2.	The client/ owner and its management/ representatives warranted to us that the information they have supplied was complete, accurate and true and correct to the best of their knowledge. All such information provided to us either verbally, in writing or through documents has been relied upon in good faith and we have assumed that it is true & correct without any fabrication or misrepresentation. I/We shall not be held liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or willful default on part of the owner, company, its directors, employee, representative or agents.
3.	Legal aspects for eg. Investigation of title, ownership rights, lien, charge, mortgage, lease, sanctioned maps, verification of documents provided to us such as title documents, Map, etc. from any concerned Govt. office etc. have to be taken care by legal expert/ Advocate and same is not done at our end. It is assumed that the concerned Lender/ Financial Institution has asked for the valuation of that property after satisfying the authenticity of the documents given to us for which the legal verification has been already taken and cleared by the competent Advocate before requesting for the Valuation report. I/ We assume no responsibility for the legal matters including, but not limited to, legal or title concerns.
4.	In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Our conclusions are based on the assumptions and other information provided to us by the client during the course of the assessment.
5.	Getting cizra map or coordination with revenue officers for site identification is a separate activity and is not part of the Valuation services and same has not been done in this report unless otherwise stated.
6.	Wherever any details are mentioned in the report in relation to any legal aspect of the property such as name of the owner, leases, etc. is only for illustration purpose and should not be construed as a professional opinion. Legal aspects are out of scope of this report. Details mentioned related to legal aspect are only based on the copy of the documents provided to us and whatever we can interpret as a non-legally trained person. This should be cross validated with a legal expert. We do not vouch any responsibility regarding the same
7.	We have made certain assumptions in relation to facts, conditions & situations affecting the subject of, or approach to this exercise that has not been verified as part of the engagement rather, treated as "a supposition taken to be true". If any of these assumptions prove to be incorrect then our estimate on value will need to be reviewed.
8.	This is just an opinion report based on technical & market information having general assessment & opinion on the indicative, estimated Market Value of the property for which Bank has asked to conduct the Valuation. It doesn't contain any other recommendations of any sort including but not limited to express of any opinion on the suitability or otherwise of entering into any transaction with the borrower.
9.	We have relied on the data from third party, external sources & information available on public domain to conclude the valuation. These sources are believed to be reliable and therefore, we assume no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where we have relied on the data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data is extracted from authentic sources, however we still can't vouch its authenticity, correctness, or accuracy.
10.	Analysis and conclusions adopted in the report are limited to the reported assumptions, conditions and information came to our knowledge during the course of the work and based on the Standard Operating Procedures, Best Practices, Caveats, Limitations, Conditions, Remarks, Important Notes, Valuation TOR and definition of different nature of values.
11.	Value varies with the Purpose/ Date/ Asset Condition & situation/ Market condition, demand & supply, asset utility prevailing on a particular date/ Mode of sale. The indicative & estimated prospective Value of the asset given in this report is restricted only for the purpose and other points mentioned above prevailing on a particular date as mentioned in the report. If any of these points are different from the one mentioned aforesaid in the Report then this report should not be referred.
12.	Our report is meant ONLY for the purpose mentioned in the report and should not be used for any other purpose. The Report should not be copied or reproduced for any purpose other than the purpose for which it is prepared for. I/we do not take any responsibility for the unauthorized use of this report.

13.	We owe responsibility only to the authority/client that has appointed us as per the scope of work mentioned in the report. We will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall we be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or willful default on part of the client or companies, their directors, employees or agents.
14.	This report is having limited scope as per its fields & format to provide only the general basic idea of the value of the property prevailing in the market based on the site inspection and documents/ data/ information provided by the client. The suggested indicative prospective estimated value should be considered only if transaction is happened as free market transaction.
15.	The sale of the subject property is assumed to be on an all cash basis. Financial arrangements would affect the price at which the property may sell for if placed on the market.
16.	The actual realizable value that is likely to be fetched upon sale of the asset under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.
17.	While our work has involved an analysis & computation of valuation, it does not include detailed estimation, design/ technical/ engineering/ financial/ structural/ environmental/ architectural/ compliance survey/ safety audit & works in accordance with generally accepted standards of audit & other such works. The report in this work is not investigative in nature. It is mere an opinion on the likely estimated valuation based on the facts & details presented to us by the client and third party market information came in front of us within the limited time of this assignment, which may vary from situation to situation.
18.	Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
19.	Documents, information, data including title deeds provided to us during the course of this assessment by the client is reviewed only upto the extent required in relation to the scope of the work. No document has been reviewed beyond the scope of the work. These are not reviewed in terms of legal rights for which we do not have expertise. Wherever any information mentioned in this report is mentioned from the documents like owners name, etc., it is only for illustration purpose and may not necessarily represent accuracy.
