

Brief Background of the Directors including their qualification & Experience in the existing as well as proposed business:

S.No.	Name of the Director	Age	DIN	QUALIFICATION, OCCUPATION & BACKGROUND
1	GORREPATI NARASIMHA RAO	61 years	07672946	First Generation Entrepreneur, into multiple Business from past 35 years into Agri-related fertilizer, Market yard business, Granite Industries, Real estate etc. Expertise in ensuring the survival of Industry and running into profits.
2	NANIN KUMAR GORREPATI	34 years	10402279	B. Tech Graduate, Entrepreneur & into multiple Business from 7 years into Railway works, Real estate etc. One year experience in BIOGAS Field. Expertise in Marketing & Brand building.
3	UDAYKIRAN GORREPATI	38 years	10773607	B. Tech Graduate, into Business from 10 years into Roadways, Railway works, Real estate etc. Expertise in Supply chain Management.
4	DEVULAPALLY ADITYA NARASIMHA REVANTH	27 years	08822707	B. Tech Graduate, Entrepreneur & 5 years' experience in biogas field.

Brief Background of the Company: Blueleo Energy Private Limited was officially incorporated in August 2023, building on five years of intensive research and development. Our 100 kg/day R&D plant in Khadeerabad village, Sangareddy district, has been instrumental in refining our biogas production technology. Through in-depth technical and commercial analysis, we have ensured the viability and success of our project, laying a solid foundation for growth and innovation in the renewable energy sector.

Brief Background of the Project: (Both Existing & Proposed)

Our pilot R&D plant in Khadeerabad village, Sangareddy district, with a capacity of 100 kg/day, helped us refine our biogas production technology both technically and commercially.

Currently, we are setting up a large-scale biogas plant in Kasala village, Sangareddy district. This plant is set up with a daily production capacity of 2.5 MT of Biogas by processing 50MT of Napier grass. The produced biogas will be sold to oil marketing companies.
