8. Examples for classification of a loan SMA-I, SMA-2 and NPA:

8.1 In respect of accounts where EMI/Installments are payable:

Example: If due date of a loan account is March 31, 2022, and full dues are not received before the lending institution runs the day-end process for this date, the date of overdue shall be March 31, 2022 and the account will be classified as SMA-0 as on 31.03.2022. If it continues to remain overdue, then this account shall get tagged as SMA-1 upon running day-end process on April 30, 2022 i.e., upon completion of 30 days of being continuously overdue. Accordingly, the date of SMA-1 classification shall be April 30, 2022.

Similarly, if the account continues to remain overdue, it shall get tagged as SMA-2 upon running day-end process on May 30, 2022 and if continues to remain overdue further, it shall get classified as NPA upon running day-end process on June 29, 2022.

8.2 in respect of accounts in the nature of revolving facilities like cash credit / overdraft the account turns into an NPA when:

i) the outstanding balance in the CC/OD account remains continuously in excess of the sanctioned limit/drawing power for 90 days, or, ii) the outstanding balance in the CC / OD account is less than the sanctioned limit/drawing power but there are no credits continuously for 90 days, or the outstanding balance in the CC / OD account is less than the sanctioned limit/drawing power but credits are not enough to cover the interest debited during the 'previous 90 days period'.

(Note: The 'Previous 90 days period' for determination of 'out of order' status of CC / OD account shall be inclusive of the day for which the day-end process is being run by the lending institution).

8.3 Renewal Pending:

Regular and adhoc credit limits need to be reviewed / regularized not later than three months from the due date / date of adhoc sanction. In case of constraints such as non-availability of financial statements and other data from the borrowers, the branch should furnish evidence to show that renewal/ review of credit limits is already on and would be completed soon. In any case, delay beyond six months is not considered desirable as a general discipline. Hence, an account where the regular/adhoc credit limits have not been reviewed / renewed within 180 days from the due date / date of adhoc sanction will be treated as NPA.

The outstanding in the account based on the Drawing Power calculated from stock & Book debts statements older than three months would be deemed as 'irregular'. If such irregularity exists for a continuous period of 90 days, the account will be classified as NPA.

9. At what periodicity the lending institutions undertake the classification of Accounts as SMA or NPA?

Lending institutions undertake the process of classification of Accounts as SMA / NPA on daily basis during the Day-end-Process.

10. Whether all loan accounts of the borrower are classified as NPA if one of his loan accounts turns NPA?

Yes. NPA classification is borrower wise and not account wise. Hence if one loan account of the borrower is classified as NPA, all other loan accounts of the borrower also will be classified as NPA.

11. Whether amount paid/deposited during the day is considered during the NPA marking process?

Credits received before the day-end-process are considered for calculation of delinquency at the time of undertaking the Asset Classification process. Any credit received subsequently are treated as receipts for the subsequent day,