20.	The report assumes that the borrower/company/business/asset complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the companies/business/assets is managed in a competent and responsible manner. Further, as specifically stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with relevant laws, and litigations and other contingent liabilities that are not recorded/reflected in the documents/ details/ information/ data provided to us.
21.	This valuation report is not a qualification for accuracy of land boundaries, schedule (in physical terms), dimensions & identification. For this land/ property survey report can be sought from a qualified private or Govt. surveyor.
22.	This Valuation report is prepared based on the facts of the property on the date of the survey. Due to possible changes in market forces, socio-economic conditions, property conditions and circumstances, this valuation report can only be regarded as relevant as at the valuation date. Hence before financing, Banker/ FI should take into consideration all such future risk and should loan conservatively to keep the advanced money safe in case of the downward trend of the property value.
23.	Valuation of the same asset/ property can fetch different values under different circumstances & situations. For eg. Valuation of a running/ operational shop/ hotel/ factory will fetch better value and in case of closed shop/ hotel/ factory it will have considerable lower value. Similarly, an asset sold directly by an owner in the open market through free market transaction then it will fetch better value and if the same asset/ property is sold by any financier due to encumbrance on it, will fetch lower value. Hence before financing, Lender/ FI should take into consideration all such future risks while financing and take decision accordingly.
24.	Valuation is done for the property identified to us by the owner/ owner representative. At our end we have just visually matched the land boundaries, schedule (in physical terms) & dimensions of the property with reference to the documents produced for perusal. Method by which identification of the property is carried out is also mentioned in the report clearly. Responsibility of identifying the correct property to the Valuer/ its authorized surveyor is solely of the client/ owner for which Valuation has to be carried out. It is requested from the Bank to cross check from their own records/ information if this is the same property for which Valuation has to be carried out to ensure that owner has not misled the Valuer company or misrepresented the property due to any vested interest. Where there is a doubt about the precision position of the boundaries, schedule, dimensions of site & structures, it is recommended that a Licensed Surveyor be contacted.
25.	In India more than 70% of the geographical area is lying under rural/ remote/ non municipal/ unplanned area where the subject property is surrounded by vacant lands having no physical demarcation or having any display of property survey or municipal number / name plate on the property clearly. Even in old locations of towns, small cities & districts where property number is either not assigned or not displayed on the properties clearly and also due to the presence of multiple/ parallel departments due to which ownership/ rights/ illegal possession/ encroachment issues are rampant across India and due to these limitations at many occasions it becomes tough to identify the property with 100% surety from the available documents, information & site whereabouts and thus chances of error, misrepresentation by the borrower and margin of chances of error always persists in such cases. To avoid any such chances of error it is advised to the Bank to engage municipal/ revenue department officials to get the confirmation of the property to ensure that the property shown to Valuer/ Banker is the same as for which documents are provided.
26.	If this Valuation Report is prepared for the Flat/ dwelling unit situated in a Group Housing Society or Integrated Township then

	approvals, maps of the complete group housing society/ township is out of scope of this report and this report will be made for the specific unit based on the assumption that complete Group Housing Society/ Integrated Township and the subject unit must be approved in all respect.
27.	Due to fragmented & frequent change in building/ urban planning laws/ guidelines from time to time, different laws/ guidelines between regions/ states and no strict enforceability of Building Bye-Laws in India specially in non-metro and scale b & c cities & Industrial areas, property owners many times extend or make changes in the covered area/ layout from the approved/ applicable limits. There are also situations where properties are decades old when there was no formal Building Bye-Laws applicable the time when the construction must have been done. Due to such discrete/ unplanned development in many regions sometimes it becomes tough for the Valuer to determine the exact lawful situation on ground. Unless otherwise mentioned in the report, the covered area present on the site as per site survey will be considered in the Valuation.
28.	Area of the large land parcels of more than 2500 sq.mtr or of uneven shape in which there can be practical difficulty in sample measurement, is taken as per property documents which has been relied upon unless otherwise stated.
29.	Drawing Map, design & detailed estimation of the property/ building is out of scope of the Valuation services.
30.	Valuation is a subjective field and opinion may differ from consultant to consultant. To check the right opinion, it is important to evaluate the methodology adopted and various data point/ information/ factors/ assumption considered by the consultant which became the basis for the Valuation report before reaching to any conclusion.
31.	Although every scientific method has been employed in systematically arriving at the value, there is, therefore, no indisputable single value and the estimate of the value is normally expressed as falling within a likely range.
