

To  
The Chief Engineer (WMC)  
West Bengal Pollution Control Board,  
10 A, Block LA, Salt Lake City,  
Kolkata – 700098.

16<sup>th</sup> January 2018

Sub: Application for Consent to Operate and Consent to Establish (NOC).

Dear Sir,

We are manufacturer of Solar Photo Voltaic Modules and System in our both plant Fab1 & Fab - 2 (Unit 1 & Unit 2). As per the "WEST BENGAL SPECIAL ECONOMIC ZONE ACT, 2003" our Consent to Operate and Consent to Establish (NOC) have been issued by Development Commissioner, Falta SEZ instead of WBPCB. LOP has been renewed by Development Commissioner (DC) for both plant periodically. Moreover there shall be no necessity of obtaining the Consent to Operate in our industry from WBPCB because we are in white category industries (Sl. no 34) as per a new categorization of industries based on their pollution load (Memo No.: 1512/4A-18/2010 Pt.I, Date: 14.06.2016) Accordingly we are not applying for Consent to Establish (NOC) to WBPCB.

Thanking You,

Your Sincerely,  
For, Vikram Solar Private Limited