32.	Value analysis of any asset cannot be regarded as an exact science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinions may differ due to the number of separate judgment decisions, which have to be made. Therefore, there can be no standard formula to establish an indisputable exchange ratio. In the event of a transaction, the actual transaction value achieved may be higher or lower than our indicative analysis of value depending upon the circumstances of the transaction. The knowledge, negotiability and motivations of the buyers and sellers, demand & supply prevailing in the market and the applicability of a discount or premium for control will also affect actual price achieved. Accordingly, our indicative analysis of value will not necessarily be the price at which any agreement proceeds. The final transaction price is something on which the parties themselves have to agree. However, our Valuation analysis can definitely help the stakeholders to take informed and wise decision about the Value of the asset and can help in facilitating the arm's length transaction.
33.	This Valuation is conducted based on the macro analysis of the asset/ property considering it in totality and not based on the micro, component, or item wise analysis. Analysis done is a general assessment and is not investigative in nature.
34.	This report is prepared on the RKA V-L1 (Basic) Valuation format as per the client requirement and scope of work. This report is having limited scope as per its fields & format to provide only the general estimated & indicative basic idea of the value of the property prevailing in the market based on the information provided by the client. No detailed analysis, audit or verification has been carried out of the subject property. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
35.	This is just an opinion report and doesn't hold any binding on anyone. It is requested from the concerned Client/ Bank/ Financial Institution which is using this report for mortgaging the property that they should consider all the different associated relevant & related factors & risks before taking any business decision based on the content of this report.
36.	All Pages of the report including annexures are signed and stamped from our office. In case any paper in the report is without stamp & signature then this should not be considered a valid paper issued from this office.
37.	As per IBA Guidelines & Bank Policy, in case the valuation report submitted by the valuer is not in order, the banks / FIs shall bring the same to the notice of the valuer within 15 days of submission for rectification and resubmission. In case no such communication is received, it shall be presumed that the valuation report has been accepted.
38.	Defect Liability Period is 15 DAYS. We request the concerned authorized reader of this report to check the contents, data, information, and calculations in the report within this period and intimate us in writing at valuers@rkassociates.org within 15 days of report delivery, if any corrections are required or in case of any other concern with the contents or opinion mentioned in the report. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner. After this period no concern/ complaint/ proceedings in connection with the Valuation Services will be entertained due to possible change in situation and condition of the property.
39.	Though adequate care has been taken while preparing this report as per its scope, but still we can't rule out typing, human errors, over sightedness of any information or any other mistakes. Therefore, the concerned organization is advised to satisfy themselves that the report is complete & satisfactory in all respect. Intimation regarding any discrepancy shall be brought into our notice immediately. If no intimation is received within 15 (Fifteen) days in writing from the date of issuance of the report, to rectify these timely, then it shall be considered that the report is complete in all respect and has been accepted by the client upto their satisfaction & use and further to which R.K Associates shall not be held responsible in any manner.

40.	Our Data retention policy is of ONE YEAR . After this period we remove all the concerned records related to the assignment from our repository. No clarification or query can be answered after this period due to unavailability of the data.
41.	This Valuation report is governed by our (1) Internal Policies, Processes & Standard Operating Procedures, (2) R.K Associates Quality Policy, (3) Valuation & Survey Best Practices Guidelines formulated by management of R.K Associates, (4) Information input given to us by the customer and (4) Information/ Data/ Facts given to us by our field/ office technical team. Management of R.K Associates never gives acceptance to any unethical or unprofessional practice which may affect fair, correct & impartial assessment and which is against any prevailing law. In case of any indication of any negligence, default, incorrect, misleading, misrepresentation or distortion of facts in the report then we request the user of this report to immediately or atleast within the defect liability period to bring all such act into notice of R.K Associates management so that corrective measures can be taken instantly.
42.	R.K Associates never releases any report doing alterations or modifications by pen. In case any information/ figure of this report is found altered with pen then this report will automatically become null & void.
43.	We are fully aware that based on the opinion of value expressed in this report, we may be required to give testimony or attend court / judicial proceedings with regard to the subject assets, although it is out of scope of the assignment, unless specific arrangements to do so have been made in advance, or as otherwise required by law. In such event, the party seeking our evidence in the proceedings shall bear the cost/professional fee of attending court / judicial proceedings and my / our tendering evidence before such authority shall be under the applicable laws.
44.	The final copy of the report shall be considered valid only if it is in hard copy on the company's original letter head with proper stamp and sign on it of the authorized official upon payment of the agreed fees. User shall not use the content of the report for the purpose it is prepared for only on draft report, scanned copy, email copy of the report and without payment of the agreed fees. In such a case the report shall be considered as unauthorized and misused.
